

LADY MASTER NADA'S DISCOURSE

Through Mr. G. W. Ballard

Los Angeles California

June 20, 1937

PRECIOUS ONES OF THE LIGHT, when you sang your Song to Me tonight, I wanted so much to have Our prima donna, Beloved Mrs. Nada Rayborn, stand forth and sing to you Her Song— "*I Love You!*" One day, possibly not so far distant, that is possible; and I shall rejoice with you quite as much as yourselves when that moment arrives, when She can stand forth and sing so wonderfully.

Dear Ones, there is no limit to what your "Presence" can do for you. To the degree that you feel It, that you become harmonious sufficiently, will It do all things entirely and perfectly for you.

Our Beloved Lotus—you must know how much We love Her! Where do you suppose all that courage comes from? Her "Mighty I AM Presence," of course, but to think that She is able to call forth and release such tremendous courage and strength, it is very wonderful; and so We rejoice, and I, Myself, with Beloved Saint Germain, rejoice so tremendously in the proof that these Beloved Ones have been strong enough to carry the Light.

Then I want to thank you, every one of the Beloved Students throughout America, for your Love that has poured out like a mighty river to Them, and that has made it possible. For when you remember that your Divine Love poured forth to Them is a Self-Luminous, Intelligent Substance, then you see your part in the strength that your love has carried forth into Their feeling world to give Them the Strength to carry on so very wonderfully.

I may not do it physically, but I assure you, that tonight, I hold every one of you in My arms that you may feel the Glory

of your Freedom, that you may feel, as never before, your Victory is certain. There isn't any question about it, it just means go on and on and on in calling your "Presence" into Action, until all of a sudden you will find— *"well, I have arrived, I know now within my own feeling world that my Victory is certain!"* Therefore, continue on Beloved Ones. Don't be disturbed by the appearance world, or by your attention to it—feeding your Life into it to come back and disturb you.

You are all rapidly approaching that state where, at the slightest appearance of disturbance of any kind, you simply say: *"Now you have no power,"* and that settles it! So far as you are concerned, it will not have any power to reach in and touch your world, and many are now at the point where they can really do that.

Once you realize what the Vibratory Action of those Words do when you call Them into Action to become permanently sustained, when you use those Words, *"you have no power,"* Beloved Ones, it is a most tremendous thing. It actually sets into Action the Vibratory Law of your being that makes it impossible for those conditions or qualities to enter into your world.

Some of these things sound very simple, Dear Ones, but let Me tell you, make no mistake about it, they are Tremendous and Mighty for your use. The Greatest Activity of the Law, and one day, even in the Power of Precipitation, in the Power of Levitation, so-called, and in the various Activities that the Ascended Being uses naturally, you will find a simplicity that will amaze you still more than you yet experience today. I tell you, that all of these Great Laws, the Greater They are, the more simplified They become; only because mankind, in the intellectual maze of expression, has clothed these Laws in the seeming unapproachable quality which mankind has experienced.

Therefore, mankind who has not heard of the Ascended Masters, or that there are many of Them, why their first thought

is — that isn't possible, there cannot be such Beings as That! And why not? In every step of your law of your world today, the same Law is acting. You have your children in kindergarten, and your college training, your universities, one is more advanced than the other. Therefore, in the completion of that advancement one becomes wholly Free in the fact that they have raised the purified part of their physical body into the "Beloved Mighty I AM Presence," where they become the Ascended Being, then they are wholly Free!

Let Me offer one suggestion to you tonight, and will you be kind enough to listen carefully to This, and be kind enough to spread This exactly as given by Me, wherever you go? It seems so unfortunate that there are individuals who, when they hear of the Ascension, think it is only just a matter of — "well, 'Mighty I AM Presence,' You see that I make my Ascension now"; and that is the end of it; and that there are those who think they can sign an Application to the 100% Groups, and that is all there is to make their Ascension. Don't do that, Precious Ones, and do not let people make that mistake if you can help it. That is a great mistake.

Precious Ones, you cannot have a thing without earning it! Don't fall into human concepts of these things. Your Ascension is assured if you will call your "Mighty I AM Presence" daily into Action to produce that result for you, and then live accordingly! But, Oh Dear Hearts, don't just call your "Mighty I AM Presence" into Action and expect It to do the things, and then go on doing the same old things in the outer world which you have been accustomed to do; that would not do any good. You see, you must live the Law, Dear Hearts, if you want to be Free! You see the intellect always wants to assert itself. It is a wonderful servant for use, but it is not an authority.

Therefore, Dear Ones, do not deceive yourselves, or be deceived by others. *Your own Application is the only thing in the world that will enable your Ascension to take place! Make*

no mistake about it. You can have wonderful Assistance, and in your Group tonight, here, the most wonderful assistance to each other is being given every time you meet. In the issuing of these Decrees as one voice, then you, each one, enter into the full volume of the combined Force that is released, and do you not see how Magnificent that is?

How great is the privilege of joining into these activities, but I say to you, don't deceive yourselves, any one of you. Your motive is known to your Higher Mental Body. Your motive is known to all the Ascended Masters, and when tonight, as I have heard many times this good brother say, in that wondrous inimitable manner; *"to be kind, to be humble, to be grateful,"* and last, may I ask him to add these Words; *to be firm to your "Presence!"* Oh, how mankind needs to live those Words. To be loving, to be kind, to be joyful, to be grateful to each other. The whole World would soon come into Divine Order if they would live those Words and Qualities.

Do you know, Beloved Ones, just what That has meant in your Groups as He calls your attention to those Words? It is a very wonderful thing, because whenever those Words are uttered: *"to be kind, to be grateful, to be humble,"* because you must be humble before this "Great Presence" which gives you Life, if you are to have the Fullness of It in Action in and through you. No arrogance ever called forth an ounce of energy from the "Presence." The Higher Mental Body says: "Oh no, you just get rid of that before you can have My Energy."

These are simple, wonderful, marvelous things if once set into use, Beloved Ones, because you gain your Freedom so quickly. It is only as we live these Qualities do we have that quick and great Release. I don't think you have seen anyone more humble than this good Messenger, and yet He can be firm enough when it is necessary. But it is that humbleness before this "Great Presence" that is the continuous Release of This ever-increasing Power through Him. You must see that, and it is

the same with yourselves, humbleness to this “Presence.” That does not mean that you should be humble before human creations, not at all, but it means you must be *positive and firm* before human creations; then you will not accept it into your feeling world.

At this point let me remind you tonight, for I trust We will not need to take up any of these things in the Shrine Class. We want to have such a marvelous Release that We trust We will not have to touch on discordant things in that Class. I want to prompt you, and please spread this wherever you want to. Any person who claims that they can give you greater instruction than Beloved Saint Germain, be sure, Dear Ones, that person is deceiving you. Any unascended being that can presume to give greater instruction than the Ascended Master is very foolish indeed; so don't be deceived by these things. When you are ready, when the Expansion of your Light is sufficient, you need not worry; He has plenty more to give. You won't be deprived of anything. But I have never seen anyone who could swallow all of their meal at one gulp. I am sure we would be curious looking beings if we did.

So make no mistake, Dear Ones, when people come to you and tell you that Beloved Saint Germain's Work is the outer work, and theirs is the inner, you can be sure something is wrong—I won't say in Denmark, because that is too far away. Now Beloved Ones, I presume I shall be criticized for using language unbecoming an Ascended Being; however, that is quite all right. Precious Ones, We must meet you in the Glory of your own precious self; that which you are accustomed to. What would it mean if We used words twelve inches long—who would understand it?

So Dear Ones, don't ever allow the so-called intellectual giant, or the so-called great scientific minds to remind you that the Ascended Masters would not use such language as are in the Dictations. We are criticized for that. Dear Hearts, We are

coming closer and closer and closer into your world of activity, and We shall use whatever language We choose, and anyone can like it or not!

So Dear Ones, don't be deceived by the people who criticize the Messengers, or the Dictations, or any of those things. There are always some who do that, but I take it for granted that you are too well stabilized in the acceptance of your "Mighty I AM Presence" to any longer accept nonsense of that kind, because it is just human nonsense.

Tonight in this very close Heart to Heart talk with you, Beloved Saint Germain has been your champion — tonight I am His Champion. We want you to feel that We are no long-faced individuals, but filled with Joy and Happiness. Why not, when We are wholly Free, and know and see from your Call the Expansion of your Light that means your Freedom, your certain definite Freedom. Well, wouldn't We rejoice? Wouldn't We be happy — as your ever-increasing happiness is?

May I ask you a question? Precious Ones, for a moment review the past year and see the difference in your happiness today, than one year ago. There is no comparison. There is no comparison in your power to release today what you did a year ago from your "Presence." Your Call is so much more powerful, and It releases so much more Intelligent Energy from your "Presence."

Stand firm, Beloved Ones, in your Call to your "Mighty I AM Presence," and I plead with you, don't allow conditions of the outer world to hold your attention any longer than possible to observe the requirements. That is not necessary, but to revolve any conversation, or thought and feeling, or condition that is destructive, would be a mistake. Now it is not possible that you may not see these conditions; it is not wise that you should not; but at the same time you may not accept them into your world as real. Remember this — **THEY ARE NOT REAL!** They certainly have an appearance; but they are human

creation and have only the energy which the attention of mankind feed into them—their own Life energy—to give them power.

Now you see, when you refuse to do that and you withdraw that energy by refusing to give your attention to those conditions, then you withdraw the Life energy from them, and they have no power. Now these are simple laws, but they mean everything in the world to you, Precious Ones. Remember, as the Beloved Rex said to you when the Messengers were here before, and it was a wonderful thing, it bears repeating any time. *“Unless you feed your Life energy into an appearance, it cannot reach you or harm you!”* It has to have your Life energy in order to reach you. Why? Because as your attention goes up, and your energy, which is a Ray of Light from you, touches that quality, that condition, then that comes back to you through your own Life energy. Don't forget that, Precious Ones. That is what mankind's attention has done to them all through the centuries.

These are activities, Beloved Ones, that are going on every moment of your Life, but as your attention is called, and you see the necessity to govern the attention, and if the attention begins to fasten on something outside here that is limiting, or in any way disturbing or destructive, say: *“Oh no, your place is here with your ‘Mighty I AM Presence!’ You come back here!”* That is how We had to gain the Victory.

You know the average individual who has not understood the “Presence” in any way, why it is the most amazing thing you ever witnessed to see the thought, through the feeling, jump just like that (*motion of the hand*) constantly. Precious Ones, you know many of you, from your own experience in the beginning when you tried to still yourself, your thought went here, and there, just leaping from one thing to another. That is why people are not stabilized, not calm nor firm.

Once you find a point of focus—and how can you find it,

how can you have it? Not until you know your “Presence” is above you. This is the only means in the world where mankind can have the faculty open to become still and anchored in the feeling world to allow that to become a permanent thing.

Now today you are having that great Blessing, that great Privilege of the Understanding which enables you to do these things; and each accomplishment, in the Acknowledgment of your “Presence,” as you have heard so many times, is a permanent Thing, a permanent Quality to act there, that is ever-expanding in Its Power.

There was a day about one hundred years ago when power was a tremendous thing—a very destructive thing; but today, power will come into its own right use, because Power will only be released through the Acknowledgment of the “Presence.” Do you know that, Beloved Ones?

Do you realize that owing to the Great Cosmic Light which is more and more flooding the Earth, the great Privilege which is yours, and shall I say something tonight that We have been so rejoiced, so tremendously, and I wish you to have the same Privilege. The Great Cosmic Light that was to be released on the 7th of July is being released on the 1st of July. I say this to you for a twofold reason, to show you how great has been the Call of the “I AM” Students throughout America, and how quickened is the Activity of the Cosmic Law in stepping up, as you use the terminology, five days, seven days from its original activity. Do you realize, Beloved Ones, tonight, what That means to you, to the Earth? Never, I tell you in the history of the Earth have such Things been done. It should be the greatest encouragement in the world to you, to think that through the Call of the blessed people of Earth—the Blessed Students of the “I AM,” have enabled the Release to come seven days quicker to the Earth in this Release that *has* been promised and *is* coming.

It is wonderful! Can you feel just for a few moments what

a tremendous Thing that means? Now you, in the beginning and in the close of *The Magic Presence*, you have before you how the Great Divine Director set aside time and space for the Children over there, and how later, much of the same thing was done for all the Students throughout America, even those who had recently touched the Work; and now today, through the hastening of the Release of the Great Cosmic Light by the Call of the people of the Beloved Students of the “I AM.”

Do you not understand, Beloved Ones, that your “Presence” is the Light of the Universe? The Great Cosmic Light that is flooding the Earth—and will more and more—is obedient to the Law, the Authority of your “Presence.” Your Higher Mental Body which knows your Call, which knows the Activity, the sincerity within your Heart, which accounts for these things that are done, *is* the Power that is giving this Assistance.

Beloved Ones, I am sure you feel tonight, as never before, the closeness of your “Mighty I AM Presence,” the closeness of your Victory, of your Freedom, and a Courage and Strength that will ever expand and grow stronger within you.

The Great Divine Director is never losing a single opportunity to anchor more permanently within the feeling world That which the Students need; and He knows so well what is needed. This *is* your Privilege to receive into your feeling world this wondrous, wondrous Freedom. These are no idle things, Dear Ones, but a Mighty Law of the Universe acting.

You, who have studied all kinds of metaphysics, or students of the higher ideals of every kind, came to a point where everything was at a standstill. You will never find that so in this Work. This can never come to a point where there is not some Activity coming forth, but an ever-expanding, ever-intensified, increasing Activity.

Don’t ever wonder if you are to have further instruction. Beloved Ones, in the Octave of Light, We have volumes prepared for your use. Don’t worry, you will never be limited in

what you require for use, not in any sense, and We know when it is time to release It to you. There are many surprises for you in the future; many delightful things that will rejoice you greatly.

So go on and on and on, Beloved Ones, calling your “Presence” into Action, and this is one point I wish to make now. Please hold it firmly in your consciousness. Your Call to the “Presence” requires your earnest, sincere effort at self-control. Don’t think that your Call alone to the “Presence” will just set you free without any effort upon your part. You must make an effort at self-control, then the “Presence” will give you the Assistance to accomplish it. Why? Because you are the fellow that got out of order. The “Presence” is all right. Therefore, you are the one who must make the conscious effort by trying to still and harmonize your feelings and holding them in order.

Now that is one thing that We see sometimes is not understood. Individuals feel that they can call the “Presence” into Action, and it does not matter what else they are doing. That is a mistake. *You must be the Law! You must live the Law!* And you *must*, through your outer effort, strive for greater and greater control of yourself. Then the “Presence” will do the rest, you can be sure, quite sure, but without your effort to control yourself, well, who shall say how long it is going to take the “Presence” to do that.

Doesn’t that sound curious to you, a “Presence” that is All-Powerful and we puny little beings down here have the authority to reject or accept the “Presence”? That is true, absolutely true, because you must choose, Dear Hearts, how you are going to use this Energy of the “Presence.” You can’t get away from it; *you have to choose!*

Now then, when you know the “Presence,” and know with your effort at self-control It will give you complete Self-control, then you know your Victory is certain and sure; so don’t, Dear Ones, delay any longer. Just be firm, and every time a feeling that is undesirable attempts to assert itself, just stop it right

there. Say: *“Now we are not going to have any more of this nonsense. My ‘Mighty I AM Presence’ is going to govern my world, which is my feeling, and I am not going to accept any more of this!”* Be firm about it! It does not mean that you have to have a battle, but in that great, calm, firm manner say: *“I refuse now to allow my feeling to assert itself anymore! It has brought me all this trouble and limitations. Why should I? By Harmony in my feelings the ‘Presence’ can fill my world with every good Thing and limitless Abundance. Why should I not allow my feelings to harmonize and allow This to take place?”* That is what everyone is required to do.

Oh I rejoice tonight, Beloved Ones, in the nearness of your great Victory. Oh, some of you who feel you have not accomplished all you should, please do not do that, just be joyful. Say: *“‘Mighty I AM Presence,’ I am not going to accept that feeling anymore! I am the Victor! My ‘Mighty I AM Presence’ is my Victory, and I shall not accept anymore of this feeling that I have not achieved all I should! ‘Mighty I AM Presence,’ Your Wisdom is governing here, I abide in That! You take command and produce Your Perfection! Therefore, my intellect, you be quiet now and don’t attempt to assert yourself any more! Henceforth, you are the servant to my ‘Presence,’ and you are not going to act in any other manner! Therefore, you, my feeling world, behave yourself and be calm and quiet!”* Do you not see, Precious Ones, that you can talk to yourself. I don’t mean that you should go around the street talking to yourself, but you can say to your feeling world, you can say to your intellect, *“Now you be quiet!”* To your feeling world: *“Now you be still, and allow the Energy of the ‘Presence’ to flow through unqualified by any disturbance there!”* Oh, these are all so practical. Everything in Life is so practical, if once understood. The simplicity of it is beautiful, exquisite in its activity.

You see, as you understand the Law, all anxiety, all battle ceases, then as the Light of the “Presence” moves forward and

floods your world, everything unlike Itself dissolves and disappears before It. Feel That! Try to feel the Full Power of your “Presence.” It is right here anchored in your Heart. Therefore, It is the Authority! It is the Power, only requiring your stillness of your feeling world and harmony there to allow that energy to flow forth; Oh, if you would do That.

One thing, Precious Ones, just feel love and kindness in your feelings; and then as your Call and your attention goes to your “Presence,” the Energy in itself would naturally cleanse and purify and beautify and perfect your world, if harmony was maintained long enough, without any other special effort. But as you—notice through your Call to your “Presence”—increase or intensify the Activity of your “Presence,” then don’t you see how quickly these things can be accomplished? But I ask you tonight with all My Love, watch your motive, Dear Hearts. Don’t let deceit, or treachery, or some such quality act there. Leave everything to your “Presence” to direct your world. Don’t seek this or that! *“Mighty I AM Presence,” see that I do the Perfect Thing every moment*; and then no harm can come.

If you attempt through mental power, or as you think, through the Application of this Law, to dispossess someone else and take their place, or do something or deprive someone else, you are but depriving yourself, and sooner or later you will find it out. There is no conflicting Law of the Universe. There are no wires of the Cosmic Law that cross, except in human creations. Therefore, as you call the “Presence” into Action to take command of your mind and body, produce Its Perfection and hold Its Dominion, and see that you do the Perfect Thing all the time, then you can be sure the most Perfect Thing, if it is Service, will open to you in the right manner, then you will not force yourself into conditions that will bring, many times, failure to you.

The human, when it attempts to be the doer, will force you into conditions that you will wish, a thousand times, you

had not entered into; but when you call your “Presence” into Action to see that you do the Perfect Thing always, then you can be sure that the Perfect Way will open for your Perfect Service through the greatest Joy, Love and Harmony, and the greatest Release of Supply to you that is possible to be obtained, because when you are acting in Harmony with your “Presence,” the Treasure-house of the Universe, your “Presence” will open It to you. It cannot be otherwise. It is the Law of Life, the Law of your Being, that your “Presence” must respond with the Supply you require, be it money, clothing, conveyance, homes, or whatever it is, it does not matter. The “Presence” is not concerned, but when you keep your feeling world harmonious, then you may have the Fullness of every Good Thing. That is all! But as long as the motive in your feeling world is wrong, there is no security.

Those who feel and think they can feel or think in secret are so greatly mistaken. There is no such thing. They may deceive each other in the human form, but the “Great Presence” cannot be deceived. Your Higher Mental Body and the Ascended Masters know whatever the motive is, but you will notice, They never condemn nor criticize, They just wait — and haven’t We waited long enough, Beloved Ones? Oh, Beloved Ones, surely you have waited long enough. Having lived thousands of embodiments similar to these, surely you don’t want to go on doing it several hence, when *today in your hands is the Scepter that will give you complete Release!*

Again tonight I assure you, that if you decree for your Ascension in this embodiment and don’t accomplish It, then you will accomplish It in the next as sure as you decree It in this. *The great intense desire of this Life is the compulsion of the next!* It is the Law of your Life, the Law of your Being. You cannot fail; and that is why I say to you, Beloved Ones, why We plead with you: “*Make your Decrees for your Perfection, for your Ascension,*” and the silly human being who says the

Ascension is impossible, pay no attention. Say to that individual: "Be silent!" Don't accept things into your world that deprive you longer. We know what you can do if you will follow Our Direction. We know and can tell you exactly what will take place, but if you allow your human self to make you think, feel and do this and that thing, then how can We depend upon what We can do for you? Therefore, stand calm and serene in your "Presence" and refuse acceptance of every human suggestion of every kind, then you will hold a great calm serenity in your being that will bring you your Freedom quickly.

Beloved Ones, when We see among some of the Precious Students the conditions that exist because they have allowed doubt and fears to come or act, and sometimes doubt of the Messengers, sometimes there still exists doubt of Our Reality. Oh Beloved Ones, what an unfortunate thing. You who love the Messengers so much, you who want your Freedom so much, don't, I plead with you, ever doubt the Reality of the Ascended Masters or Ascended Beings. Please do not, as you value your Perfection. Don't doubt the Power and Reality of your Great and "Mighty I AM Presence" to do anything for you. Don't doubt these Beloved Messengers who pour forth Their very Life to you, and ask nothing in return.

If you will take your stand, Beloved Ones, to every human being who starts to criticize the Messengers or the Dictations or the Work; "Be silent! I will listen to no more of that foolishness!" You will keep your world free, and you will stop that from spreading among the Students. It is because someone comes along and says: "I can teach you more than Saint Germain," you race away to that individual, and then you find you are disappointed. Don't do that, Beloved Hearts, We love you so much, and know what This can and will bring forth to you, if you will follow Our Direction. We are not dictators, but We love you enough with Infinite Patience to keep on trying and trying, until one day you see clearly, and your Victory is sure.

Beloved Ones, no Words convey the *Feeling* of Gratitude and Love from Our Heart, to see your wonderful, sincere Strength, Courage, and Application. We know It is your certain Victory! Won't you accept That and allow Us, with Our Feeling, to help you; and in this coming Class at the Shrine, Beloved Ones, you will never in the world object to that point or comprehend such a Release as there will be in your world—I assure you. Every Class is a greater and greater Intensity of the Radiation that is Wondrous, because you are ready for It, and because It can be done. Allow no suggestion of yours, or anyone else, to ever qualify this Energy again with anything but the Full Power of your Freedom, Protection, and the Supply of every good thing, and then it shall come quickly to you.

Oh I say to you, Beloved Ones, tonight, with all the Love of My Heart, We love you; We love you; We love you, in all the Fullness of Our own Ascended Master Understanding, that you may have That charged into your feeling world for Action. *I say: For Action! Constant use! Remember—practice the “Presence!” Use the “Presence!” And have the Glory with which It will fill your world! Live the Law of Life, of Harmony!*

Dear Ones, there is no such thing as being deprived of anything; but as you let go of that which is disturbing, you will enter into that greater Fullness of every good thing, that so greatly compensates you for what you felt you were losing, that there is no comparison.

Oh Beloved Ones, your Victory is so near; and your ability to serve is so great! Continue on and on and on, and be sure Our Assistance will pour out without limit, even without your asking, as We see your earnestness and determination to the Light of your “Presence.” Feel That as never before, and may I, in closing, call your attention to This; that in the more recent Activities and during these Dictations you are in another world. Do you quite realize that? Really, you are in another world; for you are held within the Radiance of the Powerful

Ascended Masters and Cosmic Beings, and then those great Streams of Energy are pouring into your feeling world to give you the Strength, Courage and Assistance you require for the Victory of the coming weeks.

Try to feel This tonight! Try to feel this great Assistance that is anchored in your feeling world will last you indefinitely; will so charge and act in your feeling world that everything you touch or require in the future is done through the Power of Divine Love in Action; and every one that needs to assist you or help you will be happy to do it, and you are happy to serve anybody else it may be in your province to do. Just feel the Joy that fills your world, and then you will have so quickly and so easily whatever you require.

With all My Heart I rejoice with you tonight, and for this opportunity to speak Our Heart to yours. It is the most Wonderful Thing in the World; and as you are lifted into Our Octave — that is what actually occurs on an occasion like this, *you are actually lifted*, you are not here as you seem and feel in your physical bodies, but you are lifted in your feeling world, to Ours. Try to feel that at all times, that you may have the Release of that Feeling in moments of emergency for use.

My Love and Blessings pour out like a mighty river to each one of you, flooding you and your world with Its Perfection, with Its Sustaining Power, with Its Courage and Strength, with Its Joy. Won't you accept It, and allow It to act in your world to hold you so calm and so firm in the Action of your "Presence," that no longer will fears or doubts disturb you, but just in that Great Joy or knowing your "Presence" is the only Governing Intelligence or Presence acting, **FEEL IT! BE YOUR "PRESENCE" IN ACTION!**

In the Fullness of the Love of the Great Host of Ascended Masters We enfold you, now and forever.

I thank you.
