

DISCOURSE
BY
BELOVED REX
THROUGH MR. G. W. BALLARD
KANSAS CITY, MISSOURI FEBRUARY 14, 1938
YOUNG PEOPLE'S GROUP

eloved Students of Kansas City, how Great is Our Rejoicing that the Great Power of the Ascended Masters through the Messengers is again focused in your midst—and this time with a Glory that will delight every one of you. Beloved Ones, take Heart! If you have not achieved all that your Heart has desired, or you feel you have not gained the Power of the Application that should be yours, then let Me encourage you; for in the coming Class here, if you will give undivided attention, I can almost certainly assure you that your struggle will be over. A Power of Radiation will go forth in this Class because of the Harmony that exists in the general activity of the city. And whatever inharmony has been among each other will at once be dissolved; that is not to be considered. But in this that I am referring to is an atmospheric condition that has been wholly dissolved from your city.

May I congratulate every earnest, sincere Student in Kansas City who has made Application for the magnificent results produced! The cloud, the miasma of human destructive thought and feeling, has been completely annihilated from your midst. Again, I mean by that, so far as the opposition to this Work is concerned. You always have a human creation and accumulation among mankind

who do not understand this, of course, but you who have gained the Power and the Victory in the Feeling of the Powers of the “Presence” will find at the close of this Class a Freedom and Glory, a Power in your Application that you have never experienced, even to those who have had the greatest success.

In your “Presence” is all that there is in the universe, all the Intelligence, all the Power, all the Strength, all the Courage, all the Energy. Now the need of the Students today is to remember that they can release the Limitless Energy, any amount that they require, for their health, their achievement, strength, or whatever it may be. That Energy is there, abiding in their Hearts. Now you will remember, although I quite understand the tremendous volume of understanding that has come forth, the human intellect only registers a fragmentary part of it, and unless you keep reminding it of these various points that are so powerful, including the Application especially, and the fundamentals, the outer forgets it. And then they come to the point where unless they remind themselves of this, the old feeling creeps in. That is what you want to avoid.

If you come to the point where you feel an uncertainty, go back in the Magazines or Books and refresh your memory on these fundamentals. And in that which the Messenger just said to you tonight, that Power that you are using is Light—Self-luminous, Intelligent Substance which you call forth from the “Presence.” There is not a thing in this universe that can interfere, or would even try. Won’t you remind yourselves of that? Look, of all the human creation, all the so-called destructive activity, not even the worst of it ever makes an attempt to interfere with the Light. Won’t you understand that, Beloved Ones, and see how easy it will make your Application, how Powerful it

will make your Application when you realize that. In the beginning of any Application you make, remind yourself of that which you are calling forth. Then the feeling within yourself, or that which might be in the atmosphere about you, will dissolve and disappear, because Light compels it to be dissolved.

When you turn the Light on in the room, notice! The Light is there and the darkness is gone. That is the same thing We want you to feel in your Application, because the identical application is taking place, oh, a thousand or ten thousand times more powerful than this would be here in your artificial current. This is your artificial current, but this which you call forth is that which produces that, and, of course, is thousands of times greater. You see that?

Therefore, as you will remind yourself in your Application, you will see how quickly will disappear from you and your world any feeling that your Application will not produce the exact results you want. It is Life. It is compelled to do it at your Call. It is not a matter of will it do it, but Life must answer the Call, because you are Life making that Call, and Life answers—all the One Intelligence, the One Substance, the One Energy—but notice! left untouched, unqualified by your human discordant feeling. That is why I want to say to you Beloved Students tonight, no matter what anyone else does, do not ever allow yourself in the future to utter one word of criticism or condemnation, or allow one feeling to enter your feeling world that would disturb. It is you I am talking about, Precious Ones, not about somebody else; you are the one who wants to be Free. Do not allow somebody else to stir up your feeling!

We are coming, I assure you, Beloved Ones, to a point of Application where nothing in the world will stand before

it. And that is why We wish to take every opportunity now to get into the feeling of the people this Almighty, Powerful Conviction that your Application cannot fail, because it is Life acting, answering your Call, and how could Life fail in anything? Notice! These words sound so simple, but let Me tell you, they are carrying the Almighty Power into your Life and feeling world that will stop all of this feeling of doubt or questioning, or the slightest desire to criticize or have an opinion about someone else. It won't do, Beloved Ones. I assure you, you can believe it or not, but you watch, as long as that feeling acts in your world or goes forth from your words, you will not have your Freedom.

It was quite a wonderful thing in Nada's and my Life. Our home was very wonderful, and Mother, having been taught by Beloved Saint Germain all those years previous, even before Nada and I were born, of course, in her Application by Direct Teaching and Instruction from Him, was able to govern and hold the Great Harmony of the "Presence" in our home and in our Life. Therefore we knew only Harmony and Love and Kindness. And after all, what a magnificent thing! It is the only thing that matters in the whole world—loving kindness to each other. And why? Not only just because you might want to be kind to each other, but because it is the sure, definite, certain release of the Powers of your "Presence," untouched by human qualification, which produces immediate results. Let Me prompt you tonight, that as you watch and see the Fulfillment of your Calls, your Decrees, your Application, which is all One, and as you go on and you see how much more quickly they are fulfilled, and how much more powerfully, then you will see and know it is just the Fullness of Life you have known, accepted, and called into action that will produce all of these results for you.

Let Me repeat again, Beloved Ones, in your Application to your “Presence,” what is it you are calling forth? What is it you are wanting? Why is it you are wanting it? You are wanting your Freedom! Suppose it is an added financial supply you require. Well, isn’t that a step toward Freedom? After all, the principle of Life that is acting within your human form is seeking its own Freedom, which is there—your “Presence.” Then do you not see how it is all a natural process, not a thing unnatural in the world! And as you feel that and come to realize, “Why, ‘I AM’ Life acting here! Now ‘I AM’ Life making the Call to the Fullness of Life, which is the ‘Presence,’ then how could I, being Life, and calling on Life, fail to have the answer of Life?” You see that? How that it is all perfectly natural?

Now We have observed that in those Great Ascended Masters with whom We move, will you realize just for a moment with Me, that when the Higher Mental Body, which is the Activity of Life through the human form, sees the need and makes the Call to one of the Ascended Masters, They respond instantly. They are compelled to, because there isn’t anything in this universe that disobeys Life. We are getting into tremendous things. There isn’t anything in the universe that disobeys Life, because Life is Light. Let us carry on. Life knows no resistance nor interference. Why doesn’t it? Because It is all there is—all Constructive Activity and Perfection. Now then, remember, in that Stream of Light from your “Presence” anchored within your human Heart is all that exists in the outer world. Through That came all that is. The very house you are sitting in now came through that Stream of Light and Energy, through a human being, was put into ideas, then on a blueprint, and became the building out of the substance of your human world.

Remember that the “Presence of all Life” is the Governor of all this Substance that has come into form when you call It into action. Therefore, Dear Hearts, you see how you have the Key, the Mastery of Life in your blessed hand, and the Sword of Blue Flame to cut yourself free of every limitation and discordant thing in the universe that exists in the human octave. You have It in your hand now. Use It, Beloved Ones, with all the Kindness and Power of Divine Love in your being. No matter how firm you need to be in your Application, never let a feeling of unkindness go forth! We have taken for trial a few individuals, and We are watching their every thought and feeling. They have already discovered that when they hold Harmony in their feelings, how Magnificent it is, and how when they allow any discord to enter, how unhappy it is. Therefore, in the Fullness of that which is your Life, remember, there is no person, place or condition in the human octave that can stand discordant before that Light called into action.

And please do not, please do not battle personalities! Please do not do it! I wish every one of you could have heard that magnificent Dictation in the Sanctuary in San Francisco. [*Serapis Bey, January 23, 1938*] It was the most magnificent thing. The Words sounded childlike almost, and simple, and yet They carried a Power that was tremendous. Just a word or two concerning it: The trees do not try to interfere with each other; neither do the vegetables. Therefore they live in harmony of production. When human beings learn to live with only Blessing to each other with no thought except to bless them, how wonderful will be their Perfection!

Dear Ones, the Messengers have pled for three and a half years, putting forth the Law that it was Harmony

required in the feelings of mankind to let the Release of their “Presence” produce Its Perfection for them, and it is truer every day. No one can have Perfection in their world without Harmony first in their feelings maintained. Now just to do it today or tomorrow is not sufficient because of the old momentum which you have gathered. Therefore, if you will continue, there is not one person living in the human form who would hold their feelings harmonious for six months and go back to the old discord! They never could do it in the world, because they would be so satisfied and joyous from the maintained Harmony that there would be no desire longer to have a feeling toward any person, place or condition, other than to bless it.

Now that is how the Messengers have done it. They do not fight these things. They may be very positive, but there is no disturbance of fighting in their feelings. They call the “Presence” into action and leave it to the “Presence,” and the results are produced. That is what all must come to do. But watch your feelings afterwards, and do not let them begin to change. Let them hold steadfast every time the attention goes back to that Perfection you felt. For instance, We might draw an illustration to assist you. Suppose you made Application for a certain amount of money that was your right and your need. Now then, you say, “ *‘Mighty I AM Presence,’ release from Your Treasure-house this supply of money I require!*” And as near as you might comprehend, state the amount. Then when you have called the “Presence” to produce that, knowing that you have set the Wisdom of the Universe into action to release from the Treasure-house of your “Presence” this money, then the Wisdom and Power of the “Presence” will reach out Its Hand, and through Its Wisdom, govern outside persons, places and conditions to produce that result for

you—at the same time causing you to do the perfect thing in connection with it that you should do for the result. Do you not see, that makes it impossible for the financial supply to fail to appear? It is compelled to do it, Dear Ones, because you are talking to the Treasure-house of your “Presence.” Its Wisdom acts!

You might say to Me, “Well, my money is not up there in the Treasure-house of the ‘Presence.’” How mistaken you are! It is the Wisdom and Power that produces your money out here. Your present means of exchange is there in the Treasure-house of your “Presence,” and when called into action, Love, Wisdom and Power go into action through the Power of your attention to what is required, and the Wisdom of the “Presence” governs all persons and places out here in the human octave, and produces that for you. And it cannot fail! Do you not see that it is impossible, because it is the Greatest Law in the Universe answering your Call by natural means.

Beloved Ones, “natural” means not anything mysterious about it, and that is what We want you to understand. Beloved Ones, Nada and I, in this embodiment—it really was not necessary for us to give any particular thought to finances because we always had whatever was required. But when I look upon it today and see the conditions that exist in the feeling world of individuals—you must not think We are prying into your affairs, you know, but when We want to help you, We just cannot help but see what is in your feeling. We cannot help it, so you must not mind. But when We see what is in the feeling that is obstructing the very thing your Heart is calling for, and yet the blessed one does not comprehend it, then is when the most longing in Our Hearts exists to at once give you the Release. But We know it can only come through your

Application and through your feeling; therefore We do all We can to sustain you in Courage and Strength.

And when I see the feeling that is growing and expanding in the blessed young people whom We love so much—we love all of you, of course, but We know the need of the young people for the future—We must have them! America must have them! And remember, Precious People, every time there is an inclination to hear gossip or express it or feel the least bit of irritation or disturbance of any kind, remember your part. You are a part of the Heart of America, Beloved Ones, and that is the thing to be considered. You are a part of the Heart of America! Therefore all human personalities must be kept out of the minds of individuals for that Service that is to be rendered. And it is a very wonderful thing!

Again I say in reference to Ourselves, Nada and I never knew in this embodiment what it was to feel inclined, or have any desire to have any thought about another human being except of kindness. Of course, our Life was sheltered, and when I see the activity today among so many, many people, and how that great Love and Kindness is there in almost every “I AM” Student—I mean every sincere one—and it only requires such a little effort upon the part of the individual to hold such Self-control with the outer feeling, that that will find its quick and powerful, rapid expression through them.

You have no idea, Beloved Ones, how often, in those who feel they have not gained so much Victory in their Application, the change that has taken place in the feeling of those individuals. Were I able to convey to them just what is there, they would be the most delighted people on the face of this Earth today. Because you surely understand, Dear Ones, that when an old momentum has been gained

by discord and the lack of understanding, which, after all, is all it is—all limitation and all discordant activities are just a lack of understanding; and when that has continued through centuries, and then you suddenly undertake to reverse it, well, it would not be surprising if it took a little effort, would it? But remember, in that which We are referring to now as human effort means the balance of Self-control in the human to the Powers of the “Presence” which We call forth. Now notice, this is what I mean by that. If you call forth the Powers of the “Presence” to produce any given result, or the various ones you require, you are intensifying this Stream of Light. Therefore, if you continue to qualify That with discord in the feelings, do you not see how you are intensifying your discord? That is why We say that Life does not permit it. It is not a matter of Our Opinion, yours, or anyone else’s; but Life is acting through your mind, body, and your feelings, and Life has said, “I must have Harmony to produce the Perfection which you require!”

Now you are the Decreeer of all that Energy that is flowing through your physical body—how it is going to act for you. You must see that. Therefore, if you do not hold your feelings harmonious long enough to let the old momentum of irritation or discord be dissolved, then you are continuing to qualify that energy as it flows through in the Ever-increasing Stream; because when you call your “Presence” into action, that Life Stream must intensify and expand. It cannot help it. Therefore, if you then still allow criticism, discord and irritation to act in your feeling, you are intensifying that Greater Stream of Life, and, of course, the discord will grow greater, you see. That is how whole activities of years of building up are destroyed almost at once; because the great volume of people have been able to

release a Greater Power of Life, and if that is continued to be requalified by discord, don't you see how it will destroy the whole thing with which it is associated?

That is how whole civilizations have been destroyed in the past; because the great mass of mankind became so depraved in their thought and feeling—and vicious, if you will pardon that expression—that the whole power and great volume of energy they called forth and released and handled when people became irritable and angry, they released powerful, intense feeling. And sometimes, while it is not quite a thing to smile at, yet sometimes you can scarcely refrain from it. When you see the one feeling that they cannot call forth—the Power of the “Presence” in Love, Kindness and Harmony—they will be so angry and release power enough to blow over a building, then still continue to think they cannot release the Powers of the “Presence” for constructive purposes. You see how ridiculous it is? There is not one of you in the room, or in the city, for that matter, who cannot release the Powers of the “Presence”!

Oh, so many people think, “Well, I am not quite sure I can release the Power and Energy to do this thing required.” But you let someone do something that makes you violently angry, and you can release all the energy that is necessary, can't you? Everyone knows that! There is no lack of energy when you are violently angry, is there? Now these things are nothing to be ashamed of, Dear People. We are getting at the basis of Life. It makes no difference what the mistakes of the past have been. Do not be put down because of the mistakes of the past. If humans did that, there would be no chance. There would be no hope on Earth! Forget the mistakes, and in the Power of the “Presence,” say to that thing, “Be silent forever!” Don't let your attention

dwell upon the things of yesterday. Don't do it, Precious People. What happened yesterday has gone forever, except you call it forth and revolve it in your feelings, which is tragedy for you.

Dear, Dear People, the way is so clear, so open! And please, do not, anyone, when you think you see mistakes in others, ever feel it or voice it—as you value your own progress. Dear People, do not do it. As long as you let those things act in speech or feeling, you will stay in your limitations. Your Application will not produce the results because you are constantly requalifying, and if you are very sincere in calling forth this Energy, you are requalifying the volume constantly. Therefore you will get greater discord if you allow that to act in your feeling and qualify it.

I am so grateful for the receptivity, for your comprehension tonight, because it is magnificent. I am sure you all feel it, and the Great Love that is pouring forth from you makes your comprehension clear and blest. O Dear Ones, I am sure I will probably get a good trimming for this which I am going to say from the Messenger, but I am going to say it anyhow. Dear Ones, there have been, many times in America, individuals who resent and try to prevent the Love poured out to the Messengers. My Dear People, do you know that that has been the Greatest Release for the Students over America of anything in this world! That is the reason why the Messengers have never tried to restrain It, because they know that Great Love poured out—which they pass up to the “Presence—is the Release to the precious, beloved people. And I say to you with absolute, definite Authority from the Higher Octaves, that no two people have been in the world who have received Greater Love than these two Messengers. And congratulations to the people of America and the

world for that! Dear Ones, one day you will see that is the most Magnificent, Powerful Release of the whole Powers of your “Presence” which produces Freedom for you. While the Messengers’ Gratitude is tremendous beyond words to express, yet all of your Love is passed up to the “Presence” and the Ascended Masters, to do for you and for America what it has made possible for them to do.

Now We have come to a point, or volume of activity, in this Outpouring that is so magnificent that the results of the next year will surpass perhaps the past three and a half years. That which you term, in your electrical terminology, the “step-up,” is constantly increasing with great volume and intensity. Therefore, all who enter into the stream of that will find a tremendously added and greater result within their own volume of activity. It is the Law.

Shall I say something to you tonight which I have never said, but it seems so apropos tonight? Beloved Ones, you have heard the Messengers talk about the volume gained by your Group Activity. According to the number and volume in your Group is the intensity added, the Strength and Power of Achievement. Now if you are in a Group of one hundred people, you have one hundred times your own effort, your own energy released. But look today, Dear People, do you realize that over America are more than three hundred and eighty-seven thousand people who are joining you daily in their Application, in their Decrees in this Work! Now We are going to begin to call the Students’ attention to this because, Dear People, it means a Victory inconceivable with that volume of Power released by the people all over America.

Now then, all of those are held within this Great Stream or volume of Light. You see, Dear Ones—whether you are

in New York, whether you are in San Francisco or West Palm Beach, or wherever you are—to the “Presence,” to this Energy, to this Light, there is no time or space. Dear Ones, you see that, surely. There is but the One Energy, the One Light, the One Activity, the One Intelligence in Its different gradations or activity, and in Its different points of focus. But in the cause of things is this One Principle, One Power, One Life, One Intelligence, and all that. Now then, when you remind yourself that in the great volume released from the nearly four hundred thousand people, why, Dear Ones, do you not see how, that if you will feel that, you are receiving the added Assistance to every particle of your Application, because that volume of Application from all those sincere Students is One; therefore, if you connect with the power of your Attention, that you are receiving the assistance of four hundred thousand people!

How can you lack for energy, health, or anything? It is magnificent, Dear Ones! Never was such a thing known on Earth! Not since the Second Golden Age was anything like that which you have become a part of today. You see how there is nothing stands before this Light, and ere long, all this seeming opposition to the Activity of this Light will disappear; because as the Light grows stronger, it just naturally disappears. You don't have to fight anything with the Light, Dear Ones. Just call the Light forth and let It expand and dissolve every bit of discord and everything that is undesirable.

Just for a moment, may I call your attention to the conditions that have existed in mankind, how nation after nation disappeared because of agitators. They allowed the feelings of the people to get into a seething vortex of destructive activity which brought on wars, and most of mankind were destroyed. The rest who remained lived in

the greatest privation, maybe for fifty years, before they could begin to gain a momentum again of the constructive powers. And how could they? Remember, all that spreads irritation and discord in the feeling of mankind is charging their world, is making a temporary record there which acts. Now then, let Us show you what is taking place just as briefly as possible in Europe. They are releasing a volume of destructive power. Well, suppose enough of those people destroy each other until the thing is stopped, what would be the result? Twenty or forty years, possibly, to build up what they had torn down in three, maybe in one, because the destructive powers for cities today are tragic beyond words—a few bombs that destroy the principal part of a whole city, or poison gas that would destroy the people of a whole city in one hour.

Blessed, Precious People, you don't see this yet, but I tell you, there is being held for use by destructive forces poison gases that would destroy every human being in your city inside of one hour. And We know where they are. That shall not move into America! Remember, We stand in a different position today than We did sixty days ago. The Law of Life at that time—Its Great Perfection would not interfere with destructive forces. But since the seventh day of the last Shrine Class, the Cosmic Light moved into action where the Free Will of every human being who sends forth destructive power can be taken away. That means that We can render a Service for the Earth never dreamed of in the history of the Earth. And that is what We intend to do, Beloved Ones.

That is why, as the Messenger described to you on the ninth day of that Class, all destructive forces have disappeared from following the Messengers, or hoping to find an opportunity to strike at them; because they know

in their feeling that those words are true—that for every vicious individual, their human free will can be taken away and set aside. And when that Mighty Decree was issued there, those destructive forces, vicious as they were, knew those Words were the Truth. Their feeling made them know. That is why We say to you, Beloved Ones, govern your feelings, and let the Great Joy, Freedom, Happiness and Power of your “Presence” release Its Infinite Powers, unqualified by any human qualification. And let Its Purity, Power and Perfection flood forth through your mind, body, and out into your world to produce Its Perfection there.

Beloved Ones, in the nearness of this Great Great Freedom, you are standing within the Open Doorway of It! And Blessed Ones, in your great, earnest, wondrous Application that you have made here, and the clearing of the atmosphere of this city, oh! it is magnificent! May you have the joy and encouragement, and oh, don't let anyone feel any thought or feeling of criticism of each other. Put all human feelings down forever, and in this Service to America and the Freedom which It will bring forth, no one will ever have a desire to have an opinion about another. Dear Ones, one individual allowing himself to be used by vicious gossip can stir up chaos in a thousand people in an hour, so don't let those things affect you if they are acting through someone. Shut it out of your world; then sooner or later that individual will see that such a thing is their own destruction.

Dear People, I marvel that after all the Messengers have said, the precious people don't grasp the fullness of that thing. It does not make any difference what the cause is. Any person who releases irritation, criticism, condemnation and destructive thought and feeling through their being must reap every particle of it that they send

forth. For self-preservation, how can anyone do it? Now We are not speaking about any condition that exists among the Students, but We are speaking of the Law of Life. Any human being, that is, those who have touched this Stream of Light, and then goes on disturbing regardless, and spreading forth gossip that stirs up irritation and destruction among others, that person will pay the penalty that no one would wish to see, because it is the Law. It is not a matter of who it is, but it is the Law of Life of the individual acting, Dear Ones. So do not let yourself be a part of it, and if people pour gossip in your ears, tell them to shut up and stop it, and you will keep your world free from that thing registering in your feeling. Someday, when you do not know what the cause is, it starts into action and you become disturbed. If you listen to that, you accept it into your feelings, Dear Ones, and that is why.

How grateful We are to have the opportunity sometimes to talk Heart to Heart to you. It is not a matter of individuals. It is not a matter of cause, persons, places or conditions, but it is all *you!* Dear Hearts, it is you and your world you want to perfect, and you cannot perfect it as long as discord is acting in your feeling. It does not matter what the cause is—it is really not a person, place or condition. It is just yourself, you see. You have all the Powers of the “Presence” to control your thought and feeling, and if you determine to do it, the “Presence” will give you all the Power in the world to do it. But if you let the slightest disturbance cause you to become a part of that destructive quality, thought or feeling, then you pay the penalty. You disturb others temporarily, but you are the one who pays the severe penalty. And We want so much, you blessed people, every one of you—this time, or

in this Class, or in those that are coming in the future—to have and understand this point so clearly that it never leaves the consciousness; because, Dear Ones, there is no use going on gaining the Victory a few days, then letting yourself get irritated and sweeping you down from all that has been accomplished. That is so discouraging—I mean to the human.

Sometimes, as We have watched blessed ones, and they would go along so marvelously for a few weeks, then all of a sudden some unexpected thing came up, and they became very angry. Then they would see the result and would wonder for a few moments why that could have struck them. Because they set up the cause that allowed it to enter. You see, irritation in the feelings, Dear Hearts—it does not make any difference what is the cause—it is the open door to all destructive forces that are striking at mankind today. Don't be frightened by what I am going to say. Everyone who enters this Stream of Light becomes a target to the destructive forces. It is not anything to be scared about, and you have to face it and handle it like the Messengers have. Think of those two people, humble as they are, able to wield the Power that drives back, dissolves and consumes a destructive power gathered by thousands of people. You can do it too, every one of you! And look, each day they become happier and freer. But if Saint Germain was to show you one glimpse of the power of destructive forces concentrated upon the Shrine Class when that Class started, you would never believe until you saw it, that such a thing was possible.

But remember, when a destructive force comes to a certain point, and for your sake of understanding I say to a certain point of brazenness, then it reveals itself and becomes its own destruction. And that force which was gathered

forth to strike at the Messenger—with sufficient power to stop the spreading of this Light—found its utter failure by the Power of Light. And how? Now notice this carefully! That Power of Light is always there, more intensified, true, at this time, but It is always there. I am talking about this one illustration that you grasp it. When those five thousand or more people released that Power of intensity of feeling through that Decree, it was the volume that We required, or the Ascended Masters required, to dissolve and destroy the destructive force that had generated. And why do they allow it to gather? Notice now! This is a valuable point. Why did They allow it to gather?

Beloved Ones, because the whole force of it is gathered into one force, and then, in One Mighty Blast, They can destroy the whole thing, instead of having to go around to these various focuses and gather it up, so to speak. That is the only reason that They allow these things to gather as They did there. No one was harmed, but the destructive forces saw at last the futility of their activity to touch the Messengers or affect the Work. And you will find that this old seeming opposition will dissolve more and more until it is no more. This is the Law. It is the Law of Life, Dear Hearts. It is the Law of Life which Saint Germain brought forth. This is not the Messengers' Work. This is the Law, the Ascended Masters' Law of Life; and They, being Free, and gaining Their Freedom through the identical application, then They are the only Authority, are They not?

The human unascended could not be the authority of that which they do not know. The Ascended Master has gained His Freedom by the Power of Application which He has made a part of Himself, and which He knows in every detail of the Accomplishment. Therefore He is the Authority, and the only Authority, and that is why

the Messengers have had such powerful results—because they give Absolute Obedience to the slightest impulse or direction of Saint Germain. Therefore the Law acts in that Full Power to them. Now remember, It did not do that at first. When they first started out from Chicago they made the most dynamic Application of any human beings you ever saw, and as the volume of necessity increased, their volume of Power and Application naturally grew greater. And they saw it, and knew the need of it. Then, day and night, they called this Power into action. And they stood alone then. Remember, they did not have all this great volume of Love from the Students. But now, today, it is all so magnificent, and this great volume of Love released from the Students—what a wonderful thing for each other!

So when all outer human struggle will cease in the spreading of this Light, and instead of opposition mankind will reach for It with a joy and magnificence that is wonderful, because as the Cosmic Light intensifies, It will act within the feeling world of mankind. And the moment the attention of mankind goes to the least Knowledge of this Great “Presence of Life,” then the Heart will take Command and cause them to feel Its Reality, which is true. Then people will come with great joy and enthusiasm instead of doubts, condemnation and criticism, listening to the false gossip of others.

In everything there is existing in Life, Beloved Ones—and We take a moment and look among individuals in their business activity, in their social lives. A group of people can have years of happiness together, and let one vicious gossip come into their midst, and it will shatter the whole thing; because in that cunning of the sinister force, it will go to this one and to that one, and say so and so, and the first thing you know, one has begun to be doubtful,

then suspicious of the other, and the whole friendship is destroyed, possibly for that embodiment. That is what it means to listen to things. If they are true, they should be silenced forever. And if they are not true, they should be silenced forever.

You see, Beloved Ones, it is self-preservation. It is the protection that Harmony in the feelings gives the individual, and sets him Free. We are not criticizing, or even having an opinion about anybody who has made this mistake, but it is the Law of Life We are talking about. The Freedom of each one is the thing with which We are concerned. Everyone has made plenty of mistakes, thousands and thousand of them. There is no one more holy than thou, but the Law of your Life which demands Harmony in your feelings is the thing We are concerned with, not anything else. So Beloved Ones, in My humble efforts to help you tonight, and in the Great Love that is poured out to our precious young people—Nada, Bob and Pearl are here with Me—and Our Arms of Light are always about you, with Our Strength, Purity, Courage and Energy to give you that Strength and Confidence in your Application, until you see by its very Victory, which gives you the assurance, that no longer need you remain in one single limitation.

But remember, Obedience to the Law is imperative. Without It there is but temporary result. The first Obedience to the Law of Life is Harmony in the feelings. Then your earnest, sincere, and if it be destructive forces, dynamic Application. Then you have the Secret of all things in Life, because that is the thing that your Life requires. Once you understand the imperative need of giving Obedience to that, then the Fullness of Life will flood your mind, body and your feeling world with this Great Purity and Perfection, and go out in the great volume like a Great Stream of

Light and Energy, out into your world, and so harmonize it, that all you touch will love to bless you in any way that Life sees fit for it to act.

Therefore, you are dealing with a definite Law, a Mighty Intelligence and Power of your own Life. Tonight, feel that, and oh, know Our Love is so Great that pours out to you when We see you winning your Glory of Victory! Remember you have come to know the Great Presence who is Victory—that Great Presence who for century upon century has known only the Victory in Its most Powerful Achievement. The Ascended Masters are just your Advance Guard of Light prompting you, urging you, and praising and blessing you, until you, too, stand the Victory of Light. And I thank you, Beloved Ones, with all My Heart, on behalf of Bob, Nada, Pearl, Mr. and Mrs. Rayborn, and all the Ascended Masters. Oh! They are so real! Dear Ones, please dismiss forever all feeling of doubt, if there be such a thing within you, of the Reality of the Ascended Masters. They are as tangible, and more real than you are; and one day, if you keep up your patient Application, will you see the Truth of those Words. Don't let human opinions affect you, Dear Ones. Stand in the Glory of that Light that beats your Heart, and have Its Eternal Freedom. And I thank you.
