

Beloved Children of the Light—and may I call you all “Children of the Light” tonight? Truly, you are just that, when we can forget the years which are of human creation—quite logically having come about, however—since mankind, in the regulation of the outer activities must have something by which to regulate that, then your present sense of time is quite necessary; but with Us it is quite different. We go on and on and on; and when We start something, We do not have to stop to sleep and gain energy to go ahead and finish, but just go on until it is complete.

Do you quite realize—perhaps not, in the human octave—what a continuous activity, a continuous service means? For instance, in the periods of the past in which the great achievement was to maintain Life in the body over a great period of time, many times hundreds of years, do you see how rapidly was gained the Mastery and the Great Wisdom, carrying from one experience to the other the complete memory of all that had been achieved, losing no part of it?

That is how We, as Ascended Beings, have before Us at Our

Command all the experiences, or shall I say, the culmination of all the constructive requirements that We have used. Or, We may draw from the Great Light about Us the experiences of others. This brings me to the point of which I wish to speak to you tonight. The children will appreciate this, I am sure— very much—and so will *all* the children!

Even you today, Beloved Ones, how you appreciate having brought before your vision the requirements of the time; and your educational system is coming rapidly to that time when largely the attention will be through vivid pictures—still and moving—to bring you the full comprehension of the activity of the energy which you call forth into use. Do you know that that mighty activity would simplify the complete and full education of mankind to a degree that you would scarcely comprehend at this time?

Now for instance, let us take the structure of your human form. Of course, We have had this for a long time, awaiting the period when the Great Cosmic Light and Life gave the Command for It to come forth to mankind. Oh! You shall sit before a screen—who shall say, possibly a Cosmic Screen—and see there the exact movement of the organs of your body, the circulation of your blood, the movement of the nerve fluid through your body—and in a few hours of description, you would comprehend completely the activity of Life within the human form.

You have noticed your children of sixteen, seventeen, and eighteen years graduating with high honors, and it has become quite common these days, showing the rapidity of the activity of the mental powers quickening with the Cosmic Light as It comes forth. Then think how still more rapid and how much less time it will require to convey to you through moving pictures the full and complete understanding of the form, the garment of flesh which you are using. A magnificent thing! We await

this period with great earnestness, for mankind will come to a point where there will be so much greater activity, so much more far-reaching understanding in your attention. Then the outer, or human part of your attention, will become a very small part of your attention. You will gain the fundamentals, and then by this Great Cosmic Light you will be instructed.

More than sixty of Us today were in discussion of how soon this might begin, and naturally, it would begin among the individuals who understood the "Mighty Presence of Life." I may not say all to you tonight which I would like to, but enough to stimulate you in your contemplation and Call to Life. Make your earnest Call at your leisure for This to come forth, for remember, Life only releases to you what you call for. Do you quite comprehend that, even at this time? Would you call Life rude to you because it would not release something for which you did not call? No indeed! Beloved Ones, mankind, having of their own volition receded from the full comprehension of This, must return by their own determination and volition; and that is why We cannot do *for* you what We must do *through* you by the expansion of your own Light. Therefore, your Calls are the signals to Life that you are ready, that you are giving the attention, the obedience, the willingness to have Its Greater Perfection come forth.

The clearer your comprehension comes, so far as your ability and comprehension of your requirements, *call specifically for the Perfection of all that you wish to have manifest*. Let Me draw a few illustrations that might help you tremendously in your Application. For instance, take the automobile, which is becoming so beautiful today. Suppose you wanted a certain make—a Chrysler, Buick, or some other make. You decided you wanted that. In addition to that decision and your Call, you would want a *perfect* machine of that make, would you not? That would be

your power and authority in the Call to Life—since you chose that particular one—to have a *perfect* automobile. That would be the fulfilling of the Law, since you might not be familiar with all the machinery acting within that machine. Still, that Call to Life to produce a perfect machine of that kind for use would compel it to come about.

The same with the home—the same with any activity—the same in the service that you wish to render. Now suppose you, in your present state, had been reaching out and reaching out to know your right avenue of service. You did not feel quite sure. Then if you would call to your “Mighty I AM Presence,” knowing your Higher Mental Body was the Director of the energy and intelligence, and say, “*‘Mighty I AM Presence,’ now You place me in my own right avenue of service, and see that I serve perfectly there,*” then you would not only find it, but in finding it, you would be able to serve perfectly there, even though you suddenly found you were to serve in a capacity of which you knew nothing at that time. That is the Power of Divine Memory and Comprehension, released through you into your own right avenue of service.

I say to you today, in the changes that will take place, so much, and you will pardon Me if I use the term—crude activity—in which mankind has been accustomed to up to this time will surely disappear; and in its place will come a greater—simpler and greater—power of achievement, and a greater happiness by far than mankind has ever known; because you will have forgotten then that there is such a thing as work in the activity of mankind.

That is what has brought such distress upon mankind—such exhaustion; because remember, in centuries of mankind’s qualification in calling all activities work, giving it the power to exhaust, that is why in a little extra exercise they find themselves

exhausted. It is not necessary. We are never exhausted. We are never tired. We have so completely forgotten those activities that We once experienced on Earth that We sometimes feel quite surprised when We hear someone mention it. That is why Our Forms remain forever Beautiful and Perfect.

For your encouragement, I wish every precious one in this room might suddenly see their own Higher Mental Body—your Reality. Oh, try not to think of your human form as you! It is but the garment which you are wearing—because if you did not make the Ascension, you would lose it and be compelled to build another; but in this Dispensation which has been given, Oh My Beloved “I AM” Students, rejoice with all your Hearts! As I look about the Ascended Master Youth of America, and I mean by that, not only those who have become acquainted with this Understanding, but hundreds and hundreds of others whose ideals have not been shattered—to think, that in the Great Mercy of Life, a Means has been provided whereby they may not be required to reembody again. My Dear Ones, can you comprehend or contemplate with Me for a few moments what that means?

And you who have years over your heads, as you think, when the change comes, will find Loving Hands there to provide and help you through the change—not in death—but in Eternal Life, into your Freedom of Eternal Perfection. We have tried to have you comprehend that there was no death, but now, in this Dispensation that is at your Service, My Dear Ones, follow Me closely in your comprehension, that you may gain tonight a clearer, fuller, more powerful comprehension of this New Dispensation. My Dear Ones, I know you have heard the Words, but I see within your feeling world little of comprehension of what this actually means. Tonight you are in this Radiance, Ascended Master Youth Radiance, thanks to the children. Did

you know that, Beloved Ones? Did you know that you had entered into this room tonight in the Ascended Master Youth's Almighty Radiation? Not of grown-ups, but the Ascended Master Youth—wholly Pure, and which everyone entered today in this room in preparation for this Work tonight.

May these beloved children comprehend fully within their feeling, if not the intellect, and hold forever the Mighty Charge and Activity released here tonight—the Enfolding “Presence” of each one—that the *Ascended Master Youth Garment of the Threefold Flame* which you saw before you tonight may be their Garment of Light—to stand within that Threefold Flame of Life, wielding the Sword of Blue Flame to dissolve, cut away, and consume all limitations of discord from the Earth!

Now let Me carry you all a step further tonight in the comprehension of that which you actually perform during sleep of your human forms. There are great numbers of the Students today who perform Magnificent Service while the human form sleeps. Saint Germain has not thought it wise to call your attention vividly to this before, but since this Radiation has been drawn for this purpose today, may you comprehend tonight all that That means. That means to every form in this room a youthful happiness and buoyancy of the human form that you would not believe possible until you actually experienced it. Will you accept it tonight, that that vibratory action in your body, in your feeling world, has taken on the Activity of the Ascended Master Youth of America? Then see how quickly will come the change in the outpicturing of your face and form of that which the Ascended Master Youth represents—My Dear Ones, a Magnificent Privilege, a Magnificent Opportunity for you to prove the Happiness, the Perfection, the Youth that one day you will know for Eternity.

May I ask you tonight, since this Dispensation has gone fully

into Action within the human octave, when you, as Students, wherever you are, are aware that any Student is passing on, or that there might be danger of it, *make the Call—you who might be aware of it—for that one to enter into the Ascension*. You will render a Service very great. There have been three who have recently passed on who are “I AM” Students who have received this Blessing already. So let us enter in now to the Full Joy of this, and everyone who is aware of these conditions—*make the Call!* You cannot say, I cannot say, that it would not be answered!

Life, remember, is the Authority, and the Life Stream of that individual at your Call would quickly determine, and might change many things in order to answer your Call. Remember, while you would not be the authority for the one whom you were making the Call for, yet your Life is One with that Life, and if that one, in their Understanding of the “Presence of Life” was sincere, who shall say what your Call to Life might bring in answer to that individual.

This is a point I wish you, if you will, to remember clearly and definitely tonight. I consider this, Beloved Students of the Light, one of the most Magnificent Things that has come forth in the understanding of the “Mighty I AM Presence,” for it will enable thousands and thousands of people who are sincere “I AM” Students to be Free without returning to another embodiment—and that is very valuable! Then, Beloved Ones, will anyone say to Me that any effort made in the comprehending, the understanding of this Great Law is not worth a thousand times whatever effort it requires upon your part to gain a sufficient understanding!

Try to understand that you are not any longer dealing with any uncertainty of any kind. You see and know your Goal right now—as much as you will ever know in Eternity. If you do not understand it fully in the feeling, you do comprehend it in the

intellect. A comprehension in the intellect should hold fast and help to anchor the attention upon this very Goal.

Now Beloved Ones, you deal no longer with any uncertainty in the Call to Life. In the Call to your “Mighty I AM Presence” you are dealing with the definite Power of Life which is called into action and stands alert, stands guard through the Action of your Higher Mental Body to produce these exact results. If you will not waver, if you will not listen to human opinions of those who do not understand, then you will remain anchored in this Knowledge which you are gaining and gathering in greater power each day. That is why I say to you, you must not be affected by the opinions of people who do not understand.

You, in the manifestation of your Decrees, there is surely not one in this great group here that does not comprehend the Reality of this Great “Presence” and Truth. Therefore, it only remains for you to enter in fully into this Mighty “Presence,” Power, and Action, to bring you into this state where there would be no question of your Ascension at the change of so-called death.

Do not misunderstand Me, I am not hurrying you off, but just causing you to be aware of That which is your Great Privilege! Pardon Me if I do say it, but don’t begin to look for it. Oh, I know there are many beloved ones that have become so weary through the experiences of Life that they many times say, when they lay their heads upon the pillow at night, “Oh that I might not need to wake up!” Today is a great rejoicing to wake up, even yet in your human form, for there is your great Privilege and Victory! Do not wish to hurry away from this human form. Although it still has limitations, do not hurry away! There is much to be done yet in those human forms, and there is where your great Victory must come, Beloved Ones. Remember that! And that Victory is forever, Beloved Ones! Isn’t it worth whatever

years—let us not say years, let us say weeks, or months—it is required to bring you to that point where Life says to you, “Well done, My Children! Now We will give you the remainder of the Assistance to set you Free forever!”

Oh think of it, Beloved Ones! As I draw from your feeling worlds tonight in that comprehension of the Glory of what That means to you, then you can enter into the glory of your future Application in the Call to Life with a greater Happiness than you have ever known in the World. That is why I am so grateful for this opportunity to talk to you tonight, to try to help you to comprehend this great Privilege that is yours. Think of it!

Beloved Ones, this sounds like a very rude question: how many in the room are past fifty? I am afraid some of the hands did not go up! However, it is quite all right. Now let Me explain the Magnificent Beauty of this. Let us, for the sake of illustration, say that you had, in fifty years, spent two-thirds of your Earth’s span here. That is not quite mathematically accurate; however, We can use it for an illustration. Suppose two-thirds of your span was spent in your Service thus far; then does it not leave a very short time for this Great Blessing to come to you, which can and which *will*, if you make the earnest, sincere Call. Remember, this Dispensation is not for a few, but for ALL who will call with earnest determination, *and with obedience to Life, make that Call*. You would hardly expect, if you made the Call to Life for that specific purpose, and you did not make any attempt to give obedience to Life, that Life would fulfill it for you, would you? But since you have passed Life’s experiences thus far, it should be able to anchor you with great firmness in this Call, that this Service Life may render you.

Now remember, I am not authority—no one here is authority for the other—but each one can make the Call for all, and all can make the Call for one. Now then, watch out, because I am

bringing you up to a very definite point. I trust you will agree with Me. Take the number in this room: if you stood one individual up here in the aisle, then, you in this room, with all the sincerity you possess, made the Call for that one to enter into this Dispensation that has been offered to mankind, do you think that Life would fail to answer the Call of the hundreds who are here? Let us just quietly think of that for a few moments.

Now remember, every one of you is Life—calling for the Freedom and Perfection of this one standing here. Do you begin to comprehend what that means? Remember, you could not make the Call unless it was Life acting through you in speech and feeling to make that Call. Now then, we are getting into Powerful Action. Then, since your Life, all Life, will answer the Call that you make for this one individual, then since the great distress of mankind in the financial limitations has frightened so many, remember, that same Call applies with the same Infinite Power of Life to produce the financial supply for that individual. You Blessed, Precious Ones are not comprehending all I want you to in this respect. When you are issuing your Calls for the financial freedom of the Beloved Messengers to carry on this Work, then also turn that into your own Life Stream as you do in calling for the financial freedom of each one of you in its Limitless Supply. Think—as you in this room would issue that Mighty Decree, every one of you would be calling for the financial freedom for every other one in the room; and as many hundreds of people are in this room, that would be many hundreds of times your own effort. Oh do try to comprehend that, Beloved Ones. Once you do, you will never know limitations of any kind again!

Soon, I trust, there will be an abundant number in America, that as they comprehend the power of their Call to Life, or Life's Call through them, they can, in a few hours, or a few days, put

forth a Mighty Decree that will regulate your taxation, that will regulate the activities of your industries, that will regulate and place in action Ascended Master Friends in official places. In your city, for instance, you who live here, Oh My Dear Ones, in the number of Students there are in Los Angeles and environment, it is possible for you even today to issue those Decrees for Ascended Master Friends to fill every official place in your city, and inside of a few months, compel it to be done! (*applause*)

Think—in your legal world today, in your official world, that any human being can go on and make a false complaint against another, and they will accept it! Do you see how great is the need of the remedy for Divine Order and Divine Justice in your legal world? You know, you are going to have lady lawyers. I have been a very good attorney for a good many centuries, and it has been My Authority to call into action Divine Order and Divine Justice; and remember, I have brought many civilizations to their apex. Therefore, one must understand all the requirements of human life, and how to bring it forth in Its Mighty Vibratory Action—Divine Order and Divine Justice for those beloved people.

Please remember, in My seeming absence and silence, I am serving very earnestly. Since such great adjustment is needed today in the legal world of America, such Divine Order and Divine Justice, Oh do not weary—do not accept the appearance world—that it is not coming forth more rapidly than you realize today.

In the experience that occurred to this good Messenger in Chicago, it was allowed to act, that the whole World might see and know that no longer were the Children of Light subject to the viciousness of humanity—for out of that came truly an Ascended Master Miracle. So will come, steadily and surely, Divine Order and Divine Justice in your legal world, for this

Mighty Substance is being charged into the feeling world of the judges and the attorneys who wish to be honest; and a Power and Strength, and the Victory of the Light will be given every honest attorney in the land of America! They will win the victories, and the others shall fail, because no longer may the legal activities of mankind be distorted, and innocent individuals made victims of some human being's vicious interpretation of the legal requirement.

I am covering a great scope tonight intentionally, Beloved Ones. I am speaking to the children and to all. *Call for the honest, sincere individuals, lawyers and judges, in your city, that their feeling worlds may be charged with Divine Order and Divine Justice for constant action, and that circumstantial evidence cease to act among mankind!* So many hundreds of innocent individuals have been incarcerated by the viciousness of others. That thing shall cease from your America! (*applause*)

Therefore, Beloved Ones, in all this vast understanding and requirement of mankind is coming the Almighty Balance of all the requirements of Life through all activities of mankind—the Almighty Balance; and that is what your Call to the “Mighty I AM Presence” means, Beloved Ones. I say to the children, Beloved Ones, remember, your Call, at your age—for Divine Order and Divine Justice to fill your world—means that in a few years the Power of Radiation through your human forms would become so harmonized and so powerful that Divine Order and Divine Justice would reign wherever you move. That is the Privilege of the Ascended Master Youth of America today. They have not much in this embodiment to clear out of their world. Their mental world is like a new world, ready to receive, to accept, to have in Full Power of Action these Qualities they call forth of Divine Order and Divine Justice.

You who are grown up have accepted so much in your

mental and feeling world that there is a cleansing process needed to make the energy in your mental and feeling world quite receptive; but you can do it—there is no question of it—by the use of the Violet Consuming Flame. Your Call to the “Presence” will cause it to be done, and comparatively quickly; but those who have not that accumulation in the mental and feeling world are privileged indeed. You, today, the Ascended Master Youth of America, in your Call to the “Presence,” It will hold you steady, until finally Its Mighty Radiance will repel everything that is discordant from your world—in other words, hold everything in abeyance as you move forward in your Mighty Stream of Life.

Since the New York Class of the Messengers, the Great Ones have determined to move at regular intervals in every large city in America in Their Tangible Bodies. Many of the Ascended Masters are coming forth in that Activity that have not for centuries. So when recently, several have called your attention to the Great Friends you have, remember, constantly is being added to Those who will move in the Tangible Body among mankind and in your official places, pouring forth Their Radiance, and charging into the feeling world of individuals that Quality of Divine Order and Divine Justice as you call It forth into Action. Remember the great, great Service that is yours in calling for this Substance to be charged into the world of individuals. You are not only rendering them a Service, rendering America and your activities and your cities a great Service, but Blessings to the individual that few could comprehend.

So today, in all that is yours, Beloved Students of the Light, and as I have witnessed the marvelous activity that goes on within this building here from morning until late at night—what a magnificent thing! The attention of all of you who come within the Radiance and feel the Great Peace and Great Release when you come into the room—it is hourly and daily being charged,

more and more. The Great God Tabor last night anchored a Great Presence in this room to hold That, in Its ever-increasing Activity, until the Great Temple of Light comes forth here. How your Hearts will rejoice when you see the Beauty of that Place—when you see the Perfection of That which will be your home. Then this lovely place will be used to bring new recruits into the Activity for the Inner Work of the Temple of Light. We see it all very clearly. May you see it through your feelings as clearly as We see it—both mental and through the feeling—that you may quickly draw it into action into the human world.

Do not be disturbed by the unkind actions that have occurred within your city by those individuals who have been so vicious; but go on and on, knowing they have no power, and see how quickly they will vanish and disappear. The Power of Light is Supreme, Dear Ones, and whatever physical activity is required will be done to help that condition to disappear. You know, Beloved Saint Germain once told you that it is quite natural and quite right to sometimes use just a little physical force. So if physical force is required to enable Life to do for you what it must do through you, then still it would be divinely fulfilling the Great Law. I think you are comprehending Me quite clearly. It is such a Privilege, Beloved Ones, to have come to a point of understanding where you can say with authority to all discordant forces in the World, *“You have no power!”* and to know, so far as your world is concerned, that is absolutely true. Every individual who will say that in the Power of Life and their full feeling will find that is true in their own Life.

That is why I say you are steadily and surely coming into that comprehension of your own ability, your own Authority of wielding the Light Rays and the Powers of your own Life, wherein there will be no obstruction in any way to you and to this Work. Of course, there never has been really any obstruction to this

Work. There has seemed to be, but still it has not been. You might say to me, "Well, how about the individuals that have been turned aside from this Pathway of Light?" Well, if they were not strong enough to stand by the Light, perhaps they needed further disturbing experiences to act within their Life until they saw that This was, after all, the Savior of mankind.

There is not one person—perhaps I should correct that—there might be a few, but not many, who have turned aside from this Work who do not regret it extremely today, but their unfortunate pride won't let them come back just yet. My Dear Ones, do you think that the intellect of human beings can ever turn them away from that "Presence of Life" that beats their Heart, once their attention has been called to It? Why, that would be wholly impossible! The intellect might turn them aside for a time, but one day, whether they acknowledge it to the World or not, or to their fellow associates, still, in their Heart and feeling world will they return to the Light of their "Presence." It is the Law. It is not a matter of human opinions, but it is the actual Law of Life; and will you show Me any human being who can, in this ever-increasing Power of the Cosmic Light, fail to respond to the Action and Power of Life that is acting within them and beating their Heart? No indeed, Beloved Ones!

Be of good cheer! All of these destructive appearances that still remain are growing weaker every day, and finally will cease to have action. So it is throughout America. You know what a great bluffer the racketeer is. His courage is tremendous as long as he has the upper hand over you, but let that be reversed, and then tell Me how much courage he has left. That is the position mankind is in today. That Mighty Courage of Love and Strength and Power is surging into Action through every human being in America by the Power of these Mighty Decrees that have gone forth; and I say to you, mankind is arising in the

Strength and Power of Life as they have never known in the hundreds of centuries before.

Therefore, in your Call for the Blessing and Protection of America is the Power of Life asserting Itself through human beings—thousands and thousands who have never heard of this Work yet, but who are feeling that Mighty Impulse in the Call to Life, and will give that response to mankind and to America in spite of any conditions that appear to be in the appearance world today! (*applause*)

Go on and on, Beloved Ones, in your Mighty Application, your Mighty Determination. Let the Power of Life take Its Dominion through you. There is no question—it will do it—in your firmness, in your determination, in your Call to Life to have Its Manifestation, to have Its Power and Dominion take Command. Remember, to raise your feeling world into the Command of the Higher Mental Body means the Victory of Life—and quickly!

We are grateful, extremely grateful, for this preparation for the coming Class, that you may, Beloved Ones, feel the Full Action of Its Mighty, Glowing Power that will fill that building. That is already being charged into action; and those Blessed Ones who will meet there tonight and tomorrow night will get a Charge of Divine Power that they have never experienced in this Life before. This Work has been going on for days, so those who gather for their Christmas Services there will receive a Blessing that they will never forget! Aside from you who will gather there to receive that Great Blessing are others who are not Students receiving a Blessing that is rare indeed.

I thank you, Beloved Ones, for this opportunity of speaking to you; and remember, Beloved Students of the “I AM” School, My Radiance constantly pours forth to give you My Blessing, to give you Happiness, and all that Life wishes to expand in and

through your human form. As your attention is held to the “Great Presence of Life,” may you accept My Amplification of your slightest effort toward Perfection—and wear forever the Garment of Light.

Great Presence of Life, at My Command tonight, charge forth Thy Almighty Action, in and through each one; and every “I AM” Student who shall be in this Class, the coming Shrine Class, and every “I AM” Student in America and the World who is earnest, honest, and sincere will receive this Charge tonight with the Mighty Power of the Light Rays, to set into action those Qualities and Powers that the Ascended Masters have been charging into their world, and set it into Blazing Action this hour. As each one moves forward in the Acceptance and Call to Life, to Light, may the Full Power of Light—of Life—take Its Command through the Activity of the Higher Mental Body, and flow forth Its Mighty, Commanding Presence, Its Mighty Action, into the Life, world and activity of each one—into your cities, your government, your industries, your transportation, and in every condition that requires Divine Order and Divine Justice.

Great Powers of Light! Charge forth Thy Mighty Light Rays at the Command of the Great Central Sun this night, and render this Service to humanity and America. Hold Her within Thy Mighty Embrace of Light, and hold around America Thy Wall of Light that is impenetrable, and makes Its Canopy impenetrable to any destructive force; and any that tries to enter may be caught and held helpless within the Radiance of that Power and Its Mighty Wall of Light! We give Praise and Thanks that all dictators from the Earth shall cease to be, and in their place shall come the Ascended Master Friends in Dominion in all official places, and Divine Order and Peace once again reign within America and the World forever! I thank you! (*applause*)
