The Magic Presence

“MIGHTY I AM PRESENCE” IN ME COME FORTH!

“MIGHTY I AM PRESENCE” IN ME COME FORTH!

(Alternate Line)

And blast all limitation!
Blaze through me Thy
Instantaneous Precipitation!
And blast all doubt and fear!
And keep our way God-Clear!

Make me Thy Victory blaze!
And all I contact raise!
By Cosmic Christ Command!
And heal all through my hands!

And make all understand!
Purify all our Land!
Thy Love must blaze clear through!
Thy Wisdom directs too!

Protection for us hold!
And keep Supreme Control!
Thy Flame that none have seen!
And keep our way God-Clean!

“MIGHTY I AM PRESENCE” IN ME COME FORTH!

By Thy Great Cosmic Law!
Precipitate without flaw!
Make me Thy Secrets know!
Thy Powers on me bestow!

And act as God hath willed!
And all that's human still!
And make us all rejoice!
I demand Thy Cosmic Voice!

And flood Perfection through!
Perfect all that I do!
To free us from all lack!
All shadows here drive back!

And show mankind God's Hand!
Fulfilled is my God Plan!
Now and for all time!
And make all here Divine!

Chanera

You may not be aware of it, Dear Ones, but how often We have been in your midst in answer to your great, sincere Calls; and We have heard every one of them. Rex and Bob, Pearl and I have often been with you, more often than you know, and We shall be happy to continue to come into your midst and pour forth that Radiation which gives you strength and courage—if you will make your earnest, sincere Application. By that I mean your Call to your “Beloved Mighty I AM Presence” to take command of your mind and body, produce Its Perfection, hold Its Dominion, and direct you with Its Mighty Intelligence, enfolding you in Its Invincible Protection, and clothing you in Its Outpouring of Divine Love.

There isn't anything that your Heart can ask for, which the “Presence” will not do for you; and of course, that applies to everyone, as well as the children. The great, imperative need of all mankind today is continued harmony in the feelings, which enables the Powers to flow through. As you look at your Chart and see the “Presence” above you, Its Currents of Light and Energy flow into your body through your head and anchor within your Heart, supplying Life to your body. Then you know that Power, that Intelligence, and that “Presence” is the Infinite Power of the Universe. It contains within that Stream of Light

everything that is required for the perfecting of your world, your body, your mind, and the supplying of everything that is required in your Life Stream of activity.

The reason for that is this: the Stream of Life that beats your Heart is Self-Luminous, Intelligent Substance—It is more than just a principle. While It is the Principle of Life, It is more than that, because It is Substance. The children perhaps have not seen what is called death, yet there is no death in the whole world. We change bodies, that is true, but that does not mean death. Therefore, the Life Stream which comes into your body has, from the human sense, what you might call accidents; but there are no accidents, really. The Life span is cut off from the physical body. Everything has to have a cause. There is not one thing in Life without an underlying cause, and that cause is within the feeling world of the individual. Therefore, Beloved Ones, when you realize that in your feeling world is the cause of all that is or has been, then when you know you have the power of controlling your feeling world harmoniously, and holding it maintained in that harmony, then your Call to the “Presence” releases that greater Energy of the “Presence.” Its Perfection goes forth and manifests that Perfection which It is in you and your world.

If you are requiring greater health, more perfect health, your “Presence,” which is the Life flowing through your veins, through your nerves, is the Mightiest Power of Health and Healing there is in the Universe. Now the day will come when mankind will require no outer assistance of any kind, so far as the health of their bodies is concerned, and its governing activity, because the individual will be able to call to the “Presence” and release such an instantaneous flood of that Pure Energy and Perfect Activity of the “Presence” that any discord will just be swept out of the body as quick as the Call is made—just as you

draw your hands down like that—and sweep it out. There are many of the Students in America today who are approaching that point, and it will be a glorious day. In *materia medica*—and great has been the blessing of its use—yet in thousands of cases the remedy given to relieve a condition established some other discord in the body of which no one was aware. Yet the individual is a Law—every individual is a Law unto himself or herself—and that Law is the “Presence.” If the “Presence” were left alone without any discord in the feelings, the “Presence” would keep the body absolutely Perfect all the time! So as quick as discord begins to register in the body, the Law of your physical being is, while the discord cannot penetrate this Stream of Life that flows into the body, it does clothe It, and that Stream of Life and Energy carries the discord in the feelings and expands it in your body and out into your world. That is why failures of every description occur in the business world. Health is shattered because the discord registers in the feelings, and there is no other reason.

The “Presence of Life,” just think for a moment, think of it, Dear Ones, your “Presence” is the “Presence of Infinite Life” which beats your Heart. Then is there any Greater Power in the Universe than That which is supplying Life to your body to govern your body and hold it in perfect order? Mankind has so forgotten, wholly forgotten, there is a “Presence” there; then how could they have but a fragmentary benefit of this “Great Presence.” That is the need of humanity today. That is the Magnificence of that which Beloved Saint Germain has brought forth in calling the attention of mankind to this Great God Presence, the “Beloved Mighty I AM,” that is making it possible—out of the three hundred thousand or more Students today—at least two hundred and fifty thousand are having their Complete Freedom! It is a magnificent thing, never heard of

before. As the Beloved Nada said today—the Ascended Lady Master Nada, who made the Ascension two thousand seven hundred years ago—not for four hundred thousand years has This been done!

Think of your Privilege today! And the beloved young people, I want to say to these precious ones: just think of it, Rex and I, Bob and Pearl, his sister, were little more than children when this good Messenger came into our home in Wyoming. We had just returned from school. It is marvelous, Dear Ones, when you think about it; and think how, by that Blessed Presence of Saint Germain, We did not have to go through the experience life of the outer world. In our Life Streams was that which made it possible for Him to render that Service—because He had taught our mother. And in blessed New York where He first came to our mother, it was a magnificent thing, even the memory of that which started this great, magnificent Achievement. When our mother, who never had stage fright, suddenly became so frightened—for no apparent reason—that she thought it would be impossible to go on stage in the opera in which she was singing, then Beloved Saint Germain came in His Visible Body, visible to her. He touched her hand with His Hand—like that—and all fear vanished. From that time on He taught her these Great Laws and enabled her to apply Them; and from that moment on her success was boundless—her voice far more magnificent.

If He chose, He could come here, tangible, in His Tangible Body, in this room, and seeing within you that quality of voice which He could utilize, or call forth into action, He could, by touching your head, release the entire Power of the voice into action at that moment, and free it into your use for all time.

I wonder if you quite realize the Magnificent Privilege which is yours in the Understanding of this “Great Presence.” There

is no imaginary thing about it. It is the most practical thing in the world—in all the Kingdom of God in Heaven or Earth. All mankind must understand this “Presence” if they are ever to be Free! It is the *only* means in the world of being Free, and It is the *only* means of stabilization to any human being on Earth. We can have temporary results—as all know in the previous occult and metaphysical application—everyone has had, sometimes, for some period, magnificent results; and all of a sudden it does not operate, because in most instances, those were mental operations and emptied the reservoir of Power which the “Presence” had gathered; and not knowing of the “Presence,” did not know how to recuperate, or fill it with that which had been exhausted.

So in the individual life today, individuals need more strength, more courage, and they need more Power of Action; but they cannot have It—it is impossible to have It—without the Knowledge of the “Presence.” If Students would call forth the Powers of the “Presence” which act through the human form—rather than exhausting the energy that has been gathered within their world, which is a radius that extends around your human form as far as your hands extend in a circle around your body; that is your feeling world, that is your emotional body, and when that energy is exhausted, it requires your Call—but if you do not know the “Presence,” you cannot replace it. That is why We call your attention to those blessed people today who are expressing that very identical thing. They have exhausted their energy and will go down and pass out of the body because they do not know how to replenish that energy. Do you know, Dear Ones, that with all the energy necessary, your body could go on for an indefinite period—if you knew how to release That! Now, in the Understanding of the “Presence,” you do know how, and if you will not do it, then the fault is yours. But you

have the Knowledge, the Understanding of this “Presence” which you can call to release a greater volume, greater intensity of Its Energy to flow in, through, and out into your world, and perform any given service. Notice, Beloved Ones, I say, “any given service,” because there is not one thing the “Presence” cannot do for you—not one—no matter how small or how great.

Remember, your feeling world is the decreer of how this energy is going to act, and once you learn to keep the feelings calm, serene, and harmonious, then call the Powers of your “Presence” forth into Action, soon you will gain a momentum. Every time you call your “Presence” into Action, It acts with the speed of dynamite to accomplish the thing. I do not mean with any explosive sense, but with a Power that, in the human sense, you think of as speed or accomplishment. Therefore, today, yours is the Greatest Privilege ever known to mankind. All who have applied It earnestly and notice these activities, those who will refuse to give power to human appearance in your feelings—you can do a thing with your intellect, but if your feeling is not cooperating, you are not having results; but if you will call the “Presence” into Action, and then the feelings respond to that immediately—anything can be accomplished.

I want today, and the One who will dictate tonight, will endeavor to make so clear to you these simple, Majestic Qualities and Activities that are acting every moment in your Life. Dear Ones, it is no idle thing. You are dealing with the Mightiest Law in the Universe—every moment of your Life It is acting! If you do not know what is acting, how can you govern it? When you call forth energy, it does not discriminate. Therefore, the Intelligence is within that Energy when you call to your “Presence.” The difference between That and the ordinary projection of energy is this: you, yourself, from the human standpoint, always carry that accumulated energy about you.

Suppose you call for a release of power and force, that force would not discriminate. It would go forth to its objective, but no telling what it would do, because there was not the Discriminative Intelligence of the "Presence" acting in that energy going forth. That is what occurs in the use of mental powers, and blessed mankind have not understood. They have been using mental power, and the recoil has been terrific.

In calling the "Presence" into Action, Its Power is a thousandfold what any mental power, or shall I say, *continued use of mental power* would be. Yet, within that energy, because of your Call to the "Presence," is the *Intelligence* of the "Presence" that is always acting within the energy. You see how Magnificent it is, and how you cannot produce inharmonious results in your Call to the "Presence," because Divine Wisdom is always acting. That is why We say to you, Beloved Ones, today, in this Great Privilege which is before mankind, let us observe for a moment, Rex and Pearl, Bob and myself. We were children, just children, when this Great Freedom came. Rex and I were in school, and Pearl had been taught by Beloved Saint Germain for a number of years; and when the time arrived, He brought her to visit Bob, as she thought; and then we all met, and you know the rest.

Now Precious Ones, and the precious young people who are here today, who of you know what Beloved Saint Germain, or any One of the Ascended Masters might do for you, in giving you the same Freedom that We have, if you will but give your attention to the "Presence" that gives Them the opportunity to do for you whatever They may see is possible to be done. The same with the grown-ups. Who of you could say to Me tonight, in this room, what your "Presence" might do for you, even within the hour. Can any one of you tell Me? I think not, because only your "Presence" knows! I say to you, the Blessed Messenger

is an example of what the “Presence” can do for you at any given moment. His Experience on the side of Mount Shasta in the Ascension of Beloved David Lloyd is an outstanding Activity forever before mankind. He did not know one minute before the Release of that Mighty Power what would or could be done. But now notice! Notice, Dear Ones, and this is why We keep your attention on the Power of Momentum gained through your Application and constant Call to the “Presence.” Now this was not within this good brother when that was done, but in the *accumulated energy* of David Lloyd—who was told in India that on a great mountain in America He would meet this man with the Crystal Cup—who would assist Him in making the Ascension. David Lloyd had, through those long years of search, gained that Momentum, because He believed every Word of It. He searched for many years; then when He finally met this good brother, and when he gave Him the drink of water and the Crystal Cup appeared in his hand, he said—even after David Lloyd had explained to him, he said—“What am I supposed to do?” Then Beloved David Lloyd said to him, “Ask the God in you who does know!” The full, complete volume of that *accumulated energy through expectancy* was released upon him, and his human was compelled to dissolve and recede out of the way, and the Light of his “Presence” came down and rendered that Service through him at his Call.

That is the actual Truth of what occurred, and I say that to you, that you may be reminded, and do not limit your “Presence” ever in what It may do for you. But never be disappointed if you are making the Call to your “Presence,” and the Answer does not come as quickly and powerfully as you think it should—never be discouraged. Go serenely on and on, again and again, in the Application. Then your Call to the “Presence” cannot fail to be answered. There is no Power in the Universe

that can stop the Answer of your Call but your own self. Remember that your Call to the “Presence” will always be answered, and do not let anything ever cause you to feel otherwise, because *your feeling* is the Decree, and if you allow your feeling to doubt the Power of your “Presence,” you but retard and delay the Freedom which would quickly come to you.

Our Experience has not been like “the Great Nada,” as We call Her, and the Beloved Saint Germain, the Great Divine Director and Beloved Jesus, because Our Achievement was so easily and quickly accomplished in comparison with the great, great struggle They had. Can you imagine, just for a few moments, Dear Ones, can you imagine Our depth of Gratitude, when We know now, from the Higher Standpoint, and see the struggle of mankind, even among many of the precious, wonderful Students—when We see the battle that goes on between the intellect and the feeling which We did not have to experience—do you not think Our Gratitude is boundless?

Yet We can help you—Oh so limitlessly—if you will just understand the imperative thing is harmony maintained in your feelings, which allows the Currents of the “Presence” to flow through unqualified by the discord or any disturbing element that would prevent It going forth and doing Its quick and Perfect Work for you. That is why Saint Germain has pled with the Students for three years, no matter what the outer provocation, to hold harmony in the feeling world until the whole volume of the “Presence,” at your Call, will go forth and do Its Perfect Work for you. And It will do it quickly!

You see, the Light, the Power of your “Presence,” is always instantly active. Therefore, as you realize that, and keep calling It forth, and you gain momentum, and the complete dissolving of all accumulation of your own human accumulation, which is the pressure of discord which weighs upon every human

being, then you will see what Magnificent Activity is yours, and how quickly you can be free as the birds; because there is no power that can stand before the Light of this "Presence." We want you to feel that so earnestly. Then you will understand how it is that your Call cannot fail to be answered, you see.

Dear Ones, tonight I must not take more time, but I want you to know, and to you blessed young people, remember that We stand ready, as do all the Ascended Masters, to render every Service possible to you, if you will earnestly and sincerely make your Call to the "Presence." Know It is All-Wise and All-Powerful, and do not become impatient if sometimes you call for something and it is not quickly accomplished. Just go serenely on in your Call to the "Presence." Then it will be done.

Now tonight, Beloved Ones, in the Radiance that is here, and that which is prepared for the evening, just try, with all the Joy of your being, to feel your whole being just saturated with that Light of the "Mighty I AM Presence" flowing in, through and about you, just sweeping out every imperfection from your mind, your body, your world; and filling you with such Peace, such Harmony, that the Glory of your "Presence" just flows forth like a mighty river into your world and activity—therefore harmonizing it. Then everything and every person you contact feels that Love and Harmonious Activity and wants to serve you; and whatever you need or require then will be yours in action.

You know, today, in the need of service to each other, you cannot go among mankind without an interlacing activity of service everywhere. You must give; you must receive; and therefore the interlacing activity—as your love goes out and is amplified by the Great Ascended Masters—it is a constant enfolding activity in you and your world; for remember, there is but one Intelligence, one Presence, one Power, one Substance, one Light, one Activity, which is the Power of your "Presence."

The “Beloved Mighty I AM Presence” in every one of you is All-Wise and All-Powerful. Therefore, what affects one affects all, to some degree.

In closing, I want to say this to the young people, as well as the older ones: In your Call to the “Presence,” do not ever fail to call the “Presence” to formulate this Tube of Light, as shown on the Chart, about you. Make It Invincible, that no discordant thing can penetrate It. Then call the “Presence” to pass the Violet Consuming Flame through your body, from your feet up, through your physical body, your emotional body—which extends around your physical and your mental world—and cause It to rush forth like a blowtorch. That gives you quick Application and Power of Action! Keep calling, morning and evening, for your “Presence” to pass that Violet Consuming Flame through your physical, emotional, and mental world, dissolving and consuming every discord that has ever been accumulated there; and the results will be magnificent beyond your fondest hopes, because then the “Presence” releases you from the pressure of the human creations, which is the pressure upon all mankind. Remember, in your schoolwork, you can easily realize what this means.

Beloved Saint Germain has repeatedly said, as have many Others, that the pressure of one’s own human creation—I mean before this Understanding came forth—was ten times that of the atmospheric pressure of the Earth! Then can you imagine how great that has been, and what a release it is to mankind in being released from that pressure. It is a magnificent thing! And of course, the Assistance the Great Divine Director is giving is unparalleled.

As They continue this, you will find how, within your grasp, is your Freedom from all human creation or limitations of the appearance world that have frightened mankind so long.

Remember, the greatest thing in the world that you can do is to harmonize, beautify, and perfect yourselves and your world; and then your Radiance that goes forth will bless every one of mankind you contact.

Beloved Ones, it has been thought that the feminine element of mankind was vanity—to desire to be beautiful—but I say it is not. It is the Law, and every human being, of course, the men would not admit it, but every human being wants to be beautiful. Why? Because their Hearts know that beauty is theirs and belongs to them, whether it is man or woman. Everyone's Heart knows that Beauty and Perfection belongs to it, and craves it naturally. There is no wrong in desiring to be beautiful and perfect, and as you beautify yourselves and your world, then you will begin to understand that there is no vanity in it, unless it was to impose something upon someone else less beautiful. Then that might be vanity; but if it represents Perfection in your world, then there could be no vanity in that. That is why We are endeavoring to release mankind from the inhibitions that have beset all mankind. And remember, your Heart is the Heart of your "Mighty I AM Presence." It is Its Point of Anchorage in your human form. It is that Point which gives you Life and action to the body. Therefore, Dear Ones, give It all the Authority, all the Power that your world requires, and It will rejoice you by producing Its Perfection in your world. I thank you.

**DISCOURSE BY
BELOVED CYCLOPEA**

Through Mrs. G. W. Ballard

Chicago, Illinois

January 1, 1955

CD 151

Beloved Ones of the Sacred Fire, We enter into the Use now of these Greater Powers of Freedom, which will shortly produce for you many of the things you will require in the future, and will bring about the fulfillment of many of your desires that have long awaited an opportunity to bless you. I wish to explain something today—because of the increasing use of it by the destructive forces—so you may be forewarned and prepared to guard yourselves more carefully than ever before. That which I wish to speak of again is the creation that is produced through the use of the sight—both Inner and outer—the Power in the mind to create pictures and see those pictures within, and in the world without. This Power is acting, Beloved Ones, through all channels of Life; and if it were controlled by mankind who understand this Law, there could be no such thing as a destructive force keeping its connection with you or your world.

In every channel of Life there is constantly being catapulted against the mind and the feeling—the thought and the feeling of individuals—the constant pictures of destruction that are the accumulated power of the anti-Christ of the world. This acts through so many channels that mankind do not understand that they are almost helpless before its onrush, unless they take their stand against it, and to be no part of destructive activities, or allow the personal self to indulge in pictures or feelings of that

which is wrong.

Now I will take, for example, what takes place through the so-called music of the outer world, which many people think is so good. Let Me show you what takes place when someone—We speak of those who have composed certain types of music that have become so-called “world famous”—the composer, during the time that he is hearing the melody, is placing into that composition his own mental pictures and his own feeling. When someone plays that composition and records it on a record, for instance, the performer places within it the pictures in his mind and the energy of his feeling. Now when mankind use those records in the outer, and they saturate the energy of the outer self and the atmosphere about it with that type of music, whatever it might be, the pictures of two other Life Streams, and the feelings of two other Life Streams come in and fasten to the energy of the person who is listening to that music. Then people wonder why they don’t have Perfection. They wallow in these things from an emotional standpoint and create those pictures of their own free will in the mind, and then can’t understand why destructive things come into their experience, or limitation comes into their worlds, or into their bodies, or into their minds, or into their affairs. You have no concept, My Dear Ones, of the pictures produced by vibration, both through the radio and TV—television of the Nation and the world. Those pictures are charged into the substance in the atmosphere in which you move. *These form a cocoon, as it were, of limitation and human creation around individuals* to which at any moment the destructive forces can attach themselves and produce any kind of a tragedy, produce any condition that interferes with the individual, and sometimes drives the individual to utter destruction.

This is why the Messenger has pled constantly for the last

year for people to form the habit of creating pictures in the mind and pouring the feeling of love into those pictures that are constructive, and offer them to the “Presence” and the Ascended Host, that We may bring from Our Octave the Manifestations into your world that will purify and perfect the world.

We have been replacing human tragedy and destruction century after century with the Purity and the Perfection of Our Love, with the Substance from Our Octave, with the Flame of the Sacred Fire from Our Hearts, to enfold those who are trying to hold to the constructive way of Life in order to keep the mass accumulation of destructive pictures and destructive feelings away from the individual long enough that the individual may be taught this Law, and call Its Power into action to protect the outer self, until it can go forward to its Freedom.

But this creation now, of thought and feeling—and I am speaking of pictures and feelings which the anti-Christ of the world has continued to force upon mankind, almost to the point of saturation in the atmosphere of the world—this is whirling with a terrific pressure, and imposing itself upon individuals everywhere, unless they repel it, or consume it, or replace it by that which is good.

This is the thing that has been imposed for the last fifty years upon the younger generation, and that has produced the kind of a younger generation that you have in the outer world today. It has been consciously, deliberately, intentionally, and viciously done; and if you are to avoid destructive experiences, you are going to have to discipline your attention, hold it in a steel-like grip, and force it to be filled with the Perfection and the Pictures of that Perfection from either your “Presence” or Our Octave, and force your feelings to be filled with Our Feeling of Absolute Purity and refusal of acceptance of that which is wrong.

GODFRE, OUR LOVED ONE ASCENDED

LOTUS, OUR LOVED ONE ASCENDED

These pictures have been held before mankind through the entertainment of the world, through advertising, through the medical activities, through your newspapers—through every conceivable channel that can produce a physical picture; and then it has been imposed upon Life through the so-called music of the world. It has been flooded into educational channels, and I am sorry to say, it has been flooded into religious channels. This is nothing but the exploitation of the anti-Christ, and unless those who are of the Christ will understand what is happening and hold themselves in a steel-like grip of That which is from Our Octave, how can there be Protection? It is a very serious thing. It is constantly imposed upon mankind through business channels; and through every government in the world it has been blazing with its filth the fire of destruction into anything and everything that is decent.

That is why, last night at the Royal Teton, We established a continual, increasing Release of the Unfed Flame, as well as those other Activities of the Sacred Fire—of the Violet Flame, and the Spiral Blue Flame—to come in and around you all, and go into certain channels throughout the world to help expand the Power of Victory by the Cosmic Christ Authority from the Great Central Sun into all that is right. So I wish you to understand fully what this means, and make every conscious effort you know how to make to keep yourselves from allowing a habit in the mind or in the feeling of accepting a picture of destruction. It is because of these destructive pictures forced upon mankind that there has been the increase in fear and doubt, fear of the destructive forces, and doubt of the God Power.

Now if you will assist Us and form the habit of seeing the entire Heavens ablaze with a Sun of such Dazzling White Light that It comes to Earth and enters into the Earth itself, if you will hold the Picture of the Descent of the Cosmic Light, then as

It passes through the atmosphere, It will more quickly consume the destructive pictures that have been charged so heavily into the very air that people breathe. This frightful concentration of destructive pictures imposed upon mankind would soon become such a focus of desecration and degradation that mankind would have no opportunity for Purification and Freedom if We did not come at intervals and release the Fire Element to consume that which has been deliberately, consciously, intentionally concentrated and projected against Life by those who are wholly vicious. I am speaking of their human creation. Where people will not allow constructive impulses to come through and assist Life, then all the energy of the outer self becomes destructively qualified; and it is to hold the Protection of the Unfed Flame about you that We have come and have increased this Outpouring last night—everywhere possible—to allow that Unfed Flame to come into outer action to offset this outer creation that is whirling to a bursting point.

If I were you, I would not let down on the Wall of Steely White Light and the Wall of Blue Flame around your Nation, around the Americas; and if you will definitely ask that That be charged with such Blue Lightning of Cosmic Annihilation to any destructive force sent against the Americas, then so will It be established unto you.

Long ago the Messengers revealed what the Ascended Ones have done for centuries in answering the Calls of mankind when they qualify something as Sacred and Divine. We told you long ago, when mankind accepted the Ganges River in India as Sacred, then the Cosmic Law projected into that water certain Activities of the Fire Element to force it to keep purified. Two miles below where the people bathe and all that sort of thing, that water is chemically pure, and the scientific world has never found a reason for it—with so many thousands and thousands

in that water every day. But those people qualified it as Sacred to give them that Blessing, and so there has been provided by Life those Activities of the Sacred Fire that made it Sacred and kept it purified. So can this Wall of Blue Flame around the Americas be qualified as Sacred Protection around you and around all that is of the Christ! (*applause*) Thank you, Precious Ones. Won't you be seated, please.

You were told last night that there were nine Retreats in North America, and in every Retreat there is a Focus of the Sacred Fire. So if you will qualify and call and demand that every Activity of the Sacred Fire that is necessary to protect America be now established in all outer Action within the Nation, as your Call reaches a certain Intensity, the Sacred Fire will come forth and control those conditions. If you will, always realize that the Wall of Steely White Light, the Wall of Blue Flame, the Violet Consuming Flame that has been placed within the Americas are Sacred Fire; and They are brought forth for Invincible Protection against everything that is of destruction. If you will remember this, and when you see within the mind, or create and hold the Picture of the Fire Element or the Cosmic Light, knowing It is the Sacred Fire from the Great Central Sun and Cosmic Light Substance from the Ascended Masters' Octave, not all the destructive forces on Earth can take those Manifestations out of existence.

If I were you, I would qualify in no uncertain terms the Wall of Steely White Light and the Wall of Blue Flame around the Three Americas with the Great Central Sun's Invincible Cosmic Christ Sacred Fire of such Instantaneous Annihilation of all that is of the anti-Christ, that whatever touches that will be consumed, if it be destructive. Do the same thing around yourself. You call forth the Tube of Light, and ask your Violet Consuming Flame—but you are not quite aware that That is the

Sacred Fire from the Heights of Creation bringing Ascended Master Power—to enfold you in Protection that prevents destruction acting. If you will guard the pictures in your mind and the pictures in your feelings, and you forbid anything but Pictures of Ascended Master Purity to ever live within your mind or your feeling, you will lose half of your struggles and your problems in less than six months! (*applause*)

Beloved Ones, it is the picture in the mind of something that is destructive that allows the destruction of the outer to fasten itself to the individual or the condition and produce that destruction. Since We have been working to draw forth every Power of the Unfed Flame into every large city in the world, into every nation on the Earth, and to expand the Power through every Retreat of the Activities of the Sacred Fire established in the Retreats of the world, then if each of you will hold the Picture of these various Activities of the Sacred Fire intensifying and expanding around yourself, around all under this Radiation, around everything that is constructive, you will give the opening to the Ascended Host, as well as to your “Presence,” to intensify the Action of the Sacred Fire in physical conditions to prevent the destructive forces accomplishing their ends. The responsibility is terrific, and they bind themselves century after century to destruction because of uncontrolled habit.

The Blessed Godfré used to try to make it so real to you: *the Power of your vision, your attention, and your Power of qualification, which is your feeling.* Your attention, your sight, and your feeling—unless they are controlled and destructive thoughts and feelings forbidden existence—and unless the attention is forced away from destruction, there is no way to protect the individual. So long as the attention goes to something destructive, the individual ties himself or herself to that destruction.

From this hour, I trust you have been given such Magnificent Assistance in the Use of these various Activities of the Sacred Fire and the Cosmic Light, you have had such a volume of Assistance given to you through constructive Pictures and through the Love from the Ascended Host, that We trust, now, you will make these Activities an Eternal Part of your Life Streams; and We can fulfill those Pictures and Feelings with the Perfection of Our World that simply builds a World around you of the Substance and Sacred Fire from Our Octave that takes you forward through anything, and keeps you Invincibly Protected, and makes you always successful; and no destructive thing can come in and touch you. So it is for your Protection that We are concentrating upon this, and We shall stress and continue to stress the importance of controlling the picture in the mind and in the feelings, until the habit is changed within you, and you will be no longer a part of that which chooses to desecrate Life, or substance or energy, or anything God has placed in this world.

So now, from the Royal Teton, every night will be flowing Special Activities of the Sacred Fire, and if you will call for those Activities to come in and around you individually, and then to your Nation and the world, We trust within the next nine days to increase rapidly and very powerfully certain Activities of the Sacred Fire that will bless you all and hold Protection for that which is of God.

Those who have come to assist Us through the Outpouring at the Royal Teton will, every night, pour forth another Wave of the Sacred Fire that They are drawing into outer physical conditions for the Protection of That which is of God. So I enfold you in the Sacred Fire of My Heart's Flame, and may the Picture of It stand before you, and the Living Presence of It enfold you, until It is visible to the sight of all that lives. Then in your use of of the Power of Sight, if you keep it filled with Pictures of

Perfection, the Inner and outer sight will begin to act, and from the All-Seeing Eye of God nothing can be hidden; and you can have Protection and Illumination and Explanation ahead of time of the conditions that you have to face and handle. In that will come the Illumination by which you handle all things victoriously.

May you feel the Victory of Our Sacred Fire, and know the Power of Our Love to protect you and help the Nation that is the Heart of the world to throw off that which is of destruction. Enfold your loved ones and those in your National Defense in the Luminous, or Blue Flame Presence of any One or All of the Ascended Host, and see the Cross of Blue Flame stand between them and every destructive thing on the Earth, until that destruction is annihilated forever! We will be there to see that the Sacred Fire comes forth to fulfill your Calls, and I commend you to your Victory! (*applause*) Thank you, Precious Ones, and if you will *call the Cosmic Christ Fire to come forth everywhere in the outer world and hold control of all physical action and all feelings in the people, and hold control of the pictures in the mind*, you will give boundless assistance, and We will be able to act more freely in outer conditions that need to be annihilated.

With every Power at Our Command, We stand ready to assist you. And may the Sacred Fire in Cosmic Action now come everywhere at your Command, and take the place of everything that has desecrated what God has placed in this world, and Our Sacred Fire returns the Perfection of Life to all that passes this way. My Heart's Flame enfolds you. May you see It about you with the Blazing Sacred Fire of My Love that wants you to be Free!

Thank you so much.

Gems of Light

Beloved Ones of Eternal Light! Turn your attention with Me into the Heart of your own "Precious I AM Presence" and into the Heart of the Great Central Sun, commanding the Power of your sight to look deep within the Heart Flame, the Honor Flame of the Eternal Love of that Life which you are, knowing that your "Beloved I AM Presence," as the Individualized Flame of Life from the Great Central Sun, is One with that Flame in the Central Sun. . . .

Now then, in the future, I ask you to use the Power of your sight to see into the Heart Flame of your own "Precious I AM Presence" and that of the Central Sun. In your contemplation, when you are quiet, you could look within the Heart, holding the Picture there of the Unfed Flame, and asking the Unfed Flame in your Heart to tell you the Truth about Itself; then would Its Light expand and Its Flame expand, and passing through the intellect, would join with the Flame from the Heart of your Higher Mental Body, and there would come Illumination to the mind that would tell you what is within that Eternal Honor Flame of God's Great Cosmic Life and God's Eternal Love. . . .

As I am speaking these Words, I am charging the Flame of My Heart's Honor Love to Life in Its Eternal Authority and Victory into your consciousness, your energy, the substance of your body, the atmosphere about you, your feelings, your sight, your hearing, your power of choice, your power of Free Will. After all, what you want is your Victory, and that is what I am charging into you, that you may use it and produce it in outer conditions, so that you go forward, not with problems, but with Everlasting Happiness in the confidence, the security, the power, the knowledge that you can produce this Perfection into physical conditions. . . .

Demand your Cosmic Victory into yourselves over any of these conditions. Then, as the Flame blazes through you Its Eternal Love, you move in a Sphere of Its Presence and Activity; and then, like an arrow, can the Higher Mental Body flash into conditions of the outer world whatever Blue Lightning of Violet Flame is necessary, first of all to shatter the form in which those destructive activities are focused, and then dissolve and consume them. But you need to acknowledge Our Cosmic Victory in this. As your Decrees go forth, you demand the Cosmic Beings' Cosmic Victory of the Will and the Authority of the

“Mighty I AM Presence” in the Great Central Sun to strike into all the hordes of liquor, all the hordes of selfishness, all the hordes of human desires, all the hordes of war, and compel the Cosmic Victory of Eternity to cleanse the Earth by the Sacred Fire of Our Eternal Conscious Command! Then the Honor Flame of Eternal Love moves over the face of the Earth and uses whatever is necessary to consume that frightful dishonor to Life.

You are not to keep your attention nor the picture in your vision of the hordes or their activities. You are to keep the Picture of your own “Mighty I AM Presence,” Its own Heart’s Flame, and Its Heart’s Flame in the Central Sun; and the Ascended Host, the Cosmic Beings, with Their Will, Their Authority, Their Cosmic Victory in Action in the atmosphere about you. Then all you will see is those various Activities of the Sacred Fire and the Cosmic Light that will dash here and there and everywhere—like arrows of lightning—shattering, consuming, and forever annihilating that which has dishonored God so long. That is why I ask you to train the attention, to train the Power of sight within you, to train the Power of hearing, to train the Power of feeling to receive, by your Conscious Command, Our Cosmic Victory, Our Cosmic Will, Our Cosmic Authority for the Descent of the Sacred Fire and Honor Flame of Eternal Love to go forth and do Its Perfect Work, and release Life, substance, and energy from the frightful creation of human discord.
