

Beloved Students of New York, you might possibly think Me rather unsociable when I say to you, three weeks ago I was in your city in My Tangible Body. I am trusting earnestly that it will not be so long until I may be privileged to shake your hand and let you know how *real* We are. Try to feel, Beloved Ones, Our Reality! Do not forget that just a few short years ago We stood in limited bodies similar to your own. Do not forget that, Beloved Students, and if We can have Our Freedom so quickly, then why not you? Who of you knows what your "Presence" can do for you, can you tell Me? No, I think not! But you, in giving your undivided attention to your "Presence," and giving It yourself—the reins of yourself and your world—then It probably would show you ere long what It would do. But It won't, as long as you are holding the reins out here in your physical hands and saying to the "Presence," "Well, I am not so sure about You. I think I had better take hold here. I feel a little more sure about it."

If you only knew what Great Assistance you would quickly have by giving full attention to your "Presence"! Many express with the intellect, "*All I am, or have, or ever hope to be or have is Thine!*" But do you mean that? That is the important point!

To say a thing with the intellect without feeling it is of little avail, but when you release the *intense power of feeling* in that expression, then your results will be tremendous.

I have been so delighted to find that I could render a Service, and as a lad at our home in Wyoming, when I was about nine to ten years old, I used to long for many, many things—to do many, many things, always something transcendent, and I did not even know yet what the word meant; but always that surging feeling was within Me. How little I knew then, how so quickly would come that opportunity. You, every one of you, I doubt not, have had that same surging feeling within you somewhere along your Life's pathway; but being in an environment where you had no encouragement, you thought that it was just the imagination and soon forgot it. Fortunately, My parents never once said to me, "Your imagination is working overtime," but instead said to me, "That sounds very beautiful—where did you get the idea?" I could not explain it, and They said to me and my sister Nada, "Go on, live in those Ideals. Who knows but they might come true."

How wonderful—as I see it today from the unlimited state—if parents could all understand and encourage their children in those Higher Ideals as they did us. Of course, now I know that our family was one of very unusual harmony. There never was any discord that I ever discovered in our home, and no one had any inclination to pass an opinion of another, even about our family, or the family at the ranch. My father never felt or spoke unkindly to anyone. If a thing had to be corrected, he just corrected it, and that was the end of it; but there was no discussion, and what a magnificent thing—as We see it today! If mankind could only refrain from revolving and discussing unpleasant things, how quickly they would be released from all unpleasantness. Don't you see that in revolving a feeling or

memory of some discordant thing that has been your experience, you are constantly pouring your Life Energy into that, which keeps it alive. Also, by your attention in revolving the feeling, you draw more and more to you of that same quality. That is where mankind is today, and they are rapidly approaching the sufficient Understanding of this Great Law which Beloved Saint Germain has brought forth, that many in the next few months will release themselves wholly and completely from every single desire to discuss, think, or feel discordant things, because they will come to know in their feelings how destructive and limiting it is to themselves. Do you know, Beloved Ones, it is the only thing in the world that limits you? It empties your pocketbook. It empties your homes. It empties your business. Just as soon as the human accumulation, which the Ascended Masters call the sinister force, can get an individual to revolving discordant things—it does not matter whether it is persons, places or conditions, but the revolving of discord within them—then they know that person has not a chance on Earth as long as they continue to do that.

That is why tonight, with so great a Love from My Heart, I want you to feel and know, you who are calling forth so earnestly for your Freedom, there is not one thing in this Universe that can bind you but your own feelings, because your feeling world is your powerhouse. When you determine that you will no longer listen to discordant things that stir up your feelings and make them inharmonious—which is a destructive feeling of a lesser degree—then you will understand that you have touched the Mainspring of Life, wherein Its Powers will flow forth, untouched any longer by your human qualification of discord. Then the very Purity and Power of that Life and Its Energy flowing through you will go forth through Its Power of Radiation and harmonize everything, and move everywhere you

move, and bring in Its train Happiness and Success and the supply of money or whatever else you require.

May I say to you, Beloved Students, if you are not having the quickest response to your Calls, or the complete response that you desire, don't think, or for Heaven's sake, don't keep saying, "Well, It has not operated." Don't keep repeating those words that just drive things away from you. Suppose you haven't got the money you have called forth—or the conditions—you will never have it as long as you keep saying, "The 'Presence' hasn't yet supplied it. Why doesn't my application work?" and all that kind of thing. You will never have success until you stop it. You are not deceiving yourselves when you claim a thing before it has its appearance, but you are fulfilling the Law. To claim a thing which is here waiting to release itself into your world is not lying to yourself. You are not deceiving yourself, but that is what the sinister force wants mankind to feel, and as long as it can get your feeling and your intellect into an argument, it has its foot on your neck. Your feeling tells you it is at hand, but your intellect says, "Where is it?" That throws discouragement into the individual and pushes away again that which might be right at hand, ready to release itself into your world.

Now I tell you, Dear Ones, the Messengers, and everybody else, have to make their Application, and pound away and pound and pound until the whole wall of human creation around the individual dissolves and disappears. Then there will be no longer feelings in the feeling world of which you are wholly unaware that are requalifying this Mighty Energy as you call It forth. You don't see one-hundredth part of what is operating in your feeling, but you see fast enough the results.

I am trying to make this so plain, Dear Ones, tonight, that you will be absolutely adamant against anything acting in your

feeling world that will longer deprive you. Please won't you, Dear Ones, tonight, determine while you are in this room, and call your "Presence" to help you, to never again let your attention go back to what has past. If you knew how destructive, how it deprives you of every good thing, by your attention going back on the things that are past, you would not do it. What good does it do? That is past; but those qualities you simply bring back into action by revolving your attention upon a thing that has long gone. Forget the past and live in the Beauty of the Power of the "Presence" now. Close the doors of your feeling world upon everything that has passed. Forget that it ever was. You can do it—your "Presence" will help you to do it.

How do you suppose you feel? How do you think? By the Power of your "Mighty Presence," Its Energy, Its Power—no other way in the Universe. Then, that being the case, if you call your "Presence" earnestly and give obedience in the outer to that Call, the memory of every discordant thing will be forgotten. Then you will stand in the Joy and Power of the Radiance of your "Presence" with Its Mighty Releasing Energy to fill your world, to fill your pocketbook, with every good thing. But you must be firm until you have used the Violet Consuming Flame enough to dissolve everything that has been in your feeling world.

I say to you tonight, let us be determined now in the preparation for the coming Class. Remember, the Great Divine Director stands waiting, ready to dissolve the remainder of every human being's accumulation of the past. He stands ready and waiting. Won't you be kind enough to cooperate with Him in giving obedience to the Law of Life that is required, that He may render that Service during the Class for you! He would be only too glad to dissolve and consume every vestige of whatever is left of your own human creation during this Class. He wants to do it,

because then you would be able to render so much greater Service in your Decrees and Call to the Light, and then spread that greater Power and Radiance throughout your city.

You do not quite know it yet, but there are some wonderful people in your city here, and I mean by that in some official places. *Call the Power of Light to enfold those individuals, and the Power of their "Mighty I AM Presence" to take command of those minds and bodies and produce Its Perfection, hold Its Dominion, Divine Order and Power of Divine Justice for everybody,* and render that Service for your city!

Beloved Ones, you see how, throughout all civilizations, mankind, not knowing this "Presence," civilizations came and went wholly by the destructive forces generated by mankind. Now the time is at hand when mankind has the privilege, the opportunity—and the Understanding is before them—whereby they can render this Service to themselves and the world.

Oh, let Me remind you tonight—it has often been said, but it bears repeating. Beloved Ones, look, you here in this room tonight, if there be four hundred and fifty of you, then as you issue these Decrees, everyone has four hundred and fifty times their own effort. Do you not understand, Dear Ones? I am sure you do not yet know the Fullness of the importance of that. It is so tremendous if you understand it in reality.

In those great Groups in the West where there are a thousand or fourteen hundred people daily giving those Decrees out there, why, it is a marvel of the ages; and the Students are individually beginning to see and reap the results of that combined Force and Power released, which is the Power of the "Presence," as well as rendering the general Service. They cannot give that Service without having the release themselves, and that is why it is so important for you to understand.

You are rendering a threefold Service in this Service to the

Light. You are rendering a Service to America and the world, a Service to humanity, and a Service to yourselves—the greatest thing ever in the world! Therefore, Beloved Ones, I plead with you, as Many have in the other Classes, remember that without Harmony in your feeling world, you cannot hope for Freedom. As soon as you will test it out and determine to hold Harmony in your feelings for a few weeks, two or three months, it will be sufficient to show you the Power and Speed with which the “Presence” will answer your Calls with that needed Harmony in your feelings that is no longer requalifying the Great Energy called forth and released.

Therefore, the opportunity is yours. No one can compel you to do anything you do not want to do, unless you are going contrary to the human laws in your Land; then you might be incarcerated, and you could not do what you wanted to. I mean, so far as individuals are concerned in the general activity, you must choose how this Energy is going to act in your world. It is there! It will come forth at your Call almost without limit, but *you* are the one who must determine how that is going to act in your world. When you know the Law of the “Presence” and Its Position, and you are Its outpost here, Its Light and Energy beating your Heart, then you know that you can become the Master of your world by Obedience to that “Presence.” Your “Presence” will not intrude Itself anymore than will the Ascended Masters, but wherever your Higher Mental Body sees sufficient Harmony, and through your efforts the Ascended Masters see that Harmony has been maintained, then They know that it is not dangerous to release a greater Power and Energy for the Achievement in your world, and all of a sudden you will find things being accomplished with the ease, speed, and power that you had not conceived before.

Beloved Ones, won't you believe and see that the Messenger

standing before you is an Example of this Law! You might say, "Well, I have not seen the proof of it yet," but in His files are hundreds and hundreds and hundreds of letters proving that His Call to the "Presence" for Assistance to individuals has been answered instantaneously! The healings, the release, the handling and governing of conditions by His Call to the "Presence," causes a Light Ray to be projected that renders the Service, and today He never makes but one Call, and it is done! Four years ago it used to take days and weeks to produce the same results. That is the Power of Momentum gained in your attention to the "Presence," and the charging of your feeling world with the Energy, Power, and Intelligence of the "Presence."

Therefore, you Beloved Ones, no one can stand on your feet for you. You would not care to have someone else try to get in your shoes at the same time, would you? Therefore, with the Power, the Intelligence of the Universe beating your Heart, please do not turn away. Do not give more confidence to the limiting conditions out here than you do to the "Presence" of all Life, whose Power, Intelligence, and Energy is Supreme in the Universe. Don't do it—please!

You can have your Freedom in every way so quickly, if you will give all the confidence and power There, where it belongs, and take off the power you have given to the world's outer limitations and discord of every kind. That is where the mistake of mankind is. They have been giving power to the things that have no power, except your own Life which you feed into it by your own attention. Don't do it. Determine to stop it. Withhold your attention, then withdraw all the energy you have given into the appearance of any kind that has deprived or limited you of every good thing. Please understand that you can withdraw this momentum, every ounce of energy that you have ever sent forth.

Call your “Presence” to charge and requalify that, and return it into your world to bless you with Love, Kindness, and Achievement of every description.

Beloved Ones, think of it! You have lived hundreds and thousands of lives similar to these, and all the energy that you have used—think of it—in this embodiment alone, think of the energy, the power that you have released from your Life. Now for the moment, let us not consider whether that was destructively qualified or not, but just for the moment, think of the constant release and outpouring of energy. How much energy do you think it takes for you to move your bodies about for twelve hours? Had you ever thought of that? My Dear People, enough charged and requalified by the Ascended Masters’ Self-Luminous, Intelligent Substance to transform your whole Life! That is what Beloved Students should understand, and then be firm and determined never again to yield to discordant things from whatever source they might come. You know it only deprives you, so why yield to it? We plead so earnestly, knowing what it does for you, what it is depriving you of, and it is so easy to call your “Presence” to sustain you in harmony in your feelings, because your “Presence” has to give you the feeling anyhow. Don’t you see that? Your simple activity is in your qualifying of it—in other words, *you* qualify it.

Therefore, Dear Hearts, don’t mind if I am calling your attention to these very vital things tonight, for We love you so tremendously. We want you to be Free, and you cannot do it unless you give Obedience to the Law of Life—and that is Harmony in your feelings. You cannot do it—you waste your time I tell you—and Oh, there is no provocation in the world that warrants one moment of inharmony—that warrants one moment of grief. You might think that sounds very unkind. What do you think causes grief? Now hold fast to your chairs when I say this.

I think some felt it: self-pity. Isn't it a pretty severe thing; and think, in your lack of understanding, you have been constantly doing the thing that was making yourself unhappy.

Oh! We want you to be so happy! I want you to feel tonight all the Happiness that is charged through this blessed body before you. Dear Hearts, you do know His Great Love for you, and how He longs to see you Free! He has gone every step that you have to go. He knows what you require, but He cannot do it for you. But your "Presence" of all Life can! When you are willing to give complete Obedience to all that Life requires, then you too can have it. It is all so magnificent, so simple, but mankind just cannot quite believe that they cannot go on doing the same old things and still get Free. You cannot do it! You might just as well make up your mind and determine tonight and let Us help you while the Power and Radiance is on here.

You have no idea how powerful this Radiance is where the Messengers are! How could It help it, when the Great Ascended Masters have made Them the Focus upon Earth of this Mighty Radiance that They want to pour forth; and as the Students everywhere become more and more harmonious, more and more kindly, then will they too become greater, greater and greater Focuses of that Great Life—that Light that loves to out-pour and bless everything.

Feel it with Me tonight, Dear Ones. I can do a lot to help you. You know, they call Us "children" yet. Even the Great Ones refer to Us as "the Children." Well, I am very glad We are; but what a wonderful thing it is to serve in Eternal Freedom, Beloved Ones, wielding Powers that a few years ago would have seemed absolutely absurd and incredible. Yet We are doing it today, and with a Joy that is unspeakable!

Don't misunderstand Me when I say these words: just recently, at a certain point in Europe, planes were being prepared

to carry destructive forces to America, and I sought them out—David Lloyd, Bob and Myself—and by the Power of the Light Rays, dissolved the planes and then stood there Visible for them to come and arrest Us. They, of course, did not know, and when their hands were upon Us, Our Forms dissolved before their eyes and disappeared. That is the beginning, Beloved Ones, of how the destructive forces are coming to find they are dealing with the Power of Light, not with human beings. And when they begin to see that, those great tentacles of destructive forces will just withdraw into themselves. The Light will compel it!

Something has to be done to show the destructive forces of the world that they are no longer dealing with each other in human forms, and as the Cosmic Light and the Ascended Masters and the Cosmic Beings permit, more and more of this evidence will come before the world, to show mankind that they are dealing with a Power with which they cannot cope.

Now as you know, the Messengers have told you repeatedly, We never use a destructive force. You might say to me, “Well, how about those planes?” Oh, that is it! Do you think for one moment I used a destructive force there? Oh no, not for an instant! That destructive force with which they were going to send that forth was turned back upon its own creation. Get that, Dear People! Don’t ever accuse the Ascended Masters of using a destructive force—ever—when these things are done. They never did and never will in the world, but They turn back upon its own creator the destructive forces, and their own destruction destroys them.

Let Me tell you—if you do not understand that—when you meet conditions that are destructive, do you think that you are going to crumple up and say, “I don’t want to harm anyone—I don’t want to use any destructive force,” and just let them sweep you out of existence? Mankind needs to understand this right

now! Destructive forces are sweeping mankind out. Look in Spain and the Orient today. Look at the hundreds of thousands of people who are being swept out of their human forms for no reason at all, but some devilish fiendishness of a few people. Oh no, I am not communistic, but We are trying to have the people see a few, at least, of the forces that are acting in the world of human creation. And unless mankind understands that, and this great, ever-increasing Enthusiasm and Call to the “Presence” is held in your America, you will meet a worse condition—and don’t forget it!

Right in your recent experiments here of the aerial forces, your people were shown how a few planes could destroy your city in two hours, and don’t forget it! That thing is planned. Then is there any human being in the world who would not want to make a Call to that “Great Presence of Life,” to protect themselves, their loved ones, and their property? When I see insane individuals pouring forth destruction towards these Messengers when the world and America are facing the greatest crisis in the world—and to think they are adding to that force that would destroy themselves and the world—it seems incredible! Never was such a Blessing rendered mankind in the world as these Messengers are rendering to mankind today! You have seen their dauntless courage, going on and on and on, trying to spread the great Breath of Love to mankind, that they would make the Call to the “Great Presence of Life,” and let Its Powers and Blessings pour forth to mankind, the only means in God’s world by which they can be saved today.

Do you wonder why the Great Ascended Masters are releasing such a Tremendous Power into your city, and the Great Divine Director has rendered a cleaning-up service in your city here that you cannot even imagine yet? Why? Because you are the first focus for that destructive force that is accumulated in

the Orient that wants to strike at America, by that same devilish communistic element that has spread its subtle tentacles all over the Earth. But let Me tell you, there are hundreds of people who have been drawn into the communistic activity that are awakening, in spite of the conditions, and are beginning to see the truth. Praise God and the “Great Presence of Life,” for many of them are wonderful, blessed souls.

Have Courage, Beloved Ones. Go on and on and on in your Mighty Decrees, in your calling the “Presence of all Life” into Action to render this Service for America and the world. You have Friends—as long as your motive is pure, honest, and sincere—you have the most Powerful Friends in the Universe, and do not doubt it. Because you do not see Them, do not think that They have not the Power to bless you as nothing in the world can.

Think what it means, Dear People, these two Blessed Messengers, standing against the whole world and the destructive forces, carrying on more wonderfully than ever in each Class. Therefore, Dear People of America, give them your undying support for the Freedom of all mankind; for without them there would be no one to carry on, and don’t forget it! If their support was released from mankind, how quickly you would see what They mean in the world of America today.

You have not yet seen or experienced what it means to be the Guest of an Ascended Master—for the many months that this good Brother was living within Their Mighty Radiation, seeing the Mighty Things accomplished by Them—then coming back into the world of human limitations. I want you to feel that tonight, Beloved Ones, in all that it means to you. People can think it sounds egotistical or foolish if they like, but if They were not here in these physical bodies, how soon you would see, and I want you never to forget it. Their Love for you is more than

any words in this world could ever describe. And while the Beloved Lotus, in the Great Work that has to be done—the manuscripts, the transcriptions, radio work, getting out the Books and the Magazine, the new Song Books, and all these things—it has been impossible for Her to be with you in these Group Meetings, but Her Mighty Radiance is here always.

Do you realize, Beloved Ones, what Friends like Saint Germain and the Great Divine Director mean to you—Great Beings who were once human like yourselves, who understand every step, and can call before Them any moment, anything regarding the laws of your land or the Divine Order that is required in the activity of mankind. Then with mankind's harmonious obedience to Them, They can release into the intelligent activity of mankind these Mighty Activities. How is mankind to have more than human intelligence, except it come from the "Presence of all Life," where only Perfection exists, and where All-Powerful, Pure Intelligence has Its Being? There is no place else to get It from. Therefore, tonight, in the Glory that fills this room, Beloved Ones, let It hold you in Its Great Embrace of Light—which is Self-Luminous, Intelligent Substance—that you may absorb It, that you may go forth in the days, the remainder of the week, with Its ever-increasing Charge; and as the Others, who will, during Their Dictations, pour forth Their Radiance to you, rejoice as never in the world before at your Privilege. You are dealing with the Powers of Light, of Life, of Divine Love—the Greatest Power in the Universe—which can and will solve all conditions that exist in the world, as mankind increase in their numbers the intensity in their Application and Calls to that "Great Presence of Life."

I want you to feel tonight My Feeling in the importance of all This, yourselves included. Will you do Me the favor and kindness before you retire tonight: go by yourself, raise your hands

to the “Presence,” and then feel with great intensity, just like a garment, every limitation, every privation, drop away from you into the Violet Consuming Flame. Feel It, Dear Hearts, and let that Service be rendered you tonight. Don’t be concerned whether a Miracle is performed tomorrow or not, but just accept That, and let the Power of your “Presence” descend, just like a Garment, and all limitations and privations released from you and dissolved in the Violet Consuming Flame. Then tell Me if tomorrow morning you do not feel a greater Happiness and Freedom than you ever felt in your Life! Dear Ones, this is no idle talk, but a Great, Great Determination and Desire to help you to your Freedom while the opportunity is at hand.

One so recently released from the human form will, at twelve o’clock tonight, ascend into the Ascended Masters’ Octave. Beloved Ones, Life is wonderful, holding all the Glories of the Universe within Itself. Life is all that is beautiful and free. Life holds the Glory of all that you require, and remember, that Great, Infinite Power of Light is beating your Hearts this moment, and will, so long as you retain the physical body. This Blessed One—who was yesterday released into the Octave of Light—what rejoicing!

Determine tonight, as most of you have in your wonderful Groups here, to enter into the Glory and Freedom of all your Life holds for you. And remember, every earnest, sincere effort upon your part in the Conscious Call in your feeling world is amplified by the Ascended Masters, who can and want to give you that Assistance. Never feel that you are for one moment out of observation—in the requirements that you need—because today the time is so urgent that every available thing is being brought into action to give the Assistance to the beloved, loyal, sincere Students.

I say this tonight for the Joy of the Messengers, as well as

yourselves, that it will not be long until the Radiance in the Classes of the Messengers will be so Powerful, that anyone who comes in to spy, to criticize or find fault, will find themselves so uncomfortable that they will leave.

Tell me, Dear Ones, do you not feel that Release tonight, that wonderful Quality that is acting within your feeling. I do not see how there is one that could not or did not feel that Great Releasing “Presence” acting within you. It is Tremendous! I, of course, see Its Action. That is why I call your attention to It, because It is so Tremendous! And remember, It is no idle thing. How Great, how very Great is that Release of Divine Love from your Hearts. I wish at this moment you could see It as I do. A Glorious Radiance or color rises from the audience and is taken up by the Great Ones to again be charged into your world for your Blessing—a most wonderful thing, Dear Ones. When you can pour out the Power of Divine Love and Blessing to every person, place, condition or thing, Oh what release it is to you.

Please, do not ever speak an unkind word, a critical word, or have an unkind, critical feeling to any person, place, or condition again. Oh, let that Great Freedom that is waiting to surge forth into your physical bodies come into your world and set you free. Won't you do it? Just let Its Great, Glowing Wondrous Power surge forth and take command of your minds, bodies and feeling world, charging it with the Full Glory of Its Radiant Presence, the “Presence” of all Life. You do not want to be unkind to Life, do you? Do you know that all of you who are sitting here tonight are just the many expressions of the One Life—just as if the focal point of Life stood before you here—and Its many Rays were sent to each human form. You are all a part of the One Life. Then how can you dislike or criticize each other, because you are criticizing Life, your own Life!

Oh Dear Ones, may the “Great Power of Life” tonight enable

you to comprehend and understand and feel the Full Commanding "Presence" in your own world, to hold your feeling so harmonized that no longer will there be a single thing able to intrude in your feeling to disturb you in any way. Just let the Full Power of that "Presence" flow forth in Its Dynamic Energy and charge everything in your activity with Its Great, Powerful Blessing.

Beloved Ones, I rejoice with you in all that you have felt, comprehended, and that has been set into action in your Life tonight. In the Infinite Power of Light and Peace of your Heart, I call in the Power and Authority of your own "Presence," *Charge! Charge! Charge! the feeling world of each one with Thy Mighty Commanding Presence, with Thy Mighty Power of Self-Control, with that one great, overwhelming Desire of Harmony maintained in the feeling of each one; that each one may go forth the Commanding Presence over their human qualities, and hold such Dominion there of Love, Light, Wisdom and Harmony, that the Full Powers of the "Presence" will flow forth, charge and fill your world with Its Great Perfection, and Its Great Qualifying, Supplying Presence of every good thing, that you can say with the outer expression in Full Command, "The Light of God never fails!"*

May the Glory of that "Light of God that never fails" that is beating your Heart tonight hold that Dominion there; and when you awaken in the morning, may you feel the Full Power of that Expression so often used, "The Light of God is my Heart, and never fails in a single thing!" Then let Its great waves of Radiance go out, charge and fill your activity with the Glory of Success.

I call tonight to the Great Cosmic Beings and the Great Cosmic Light to take command of everyone who is calling to this Source for Assistance tonight. Put them in their own right

place of service of activity! Sustain them abundantly there, and silence the human qualities within those individuals that are depriving them of their own right avenue of service and activity! Great Powers of Light! Dissolve around each one tonight every human quality, and send them forth tomorrow Victorious in the Light, and I thank you.
