

## OUR BELOVED REX'S DISCOURSE

*Through Mr. G. W. Ballard*

Washington, D.C.

November 5, 1939

Ascended Master Youth

**B**ELOVED ASCENDED MASTER YOUTH of America, and I quite smile to Myself that, after all, since there are no years, we are all Ascended Master Youth of America; and if you will, feel that you who have a greater number of years from the human consciousness over your human form, have that arising within you still—the energy of youth.

That energy that beats your Heart, Beloved Ones of fifty or sixty or more years, that energy has never changed and never will. That energy which beats your Heart is just the same as it was in your fullest youth, but your concept, your feeling about it is the thing that has brought the change in your human form. Won't you reverse all those currents of energy which the mass consciousness has imposed upon you and which you have accepted of yourself, and all become the Ascended Master Youth of America?

I ask you to watch it. As the greater Harmony comes into the consciousness and feeling of the Students all over the World, you will find—now remember—that in your consciousness of every “I AM” Student of America and the World, you are *One*; and therefore, the Call of all becomes the Power of *One*, acting within each one. Try to feel that; then you will know you have a Sustaining Power and Support in your own individual efforts that is unparalleled thus far in the experience of mankind.

Therefore I say to you, try and remember these things, and call them into action in your world, because you have the Support, the Sustaining Power, that I am sure you do not

comprehend; but if you only will, you will have that great added blessing that is just beyond words.

Blessed Ones, after all that the Messengers have said, remember now, while your Class is on here, you have the attention of all the Groups of Students in America focused here for your blessing, for your assistance. Well did you ever in your Life know of anything like it? Therefore take advantage of these opportunities!

We rejoice! We see, of course, as you don't, the enormous accomplishment, and my dear, dear people—if you saw—and Saint Germain has mentioned only a small part of what has been accomplished since the Messengers entered the last Shrine Class. I hope He may choose to bring to your attention more of it; but His Wisdom is very great. The accomplishment has never been known in the history of the Earth; and I trust you feel that with the fullness of the Power of your Great “Presence,” because in that you will release through your feelings all that is required to go on and complete the Victory, and all required to bring forth this complete Victory for America—not only Her Protection, but then Dear Ones, remember, when the Protection is complete, then We have the great reconstruction activity.

That is why Saint Germain and the Great Ones have been so determined that no wholesale destruction shall take place in America to destroy your buildings which could be utilized in such a great manner in the incoming Perfection; because if it does, it means that your reconstruction period is going to be long years coming back to the point where you are today. Therefore that does not need to be done, and as the great body of Students continues to make these Calls, *My Dear Ones, the Power of Light is Supreme!* Try to feel that in your individual application and your Calls for America.

These appearances in the outer world, I tell you, have no power against this Light that you call forth. You must know

that and be so firm. Don't let stories that come to your ears affect you momentarily. Just instantly know that they have no power. If they are of a destructive nature, they have no power, and that ends it. Then you will take out of those appearances the energy you would otherwise give them to produce the very thing those stories want to bring into action. You see!

That is why I say to you, Beloved Ones, if you voice and feel a destructive idea or report which comes to you, if you begin to feel and build on that, you are adding instead of taking away. The idea is to withdraw the energy from that which you have to perfect, not build to it. If you will do that, you will have a joy and feeling in your service that will give you limitless Strength, Courage, and Power.

Therefore, since this great Accomplishment yesterday, let us feel now and enter into that full, enthusiastic Joy of this Achievement. Beloved Ones of Washington, I am sure now you understand the forces that have been playing upon you, or trying to. Don't let them do it anymore, and every Student here enter into the great Love and Joy to each other that makes for the Beauty, Perfection, and the Expansion of the Light.

*I know you momentarily think of it, but you do not sustain the feeling—that strangers coming into your midst receive your Radiance. If there is controversy in your feelings, if there is controversy in your speech, and criticism, then the strangers who contact you feel—if that is the work of the "I AM," we are not interested.* Therefore, all over America this thing has had to be dissolved, and the sooner you do it the sooner you will have the great Joy and Happiness fill your world, and the Expansion of the Light here, and the greater number of Students.

No place in America can this be done except with harmony among the Students. Strangers won't go where there is constant criticism or fault finding. Therefore, this is no criticism of you, Precious Students, but it is a condition that has existed

that must be dissolved in order for you to have your Freedom, and for the Expansion of the Light in the city of Washington.

It is the same within the individual world. If the individual is out of harmony, then it invites all kinds of limitations and destruction in their world; and if it is concerning your city, it allows by the discord you release through criticism and condemnation to pile upon the destructive energy which is already here.

I know many respond unknowingly to those things, but now since these tremendous vortices have been dissolved and consumed, cause, effect and record, and these great number of discarnates have been removed — and the black magicians who have been fostering and pouring destruction into the governments of Earth — then you must see how easy now it will be to have happiness, and pour out love and blessings to each one that allows the Light called forth to expand and reach out Its Hands, Its Light Rays in all directions, and bring people to you who should be interested.

There is not one in America, Beloved Ones, who without unbiased opinions, would not seek out this Light, because It is the Light of the World! It is the Light of every human being that exists! Therefore one day all mankind will seek It! There is no question about that! But as long as strangers come and contact those who are discordant, don't you see, it is most discouraging to them. They do not know all that is acting there, because they are not familiar with the Work; but if you, as an example, stand as a discordant element before one seeking the Light, then you have prevented their receiving It temporarily. So I ask you to see the need of harmony maintained in your feelings toward each other, *that you may stand as a Representative to the whole World of the Light which you represent.*

That is the condition that has existed all over America. People have to have time to gain self-control and see the need of all these things. It is so all over America, not only here, but

in Los Angeles the greatest turmoil at times existed. But it was because the Students had not yet learned to not listen to false gossip; and all mankind go through that process more or less.

Beloved Ones, I always have to pinch Myself to realize how it was that in Our earthly embodiments We did not have that discord. Not a particle of it ever existed in Our family; and it is a marvel to Me today, as We see it among mankind. Of course, now as We move among the Students and mankind everywhere during the Classes, We see and feel that, and We know it exists—which We never dreamed existed in the World—but how fortunate We really were.

I tell you, Nada and I, there is not one day passes of your twenty-four hours that We do not at least twice offer praise and thanks for the harmony that reigned in Our home; that We were not subject to the conditions that most of mankind are; and of course it had to come because of past gathering of the Powers of Light within Our feeling world, and naturally We were attracted to Our recent father and mother who had established such great harmony within themselves.

This is the condition that is now coming into the activity and the feeling world of mankind. I ask you, Beloved Students, please do not be discouraged in any way because you might have made mistakes, or still yield sometimes to those impulses of unkindliness or criticism. Please don't be discouraged, but be more determined each time you give an expression to something discordant that you won't do it again. *Call the Powers of your "Presence" into action to see you do not do it, and the "Presence" will govern it. Please do not feel that you cannot win the Victory. You can, every one of you, and I know it, and We will give you every help that is possible!*

It is not easy for you to realize how absolutely unlimited We are, and how We can reach forth a thousand Rays of Light in a moment to give you Assistance. Do you know, Beloved Ones, that one of the Great Ones, for instance take Beloved Saint

Germain, the Great Divine Director, Beloved Nada, Beloved Jesus, the Mighty Victory, the Goddess of Liberty—any One of those Great Beings can raise Their Hand like that, and a thousand, ten thousand Rays will go forth directly to the Students in an instant! Then do you not see how great is the Assistance They can give, and with your complete cooperation and harmony with Life, how They can so quickly raise you into complete happiness, perfection and limitless supply.

You see the Messengers before you. They are the example to the World of what harmony maintained means. Beloved Saint Germain has lifted Them into absolute Freedom. He will do the same thing for you when harmony is maintained, and the obedience which They give.

Therefore I say to you Beloved Ones, do not think of this as a criticism of you, but it is a condition of the Light. Life must be understood in order to give the obedience required, and to have the fullness of the perfection of Life flow forth into your world and give you all your Heart desires. A lot has been said here since the Messengers came—of course, it was necessary—about the discordant conditions, but it had to be done. Your attention must be called again and again until absolutely every desire goes down to feel unkind to each other. It has to be done, and the sooner you do it, the sooner you will be happy and have Freedom.

It does not make any difference whether it is here, Los Angeles, New York, or wherever it is, these things—all human qualities—have to be kept out of your world. That is why We have such Joy in calling your attention to those things. I know, Dear Ones, it is not just a happy thing to be so often reminded of the requirements, but yet it is the Law of Life. It is not a matter of persons, but it is a matter of the Law which must be fulfilled. Therefore, won't you let Us give you all the Assistance to make it easy for you to have self-control, and all the things required to give the Full Outpouring of your Life into your use.

That is why, Dear Ones, the Great Ones' rejoicing last night, I feel so happy to convey to you, was very great in the achievement and in the freedom which It will bring to you. Beloved Students, you will not find the difficulty, you will not have the struggle to hold self-control and harmony anymore that you have had in the past. Just feel that, then go forward in the Mighty Victory of Life.

Oh remember, Dear Ones, it is not a matter of persons, places, or conditions; it is a matter of the quality acting in you that will either lift you to the Heights or hold you in limitations. If it is discordant, it will draw you into greater limitation; if it is happiness, harmony and obedience to Life, then you will go forward in the complete Freedom, and Limitless Supply of all you require, *because there is no thing in the World that deprives you of the needed finances like criticism and condemnation. It repels everything in the World from you! It is the Law!*

Therefore, as you free yourselves from it, you will be given every assistance possible. Then let us enter joyfully into all that which has been dissolved and consumed about the city. Would you be surprised to know that some of the discarnates removed yesterday had been here for more than two hundred years! You remember the conditions that once existed in the early days in Salem — what do you suppose caused those conditions? The black magicians, who even then tried to instill into the people the idea that was once so prevalent in Europe, to destroy everyone who was obedient to the Light. You all know when the revelations came forth afterwards, how ashamed were those individuals who responded to that destructive impulse. People's lives were taken from them by falsehood.

So has it gone on, and today for political reasons are thousands of innocent people in prison. The power must be taken away from individuals to vent their revenge through political power upon innocent mankind; and this is the Power

that will do it. Your Call to Life will eventually dissolve and take out of the feeling world of mankind those impulses and replace them by their love to their fellowman and their defense of their fellowman.

Will you believe Me when I say to you, that I would say possibly within two years—it might be longer—every person within the Heart and Feeling World of their “I AM Presence” will be that instantaneous defense of every other “I AM” Student in the World. (*applause*) Now that which I consider proof of those Words is in the attempt in Chicago to bring discredit upon this Beloved Messenger; but how instead, everywhere that report went it stirred and aroused the Students everywhere to His defense! It is a magnificent thing! (*applause—audience rising*)

Now this will occur with every one of the Students everywhere. Each one will become so unified in the mental and feeling world that they will leap to the defense of each other, because it is the Power of Light acting, Beloved Ones. And that is why today I am so delighted to convey this to you and call your attention to it, *for by the Power of your Attention do you become that upon which your attention is fixed!* Therefore I say to you, Beloved Ones, enter into the great joy, enthusiasm and Power of this Great Law which is yours today; then you will see how everything will change in your world.

I pleaded with Saint Germain to say certain things to you of the Achievements, but He says not. He is much wiser than I am, so of course, We are always obedient. But to touch upon some of the things that have been accomplished in the removal of the most powerful black magicians that have been spreading their destruction over the Earth, it will one day be revealed to you in a very clear, definite manner. Then you will see what blessed mankind has been suffering under throughout these—perhaps the greatest forces of it—for about one-hundred-eighty-thousand years.

I want to have you try to feel this. You have your physical records here which you go to—to inform yourselves of things. My Dear Ones, in the etheric records are absolutely accurate records of everything that takes place on the Earth, and We have but to turn Our Attention to those records to remind Ourselves of any event, any condition that has taken place, because it is accurate. There cannot be a falsehood enter into those records, nor can there be a mistake—quite different from your records. Mankind may, for any motive, change their records and make them untrue, but not so in the etheric records. Therefore, when We wish to find evidence of something, We have but to seek out the etheric record of that, and We have the truth about it.

That is what I want you to feel, because the Ascended Masters only go by that. They pay no attention to the childish gossip of human beings, but They look within the color radiance of the individual to see the truth that is there. That is the only thing They pay any attention to, because They know the impulses of mankind, or one activity or another, and how they are played upon by discordant forces, causing them to do things. But once your attention is called to it and your need of defense, you, in the Power of the “Mighty I AM Presence,” will stand guard and see that the impulses do not act within you.

Your Higher Mental Body, Beloved Ones, is All-Powerful. It wants to hold you in absolute Freedom and Obedience, and all Life needs to pour Its Perfection through; but how can It unless your attention is called to the *need*, and not to the constant repetition of calling your attention to the things that you have expressed discordantly. That is no sense of criticism, but it is fixing your attention upon the requirements which are the Law of Life to prevent these things recurring. Do you not see that? Won't you accept that as the reason for a thing, and not allow your human to feel you are being criticized? Why there is no such thing! We would no more condemn and criticize you

than anything in the world, but in stating the Law of Life, and why the obedience is necessary, it is imperative. We have to have your attention upon it in order to correct it. You cannot correct a thing in your experience, Beloved Ones, until your attention is fixed upon it, and you see the reason why. The intellect has been so much imbued for centuries with its own sense of dominion with many characteristics of the individual that it will not accept a thing until it sees the reason for it; but when your attention is called to the imperative reason for a thing, then the intellect will, in ninety-seven percent of the cases, accept it. Then an ease and peace comes in the feeling that allows the Powers of Life or the Assistance that is attempted to be given to find Its Action there.

You cannot imagine how We rejoice with you in all your sincerity and determination to serve the Light; how We thank you. You might say, why should We thank you? Because We want you to be free! We want you to be happy, and We want everyone in America and the World to be happy.

Dear Ones, you are in ecstasy in comparison with Europe today. As We move over Europe and China, oh My Dear Ones, surely never such a condition existed on this Earth as is in China today—such destruction, such privation, and the vast population—children starving by the thousands, elderly people maimed and crippled, helpless, and yet the war lords of the World want to spread that. Beloved people of Washington, those unfortunate individuals who long to sell ammunition and to manufacture destructive war instruments to destroy mankind—what a pitiful thing! And yet, for a few dollars individuals will sell their very souls. What a pity.

Therefore consider yourselves most fortunate, Beloved Ones, that it so happened that you in America were the ones who could give response to Beloved Saint Germain that you might be lifted into this Precious, most Precious Understanding that the World holds. My Dear Ones, once you fully awaken

to It, you will know there is not one thing in this World that can deprive you or stand between you and your Happiness in the calling forth of the Light of your “Presence.”

While it has been said so many times Beloved Ones, *please arise, Beloved Students, into the Full Power and Feeling that when you call to your “Presence,” the Power of Light which is Self-Luminous, Intelligent Substance does go forth to render the Service you require; and It knows no opposite!* If once you can get the full feeling of that, you will never have any difficulty in dissolving anything that is about you. It is the Truth! *It is Self-Luminous, Intelligent Substance which knows no opposite—the Power of Light that goes forth at your Call!* Won’t you feel that! Then you will never again question the *ability* of your Call to release that Light that brings that which you are calling forth.

It is the same way in your bodies, Beloved Ones. When you call to your “Presence” to restore health in your body, the “Presence,” through the Higher Mental Body which knows exactly the requirement, releases those Currents of Energy, and would do it upon the spot. *It does not require hours, days, or a built-up activity to do this! When you are calling to your “Presence,” Its Currents of Energy sweep into the body right then and there to produce that exact result!* If there is harmony enough in your structure and in your feeling world, It will produce that exact result *instantaneously!*

We are determined that the Students will get the full feeling of their Call being answered instantaneously, whether it is healing, whether it is supply, or whether it is an act of harmonizing—or whatever it is—the Students are bound to get it released.

We Children were talking the other day that We are going to do something that will release more Power, more stabilization in the Assistance of the Students to help them until they begin to see the Answers to their Calls that will give them such

confidence that nothing will disturb them again; and We are going to do It! (*applause—audience rising*)

Now then, why? (I try to give you the reason for things.) Since We have seen the change within the feeling world of the Students, and I just take you here in Washington, or who are here in this Class, for an illustration. When We see the changes that are taking place within your feeling world and the Victory and Mastery that is coming within you individually, then We know positively that This can and will be done. We want you to have your attention upon It, the assurance of It, because, well, of all the mistakes that have been, what does it matter if there are a few more? That is nothing to be discouraged about, *but with a constant determination to gain the Mastery of Life, Life will give It to you; because It is the Power of Light that knows no opposition!*

Try to feel that in your Application, Beloved Students! *It is the Power of Light that goes forth that knows no opposition; how could It fail in what you desire?* If you trip up, get more determined than ever and try again, and in that way you gain the full Victory, and very quickly. Do not condemn yourself for making a mistake—who has not; but be stronger each time, and you will eventually dissolve and prevent any more recurrence.

Therefore it is the Victory of Life that We are calling forth now; and with all that has been dissolved and consumed, it will make it so much easier for you. We want you to know that and feel It, and let the full Glory of that Power go into action, have Its dominion in your mind, body, feeling world, and activity. *Try to feel there is not one thing ever again that can deprive you of the happiness, perfection, and the supply you require!*

We and the Messengers so often say, you will notice as long as your feeling is disturbed by the sense of lack of supply, you are more open to the discord that keeps trying to drive in. That is why as We keep calling forth and the Messengers keep calling

forth the supply and decreeing for it, eventually you will find the Call brings that release, and then the relaxation comes in your nervous system and the activity of your individual world to such a degree that when you call, instantly there flows forth that which you require. That is within the province of every single one of you.

I thank you, Beloved Ones, with all My Heart, and please feel Our Great Love pouring forth and enfolding you, every one of you. We are not concerned about your mistakes, only that they discontinue as soon as possible; but feel Our Love, Our Arms about you, the Arms of Light with Its Sustaining Power. Everyone must go forth in the Victory of Light.

May I remind you of one more thing? In the achievement with the closing of the Class last night, all obstruction has been removed from you individually, of that which was attempting to interfere with the Class and the release of individuals to come. So enter in now to the full happiness, and see every seat in the auditorium filled with earnest, sincere seekers of the Light, that they may have the blessing and benefit that is here for them.

You will find the remainder of the Class will be transcendent beyond description, but there must always be the clearing away. Do you wonder why—I am sure many of you did not see why—that this had to be a fourteen-day Class here? The dissolving and the removing of conditions to enter into your regular ten-day Class has been accomplished! (*applause*)

The Wisdom of Beloved Saint Germain is so great! One day you will comprehend all that it means. My Dear Ones, were you with Us for a few hours to see the Power and Manifestation of His Wisdom—it is a never-ending wonder to Us. This may sound a little strange, but you have no idea how We Children love to follow Him around. Sometimes He says to Us, “You had better go and do Your Work!” But it is wonderful—it is marvelous to see all that He does, and you only know a tiny fragment of it.

It is so apparent now that the Victory of Light is bound to take Its Dominion in the Earth, and you in America, as you continue to expand this Light and gather more into your numbers, will feel the full joy and all that it means to you in your part in gaining the Victory of the Light in America and holding away the frightful destruction of Europe.

I tell you Beloved Ones, cataclysmic activity is not a comparison to the conditions that have existed in Spain, China, and the various parts of Europe. And even in parts of Europe where there still is no war, you would not believe the conditions that exist there; so be rejoiced that you are here in America.

Those Groups in all parts of the World are giving praise and thanks that you are in America. That is *their* love for you. And think of the great love that pours out to the Messengers from those Blessed Ones who have not seen the Messengers, but by the Power of their own Light within their own Hearts accept all that the Messengers are. It is a beautiful thing.

Therefore go forward, Beloved Ones, in your Victory of the Light, and let the Glory of that Light expand and your confidence expand, until there is no limit in your confidence to have the Response to your Call, and to hold maintained self-control and harmony that the Power of Light and Love may do all that It wants to, and *you may be assured there is no limit to what Life—Light—wants to do for you!*

Thank you so much. (*applause*)
