December 27, 1945

Beloved Ones of the Light, Beloved Ones whom We have loved so long! Let Me bring to you tonight the Victory of that Love which "I AM." Long through the centuries have We dissolved the shadows in and around mankind and individuals by just the Flame of Our Great Cosmic Love. Long have We watched mankind create shadows again and again and again, due wholly to selfishness, holding to the outer personal self that which came from God, belongs to God, and must eventually go back to the Great God Presence that gave it. So it is with the Great Outpouring of the Activity of the Fire Element. As you call forth from within your own Life Stream the Mighty Power of the Great Cosmic Flame of the Love of the Cosmic Christ, as It surges in and around you, given to you by your "Mighty I AM Presence" and the Ascended Host, so must It go forth and bless everybody and everything, and then arise again to the Great Activity of Cosmic Love from whence It came, drawing with It all through whom It passes.

So if you would raise yourselves out of the conditions of limitation and distress which have gathered about you sometimes from the outer world, then I say to you, if that substance and energy is to be purified and raised into Its Eternal Perfection, then the Great Cosmic Love of the Cosmic Christ, the Infinite "Mighty I AM Presence," must flow from Our Octave in and

around you, and then out through you to bless everybody and everything—and then flow back to Us. And if you will keep That surging, you will find Wave after Wave of that Flame carrying out of you many times a day, in vibratory action, that which might seem to be the struggle or the limitations of the outer self.

You have heard Us speak of the Sacred Fire as the Master Element throughout creation. To those of you who are Masons, I say to you, it is the Capstone of the Temple of Life, and you know to what I refer. Therefore, if you will allow that Sacred Fire from Above to come into your physical form, blaze out through the Heart as a Dazzling Sun of the Ascended Masters' Cosmic Love of the Cosmic Christ, surge into the world around you as a Living Flame to all Life, and then raising That into Our Octave, you, too, will become that Blazing Unfed Flame. And to your Temple of Life you will be the Master, the Capstone of the Temple, whose Sacred Fire ever becomes the Protecting Presence whose Outpouring of Cosmic Love forever harmonizes all that It contacts, and whose Illumination carries in and around you the Full Understanding of That which comes from Above.

Now in the activities with which you will be concerned in the future, I say to you, you are entering the Cycle wherein the Great Law of the Love of the Cosmic Christ, the Law of Love of the Infinite "Mighty I AM Presence" in the Ascended Masters' Octave, is flooding Its Flame into the physical octave of Earth. And therefore all things must be held within Its Dazzling Presence, and covered by Its Radiance in order to maintain Divine Order and fulfill the Divine Plan. As you enter more and more into the Incoming Cycle,

and the Golden Age reveals more and more of Its Magnificent Perfection, you will become, just as natural as breathing, the daily Surge, or Outpouring of this Great Love of the Cosmic Christ. You will then know what a Victory of Life is yours. As you draw from Above the Master Element of the Universe, It will perfect you, and then surge forth Its Blessing and Its Radiation to perfect others of the world around you as It has perfected you. It is a Great Raising Power of all Life! And doesn't the sincere Love from your "Mighty I AM Presence," as you pour Its Radiance to others who are in distress, doesn't your great Love become to those conditions the Raising, Purifying Power that dissolves hate and allows the Life Stream to see clearly again Its Pathway of Light and the Fulfillment of Its Divine Plan?

Dear Ones, remember, everything that is of distress or limitation in the physical octave, whether it be your minds, your bodies or your affairs, is but so much substance that does not allow the Great Flame of the Love of the Cosmic Christ to flow through it unobstructed. And so it is with your physical forms. If you will allow the Love from your Higher Mental Body, which is the Love of the Cosmic Christ—Its Luminous Presence—to flow in, through, and around you, and spread Its Kindness and Its Radiation everywhere each day, as you surge That forth into the outer world, some of the hate, some of the substance that has been qualified with human distress is dissolved and consumed, and that energy drawn within that Flame to be raised into constructive action.

Why do you think, in the secret orders throughout the world, there is always the Ceremony of the God Power and the God Presence reaching the Hand down

to raise the neophyte up to the Altar of God's Word—and above standing the All-Seeing Eye. Why do you suppose that has so often been used in the secret orders of the outer world? Because, My Dear Ones, it is the Law. The All-Seeing Eye of God that stands above every human being as the Higher Mental Body is the Pure Christ Flame of the Infinite "Mighty I AM Presence."

That "Presence" stands above your physical form, or your Temple of Life, and That stands as the Capstone of the Temple. And if you will lift your vision There, if you will make yourselves the Outpouring for Its Limitless Sacred Fire, and you command that Cosmic Love of the Cosmic Christ to go forth In Living Flame and do what you require, you will find an Action of the Higher Mental Body enfolding the physical form that will be for you a Protecting Garment that stands between you and the outer world's vibratory action, repelling the pressure of the distressing conditions around you, and thus enabling you to release into those conditions more Activity of the Fire Element to purify and raise, and to perfect them, so that wherever you move, as you give recognition to the Victory of the Love of the Cosmic Christ, as you acknowledge that Infinite "I AM Presence" everywhere present, releasing Its Sacred Fire to raise and raise and raise all substance and energy and consciousness that you contact, you will find that you, while yet in the unascended form, can move clothed in the Sacred Fire of your Higher Mental Body. Then you, too, become the Capstone of the Temple of Life as you move throughout the world to raise the substance and the energy of those about you into the Acceptance of the Sacred Fire.

Do you know, the only thing that We have done throughout the centuries in Our Service to mankind has been to intensify that Flame of Love which We draw forth from Our Great Temples of the Sacred Fire, and draw and draw and draw It into conditions here and there and everywhere, establishing It in permanent action, and letting It grow until It has consumed that which is unlike Its own Perfection.

I say to you, there is no greater Healing Power in all the universe than the Great Cosmic Flame of the Love of the Cosmic Christ, the Love from your “Mighty I AM Presence.” Your Higher Mental Body is the Cosmic Christ, and when you call forth Its Healing Love, that Luminous Presence can enfold you and blaze through you the Light and the Flame from Its Heart into any condition, and shut off the human and manifest the Divine.

From now on, Beloved Ones, as you enter into the Permanent Golden Age of the world, all must become clothed in Our Activity of the Sacred Fire. Life does not struggle when that Unfed Flame goes forth. When the Luminous Presence of the Higher Mental Body enfolds the physical form, there is no struggle; there is no strain; there is no stress; there is no fear or uncertainty. *There is no doubt or fear!* Therefore I say to you, until you become thoroughly aware of all that is within the Love of the Cosmic Christ, all that is within the Heart of your Higher Mental Body, until you become aware of That, you do not use but a very small proportion of the Power of your Life Stream, which you can have just as easily as breathing—if you will give It recognition and demand that That Flame be the Governing Presence through you instead of anything human.

Now this is the Flame that sets Free! This is the Flame that heals all! This is the Flame that protects by the Power of Cosmic Love that part of God's creation which serves the Constructive Way of Life. We who gave the Unfed Flame in those centuries long gone by drew the Intense Action of the Sacred Fire of Love, Wisdom and Power into a Living Flame, and That became sustained, and came within every home of those who came to receive It. Do you understand, My Dear Ones, what it means for a Being from the Cosmic Heights of Life's Perfection to come and give the Supreme Gift of Life to the people? And yet not all the people on Earth accepted It. I came in those centuries long ago once a year, and gave the Radiance and the Sustaining Love through that Flame that kept all mankind's outer activities regulated in Divine Order. And in those centuries there were thousands of years in which That was maintained. There were no armies, no navies, no penal institutions, no hospitals, no disease, no poverty, no limitation. And it must come again! (*applause, audience rising*) Thank you, Precious Ones. Won't you be seated, please.

It can only come, My Dear Ones, through unascended beings. We can pour It from Above to govern certain conditions in the atmosphere of Earth, but I say to you, if mankind are going to be freed from their distress, then that Unfed Flame of the Love of the Cosmic Christ must come through individuals. And that is the only hope for mankind. Without that Cosmic Love of the Cosmic Christ, you might have everything on the Earth, and yet I say to you, you would have nothing. It might seem like a paradox, but not so. Without that Sacred Fire you cannot sustain anything permanently that is constructive.

God is not to be mocked. God is the Giver, the Owner, and the Doer of all that is of Perfection. The Higher Mental Body has been provided as the receptacle of that Sacred Fire, that you might have any intensity of It that you are capable of directing through the physical form, yet of a pressure that your physical form can stand; because at the present time, and it has been so through the centuries, the atomic structure could not stand the Intense Action of the Sacred Fire that abides in, and is your Electronic Body. That is of terrific Cosmic Power, and therefore the intensity of that Sacred Fire is governed within the Higher Mental Body, that you might draw greater and greater intensity of It within the physical form—to the point where It raises the vibratory action of the outer self gradually. Then as That becomes raised at intervals, the next Flame that comes is more intense in Its Action, blazes greater Light within the atomic structure, and the Light radiates farther out.

That is how We know from a sudden glance over mankind or a locality, We know what is going on; until We come closer and examine and see what can be accomplished, and how much more intense Activity of that Sacred Fire We can bring in, through and around the bodies of mankind to shut off the conditions that have been causing their distress and limitations for so long. That is the Healing Power of the individual, the nations and the world. So unless It is consciously called forth by unascended beings and commanded to be sustained and render Its Divine Service to fulfill the Divine Plan, We must wait, and but release It into the atmosphere in whatever intensity the minds and bodies of mankind can absorb It and make It permanently their own. Do you know, My

Dear Ones, and I trust It may come as soon as possible, that We stand waiting, waiting, waiting to bring the Unfed Flame, the Sacred Fire of the Love of the Cosmic Christ, in a Tangible Manifestation within every home on this Earth! (*applause, audience rising*) Thank you, Precious Ones. I accept that, and I shall amplify that back to you to bless you forever. Thank you. Won't you be seated, please.

Now I say to you, if you will begin to make your Calls, oh, not just for your homes, but if you will begin to make the Call in the Name of your "Mighty I AM Presence" and the Ascended Host, and demand the Descent of the Unfed Flame into every home on this Earth, as you gather that Momentum and It reaches a certain intensity, you will find Actions of the Cosmic Law that will bring It about in the outer world; because where that Unfed Flame abides, hate cannot live, anymore than darkness can stay in the room when you turn on the Light. There is no struggle. There is no fight whatever. When you release the Light, the darkness is no more, and when you draw forth the Cosmic Unfed Flame, which is the Love, Wisdom and Power of the Cosmic Christ, then I say to you, hate must die, and limitations dissolve forever.

Were you to remove the fire element of the Sun from the Earth and mankind, and left here the other three elements—earth, water and air—would you have a manifestation? Could anything take place here without that fire element? Then I say to you, the same thing is true in your own individual worlds. Unless the Cosmic Love of the Cosmic Christ, which is the Love of your Higher Mental Bodies, sustains the physical form and allows that Flame to expand into the world around you, you cannot survive. You might think We have

harped on this incessantly, and We have, and so We shall! (*applause, audience rising*) Thank you, Precious Ones. Won't you be seated, please.

Hasn't the intellect of man and the feeling world experimented with everything on the planet and in its atmosphere in the outer world except the Love of the Cosmic Christ? I say to you, the outer world cannot survive without It! Therefore you who understand the Law and will give It acceptance, and use It as the Scepter of your Dominion, as your constant Outpouring with every breath you breathe and every impulse of energy that goes forth through you, if you can but realize that That is but a Flash of the Love, or the Flame of Love of the Cosmic Christ, and you send That on Its way, and command It to produce Perfection for you, and then raise all that It contacts into the Ascended Masters' Octave, you become, My Dear Ones, like a Great Cosmic Magnet to all in this world. From above you will flow the Flame into you, and as you make yourselves a Sun of Its Presence and you command It to go forth like a Living Being, a Messenger, to do for you that which you specify, so shall you have the Manifestation.

You have been asking for these Greater Powers of Life, but they cannot act for you to produce Perfection unless They go forth clothed in the Unfed Flame from your Higher Mental Body. Therefore if you will realize deeply with Me tonight the Authority and the Power of the Cosmic Love of the Cosmic Christ, and surge It forth into everything, everything must come into Perfect Balance; for I say to you, the outer world does not need anything except Our Flame of that Love to shut off the human and make all things Divine. It is the Master Element throughout Creation, and

in the various colors that It manifests in the outer world, I say to you, Beloved Ones, in order to consume hate, you must have the Purifying Flame of the Love of the Cosmic Christ. And that is your Violet Consuming Flame that your Beloved Saint Germain has brought to your attention. That is an intense Action of the Love of the Cosmic Christ in Its Purifying Power to dissolve that which has been qualified with the human.

If you desire It in the Healing Activity, use the Violet Consuming Flame first, and then if hate is to be met and consumed, there must go forth the Pink and the Golden Ray. You must have those two colors within that Flame if Love is to be manifested. Let there go forth through your feeling world the constant visualization of the Unfed Flame from your "Presence," your Higher Mental Body descending and enfolding the physical form, and the Unfed Flame from within the Heart expanding to meet That. Then command the Love of the Cosmic Christ, or the Love, Wisdom and Power of the Cosmic Christ, to go forth and do these things that you cannot do. Your human form limits you only because the Full Power of the Sacred Fire is not allowed to flow through without interruption.

Tonight, with the Enfolding Radiance which is within the room and around it, I say to you, it is not enough to just think of your "Presence" for awhile when you make your Application, and then forget It in the midst of your outer world activities. What you need to become aware of is that, within yourself, and that at your Command, that Unfed Flame goes into every condition, and stands there as a Living Being of the Sacred Fire to raise everything into the Perfect Balance and the Perfection of Its own Manifestation. It is the Power by which Manifestation takes place,

and therefore unless you understand It and are aware of Its Presence within and around yourselves, you only have such a small use of all the Powers that It contains. And you can just as well have Its Unlimited Power as you can a small portion of that which you draw through a few moments or a half hour or hour's contemplation of the "Presence."

The thing that is needed by the Student Body and all mankind is that when something takes place out here, or you are facing conditions with which you have to cope, the thing to do is to remember that from Above flows the Flame; and as you become filled and surrounded by That, that is the Fire Element that goes into the condition and begins to set everything into Divine Order, purifying and harmonizing everything by that Love of the Cosmic Christ. So in the midst of anything that you might be doing in the outer world, you can still be aware of that Flame surging in, through and around your bodies. I am quite sure you are often aware of the temperature in the atmosphere, comfortable or otherwise, are you not? If you step outdoors and it is extremely cold, I am quite sure you are immediately aware of that temperature. If you are extremely hot, you are aware of that. You do not need to sit down in the corner and talk to your "Presence" in order to know how the atmosphere about you feels. Well, neither should you about this Flame! We are all Lords of the Flame, and that means that the Momentum of that Sacred Fire We have drawn throughout the centuries is ever expanding at Our Conscious Command, because the Momentum of Power in the Cosmic Activities with which We are concerned does not expand unless We use It.

So I ask you, in the midst of anything and

everything, be aware of that Unfed Flame from your “Presence” descending in and around you, and surging and surging and surging Its Expanding Radiance into everything wherever you move. You will find, as you become clothed in that Flame by your own Conscious Recognition and the Picture you hold within your minds, will you see Its Action. Many times that will bring you amazing experiences, and steadily prove that It is a very real, tangible Flame around your physical bodies and within them, doing the things you call forth, and bringing into outer action That which fulfills your Calls.

We came from Venus to bring the Victory and the Love that is the complete Manifestation upon that Great Source of Light. We came to bring Love—We did not come to gratify mankind’s outer desires to go on in their limitations. We came to consume the human, and the human must be consumed by the Divine, and through the Action of the Sacred Fire. So whether it be the human in you—in your physical forms, or in the atmosphere about you, or in your worlds, in your business, in your nation or in the world—it matters not. The human must be consumed by the Divine. The darkness in the room is consumed by the Light, and therefore if your limitations and your problems and your struggles are to be raised from your Life Streams, then they must be, first of all, repelled or loosened by the Force of that Unfed Flame from within yourselves. And as It surges through the flesh, It radiates a Light that begins to repel that other substance. And then, in the use of the Consuming Flame, it is dissolved and consumed, and every time the Light flashes in the body and expands in the atmosphere about you, the vibratory action of the

atomic structure is raised. And whatever you do in the raising of the atomic structure in your physical forms by the use of the Sacred Fire, that is permanently done for you.

You might think if you turned away temporarily, through your attention being drawn to something in the outer world, you might for the moment not be conscious that the Flame was there; but I say to you, when you call It forth and demand It to go through in the Name of your "Mighty I AM Presence," your "Presence" answers you that moment. And so will every Ascended Master! So feel that in your Calls to Us, when you call forth the Power of the Sacred Fire, It is coming into action *right then*. (*applause, audience rising*) Thank you so much, Precious Ones. Won't you be seated, please.

Now then, I wish to show how, by the conscious drawing forth of that Flame of the Love of the Cosmic Christ, which is the Unfed Flame in and around yourselves, you not only *can be* a part, but you *are* a part now, and will continue to be, of the Great Cosmic Flame of that Love of the Cosmic Christ that is going forth to bless the Powers of Nature. And you will see come forth in the permanent Golden Age such floral life as has never been here before, because as mankind en masse are raised into the Action of that Sacred Fire, automatically there comes forth a Raising Activity of the Powers of Nature at the same time. Therefore as mankind become more and more beautiful in the greater Purity that is naturally the result of the use of that Flame in their Conscious Recognition of the outer self, will you find the Powers of Nature drawing forth Activities to beautify this world that will make all Beings sing with Love and Gratitude for that day to arrive quickly!

As the impurities of Earth, or rather, of mankind imposed upon the Earth, are consumed by the Action of the Sacred Fire, there follows always the Blessing of the Cosmic Love of the Cosmic Christ that redesigns and builds anew the Blessings that God so lavishly bestows. Throughout the world, in the age that is coming, there will be no deserts. You will find that which has seemed to be unable to grow plant life becoming luxuriant with the most heavenly fragrance, and everything that is of an unpleasant quality within Nature will disappear completely—the substance of the Earth itself becoming beautiful and self-luminous as it was in the beginning, only this time, raised by your Conscious Release of the Love of the Cosmic Christ into those Activities that more nearly express the Beauty of the Ascended Masters' Octave.

So Precious Ones, your privilege is so great, and I do plead with you, try to become aware of this Unfed Flame in and around yourselves, and also the Violet Consuming Flame surging in and around you all the time. Be as aware of It as you are of your hands and your feet. You don't need to be told to use your hands. They are just there. You are always aware of them, and so as you become consciously accustomed to the drawing of this Unfed Flame in and around yourselves, you will begin to know what the Master Powers of the Fire Element can give to you and do through you to change conditions in the outer world.

And now I wish to help you with something I trust will bring you great Joy. Many times, in correction of the conditions of the outer world, the tendency of the outer self is so often to do things physically, when if you would just be still for a few moments and ask the "Presence," in the Power of the Sacred Fire and the Authority of the Great Great Silence,

to do what needs to be done and produce Perfection through the Love of the Cosmic Christ, you many times would no sooner make the Call than you would see conditions changed and brought about in Ways and Means you do not dream are in the universe. You will have many delightful surprises as you do this, because the "Presence" has Infinite Knowledge, and will do many things in marvelous ways that will bring about the results you desire far greater than you understand, and far more harmoniously. And when that takes place, those things will be brought about permanently.

You will find as you leave all things in the Hands of your "Presence" and the Ascended Host to produce Perfection by the Law of Love, according to Its own Divine Plan, you will find things acting within individuals that will convince them from within themselves in a way that you never in the world could do with the spoken word. You can bring Illumination to the minds of mankind. You can bring the Desire to do the right thing within individuals, or convince them of the right thing to do, by the Call to the "Presence" through the Sacred Fire and the Power of the Great Great Silence. And you will be so amazed sometimes how quickly individuals from within themselves will realize what is the right thing to do, and they will have the strength to do it, while if you brought pressure to bear through verbal conversation and the spoken word, you would just shut the door to the accomplishment of that which the "Presence" otherwise would bring about in great Victory.

So if you will, understand with Me tonight the Power that is within the Great Cosmic Love of the Cosmic Christ. And that is the Action of the Sacred Fire, the Unfed Flame in the Higher Mental Body

of every Life Stream, as well as the Power of the Unfed Flame in the Ascended Masters' Great Octave of Light and the Cosmic Beings throughout Creation. If you will understand the Power that is within the Unfed Flame and call It forth to bless every home on this Earth, call It forth and demand It to come into every business activity, to enfold every Life Stream until the pressure of that Fire Element becomes so great that no amount of human creation can longer hold its action in or around mankind.

You can experiment with This on yourselves first, and then as you see Its Action go forth in more and more powerful authority, then you realize you have a Scepter of Power, and as you draw It forth around others, oh! you will be able to give them such help. You will be able to harmonize conditions and to release them from strain under which they have struggled, oh, so long! And for the Student Body, you should, all of you, recognize yourselves en masse as one Gigantic Unfed Flame of the Sacred Fire of Saint Germain's Freedom to the Earth.

You can recognize the same Activity as one Gigantic Unfed Flame of the Mighty Jesus' Feeling and Victory of the Ascension. You could call forth the whole Student Body's Blazing Power of the Sacred Fire in the Beloved Godfré's Cosmic Flame of Eternal Obedience, and if you will begin to feel your Oneness within the Flame of the Cosmic Christ enfolding the whole Student Body, It will bring about greater Protection for the Activity, greater Protection for each of you individually, and Illumination that will help to harmonize conditions and make your pathway so much easier. I want to show you that as the Unfed Flame is focused into a room or building, even though that Flame be sometimes not more than two or three inches tall,

the Radiation that goes forth from That could go forth and enfold the whole building, and for some radius around it.

Do you remember the proportion of the Unfed Flame in the Royal Teton, that the Plumes were three feet in height? And yet the Radiation from that Focus of the Fire Element has sustained those bodies for thousands of years! Do you not see then what a Sustaining Power the Unfed Flame will be in your homes? Do you not understand, the Unfed Flame in the Permanent Atom of your Heart is but a tiny, tiny Flame, and yet Its Radiation keeps your body in action. And you don't dream how much energy It radiates through your atomic structure all the time! So the Unfed Flame is very Powerful; and when you call forth the Victory of the Cosmic Love of the Cosmic Christ in and around yourselves, and demand the Sacred Fire of the "Infinite I AM Presence" to surge in and around you to take Its Dominion over all in this world and produce the Perfection and Victory for which you call, as surely as you make the Call will that Unfed Flame manifest Its Fulfillment!

To call forth Its Healing Action around individuals who are in distress will bring the Balance of Love, Wisdom and Power in the Sacred Fire Activity that will penetrate the substance, illumine the mind, clear the atmosphere, and let the individual once again feel the Peace of the "Master Presence of Life." If you could see the Action of the Unfed Flame within the Retreat at Shamballa, your Love would be so great, in all Eternity you would never forget It. To feel the Love that pours forth from that Flame which We consciously drew into the Substance of this Earth, into the atmosphere of Earth, and have sustained and expanded It through Our Love all through the centuries,

then you will know how Powerful can become the Love that you call forth from Us. Venus, the Love Planet, is the Great Outpouring of that Sacred Fire. You may have It without limit! You may expand It to bless all, and there will flow to you such Gratitude from Us, you will desire to expand That through your Conscious Command and hold It in sustained, steady, increasing action each day. You will find there floods forth such Joy and such Miracles that you have never yet understood were in the universe.

So *be* the Fullness of Its Authority and Power! Use It constantly, and hold your attention upon It in complete acceptance, that We may render a Service for you that only We can give. Please, Beloved Ones, tonight, believe Me when I say to you, *within your Call for that Unfed Flame in everything you do—to come into the outer manifestation of the physical world—is your Release in your own individual Life Streams, and is the Freedom of mankind!* In that Unfed Flame is Victory, and I say to you, *become* the Fullness of Its Presence, and let Me enfold you in that Great, Blazing Victory that is Our Gift to you and all upon the Earth for Eternity! I clothe you in Its Presence, and I lift you into Its Great, Eternal Blessing. Thank you, and good night.

Discourse by  
Beloved Hercules

Through Mrs. G. W. Ballard

Santa Fe, New Mexico

April 24, 1954

— CD 147 —

*Mrs. G. W. Ballard:*

As the Mighty Hercules speaks His Heart to us all, we ask our “Mighty I AM Presence” to bless Him without limit, and pour to Him all the Love of our Life Streams of which we are capable at this moment of pouring to these Great Beings whose Assistance to the Earth we call.

*Mighty Hercules:*

My Beloved Family of the Sacred Fire, thank you for your fearless, fierce determination to release into outer action these Decrees that must go forth, and must be fulfilled. I thank you forever for your cooperation and for your stand with your Beloved Master Saint Germain, and tonight I come to give you My Heart’s Cosmic Control of the affairs of mankind. If you will use This in your individual affairs, you will find not only the Hand of your “Blessed I AM Presence” controlling your own being and world, but you will find the Legions of the Sacred Fire of Eternal Love from Our Great Realm of Life coming into outer conditions to hold control while your “Beloved I AM Presence” fulfills Its Divine Plan through you.

We want you to have the use of Our *Cosmic Control* of the forces of this world, and so if you care to accept My Heart’s *Cosmic Control* of the conditions in which you move, I would appreciate it deeply if you

would charge this Power before you each day as you enter into the outer activities of your daily Service to Life. If you *call for My Herculean Heart Command to Life and Cosmic Control of everything that contacts you*, you will erect, as it were, a Wall of Blue Flame to go before you each day into outer conditions, and set into action the Powers from Our Octave to do in what you might call “a mass way,” that which individually you cannot do. A great many of these conditions under which you struggle are the mass accumulation of mankind’s habits and desires of the past and present, and to some degree, it is an impersonal thing; and yet, We have to handle it from a Cosmic angle in order to control the forces of this world and the Powers of Nature enough to hold the Balance, that mankind may try to survive. So since I represent the Power of the Love of Life which “I AM” to the Earth, then the Heart Command to Life, My Heart’s Command, is the Release of that Sacred Fire that is control of everything in this world.

So when you speak of *Cosmic Christ Control*, it means that the Power of Our Cosmic Christ Love is concentrated within the Sacred Fire to the degree where It is the controlling Cosmic Action from Our Octave into yours by conscious projection. Now to some degree, this is radiating all the time from Our Temples of the Sacred Fire into the physical conditions of this world. That goes on naturally in the whole system of worlds. But when you give this conscious recognition, and you as an individual give your attention to Us, then We must come back to you with an Individual Action of the Cosmic Powers of which We are Master. And so when you want the Cosmic Control of the physical activities of the affairs of men, you use My Heart Command to Life and see for yourselves Its effect on your own individual affairs.

Most people think of Me as the Power of the Blue Ray, which "I AM." But that Blue Ray is the concentrated Electronic Force of the Love from the Great Central Sun that holds Cosmic Control of systems of worlds. And so when you demand My Cosmic Christ Control of the affairs of the outer world, the Blue Flame of Cosmic Christ Love comes into concentrated Direction for you and for the affairs of the outer world in which you move. It is simply like you opened the gates of the great big spillways on a dam, and when you open that which enters into the mass pressure of that water, you can release it and direct it in a small way, or a medium pressure, or with a tremendous onrush.

And so it is with Us. When you use these magnificent Calls to Life, My Dear Ones, they are in obedience to the Cosmic Law; and when that Call goes forth, Life has to answer you, just as sure as you are in existence. Mankind have used their faculties in their outer activities, and that is all that they have understood. But the individual who understands his "Mighty I AM Presence" and these Magnificent Activities that have been brought to you by the Mighty Saint Germain and Others of the Ascended Host can, through Conscious Call and your attention raised to Us, have an individual Stream of Our Life, mark you, to come and serve you in your effort to purify the nation and set the Earth at Peace, and bring Freedom to fulfill the Divine Plan.

When you feel the actual Life of any One of the Great Elohim come in and around your Life Stream, and see the Cosmic Action of the Love which is the Life of the whole system of worlds, then you will know what it means to be One with God. When you have been told "One with God is a Majority," One with your "Mighty I AM Presence" is all Cosmic Authority. And while I am

slightly remembered by the people of Earth as a Being of, perhaps great muscle, you would be surprised what some of My Cosmic Activities to the Earth are! And so if you will use This which I offer and let It serve you in your personal affairs, you'll begin to become aware of what has been the great care of your "I AM Presence" and the Ascended Host in providing these Activities under this Radiation for your use and your protection at this time against these outer world destructive activities.

Now when I offer you *My Heart Command to Life*, when I offer you *My Cosmic Control* in your individual affairs, it means the Pressure of the Cosmic Activity of the Sacred Fire which I use at various places in the system. This Pressure can be released in any intensity that you require by your Conscious Call, just the same as you turn a faucet on and you bring as much water, or as much pressure of that water into the glass as you require. And so it is with Us. When We offer you the Power of Our Love and the Cosmic Christ Control of the Sacred Fire, My Dear Ones, as you contemplate That and let It reveal to you all the Power which It is to the Earth, you will know you have Friends of Mighty Power, and you will begin to use that Power to the correction of conditions and the holding of your Victory in this world. And I assure you, you can call all the Power of which you can be conscious—of My Cosmic Control to the Earth and My Heart's Command to Life—and there could never be anything as a result of that but the Miracles and the Victories of the Love which "I AM." (*applause*) Thank you, Precious Ones.

Mankind has very little concept of what tremendous Love it takes to create and sustain a system of worlds. It is almost incomprehensible to the outer mind to understand even how much of that Love from the Central

Sun is required to create and even sustain this world and mankind upon it. And when you really begin to contemplate how Great that Cosmic Love is to Life, then know you are a part of that Life, and you may have any intensity you desire of Our Cosmic Christ Love and Cosmic Christ Control to the Earth. You may direct That where you will, and It can never produce anything but Perfection. And so We ever stand above mankind's limitation, offering everything from Our Octave that abides always within the Love of the Sacred Fire.

Cosmic Christ Love, My Dear Ones, is a wonderful thing! When you call for Cosmic Christ Control of outer world affairs by the Heart Command of the Great Central Sun, just use those Words and let Them speak for themselves and reveal to you the Manifestations which They bring. So far, you in this world have only had in your outer affairs mankind's individual control, except in times of crisis when the Great Ones come forth and take command and settle the human creation of mankind's discord, and cleanse the planet and start anew to give mankind another opportunity to go forward and try to gain their Freedom.

I am going to say something tonight of which you probably will only comprehend a small part, but nevertheless, it is a phase of the Action of the Law which you should understand. Ever since the sinking of Atlantis, when the cleansing of the Earth took place at that time, when discord began to rise again, *the same group of Life Streams has created every war since then!* And that is why the power of evil seems to be so great around certain individuals; for they became so rebellious against Obedience to the Law of Good that they have really simply become insane animals.

So as you enter into the use of the Violet Consuming

Flame in your Calls to the Great Central Sun, you are calling Cosmic Power of the Sacred Fire to come forth throughout the Earth and help release mankind—and even those Life Streams—from their frightful creation. So I assure you, you will be very grateful for the Power of My Love, the Power of My Heart Command to Life, and My Cosmic Control brought into the affairs of your government and yourselves and the world. Under a condition of this sort it takes *Cosmic Control*, and the Sacred Fire of Eternal Love to release Power and Energy enough against the mass discord of the world in order to handle it and remove it and compel its annihilation from the universe.

So with some contemplation of what My Cosmic Control means to the Earth and My Heart Command to Life means, as I give you the Love and My Life Stream to help you individually to stand against the outer world's discord, you begin to understand that "I AM" something more than just a Being of Great Strength. After all, Cosmic Strength and Cosmic Power come only from one Source: the use of the Great Cosmic Love of Life in the Great Central Sun, used and used and used throughout aeons of time to build a momentum that handles the mass accumulation of the world through the centuries. And that is only a very small part of what the Service of the Seven Mighty Elohim is to the Earth.

These Cosmic Powers and Gifts of Life and Magnificent Assistance to the Earth should be taught mankind from the cradle to their Ascension, and mankind should be made to understand what the Love of God's Heart has done through the ages to offset the frightful creation of human viciousness. "I AM" offering this to you tonight for certain Protection which you need within the nation, and I mean individual Protection for that which

is constructive. So if you arise into the use of the Authority which is Mine and the Gift which I offer and the Life which "I AM," you will call My Cosmic Control into conditions, and in that way, disarrange the plans of the sinister force considerably, at least where they affect you or the conditions of the nation. Do you not think this hour that your nation needs Cosmic Christ Control? (*ap-  
plause*) Thank you, Precious Ones, with all My Heart. Won't you be seated, please.

Now, if you acknowledge, "*I AM*" *Mighty Hercules'* *Heart Command to Life, and I demand His Cosmic Christ Control of this nation to the removal of all destructive forces forever*, you just take the Decree and move into action with it. You send it forth. It is My Business to fulfill it, since you call My Name and My Life into Action. Here I want to explain something that the Student Body does not realize in the use of the Name of any Ascended Being. The Name itself, My Dear Ones, is the Vibratory Action of the Life of that Ascended Being, and the Life of that Being is the Full Gathered Power and Momentum attained through conscious use of the energy from the Central Sun.

I want to explain something that happens during the Invocation. Every Ascended Being whose Name is mentioned during the Invocation that the Messenger gives every night, every Class, every time those Names are mentioned, a Ray of Light and Love from the Heart of each Being descends into the physical structure of Earth and becomes an Eternal Expanding Flame of Love. (*applause*) Thank you, Precious Ones.

Will you always remember, when you call to Us or to your "Beloved I AM Presence," that We can't give you anything but Love? Do you realize that nothing exists in Our Octave of Life but the Perfection of Love? And

therefore, if, in the removal of the destructive forces of the Earth, the Great Cosmic Activities of the Sacred Fire are required, still it is the Gift of Love and the Wisdom of Love and the Power of Love that performs the Service of dissolving and consuming the human creation of the world. So try to feel always that when you think of Us or there is a Picture that represents Us, or you call to Us or you read Our Words, that that very moment you are connected with Us, as it were, with a Tunnel of the Light of Our Love that comes to you, and through which your Love comes back to Us, and which We take up and add to it, and amplify into the Fulfillment of your Call. That is why the phrase was given you years ago that “Within the Call is the Answer,” because as your Heart’s Call comes to Us, the very energy and vibration of your Life, your own Life, as it comes through the Tunnel of Light to Us, is taken up, and We amplify that and transmute it into the Fulfillment of the Call, and send the Fulfillment back through that Tunnel of the Sacred Fire that insulates it from everything else in the universe; and the Manifestation and Fulfillment of your Call becomes a physical thing manifested.

You see, Love is so wonderful, My Dear Ones! And it can be just as Powerful as you want it; and “I AM” speaking of the Cosmic Christ Love from the Great Central Sun. When you once understand that energy becomes Power through use, and you once understand that the Great Central Sun and the Physical Sun, and your “Mighty I AM Presence” is the Sacred Fire of Eternal Love and is the Generator, the Giver, the Expander, and the Controller of all energy and all vibration by Conscious Command, by Conscious Call released into this world to produce the kind of a manifestation that you desire, you will understand there is only one thing in all

the universe that is important, and that is the Love in the very Life of your “Mighty I AM Presence” which is forever seeking to release the Beauty and Perfection of Its Happiness into you and through you, and fill the universe around you with that which brings greater Perfection and Happiness with every Pulsation of the Great Heartbeat from the Central Sun, of which your own heartbeat is but a fragment.

So Beloved Ones, when you think of Me in the future, will you think of Me as the Herculean Love from the Great Central Sun whose Cosmic Christ Control of the forces in this world is released by My Heart Command to Life and your Call and your use of My Heart Command; and My Cosmic Christ Control in your own personal affairs, then in your Nation, and then in the world. And as you call the Herculean Power of Cosmic Christ Control into the affairs of your nation and into the minds and feelings of the people, it will be as if you raised a curtain in a room that was darkened, and the sunshine flooded it with Happiness and Freedom and Perfection.

After all, mankind need Cosmic Christ Control of themselves and of the energy and the forces of this world. The Great Lord the Maha Chohan is the Cosmic Christ Control of all the Powers of Nature, and the Seven Mighty Elohim are the Cosmic Christ Control of all the Sacred Fire that They have drawn into this world to manifest It and to sustain it and keep it in action for the use of mankind. And so Our Cosmic Christ Control means a very great deal more than mankind's intellect understands. When you call the Heart Command and Cosmic Christ Control of the Seven Mighty Elohim of Creation into the physical affairs of men, into the physical operation of your government, into the physical action

of your business, into the physical manifestations of your world, mankind will learn some things they do not know now, and your Good will expand and be protected. So I offer you tonight My Heart Command to Life; and My Heart Command to Life was part of the Command that created this world in the beginning and sustains it to the Victory of its Ascension, and that of the system.

*So My Heart Command tonight to Life, to Light, to Love, My Heart Command to this world, and My Cosmic Christ Control of this world, is fundamental, and was established in the beginning as the nucleus upon which this Earth has gone forward to its present state.* So I offer you again My Heart, and may My Heart's Command to Life and My Cosmic Christ Control of this world enter into the affairs of your nation and close out that which should not be. I offer this to you tonight for your Protection and the Protection of all that is constructive upon the Earth. Go forward and use It, and I will fulfill your Call and keep My Word, and reveal the Love of My Heart and the Control which It is in this system of worlds. I offer It in this hour of world need, and may mankind become acquainted with the Help that is offering them Release from their own distress. I enfold you in Its Love. *(applause)* Thank you so much.

Now may you feel My Heart's Command for your Freedom, and My Cosmic Christ Control of the forces around you bring you success without limit, and protect always everything that is constructive. And if you will help Me to issue those Commands to Life, We will go forward and fulfill the Divine Plan that sets all free. Thank you for your Love and your attention to Me tonight. Thank you.

**“ALMIGHTY I AM”! (3)**

***Beloved Saint Germain — Dallas, Texas — April 26, 1958***

Don't be afraid to assume responsibility. You cannot grow, and your Light won't expand unless you take responsibility. You are in the treadmill of existence

unless you allow your Higher Mental Body to expand Its own Light in and around you—unless Its Powers which produce Perfection in the outer world conditions make you the Sun Presence that glorifies your “Beloved Mighty I AM Presence” and the Ascended Host. That is your duty to Life. That is the Divine Plan fulfilled. That is your responsibility, which brings you the Victory of the Ascension.

Learn to live for the “Beloved Mighty I AM Presence” first, the Freedom of your Nation second, and yourself third. The moment you live for the glorification to be in this outer self, the “Glorifying Presence” that bears witness to the Blessed Powers of the “Beloved Mighty I AM Presence” and the Ascended Host, you will not seek happiness, because you will have become a Sun Presence of Its Victory. All the happiness you seek depends on the Sacred Love of the Sacred Fire; for It is the Magnet that draws supply to you. Everything you want to make yourself happy depends on This which I have offered tonight, and if you will stand, face and conquer with Me, I assure you, the Blessings I can bestow, the Blessings that will flow from your “Presence,” will act for Eternity, and you will live as your “Beloved Mighty I AM Presence” originally intended you to live—without strain, without struggle, without problems, without mistakes, without limitation.

I bring you Invincible Victory, and as you set This into action, and as We amplify It in and around you, It will go forth and bless your affairs. You will be able to hold your Full Mastery in many ways that as yet have not come forth into outer world experience. You then become the “Peace Commanding Presence” to the Life around you, and the world will seek you out, blessed by the Peace which you have become.
