BELOVED ONES of Our Family of Violet Flame, thank you for your presence here tonight, and for the opportunity to speak to you, for as there are conditions within the Nation that need purifying beyond any words to describe, yet all that it takes under the Action of the Cosmic Law is the Call from those who understand this Law, to the Heart of Creation for whatever Violet Consuming Flame is necessary to reveal to the rest of mankind that which seeks to destroy them.

First there must come the awareness in the people of that which seeks to injure them, and as soon as that is revealed, then the Call can go forth that draws back the Violet Consuming Flame in whatever intensity is necessary to consume that which seeks to destroy, not only the Nation, but the hope in mankind, that as they reach to God, that Great God Presence will answer them. You would be surprised how many of the frightful suggestions and hypnotic control of the sinister force have been imposed upon the people, principally in the atmosphere over the Land. Just as you have a struggle in passing through a dust storm, to stand against that substance until you reach a place of safety, so are the people of the Nation at this hour doing the same thing from the Inner Standpoint, trying to stand against that which has been imposed upon the Nation as the result of three wars; and also that which has been imposed upon them through the frightful communist immorality and hopelessness, which the sinister force tries to impose upon mankind.

Now Dear Ones, the conditions of epidemics, plagues and blight, which are trying to manifest everywhere throughout the

World are always the aftermath of war. Therefore, those of you who understand how to make your Calls for the use of the Violet Consuming Flame, if you will take your stand to *demand whatever Intensity of the Violet Consuming Flame is necessary to annihilate the results of the wars that have gone before, and demand whatever Action of the Cosmic Christ Authority of the Sacred Fire to the Earth is necessary to awaken the people to the force that seeks to control them.* Now, they are awake very much more than they were, even six months ago; but still in handling a mass energy that is generated within the Nation, that is one thing; but at present, America, because She is the Focus of the attention of the rest of the World, is also struggling under the mass consciousness, the race consciousness of all of mankind and its frightful discord and destruction from all of the past.

Therefore, as you hold close in your Demand for the Violet Flame Victory of whatever you require, and you *demand the One Mighty Stroke* that brings It instantly, It will not only bring you personal relief from these conditions and give you the Power to relieve other individuals and bring them Freedom, but This will act like a shock into the mental and feeling world of the rest of the people of the Land. It also will consume the substance in the Nation and in the atmosphere over the Nation—that also will be a shock to the sinister force.

We have a twofold reason for asking This tonight. It not only assists the individual to throw off the destructively qualified substance of his or her own creation, but it also enables the individual to repel the mass accumulation in the atmosphere over the Land. Then you will find it easier to stand against the conditions that try to destroy the people.

There have been some of the most inexcusable, diabolic efforts made to destroy or injure the bodies and the minds of the American people, and I am grateful tonight for this opportunity that, with your Calls to the Great Divine Director and

Myself, We may set into Action in special channels that come to your attention, the *One Mighty Stroke of the Violet Consuming Flame* that goes into specialized channels, and forces the shock that compels the awakening, and compels at least a certain number of the people in those channels to turn away from their frightful viciousness to Life.

People, when they begin to do wrong, become more and more hardened, until they have no consideration at all for Life and what they do to Life. Of course, the longer that builds, the greater is their own suffering. I want you to hold this thought clearly in mind, and bring it to the attention of mankind wherever you can as you move among people of the outer world. Call to their attention the fact, that nowhere in the World has socialism or communism succeeded. Regardless of the appearance of Russia, I tell you, it has not succeeded. You do not know what unrest lies within the mental and feeling world of the people, because within all Life innately forever, exists the desire for Freedom. Therefore, it is like a smoldering volcano, and as that pressure of human feeling and rebellion accumulates, it reaches the point where it shatters again and again, the activity of the sinister force. Its own evil will have to crack itself apart.

Now then, in your Calls to Us, wherever you see individuals who are calling for help, whether they be “I AM” Students or not, keep calling for the *One Mighty Stroke of the Violet Consuming Flame that shocks and shatters and consumes the cause—the Inner cause of what has produced the conditions that make for epidemics and blight within your Land*. Keep working on the Inner cause, because the moment the Cosmic Violet Consuming Flame strikes into the Inner cause, the outer effect will just crack apart and drop away within a very short time.

This season, if I were you, I would *call the One Mighty Stroke of the Violet Consuming Flame of Cosmic Christ Purity*

and Control to come forth and protect the plant life of the Nation against all blight, and against everything which the Beloved Maha Chohan does not want to exist within your borders. I have a reason for saying this. This has a twofold Action. Not only will It protect and bring to greater Perfection the crops of your Land, but when you ask for the Violet Consuming Flame to remove all plant life that the Beloved Lord the Maha Chohan does not want within your borders, you will see much of your dope activity being interfered with.

The Beloved Lord the Maha Chohan gave this magnificent plant life to mankind, but these frightful qualities have been imposed upon that plant life, and therefore, you must make Calls for that quality to be removed from within your borders. The Lord the Maha Chohan is the Authority for that to be done. The same thing has been imposed upon the flesh structure of the people, and upon the mental and feeling world. The emotional bodies of the people have had the same thing imposed upon them in the way of destructive substance that there has been upon the plant life of the land or the World.

My Dear Ones, you have all Power through this Call, for the Violet Flame to come into the Powers of Nature, into the plant life, and into any channel you choose, and in the *One Mighty Stroke*, there comes the shattering of the sinister force's hold upon that substance. You see it has a twofold Action. It shatters apart, and then dissolves and consumes. So when you *keep up these Decrees for the One Mighty Stroke of Violet Consuming Flame*, that annihilates these things in an instant. You will be able to remove from your world and from the Nation within a few months, or perhaps a few years, that which has taken the sinister force centuries to focus into outer action at this time.

So We come with a very definite Power to undo the destruction of the sinister force. Now We want the minds and bodies of the "I AM" Students purified as much as possible,

and there is no thing you could ever do that will bring you Greater Blessings, than your Calls to your “Blessed I AM Presence” for your Violet Flame Victory, your Violet Flame Power, your Violet Flame Authority, and your Violet Flame Purity, and then your *One Mighty Stroke of Violet Consuming Flame* that fulfills these Calls instantly, that changes the outer manifestation so fast that you and the outer world will have the conviction in your feeling world of the Instantaneous Answer to your Call. Then your feeling of your own Power of Mastery will surge forward in one Wave, and you will wonder what in the world was the matter with you before That came forth. It has been waiting to come forth, but you must fling wide the Door!

May I say to you, *no one on this Planet ever reached Mastery without understanding the Use of that Violet Flame!* When you use It in Its Forgiving Love and Mercy to Life, you will not be concerned about individuals doing wrong. You will simply use the Power that is yours by Divine Right, and strike It into the cause of the wrong, and the effect automatically will disappear. That, you will find, is a very much easier way to correct conditions in the physical world than battling personalities.

Oh, if We could only get people to stop fighting each other. That is what makes war. Individual, personal battle releases discordant energy, discordantly qualified energy, and that gathers in the atmosphere of the individual and of the Nation, until it reaches the point of saturation, and down comes another war.

As you go into action with the *One Mighty Stroke of the Violet Consuming Flame* into specialized channels, you will find the sinister force crack apart very much more rapidly; for the *One Mighty Stroke* always contains enough Violet Flame to do the Service, or produce the result instantly, and This is what you have been calling into outer action. Don’t be afraid to call It into the brains and bodies of mankind. Heaven knows It is

wholly Divine. It contains Love, Wisdom and Power within It; Purity, and Peace, and Authority to shatter that which dishonors God, or misuses God's Life, Substance, or Energy. You need not be afraid of It. It is Power without limit, and surely it is very much more encouraging to see a thing removed in *One Mighty Stroke* than to keep after it for weeks or months.

You keep demanding the *One Mighty Stroke* of the Violet Consuming Flame that does these things instantly, and you will be well rewarded for any effort you make. This is what We have to do, Precious Ones. When the epidemics in the Middle Ages were so frightful in Europe, and the Blessed Lord the Maha Chohan showed Me what I could do—think of it, that which had been ravaging the populace for weeks was consumed within an hour. Do you not think That is the Love and Mercy of the Violet Consuming Flame to Life? Think of it, what it means to consume what mankind has generated for so long and that is doing such damage, and wield a Power that can stop it in an hour! That's what the *One Mighty Stroke* means—of the Violet Consuming Flame! That's what We used!

When He called My attention to the Power I had, and which I was not using, I tell you frankly, I felt very much chagrined to think that I had not used That which had been taught Me, but I made up for it in a very short time, and you can do the same. You do not realize the Power in this room tonight. When the Beloved Frederick finished the *Violet Consuming Flame*, there was a surge of Electronic Force, and a Thrill in that last song that went forth, that went to the Heart of Creation and to the Heart of the Earth! I am sure you must have felt It! (*applause—audience rising*) Thank you, Precious Ones. Won't you be seated please.

Now I am going to put you up to something, so to speak. *When you awaken in the morning, if you will take your stand and call to your "Beloved I AM Presence," and the Mighty Saint Germain, and All who direct the Violet Consuming Flame to*

the Earth, to charge every bit of energy in your being and world for that day with the One Mighty Stroke of Violet Consuming Flame that goes through you, and into conditions around you, and compels the consuming of everything human before you approach, or before you go into action anywhere, no matter what you have to do during the day—if you will ask that your own energy be qualified with the One Mighty Stroke of Violet Consuming Flame that forbids the human to exist within you, and That goes into every bit of energy you contact that day, I tell you Precious Ones, you will thank Me for this night, and This alone to which I call your attention.

It is just a matter of holding the Picture clearly in mind, demanding the Action of the One Mighty Stroke of Violet Consuming Flame that forbids the human to ever live again; and when you send That forth with your Authority of your own Free Will, in the Name of your “Beloved Mighty I AM Presence,” or the Master Jesus, or any Ascended Being, and you charge That into everything you do that day, you will surely realize you have a Scepter of Magic Power.

You do not yet understand one millionth part of what is in that Violet Flame, but This which I am calling to your attention tonight, if you will experiment with It, will give you the Thrill of your Existence in the Joy you will have in using It from then on. Love that Violet Consuming Flame with all your Heart, with all your mind, with all your feeling, with all your strength! Love It and call It into Action! Demand that all energy of the outer self, when you awaken tomorrow morning, be charged with the One Mighty Stroke of the Violet Consuming Flame, that shatters and consumes the human and forbids the human existence in your world ever again!

Try Me out! You can help control epidemics just as well as We can. The Law moves into Action at your Call! You are Life! Your Life is One with Our Life! Your Life is One with this Violet Consuming Flame whenever you reach up and draw

It into yourselves, or command It to go forth into conditions to correct them. I tell you frankly, It is Obedience to the Law of Love in the Highest possible Way.

Your Blessed Saint Germain, glorify Him forever for what He has done for you in releasing to you the Knowledge of your “Blessed I AM Presence,” and this Violet Consuming Flame. (*applause—audience rising*) Thank you, Precious Ones. We offer that to Him with all the Love and Gratitude of Our Hearts, and all the Love that that Violet Flame is to Life, We call forth now in His Service to more quickly set the Nation Free. Thank you. Won’t you be seated please.

Whenever you use the Violet Consuming Flame through your Decrees, fail not to hold the Picture clearly in the mind of Its Activity in yourself first, and then into the conditions in the world around you, for then you may handle conditions of the outer without them ever connecting with your own energy, if they be frightfully discordant. Keep that Violet Flame going within you, but ever striking the *One Mighty Stroke* that does instantly whatever is required. We want you to come to this Instantaneous Action.

Now why do you suppose you, as this Group of people, rather than the rest of the people of the World, have been taught the Use of the Violet Consuming Flame? You might say to Me, “Well, because we sought the Light.” That’s true, but it was because you have the capacity to *understand* the Use of It, and It has been given to you because you were expected to use It for the Freedom of your fellowman that you might gain your own. This is where, when you understand that you are your brother’s keeper and you understand it correctly, you will not dominate anybody. You will not try to coerce anybody. You will use the Violet Consuming Flame that consumes what is wrong and gives Freedom to what is right, and opens the Way for the “Presence” of each individual to come through the outer self and fulfill Its Own Divine Plan.

Now, since you have used the Violet Consuming Flame thus far, and you have this Momentum at the present time, since a great deal of That has been directly given you by the Blessed Saint Germain and Others of the Ascended Host, We have gathered the Power into your outer use that We might do through you for the Nation That which you have the capacity to do, and which is your responsibility, once your Higher Mental Body brings to the outer self the Knowledge of how to do It. The moment there comes to you Greater Knowledge in the Use of the Great Laws of Life, then that is the Cosmic Law saying to you — *here is the Power!* This is your next responsibility, and the next schoolroom of the Universe in which you are going to live. So when the Gift is given, It is because the Requirement is just ahead, and the experiences you are going to face are going to require the Use of the Power you have.

So when I am stressing tonight the Use of the *One Mighty Stroke of the Violet Consuming Flame* into physical conditions, it is because you are going to need more Instantaneous Action, and you will have the Greater Protection and the Greater Use and Joy of your Mastery through the Use of this Power, as you qualify the energy when you first awaken in the morning, with the *One Mighty Stroke of the Violet Consuming Flame* that does all things instantly that you are required to do that day to hold the Peace, the Purity, and the Harmony, and to fulfill the Divine Plan and give you the Victorious Accomplishment your Hearts desire.

You all long to do certain things, and then you feel you can't, or you feel there is obstruction or delays. Well, the moment that feeling comes, *charge the One Mighty Stroke of Violet Consuming Flame into it*, and know that That which you long to do is in Action now in physical conditions to fulfill that Call that serves the Great Divine Plan. In this way the longing to do a thing, then feeling that you are interfered with or disappointed because you can't do it because of physical conditions, you will

find will drop away from you the moment you make those conditions understand that you have the Use of the Violet Consuming Flame. You can *call Its One Mighty Stroke into conditions, and shatter that which has caused delay in the things you have longed to do that were right, and that you should do.*

The wonderful thing about the Violet Consuming Flame is this. If you do have a desire that is wrong, and you use the Violet Consuming Flame to fulfill it, or you think you are going to fulfill it, and *if* it is wrong, the Violet Flame will purify it, and it will change your mind for you, because it has to act in you and through you. If you have a wrong desire and you draw the *One Mighty Stroke of Violet Consuming Flame* into it, thinking you are going to gratify it, you will find yourselves safe-guarded against the mistake, and I think that's very valuable. (*applause—audience rising*) Thank you, Precious Ones. Won't you be seated please.

I have one more thing to say, that when you wish to accomplish something, if you will turn to your "Blessed I AM Presence" and give your Acknowledgment; "*I AM*" the *One Mighty Stroke of the Violet Consuming Flame that does this instantly and clears my way*; if you acknowledge yourselves as that *One Mighty Stroke*—after all, It is only Love, It can't hurt you; and if you are the *One Mighty Stroke of Violet Consuming Flame*, the consuming of what is wrong goes on easily and comfortably with the feeling of Love in you, your battle ceases.

So when you have been privileged to be the Mighty Saint Germain's Family of Violet Consuming Flame, and you are held in the Great Cosmic Violet Flame Heart of His Love and Our Love, that of the Blessed Godfre and the Blessed Jesus, Precious Ones, use your Power to the fullest possible extent. And the moment the feeling comes into you that you can't do this, or you can't do that, *strike into it instantly, the One Mighty Stroke of Violet Consuming Flame* that consumes the human, and gives you Freedom, unconditionally, right then, for the

Accomplishment of That which gives you Happiness, and lets you manifest your Mastery to the rest of Life.

Now, as you use This to set other Life Streams Free, or release the substance and energy that has had mankind's frightful filth, and suffering, and discord imposed upon it, as you call the *One Mighty Stroke* to free the Beings of the Elements from the human qualities mankind has imposed upon them, you will automatically find yourselves Free. It is a Wonderful, Glorious Gift of Life from the "Mighty I AM Presence!" It is Love in Action! It is the Purifying Power of the Cosmic Law, and It is the Mighty Saint Germain's Freedom to the Earth!

The World is passing into the Great Cosmic Cycle, wherein the Violet Consuming Flame is the Keynote of all manifestation in this World. Therefore, when you call the *One Mighty Stroke* of That into yourselves and your worlds, why your Hearts will leap with Joy, and you will feel a Freedom and a Power to go forward in Victorious Accomplishment, that you have never dreamed you would ever use while yet unascended. This is the Fundamental of all Precipitation! It is the Fundamental of every so-called, supernatural Power! It is the Fundamental of all the Greater Powers of Life! And when This begins to prove to you how instantaneously manifestations can change at your Call, your doubt, your fear, and every quality that has bound you, will be as if you discarded the whole thing in *One Mighty Flash of that Violet Consuming Flame*, and you go forward using that Power, and bringing yourselves the Greatest Joy you have ever known, and wherever you go, you will automatically free Life from the human.

So realize the Fullness and Importance of Its Presence in your daily use, and never stop using It until you stand Ascended and Free in Our Octave. Call It into Action now to prevent the conditions of plague, and blight, and so on, touching you or your world; and call It into Action to remove the cause of everything within the Nation that seeks to destroy the people

or that which God has given you here. You will have to protect them by the Violet Consuming Flame if they are to continue. Your homes, your business, your Nation, your laws, your younger generation, if you are going to protect them, they will have to have the Violet Consuming Flame to do it. So as you use It in this *One Mighty Stroke*, you will feel an uplift you have never known before tonight. When you call It into Action, you will soon feel Its Thrill instantly at your Call, just the same as you feel the Radiation from any Ascended Master the moment you turn your attention to that One.

So may you go forward in Joy you have never yet experienced, and That becomes your world of Mastery and Victory and Freedom, which you can give your fellowman, you can give your Nation, you can give the World; and then you will go forward the Honor Flame of God's Heart, the Family of the Violet Flame of Beloved Saint Germain. I stand His Champion as I do yours, and let us go forward and render to the Nation of His Heart, every Assistance possible in the use of these Greater Powers, that Life so lovingly offers throughout all centuries to come.

I commend you to the Glory of the Violet Flame Heart, and may It *flash the One Mighty Stroke* into every condition you contact, until Its Instantaneous Action sets you Free forever.

Thank you with My Violet Flame Love, and good night.
