Discourse By
GREAT RULER OF THE VIOLET PLANET
THROUGH MRS. G. W. BALLARD
SHASTA SPRINGS, CALIFORNIA — SEPTEMBER 20, 1958
CD 509

Mrs. G. W. Ballard: As the Mighty Presence known to us as the Great Ruler of the Violet Planet speaks His Heart to us tonight, we ask our “Mighty I AM Presence” to bless Him without limit; to pour forth our Love and Gratitude; to keep us receptive to His Outpouring; and give Him unconditional Obedience, that He may render His Greatest Service to our Nation and the world through those under this Radiation who know of His Presence; and to welcome Him and accept Him, and that which He can pour forth to the Earth for the Fulfillment of our Calls.

Great Ruler Of The Violet Planet

Beloved Ones of My Heart's Purifying Freedom to the Earth, through the Violet Consuming Flame I shall call you tonight My Heart's Violet Flame Family. I have much to give, and tonight may I help you with this Explanation of the Law. If you call into yourselves, and into the Decrees that have already gone forth, the Inner Essence of the Violet Planet, it will bring into you and make an Eternal part of your Life Stream the Strengthening Power of the Purifying Love which the Violet Consuming Flame is to Life.

Now the Power that comes from the various activities of Life surrounding the Earth is always consciously directed by the Great Beings who are the Authority to send that Power, by Conscious Direction, anywhere It is required. And since that which you require at this time in outer world conditions is a strengthening of the Power of Purity within you, that Its Protection may go forth and protect that which is constructive, We offer this Service tonight, because the Power—the Manifestations of the Life that are the Victory of the Violet Consuming Flame's Control of everything in perfect, balanced, harmonious action—that Concentration of that Power of Strength and Masterful Control of all things comes to Earth from the Violet Planet. I have this much to say: Your Mighty Beloved Saint Germain, Cosmic Being of Perfection that He is, is Our Ambassador from that Planet to the Earth. (*applause*) Thank you, Precious Ones—if you will remain standing just a moment—He is My Own Son in Service to the Life of this world. Therefore, I am certain Authority to draw into the Life Streams of each of you the Inner Essence of the Violet Planet, to give you the Strength

and the Power and the Protection to hold the harmonious control within yourselves that enables you to hold Protection of that which is His Freedom to the Earth, hold Protection of that which you Love, and hold Protection of that upon the Earth which is constructive.

Tonight there is a very Great Blessing to the Earth as you have given Me recognition, as you have accepted that which I have the Authority and Power to give. As you feel this Mighty Perfection of Life come into you, you will begin to know something of what Mastery over evil means to Life! (*applause*) Thank you. Won't you be seated please, and just remain so. The Great Cosmic Service which the Violet Planet renders to Earth is, I assure you, a Great Miracle of Life. It is the Great Miracle of Love's providing of that marvelous Way and Means of producing whatever is needed to purify, forgive, redeem all mankind; dissolve and consume the miscreations of the ages; and taking that substance, remold it into that which glorifies the Source of all Life, the Great Central Sun, and purifies, perfects, and establishes permanent Perfection in this world.

Dear Ones, as you experiment with just what the Inner Essence means in Its use through yourselves, into conditions of the outer world, I am sure your Happiness will be such as you've never yet experienced. Just Its Great Natural Way of producing Perfection will lift you unto the Heights of Victorious Attainment. That which must be protected and redeemed throughout the world must be held Victorious by the Cosmic Power which We direct; therefore, each of you who understands the use of the Violet Consuming Flame, accepts and uses It, is entitled to be strengthened, protected, and held Victorious over that which is of evil. When this Inner Essence comes into you to give you the greater Power

of Mastery within yourselves to protect with greater Purity the Purity that is already within you, you will find coming into your outer use these Greater Powers of your own Life Stream; and, naturally, you will attract greater Powers of Perfection from surrounding conditions in the outer world.

This has a twofold Action: as It is drawn into you from the Violet Planet, just exactly as the Sun's Rays pour the heat that your bodies absorb and that makes you comfortable, so does the Inner Essence from the Violet Planet come into you and make you comfortable, make you strong, and make you Invincible against that which is not the Purity of the Great Sacred Fire's Love. This will strengthen within you the ability to forgive, to extend mercy, to pour forth the kindness that will lift Life wherever you abide. In giving that forth to the Life you contact, you will find Its Mighty Perfection and Miracles of Happiness filling yourselves and your world, and that will be a Magnet to attract to you not only the greater Perfection from the physical world, but It will attract to you from the Inner Realms of Life—and I am speaking of the Mental and Feeling World of Our Octave—the Blessings and Manifestations that as yet you know not of.

This is a Mighty Gift to Life. It is much needed in your world of distress. If you will call the Inner Essence from the Violet Planet into the physical structure of Earth and into the Powers of Nature and Forces of the Elements, It will strengthen and purify and protect Purity in those channels also. Very few individuals understand what the Inner Essence means. And yet you must have It. In order to attain your Mastery, you must have It to produce Perfection. And this, My Dear Ones, is the Way and Means by which the Sustaining Action for which you have called tonight

comes into your Life Stream and sustains around it in your outer activities that Perfection which is within the Violet Consuming Flame.

This Inner Essence is the Sustaining Power of all Perfection! Now whether that Inner Essence comes at intervals, or through terrific experience, from your Higher Mental Body, or from an Assisting Master, Its Service and Activity within your Life is always the same. It strengthens and protects all that is constructive, and It ever expands the Power to produce greater and greater Perfection. But when It comes from the planet, the Violet Planet, when that comes into you, it is that that Inner Essence may enter into the structure of the Earth through yourselves, and there protect and strengthen that which is constructive so that Its Purifying Love may forever remove that which mankind has imposed upon the Powers of Nature and the Beings of the Elements. It will remove the frightful impurity that mankind has placed within the structure of Earth by the qualities of the sinister force.

Do you think that there is not a Cosmic need for this tonight? Do you understand why We come in this hour of world turmoil to draw this, not just into yourselves? The structure of Earth itself needs the Inner Essence of the Violet Planet to control and offset the destruction that mankind, through the misuse of knowledge, has sought to continually pour within the structure of Earth to produce destruction. The outer world misinformation concerning radio activity is enormous to behold. And so since human beings choose to concentrate the energy in the Powers of Nature into destructive activity, We choose otherwise. And it is not idly that I have come tonight to give you this Inner Essence from the Violet Planet. I have come that that Inner

Essence from the Violet Planet may go into the physical structure of Earth itself and strengthen and protect all that is pure.

The need of the hour is very great! The need of the world is for Purity, and the Great Forgiving Love and Purifying Activity of the Violet Consuming Flame and Its Inner Essence from the Violet Planet is the redeeming of the world and all upon it from the frightful creation that mankind has produced by the desecration of the use of God's Energy. So tonight, My Dear Ones, since the need of the structure of Earth is so great, you may have within yourselves tremendous Force of this Inner Essence, and It cannot produce one thing in you but Perfection! And I am quite certain you will enjoy that! (*applause*) Thank you so much!

So in your Calls, if you call to your "Beloved I AM Presence" and the Blessed Saint Germain and Myself to draw the Inner Essence of the Violet Planet's Perfection into yourselves to make you Master, so shall It be established within you, so shall It act through you, so shall It bless all around you, and so shall It flood into the structure of Earth that blesses you so greatly. You can bless every Being and Power of Nature by this which is offered from the Violet Planet because It is the Authority not only over this Earth. The Inner Essence from the Violet Planet surges throughout the system and is the Invincible, Forgiving, Purifying Love that is always manifesting Perfection. If you call this within yourselves, fail not to send It into the structure of Earth and the Powers of Nature and Forces and Beings of the Elements. Just call It in to bless them, and let It reveal to you the Magic Power which It is. And then, if you care to call forth the Purifying Miracles of the Inner Essence from

the Violet Planet into yourselves, into the world about you, into Life wherever you go, it can but bless you; it can but bless Life, and all Life you contact will bless you in return.

We have much to give! We have what the world needs, and We are the Freeing Power to Life everywhere that has been bound by the miscreation of unfortunate human beings. There is a Majesty, I assure you, within the Great Powers from the Violet Planet, of which mankind can scarcely dream. And It is the Master Power of the Sacred Fire's Control of all manifestation. It is the Harmonious Control of all manifestation. Therefore, if you choose to be the Invincible, Purifying, Freeing, Protecting Presence to Life, this Inner Essence from the Violet Planet shall come to you and within you to enable you to do what your Heart desires, and to be such a Blessing to Life that only your own use of It, and by your own experiences, will you realize how Great is Its Power of Mastery, how Wondrous is Its Purifying Love, and how Victorious you can always be because It frees you from all that is not that Love and Eternal Purity.

There are Great Beings who concentrate this to the system. It is My Privilege to give this into the outer activities of those whom the Mighty Saint Germain has honored by calling them His Family. And since He has honored you, so do I honor you and offer you the best I have to give! (*applause*) Thank you, Precious Ones. Now you may render a Service to the Powers of Nature and Forces of the Elements, and ask for the Violet Flame Angels from the Violet Planet to come and bless the Earth with the Inner Essence that releases the Powers of Nature and Forces of the Elements from impurity imposed upon them, and then reveals through them the Magnificent, Expanding

Perfection that is the Divine Plan's Fulfillment for that which is to come forth through those channels to bless mankind who remain here. And then shall your Powers of Nature be free from imperfection and impurity; then will they give you their best; then will what you know as the best of today be but a fragment of that which they are yet to give to bless you all. Your food, your flowers, the plant Life—the action of the Elements will bring you such Blessing and such Beauty and Perfection throughout the Earth that this night you will remember when the Cosmic Law has seen fit to draw forth from the Violet Planet that which extends the Great Love and Forgiving Mercy, the Purifying Love from the Great Sacred Fire Presence that rules this system, and brings It to Earth to more easily set mankind Free.

You cannot bless Nature without Nature Blessing you. You cannot bless your fellowman without Life from each Life Stream blessing you. This which is the Inner Essence from the Violet Planet is, I assure you, the Miracle Gift of Life! (*applause*) Thank you, Precious Ones. So tonight will you feel perfectly free to call and call and call to your Heart's content for all of this to come into you and around you. Bring It into your affairs! Bring It into outer world conditions, and I tell you, Life will love you everywhere, because Life will automatically be purified and raised into harmonious association with you. Whether that Life be in the structure of Earth, be the Powers of Nature, your fellowman, or in the atmosphere of Earth, matters not! All Life will love you! And so I give you a Magic Wand. And your Call for this Inner Essence from the Violet Planet to come and purify the Earth, bless the Earth, and free the Earth from mankind's unfortunate creation, I assure you, will bless and protect all

who are trying to hold to the constructive way of Life. It will give them more Power and Strength to hold to everything that is constructive, and in Its Ever-expanding Authority of the Sacred Fire, that which is of miscreation will fade out, dissolve, be consumed and disappear. Even the misqualified energy will be grateful for the release from the impurity that has been imposed upon it.

Tonight the Inner Essence of the Violet Planet in Its Magnificent, Miracle Blessing to Life as It comes within yourselves will bring you a Peace you have never yet experienced. It will give you Power to accomplish. It will enable you to bless everything wherever you abide, and that which has been your struggle you will have forgotten. I am quite sure tonight you are ready to let go! (*applause*) Thank you, Precious Ones. Then My Loved Ones, if it seems hard, or has seemed hard in the past to forgive that which was of human distress, you will find it no longer a struggle, but would just act naturally. In that Forgiving Love there comes your release from the binding chains of limitation in this world. And you will never forget the day this Illumination has come to you! As you draw forth this Inner Essence and accomplish the Release of Its Power to the Earth will you forever remember that the Hand of your “Mighty I AM Presence” in the Mighty Saint Germain has closed the door of memory upon that which is the unfortunate creation of the past. This will release you, My Loved Ones, from habits, from desires, from distress, from substance, and from conditions that have tortured you for centuries.

Tonight the Freedom of Eternity and the Perfection that Love alone contains comes to assist you—offers Itself to you. As you reach up and welcome It into yourselves will you find Heaven becomes manifest on Earth, and you are able

to give It to the rest of Life wherever you abide. Fill this world with the Inner Essence of the Violet Planet, and let Us see how much We can do in a short time to prevent many things that certainly We do not want to see manifest. We hope to draw enough of this into outer physical conditions to offset and to prevent that which the sinister force wants to impose upon America and use to desecrate the world. So Beloved Ones, there are many Ways and Means by which mankind's creations can be circumvented, prevented, forced into annihilation, and Life be set Free. We are just hoping—that of the individuals' own Free Will—you will reach up and call forth this Inner Essence, and let It be a Perfect part of your Life Stream forever, and render Its Perfect Service to Life. May you experiment with It! I am quite certain you will recognize a new Power has come into your Life to render that Service which heretofore you have never had. It is another step forward. It is the Open Door to your Freedom from distress in this world. It is a Magnet of Power to clear your way unto the Final Attainment of your Ascension. It has only Blessings to give to Life, and unascended mankind need this Violet Consuming Flame's Inner Essence more than they need anything in this world except their "Beloved I AM Presence."

Go forward and use It, and Beings without limit will flood to you Their Blessing; and you become the Freeing Sacred Fire Power to Life. Wherever you abide, all Life is raised into Greater Perfection. The Love which I bear to Earth tonight is part of the Love that your Mighty Saint Germain has given through the centuries. Now may you, His Beloved Family, learn to love Life as He has loved It, and use the Inner Essence of the Violet Planet to bring into this world the Purity which must come, and which is His

Gift of Freedom to America and the world. And I too, as the Guarding Sun Presence of the Freedom of America and the world, shall continue to pour the Inner Essence from the Violet Planet into you all, into America and the world, until the Blessing and Perfection of the century that is to come will become a Reality in you wherever you abide.

Your Beloved Saint Germain, I am sure, will lead you to that Almighty Temple of the Violet Consuming Flame of which He is the Master, and there, drawing into yourselves the Final Power for your Freedom, reveal It to mankind still unascended until your Victory is attained also. You are welcome to the Temple of the Violet Flame on the Violet Planet. Its Inner Essence will come into outer physical conditions until also will there be Temples in this world to the Violet Consuming Flame. Then as that Flame is established for Eternity within those Temples, visible to all, will mankind come to the Powerhouse of Eternal Purity, and drawing into themselves the Greater Power and the Greater Flame of Life's Perfection, receive their complete Freedom, and move in the rest of the Universe, Master over manifestation. And the Sacred Fire's Love has redeemed all in this world, and that Love which forever removes all hate from all Life will have come here and done Its Perfect Work. From tonight may you feel, as you call this Inner Essence from the Violet Planet into yourselves, will you realize and remember, Love is claiming Its own out of the shadows. And now the Power has come to consume those shadows forever! (*applause*) Thank you so much, Precious Ones.

One more thing I have to say, which I trust will be a Blessing to all: as you call forth the Inner Essence from the Violet Planet into yourselves and into Life everywhere,

demand that mankind, all individuals, are compelled to see that Beloved Violet Consuming Flame with the physical sight as It does Its Perfect Work! And then you know what will happen to mankind in this world? That which you have experienced as blindness will never again manifest in Life! (applause) Thank you, Precious Ones. Therefore, the Inner Essence from the Violet Planet will have become a part of you, and as It pours forth to Life, all obstruction to the Perfect Sight, all obstruction to magnificent Beauty and Perfection of the Great Divine Plan will be as easily manifested in this world as you breathe.

So My Love is not without Its many, many Blessings! If I could have enough tonight to call that Inner Essence of the Violet Planet into your Nation and into the world, the Great Wonders of Creation would come to quickly bless you, and the Great Understanding of all that the Sacred Fire is and can do for Life would come into mankind's consciousness, and that which has defied the Perfection of Love would cease to be. So I shall pour My Love! And I am the Authority to release the Inner Essence from the Violet Planet. If you will pour your love, and call that Inner Essence into outer conditions, you will be the authority to command it to set Life Free—in the Earth, on the Earth, and in the atmosphere of Earth. So tonight may We all enfold the Earth in the Inner Essence from the Violet Planet, that It may set into action that which is eventually the world's complete Release from distress, limitation, and the shadows that have enfolded the planet that was once luminous. This Inner Essence will make you luminous, and if you pour It to the Earth, once again the Earth will become luminous, and the atmosphere luminous, because Love has consumed the shadows that hatred has created.

Go forward and feel with every Power of your being your right to call this into outer physical conditions. As It releases Its Greater Blessing and Perfection and Power to you all, just remain humble before that Great Magnificent Sacred Fire Love. It is Power without limit to correct mistakes, set free, raise, and draw into greater Perfection all wherever you abide. May Its Blessing tonight cover the Earth with that which forever consumes everything that is not the Love from the Heart of Creation that produces Perfection forever. The Love which the Violet Planet is is needed on Earth tonight. May Its Inner Essence come into you and do Its Perfect Work unto Eternity. Thank you with all My Heart.

Mrs. G. W. Ballard: To You, Great Beloved Ruler of the Violet Planet, thank you for Your Love tonight. Clothe us in a Mantle of Its Mighty Flame, and drawing that Inner Essence into us; make us what you would have us to be; that we may, side by side with our Beloved Saint Germain, help to purify Life wherever we abide until Freedom has claimed the Earth into Its Sun Existence for Eternity.
