

## BELOVED LETO'S DISCOURSE

Through Mrs. G. W. Ballard

November 17, 1949

**B**ELOVED ONES of Saint Germain's own Heart, I come tonight after long, long waiting, to once again point your attention to the importance, and the full acceptance of the Unconditional Power of your "Mighty I AM Presence."

Tonight I want to impress upon you more and more deeply, the constant reminder that your "Presence" is All-Powerful! Now your intellect knows that, and you want to accept it; but when the appearance world charges, now mark you, its own vibratory action and qualities of the outer world's qualification of the conditions in the world about you, when that energy is charged into your feeling world, it accumulates from many, many appearances of limitation; and that is what makes you doubt the Instantaneous Answer to your Calls, and the Instantaneous Love released from your "Presence."

The intellect, My Dear Ones, will accept many things, because the reason knows what is self-evident Truth; but the feeling world is where the accumulation takes place, due to the absorption through radiation from the appearance world. You must understand this, and go into action to *demand that any appearance less than Perfection must be compelled back into the brain and body of the sinister force, and compelled to annihilate itself*; because, all that is not the Perfection of Life, all that is not the Victory of Love in the great, joyous accomplishment of outer activity—anything less than That is nothing on Earth but the sinister force. You don't recognize your enemy, and that is what creates doubt, and that is where the accumulation of fear takes place that constantly makes you

accept limitations, when you should have the Freedom of the “Presence.”

Now tonight, let us get rid of that! Just as surely as you have seen epidemics clear out in an hour, or twenty-four hours, when the Call went forth for My Assistance and that of the Great Divine Director, as you have seen those things reversed in twenty-four hours, so can you have the feeling reversed in yourself, by the Release of Our Substance and Our Flame of Perfection’s Love, charged into the energy that you have absorbed from the outer world that has been qualified with human limitations.

You do not realize how much you absorb from the outer world; and yet you all know if you feel wonderful, and you start out raised, and you go among a crowd of people shopping—well, you go home dragging one foot after another, and it takes some time before you can get back into the harmony you had, before you stepped into the vibratory action of those who do not know that “Presence,” or those who are not constructive.

Now Precious Ones, I am going to keep right after you. I have not been with you a great deal lately, but I shall be more in the future; and if you will take a firm stand with yourselves, the moment anything appears that is less than Perfection in appearance of the outer world, that seems to be a limitation of any kind, take your stand every time, to know that is nothing but the substance of the appearance world that has been qualified with imperfection, and consciously charged into the energy of your feeling world, to make you accept that that is the authority in your Life, instead of the Perfection and the Victory of your “Presence.”

Now if you take your stand that you won’t have anything in your world but the Victory of Perfection’s Love, then It shall be so established. Do you know—now this is something We have never given you before—but do you know, if you took your stand—*when you stand in front of your Chart with your hands raised to your “Presence,” if you would demand this outer self,*

*and command this outer self to breathe in the Great Fire Breath of Perfection's Flame, and the Great Love of Perfection from your "Presence," and you demand the "Presence" charge that Flame of Love into all the energy of your feeling world, into the atmosphere about you; and you demand Perfection's Love with Its Cosmic Substance to be charged into the outer self, into your homes, into your business, and into everything within your Electronic Circle, you charge this Substance in, day after day, and command Perfection's Love to be the only Authority, and the only Power of Activity to which you give Obedience, and which you accept within yourselves, you would soon find, as you visualize the Wall of Blue Flame, which is your Electronic Circle, for a certain radius about the physical body—if you would visualize That more, and charge Perfection's Love within That—you would not accept other's radiation of discouragement, human suggestions, fear and doubt, that are rampant everywhere in the outer world.*

Precious Ones, It gives you the same Protection, or rather It is a corresponding condition. If it is storming outside and you put on a raincoat, you keep your clothing dry, don't you? Well, if you don't believe that the radiation of discord, impurity, and limitation from the mass of mankind about you is a storm, well then, you should see it from Our Octave. Yet you move in that sometimes without ever holding within your minds the Picture of your Tube of Light, or your Electronic Circle, or the Ascended Masters' Wall of Blue Flame. You speak the Words many, many times, but *you don't hold the Picture!* And unless you hold the Picture, you don't have the "Cup" into which the Power of your Words can concentrate to produce the Fulfillment of your Calls.

When you stand in front of your Chart and receive That for which you call, *visualize It coming into yourselves. Stand still enough, or sit quietly enough, until you feel that Power come into yourselves, and you feel the Thrill of Our Happiness,*

for I can assure you, that Perfection's Love brings Happiness naught else can give. Everything on this Earth that you have ever desired, could never bring you a fragment of the Happiness that you feel when that Flame from your Higher Mental Body, or from Us, surges into the physical form, floods into the atmosphere about you, charges Its Qualities through your feeling world, and brings you the Feeling of Happiness of Perfection's Love. You can sit there until you can feel that Thrill as Powerfully in your bodies as if you held an electrode in your hands, and the current of electricity went through when you turned on the switch. It is as mechanical, just as surely in this Universe, and just as truly a law, as that the Universe exists. The Reality of that "Presence" is self-evident.

Now your reason says, "Yes, I want to believe that; it seems so; I believe; I accept that." But your feelings, My Dear Ones, are the place where you have to work, because when your attention is on something in the outer world, and you are moving among the feeling—the energy of other people's feeling world—if your attention is on what they are doing, you are drawing their feeling into yourselves. But you can stand insulated in Our Armor of Light-Substance! You can hold the Picture of your Tube of Light about you! You can visualize the Wall of Blue Flame right there around you, even while you are moving in the outer world! You can be just as aware of this Picture in your mind, as you are that you have hands and feet. You don't have to keep looking at your hands all the time to know you have them, or have them serve you to produce Perfection; and it's the same way with this Flame of Perfection's Love from your "Presence," or from Our Octave. You can visualize This in the midst of everything, but I tell you absolutely, *take your stand to command out of your emotional bodies, any acceptance of doubt and fear, and any acceptance of any suggestion that you can't visualize.* You are visualizing every instant, waking and sleeping. There isn't a moment of your Life that

you don't visualize something, because the Power of Sight is automatically acting all the time, in or out of the body. It's an innate quality of Life.

Therefore, if you don't take that sinister force's suggestion that you cannot do a thing, and absolutely blast it and annihilate it, and you *take your stand that you can see what is the Pattern of Perfection, that you can feel Perfection's Love, that you can and are the Invincible Protection for which you call from Our Octave*—if you don't take that stand, well then, you are open to the other.

Precious Ones, now let us be honest with ourselves and with Life. When the body seems a little bit tired and wants to drag around, and you feel so frail sometimes, and you just think you can't do a thing; if very suddenly you were shocked, or opposed when you wanted your own way, well, I have seen almost tons of energy go forth in one flare of feeling when an individual's own way was interfered with, old or young, well or strong, weak or otherwise.

Now, you can have all the energy in this Universe, but if you are going to let it into yourselves, it has to come in through your feeling world; and your feeling world must open itself to the constant reminder that your "Presence" is All-Powerful. Any time an appearance seems to continually torture you with depression or fear or doubt or uncertainty of any kind, take your stand, and refuse to have that sinister force in your world. *Compel it back by your Conscious Command*, into the brain and body of the sinister force, and compel its annihilation. Then you turn to your "Presence," and *demand Perfection's Love into yourselves, with Perfection's Feeling of the Authority of your "Mighty I AM Presence."* *You demand the Victory of everything that is not Our World to fill you and your world, and don't yield to anything but Our Victory; you shall have the Victory manifested!* You shall be the Power that produces Miracles! You shall move forward with the Authority to give Freedom to all;

and if you give It, you automatically become It!

Cause and effect are constantly surging everywhere, qualifying energy; and if sometimes that feeling of disappointment or struggle or depression or discouragement seems to come into your feeling world, My Dear Ones, don't sit and accept that for a few hours, or two or three days. The moment you are consciously aware of any discouraging condition, *stand on your feet*, and at the very first intimation of it *demand the thing blasted, and its cause driven into the sinister force, and compel it to annihilate itself*. Then take your stand that you are the Victory, and the Invincible Power, Authority, and Freedom of Perfection's Love, and naught else shall come near you. If you don't take your stand, My Dear Ones, this constantly surging energy in the atmosphere of Earth, which is mankind's thought and feeling, is just like the ceaseless waves of the ocean that are surging, surging, surging, and if you don't cut right through it with more force and concentration, then it pushes you wherever the mass is going. There is no compromise.

I shall say to you again, again, and again, your "Mighty I AM Presence" is All-Powerful; and your feelings shall accept That, regardless of what other people's mental and feeling world has created in the activities of this Planet. Take your stand that you don't have to accept the appearance world, and *demand that the All-Powerful Feeling of your "Presence," the All-Powerful Authority of your "Mighty I AM Presence" and the Ascended Masters' Octave, shall be the only Feeling in the energy in your emotional body; and Perfection's Love shall reign Supreme and rule all!* Your Mastery is here! But you will have to be like dynamite, because hourly, My Dear Ones, the accumulation of mankind, who will not give obedience to Life, is reaching the point of saturation, and when it does, their causes will as surely return, or rather the effects of their own causes will as surely return as that the Universe exists.

So as you move forward, remind yourselves a million times

a day if you have to, in order to keep depression shut out of your feeling world, keep taking the stand with your “Mighty I AM Presence”: *My “Mighty I AM Presence,” my love to You, my “Mighty I AM Presence,” and my love to the Ascended Masters, is an All-Powerful Feeling in me, is all Perfection’s Love in my being and world, is all Authority of Freedom; and the human shall not abide wherever “I AM”!* Why, My Precious Ones, if you turned loose with Power like that, *three times a day, for just one or two full minutes by yourselves*, you would charge forth such a Power in and around your physical bodies, it would be like *White Lightning* going off, just like that (*motion of hand*). Then you would cut through the pressure of the outer world, and your “Presence,” you would find, would answer your Calls, and produce your Supply and your Manifestations in your physical octave with a Joy you have never yet experienced. Until you come to the time where you produce whatever you desire by the Command of Love, and you enjoy the quick Manifestation of that Fulfillment, why My Dear Ones, you haven’t touched the fragment of Joy; and if you don’t want to feel depressed, then call for the Joy of Perfection’s Love.

Now, you don’t have to stay depressed if you don’t want to, and depression is just as dangerous in your world as is hate, anger, jealousy, or any sudden feeling. Depression and discouragement are tools of the sinister force. They are placed in mankind’s mental and feeling world to intensify the fear, or doubt, or uncertainty, so the individual does not draw his own God Powers of Life, nor remember that the “Mighty I AM Presence” is All-Powerful, is the Owner of all that is, is the Joy of Existence, and is Perfection’s Love that can blaze a Flame that can consume the whole sinister force.

You must come into the feeling of the Power of your own “Presence” to correct these conditions, and not just say, “Oh, ‘Mighty I AM Presence,’ do this, and my ‘Mighty I AM Presence,’ do that, and ‘Mighty I AM Presence,’ do something else.”

It is quite all right to call! You have to do that! You have to remind your feelings all the time that your “Mighty I AM Presence” is All-Powerful! It is One with the Creator of the Universe, which is the “Mighty I AM Presence” in the Great Central Sun, the Activity of the Sacred Fire of all Life. You have to take the outer self in hand, and convince it again and again and again; the moment it doubts, fears, or is uncertain or discouraged, you have to *demand its blasting and annihilation; and demand the Joy of Perfection’s Love*. The Victory and Authority of Our Freedom is the only Feeling that you must accept within yourselves; because the acceptance, or rather the substance of depression, and discouragement, and all sorts of discord that comes in the outer world, comes in little, by little, by little, into the emotional body, and you don’t even know it is there, until all of a sudden the momentum comes to the point where you go down under it. It may have been driven in little by little, maybe for weeks, before you are aware of that sense of discouragement.

Why should you be discouraged, no matter what you have to overcome yet, whether it is in yourself or the outer world? Why should you be discouraged? You are the Extension of the Flame of Love from your “Mighty I AM Presence,” and It is the Authority of all the Power of Life and Love from the Great Central Sun.

You have been offered Our Love! You have been offered Our Power! You have been offered Our Direction and Use of the Light Rays! You have been offered every Blessing and Perfection in this Universe to overcome these conditions; and you know as well as you breathe that the discouragement of human creation cannot be overcome except by God — by the God Authority of your “Mighty I AM Presence,” by the God Authority of Perfection’s Love, by the God Authority of Freedom. You know very well destructive conditions cannot be changed by greater destruction — cannot be corrected, and no matter what

appearance has to be overcome, you know very well that nothing but that God Presence can overcome it. Therefore, It is All-Powerful; and if you will remember, that through your attention—the moment your attention goes to your “Presence” and to Us—it is just like a Pathway of Flame, like that (*motion of the hand*), into Our Octave. That means your own Heart’s Flame, and all the energy of your outer self, is connected with all the Energy of Perfection in Our Octave.

Therefore, realize that you can draw any amount of Energy and Power into yourself and into your affairs to correct what is wrong, and the moment your attention goes to the destructive conditions of the outer world, then the energy in your feeling world is connected with the mass accumulation of discord. You know as well as breathing, that when you connect your attention with Our Octave, you are connected with all the Energy of the Universe, and that is infinitely more than all the energy that mankind has qualified discordantly.

So you know you are Master of the situation! You know you can call the Power into Action to blast everything that is not the Perfection of Love; everything that is not Perfection’s Flame; everything that is not the Victory, Authority, and Freedom of the Ascended Masters’ Octave, or your own “Mighty I AM Presence.” You know very well, and your intellect knows that that is self-evident, and now it is up to you to take your stand and not allow the feelings to ever again accept anything but the Assurance, the Power, the Victory, and the Acceptance of Perfection’s Love, which is All-Authority and Power of that “Mighty I AM Presence.” It is All-Powerful in your feelings, just as well as in your intellect. Then you must command It to be All-Powerful in your affairs, and not let your affairs be the dumping ground of the discord, doubts, fears, lack and limitation of the outer world and its suggestions wherever you move. You can stand like a Pillar of Steel, and blaze the Blue Lightning of Cosmic Purity and Mastery, and never yield to

discouragement for any reason whatsoever. With that Divine Presence, All-Powerful, willing to give you everything It has, why should you accept the feeling that is never twice the same two seconds in succession.

I am charging you with this Fierce Determination tonight, to give you Unconditional Freedom to dissolve limitations that have been accepted in the past, and to fire you awake with Mastery and Victory that you have never known. From tonight you shall go forward and manifest It until the rest of mankind accept that “Presence,” and make the Application by which they too can become Free. (*applause—audience rising*) Thank you, Precious Ones.

Now you know that That’s the Truth; and you have been told to “*Know the Truth, and the Truth shall set you Free!*” Well, I am going to say tonight, “*Feel that Truth, and you are Free!*” And you can consciously *command the outer self to feel the Truth and Authority of the “Mighty I AM Presence”; and that “Presence” comes in all Perfection’s Love, and forever dissolves and consumes and repels everything that does not feel the Truth and the Almighty Power of your All-Powerful “Presence.”*

So as we move into outer action now, take your stand, and *compel your feeling world, command the emotional body to feel Perfection’s Love, to feel the Authority of Our Freedom, and to forbid anything else to act in your world.* I shall command My Legions of the Sacred Fire to come to your assistance, and stand between you and the things of the outer world that have sought to cast a shadow of discouragement, when the Sunshine of Mastery and the Victory of Perfection’s Love awaits the opening of the Door, that you may become Its Glory and Perfection everywhere.

So I enfold you in the Victory of that Love, and I shall expect the Manifestations of all Its Powers to come into your outer use until you move forward like an avalanche, and

everything before you recedes, and Perfection fulfills the Divine Plan revealed, and mankind is the Authority of that “Mighty I AM Presence,” which they must *be* if they are to be released from the outer world’s distress.

I thank you for your presence here, and We shall become more dynamic if necessary, until the slightest feeling of discouragement, or lethargy, or weakness, or anything that’s not the Great Freedom of Perfection’s Love has left your world forever, and you have become the Sun of Everlasting Victory of Perfection’s Love, and naught else can approach, and no shadow dare come near.

In the Fullness of Our Love of Perfection’s Flame may you go forward to Victory, and blaze It to everyone else until your Life and all Life arises, free from that which has no right to exist in the Universe and that which has dared to cast a shadow upon the Blazing Glory of God’s Blazing Light.

I have many reasons for charging you with this Power tonight, so you don’t accept any of the silly nonsense of epidemics, or anything else like that as you enter into the winter season. Now take your stand tonight, and the Great Divine Director and Myself will stand with you, be your Guard, and you will not accept what the rest of mankind has generated; and you will go forward absolutely untouched by anything but the Great Happiness of Our Love of Perfection’s Flame. May Its Mantle become visible around you. Could you but see It about yourselves, and mankind be compelled to see It, and wherever you go your Blessed “Presence” consumes everything unlike Itself, and you are Free forever in Perfection’s Love!

Thank you with all My Heart for your presence here tonight. May I leave with you a Gift that shall forever keep you cut free from the rest of mankind’s discord.

With My Love, I command you to be Victorious!
