BELOVED OF MY HEART, as We enter into the Release of the evening, I wish you to understand that in that Great Privilege which is the Marvelous Gift of Life to you all, I want you to feel how close each of you can come to the Hearts of the Ascended Host, and how close you can feel Our Presence with you in your outer world conditions.

In releasing to the Earth That which must come in order to complete the Purification of outer world conditions, all who have sought to hold close to the Great God-Presence of Life, are hourly raising into a Power that you little dream is going to release through you all. I want you to become aware of that Power tonight. I have tried to bring It to your attention in two ways before: your Acknowledgment of this Mighty God Presence the "Mighty I AM," and Its Glorifying Love from the Great Central Sun as Master in you, and Master through you, and around you, and wherever you abide, by your Acknowledgment and use of It; then, in calling forth the Silent Victory of that Miracle Love of Eternity, the Honor Flame from the Heart of the Great Great Silence to cover over everything and not allow the human to live.

Now tonight, I wish to add the third Reminder to you of your Acknowledgment, Acceptance and Use of your own Victorious Power of the Victory for which you call. Watch in your feelings that you do not, in calling forth Victory, have a feeling that you are waiting for It, and It is going to come sometime in the future. Have the feeling that as *you demand the Great Central Sun's Victory into yourselves first, then through you*

into your affairs, you use that Victory as soon as you have commanded Its Release and acknowledged Its Presence! So, when you charge yourselves with the Great Central Sun's Invincible Victory over everything in this World, then step forward and say: "I demand the use of This in everything I do this day!"

When you call forth the Great Central Sun's Victory, and you demand the use of that Victory in your physical affairs, I assure you, there will come about conditions that will positively reveal the Power of God. That's what you need in a World of human shadows. If you do not call forth the God Annihilation, and the God Supply, and the God Protection in the midst of your outer conditions, you only have temporary accomplishment. What "I AM" trying to do is to bring you all to your Permanent Feeling of Mastery, and the continual flow of the Perfection from Our Octave that surges into your affairs, and builds up a Momentum which always holds Protection, and takes you forward to one gigantic Accomplishment after another, without delay, without interference, and without struggle. Now let us get down to the conquering of this thing of struggle. "I AM" sure you will be quite as willing to accomplish that, as "I AM" to have it for you! (*applause*) Thank you, Precious Ones.

Now in *feeling* your Victory, first of all, after using your Violet Consuming Flame, *demand the Great Central Sun's Miracle Love come in, through, and around you; and compel everything you do to be done without strain, without struggle, without delay, without interference, and without one single imperfection!* This is but a matter of setting your own house in Divine Order; and by that I mean so charging the energy of the outer self, your mental and feeling world, with this Great Miracle Love at the Heart of Creation, which is the Great Central Sun, that It surges in, through, and around everything around you. Then, when you say, *I demand whatever I do be accomplished without strain, without struggle, without delay,*

without interference, you simply lay the Law down before you start anything. You all are very positive characters, I believe, or at least you should be by now, after all these Decrees. Instead, as you used to do on the human side, dashing into a thing and laying the law down to everybody else, this time you lay the law down to yourself first! (*applause*) Thank you, Precious Ones.

When you ask your “*Mighty I AM Presence*”—now notice *My Words*—to blaze the Fullness of Its Great Central Sun Presence in, through, and around you, and Its Miracle Love to prepare you for the day, and to charge into all your affairs That Love that enables you to go forward and do anything you want to do, so long as it is right, without strain, without struggle, without delay, without interference—I tell you, if you will set That as the order of the day before you start to do any physical thing, when you begin to do a physical action of any kind, you will find cooperation from yourself, and I mean your own faculties with each other. Then you will, as you fill the atmosphere about you with that Love from the Great Central Sun in Its Miracle Powers and Control of this World, you will find It’s an Intelligent Flame that goes before you and reaches out here, and there, and everywhere, and selects that which you will require, and brings It to you in Perfect Harmony and Cooperation with other things that you are doing, so there is not the sense of opposition that is in the outer world’s activities today.

What We want you to do is to insulate your world against everything but the Love and the Victory from the Heart of the Central Sun. Now We need this very, very much in Our bringing forth the Perfection in this Nation which is to be sustained permanently. We need this Call from all of you in order to have a Nucleus whereby We set that Divine Pattern into Action in the physical affairs of the Nation, until everything else follows in and forms the habit of cooperating with That which is the Divine Way of doing things.

I assure you, when you *demand this Great Central Sun Love come into you and make everything you touch Victorious over the discord of this World, it will be so!* I want you to have that Victory, and I tell you, if you will *use, use, use* this Great Central Sun Love, which is pouring Itself forth everywhere in Creation, if you will reach up and draw It into yourselves, and into the conditions around you, and use It, only then will you understand how powerful It is.

You do not have any struggle using the Sacred Fire of the Great Heart of Creation when you have once asked Its Love to come into you and do what only Its Love can do. You do not have any struggle when you use the gas that is provided for your use in your homes, you light the match and turn it on, there is no struggle, is there? There is no struggle when you turn an electric light switch on, it is a very little pressure of energy compared to what it gives you; and so it is with this Great Miracle-Working Love from the Heart of the Great Central Sun. If you will ask your “Mighty I AM Presence” Great Central Sun Presence to blaze Its Miracle Love in and around you to set your world in order, that as you go forward everything becomes a Joy, easy of accomplishment, then you will feel what Mastery over the discord of this World means, as you use this Great Central Sun Love in all your affairs to prepare the way, that you may do what you need to do to the Glory of your “Mighty I AM Presence,” and the Happiness and Blessing to your fellowman.

Now, the reason I have called your “Mighty I AM Presence” in regard to this Action, your Great Central Sun Presence, it is to bring to the outer intellect the Realization that your “Mighty I AM Presence” *is* the Flame of Life, not only *from* the Great Central Sun, but *in* the Great Central Sun, because there is no way by which your “Mighty I AM Presence” can be separated from the Great Central Sun. Your “Mighty I AM Presence” *is* the Flame of Eternal Perfection extended from the

Great Central Sun. So, since Its Sacred Fire of Eternal Life is One with that Great Central Sun, then It is truly your Great Central Sun “I AM Presence!” Do I make Myself clear? (*ap- plause*) Thank you, Precious Ones.

Now, if you will use this Decree in connection with the other two which I have given you, you will find your Victory is at hand. We do want you to use this Power of the Great Central Sun with the Conscious Realization that That Power is your Victory! The minute you set It into Action to clear your way, that day will yield you Its Victory. So it is every day as you go forward, each day becomes the Victory of Perfection, and That brings about the Happiness by which you glorify your “Mighty I AM Presence” with Perfection, produced out here by the use of Its own Life. That is your Duty to Life, That is your Responsibility to the Universe around you, and That is your Great Privilege in the use of this Magnificent Power from the Heart of Creation.

So Beloved Ones, as you go forward, try to remember what I have said tonight, that in calling forth this Great Miracle Love from the Heart of the Great Central Sun, you are using Its Victorious Power that holds Control of the whole System of Worlds; you are using That in your own individual affairs. *That is always Victory!* That Miracle Love from the Heart of Creation is the Victory for which all seek. Victory does not mean just getting your own way in gratifying this Desire and that Desire. Victory means the *Use* of the Great Master Life of the Universe, and the Release of Its Love that produces Perfection and enables you to expand It without limit as you move throughout the Universe, and enjoy Its Magnificent Creation. *Everything in this physical world that is not done to the Glory of the “Mighty I AM Presence,” should never be done!* If in this outer activity everything the outer self is required to do, if it is done as a Reminder of the “Mighty I AM Presence,” and the Release of Its Love into outer physical conditions, to purify and harmonize

all that you contact, unless it is done that way, it is but a marking of time, and you will have to do it over and over and over again until that Love is acknowledged, and used, released, expanded, and caused to reveal the Perfection and the Happiness that is within It.

So Blessed Ones, each of Us who have come in these Dictations, has tried to bring to your consciousness one thing that will stand out paramount in your daily activities, that will grip you, so to speak, with Its Importance and Its Power, and leave you Its Blessing, so tangible, that you can never forget It again. We are determined, if you will excuse Me, to be such a Reminder to you that you cannot forget! (*applause—audience rising*) Thank you, Precious ones. Won't you be seated please, and just remain so.

Now, if you do not forget to use this Great Miracle Love at the Heart of Creation, if you do not forget to use It—if you do not forget to use It you will find your Victory is at hand! (*applause*) Thank you, Precious Ones. It is because mankind has forgotten to use It that they have their limitations and their distress and their tragedies of this World. I tell you again, as Others have told you before, until This is understood and this Great Central Sun's Sacred Fire of Eternal Miracle Love used in the physical world in all physical conditions, until that is done, tragedy and destruction will go on. The only thing in the Universe that can stop it, is the Authority of the Sacred Fire of this Love from the Heart of Creation that knows It is Master. Therefore, when you call It into outer conditions, it is like calling a Living Being into a condition that knows It is Master, and moves forward to reveal Its Dominion.

Try to feel that in using this Great Miracle Love at the Heart of the Universe, your outer self becomes One with Its Sacred Fire. Then will the outer self be perfected more and more, and when the hour strikes where you are to enter Our Octave, the Great Cosmic Law can give you your Heart's Desire

to arise and come to Us the Master Way, without passing through the change called death. (*applause*) Thank you, Precious Ones. If you want to feel very positive, and you turn to that “Mighty I AM Presence” above you, and to the Great Central Sun, and you *make your demand that That Great Miracle Love of the Great Central Sun in Its Mightiest, Infinite Cosmic Power becomes the Victorious Control of your day, and you demand It be the Only Presence acting in and around you, and that That is your World of Victory for that day!* You will find each day, as you make it your Day of Victory, will build for you the Year of Victory. As you go on, you will find you have left everything else behind except the Victory that is Eternal, and that is Mastery! That is the Power that has the Right to command anything in this World to fulfill the Divine Plan, produce Perfection, and raise all to Victory by Its Eternal Sacred Fire.

May you enter in, and do not forget to use It, and It will never forget to serve you, nor abide with you, and It will not forget to fill your world with all the Perfection that is at the Heart of the Universe. May each day be the Heart Presence of that Great Miracle Love in the Great Central Sun, till you and your world are a veritable Sun Presence of Its Victory here, that ever expands and holds command around you until Its Authority is understood and obeyed by all. May you enter into Its Glorifying Presence and have your Freedom from this hour, with My Assistance and all that the Love of the Great Ascended Host can bring to you, as you cooperate with the Great Law of Love which They are to the Life of this World and the entire Universe. May you feel the Fullness of your Victory tonight, and that Love forever rules with Full Power.

Thank you so much.
