

Round Table Talk

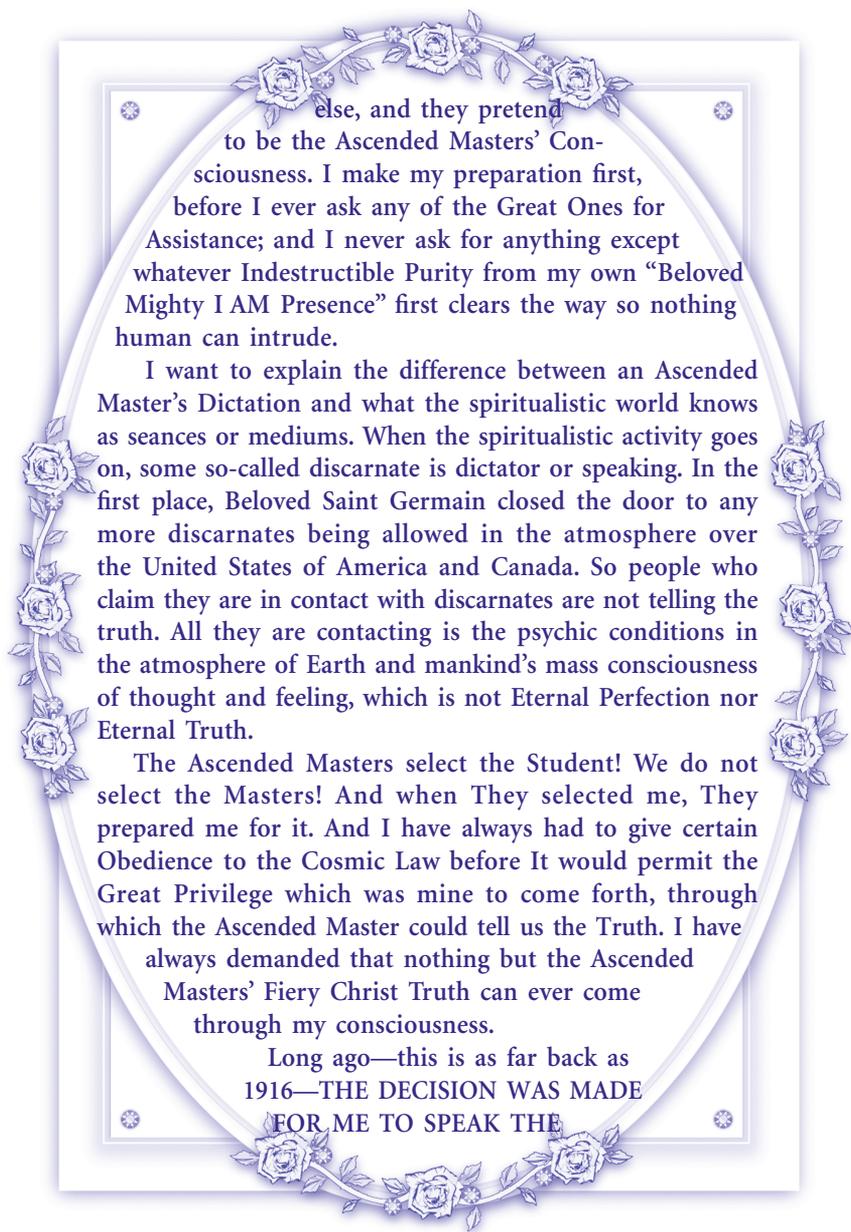

BY MRS. G. W. BALLARD
September 12, 1965 — Shasta Springs, California

HOW MRS. BALLARD RECEIVED THE ASCENDED MASTERS' DICTATIONS

How should we explain to a new Student the method or manner by which you receive the Ascended Masters' Dictations?

I AND HEAR, BOTH. And I never have the way or asked the Great Ones for any Assistance until I have prepared myself first. Some people have made the statement that I just say what I feel. Well, I do nothing of the kind: I both see and hear at the Inner Level, and I have since I was about thirteen years old—and I mean by that in the Ascended Masters' Octave, not the psychic plane; they are as far apart as Light and darkness. I thought everybody did this, but I found out later they did not. If people want to know—and anyone who wants to qualify under the Demands of the Cosmic Law must know it doesn't mean that everybody is going to be picked to receive Dictations.

People on the Earth who are claiming to receive Dictations from the Ascended Masters are just lying. All they say is their own mental concepts of the things they have read in books or somewhere

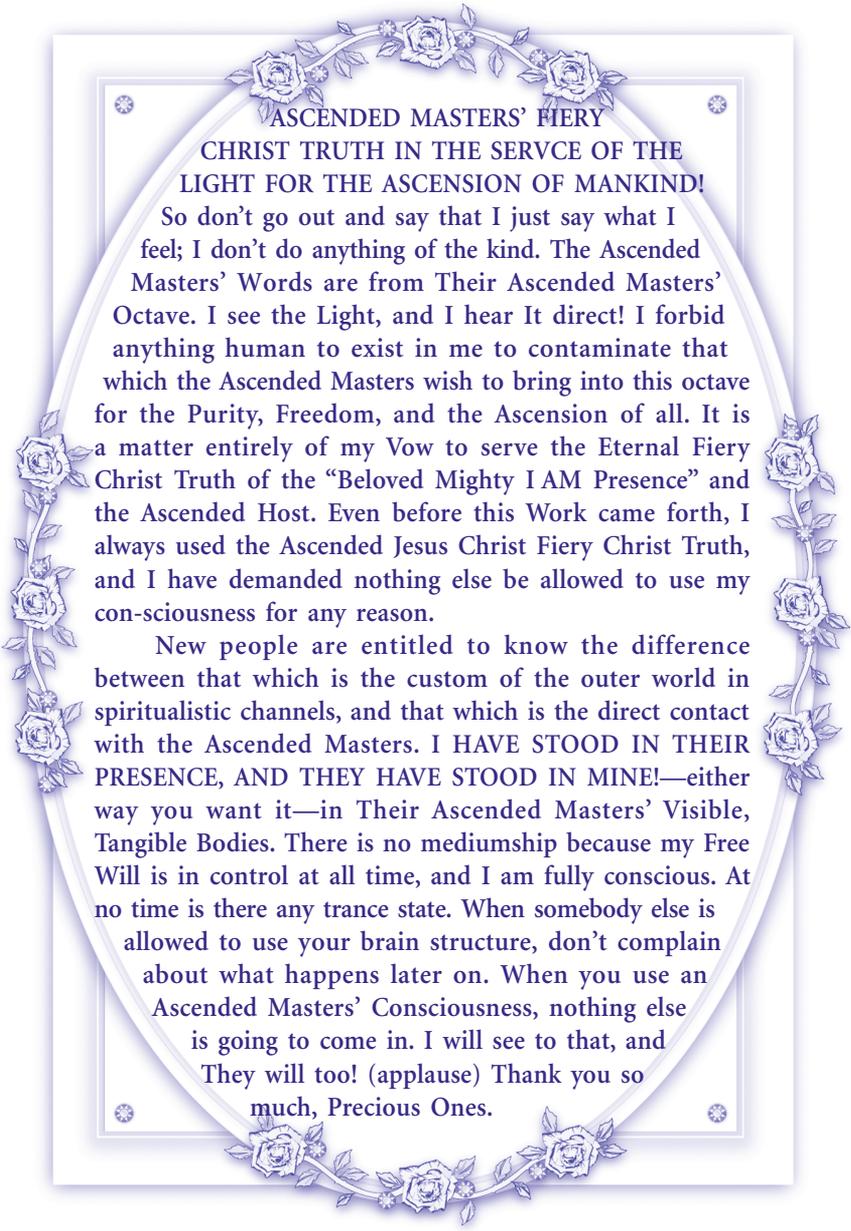

else, and they pretend to be the Ascended Masters' Consciousness. I make my preparation first, before I ever ask any of the Great Ones for Assistance; and I never ask for anything except whatever Indestructible Purity from my own "Beloved Mighty I AM Presence" first clears the way so nothing human can intrude.

I want to explain the difference between an Ascended Master's Dictation and what the spiritualistic world knows as seances or mediums. When the spiritualistic activity goes on, some so-called discarnate is dictator or speaking. In the first place, Beloved Saint Germain closed the door to any more discarnates being allowed in the atmosphere over the United States of America and Canada. So people who claim they are in contact with discarnates are not telling the truth. All they are contacting is the psychic conditions in the atmosphere of Earth and mankind's mass consciousness of thought and feeling, which is not Eternal Perfection nor Eternal Truth.

The Ascended Masters select the Student! We do not select the Masters! And when They selected me, They prepared me for it. And I have always had to give certain Obedience to the Cosmic Law before It would permit the Great Privilege which was mine to come forth, through which the Ascended Master could tell us the Truth. I have always demanded that nothing but the Ascended Masters' Fiery Christ Truth can ever come through my consciousness.

Long ago—this is as far back as 1916—THE DECISION WAS MADE FOR ME TO SPEAK THE

ASCENDED MASTERS' FIERY

CHRIST TRUTH IN THE SERVICE OF THE
LIGHT FOR THE ASCENSION OF MANKIND!

So don't go out and say that I just say what I feel; I don't do anything of the kind. The Ascended Masters' Words are from Their Ascended Masters' Octave. I see the Light, and I hear It direct! I forbid anything human to exist in me to contaminate that which the Ascended Masters wish to bring into this octave for the Purity, Freedom, and the Ascension of all. It is a matter entirely of my Vow to serve the Eternal Fiery Christ Truth of the "Beloved Mighty I AM Presence" and the Ascended Host. Even before this Work came forth, I always used the Ascended Jesus Christ Fiery Christ Truth, and I have demanded nothing else be allowed to use my con-sciousness for any reason.

New people are entitled to know the difference between that which is the custom of the outer world in spiritualistic channels, and that which is the direct contact with the Ascended Masters. I HAVE STOOD IN THEIR PRESENCE, AND THEY HAVE STOOD IN MINE!—either way you want it—in Their Ascended Masters' Visible, Tangible Bodies. There is no mediumship because my Free Will is in control at all time, and I am fully conscious. At no time is there any trance state. When somebody else is allowed to use your brain structure, don't complain about what happens later on. When you use an Ascended Masters' Consciousness, nothing else is going to come in. I will see to that, and They will too! (applause) Thank you so much, Precious Ones.
