Mrs. G. W. Ballard: As the Blessed Elohim of Purity speaks His Heart to us, we ask the "Mighty I AM Presence" of each one to call forth from the Great Central Sun such Love and such Gratitude to Him for all that His Love and Purity has meant to the Earth throughout the centuries, that it draws Him very much closer to us all as we go forward to render greater service in our effort to free mankind from the distress of the shadows.

BLESSED ELOHIM OF PURITY

Beloved Ones of God's Heart, let us come very close tonight into association with Beings of whom you ordinarily know nothing. In entering into the close association of those who bring Purity to the Earth, try to remember to call forth the Presence of the Legions of Fiery Purity to come into your physical conditions and abide with you. Now that term covers many Activities that you do not know exist. In the first place, when you call forth the Great Central Sun's Legions of Fiery Purity—you call the Presence of those Legions with you—it brings not only your Ascended Master Friends from the Ascended Masters' Octave and the Cosmic Beings; but this brings to you also the Powers of Nature and the Forces of the Elements whose service to the Earth is to maintain Purity, that balance may hold control to enable Perfection to manifest.

If I get too fast, Beloved Lady Betty, why, let Me know.

In your Acknowledgment of the Presence of the Invincible Legions of Fiery Purity to come to your Assistance, Their Response to you will be instantaneous and All-powerful. You need this very greatly, Beloved Ones, because even though you use your Activities of the Violet Consuming Flame and your Decrees, and so on, yet you do not hold the Picture in your minds of Legions of Beings of Invincible Fiery Purity standing around you, or filling a condition with that Love whose Fiery Purity is not only paramount, but is Cosmic in Its Pressure to the Earth.

So I would be deeply grateful if you will demand the Great Central Sun's Legions of Fiery Purity whose Invincible Command to the Earth is without opposition anywhere. Call

forth the Presence of these Legions and acknowledge Them as the Presence of Fiery Beings of Eternal Purity enfolding, or surrounding you, to purify the conditions in which you move, and to bring about the Perfection of God that is to take Eternal Dominion on the Earth. I ask you to call forth the Presence of the Great Central Sun's Invincible Legions of Fiery Purity to abide with you in the physical octave at all times, till you stand Ascended and Free. Then if you will hold the Picture of Their Presence with you and feel, as you move among conditions of the outer world, that these Beings and these Flames from the Great Central Sun stand around you, and move with you, and produce Purity for you by your acceptance of Their Presence—and the Picture which you hold of Their Action to compel Purity in all Activities with which you are concerned. You can also call forth these Legions to abide with your loved ones, and to stand the Guard, and keep calling forth such Fiery Love from the Great Central Sun as only They can bring.

Mankind must have more than ordinary Assistance, Beloved Ones, as Protection against the conditions which they are facing. You see, once mankind starts into action the whirlwind of destruction—and the planned destruction of greater whirlwinds—We must come forth to those who are constructive and help to armor you all ahead of time with these Cosmic Powers and Activities that are your Protection in the defense of your Nation and the assistance to your fellowman. And that is the reason I am here tonight! As surely as the sinister force plans more destruction will I plan more Purification! (applause) Thank you, Precious Ones. Won't you be seated, please, and just remain so.

Now, since you are part of My Plan of Greater Purification, We have to begin on you. (applause) Thank you,

Precious Ones. Therefore, to clothe you with Greater Power for your Protection—and Power which you are to use for the Protection of others—We must raise your Purity to greater Power. And so it necessitates Our consuming of a certain amount of the limitations in and around you under which you have heretofore been struggling. I trust you will enjoy the feeling of greater Release as you acknowledge those Legions of the Central Sun's Fiery Purity to which I will introduce you! (*applause*) Thank you, Precious Ones.

Now, of course, this includes the Ascended Masters and Cosmic Beings and Angelic Host. But this also includes many Activities of the Beings of the Elements and Powers of Nature that mankind do not understand, and which are interwoven into the substance of the Earth itself to a depth of quite some distance. Those Beings who govern the Activities and the Energy in Nature, and the Beings of the Elements, you will find, know all about their own Element. And therefore, if you are in need of Their Assistance of the Element over which they have dominion, you will find the Blessings of those Elements seeking you out and giving you their protection. As you demand the Purification of the Powers of Nature and the Beings of the Elements, those Blessed Beings will be released from a certain proportion of mankind's discord; and their love and their gratitude to you for that greater freedom will be boundless and eternal; and they will show you that gratitude by the protection which they become for you, because you have sought Purity and you have called Purity into action to free them.

Their love and their gratitude to you will become a protection about you that will manifest as you go forward and help to repel some of the pressure and discord under which you have been struggling. These are part of the Legions of

Eternal Purity, because when it comes to the Beings of the Sacred Fire, no impurity can ever enter into that Sacred Fire; and no impurity can ever touch those Beings, because their Power from the Central Sun consumes impurity before it can approach or touch them. They are Master over the Powers of Nature; and, may I say, they are Masters over mankind who are determined to destroy.

If you ask for the Descent of the Great Central Sun's Legions of Invincible Fiery Purity, and you ask the Presence of those Legions to abide with you and control your affairs, then that which is not Their Purity will be quickly removed. So I wish you to, as often as you can, keep saying to yourselves: "I demand and I accept the Presence of all Beings of Immortal Purity to abide with me and help me to raise all I contact into Immortal Purity also"—because there are certain Beings who are Immortally Pure, who never have known mankind's limitation or discord, and who never will. And these I wish to bring to your Assistance and to help fill the atmosphere, as well as the structure of the Earth, with the Sacred Fire of that Purity which is Their Realm of Activity in the Universe. You see, there are many things in the Universe ever growing greater, and since the Law of Expansion is the Law of Love from the Great Central Sun, when It has sent forth certain Manifestation to ever expand, It provides Beings who carry on that Expansion. These Beings of which I speak are some of those who never have and never will know the impurity of mankind. And yet Their Service in the Universe is to forever expand the Sacred Fire of Invincible, Immortal Purity and the Love that never can change.

Upon the various planets of this system and other systems there goes on continually the Ever-expanding Per-

fection of the Great Divine Plan of Life for each special form; for It contains within Its own life the pattern of Its Ever-expanding, Eternal Perfection. And so it is with the Four Elements and the Beings who are their activity to the Earth. Their activities go on because the Beings who are that activity are created especially to produce that kind of manifestation. And these are the Beings of Immortal, Fiery Purity in the Great Central Sun whom I am asking you to acknowledge—to call forth as a Presence with you instead of what you might consider just a thing or a Flame. I ask you to realize, when you begin to deal with the Sacred Fire, wherever there is a Manifestation of that Sacred Fire, there is always a Being who abides within It; and that is what I am referring to when I ask you to call forth the Presence of the Legions of Immortal Fiery Purity that belong to the Great Central Sun—and yet who can come through the atmosphere of Earth, be uncontaminated by anything here, and set into action the Fire Element of which They are Master to compel Purification. That begins in the mental and feeling world of mankind before it outpictures in the flesh bodies of the people or the Powers of Nature.

If you choose to accept these Legions as Friends from on high, Friends from the Heart of Life whose Love creates all Perfection, you will find them a very tangible Help in anything you choose to do, so long as it blesses the life around you and expands Perfection. If you understood what it meant to build a tremendous Momentum of the Acknowledgment of the Presence of these Beings from the Great Central Sun wherever you choose to abide, you would find your world and your activity peopled with Beings who would bring to you the Love from the Central Sun that the world needs. So when you acknowledge Their Presence of the Great Central

This Good Brother has been trained as a clear and definite Channel for Our Operation—for Our Work—and We have charged the Activity to give him Joy for the tremendous Service which He has rendered. I want to say another word in commendation: When Our Precious Messengers returned from Honolulu, I called one into their midst, and he has won a great Victory! In humble, loving

kindness he has served. So Dear Ones, all of you, as our Precious Messenger told you a few moments ago, have been chosen—not only by your “Mighty I AM Presence,” but by the Host of Ascended Masters—to be the Vanguard of this Great Perfection which is coming swiftly into the world of manifestation of mankind. Notice I say “swiftly”!

Great Divine Director, “I AM” Discourses, Volume 8:1

Sun's Love to abide with you, as you are faithful to that, will you find you will never need for any good thing! (*applause*) Thank you, Precious Ones.

I want you to realize that wherever Immortal Purity abides, there can never be a lack of any good thing. Immortal Purity is the very Heart Love from the Great Central Sun that gives of Itself without reservation and is the Boundless Supply of every constructive thing to all that is in existence. So if you ask the Presence of these Legions of Immortal Purity from the Great Central Sun to come and abide with you and anchor that Fiery Love into all things around you, you will find the Harmony for which you have struggled beginning to appear, and the Divine Plan which you have wanted fulfilled will begin to manifest and give you Their Blessings. Then your activity of the future becomes the use of these Great Inner Activities of Life's Blessing and Perfection to help you establish in this world the permanent Perfection from Our World. Then you become Ambassadors, as it were, from Our Great Octave of Life, to set the Pattern, to build the Perfection, to watch It expand, and to realize that these Beings are the Guardians of all Perfection—wherever manifested throughout creation.

Now there are some of these Beings of Immortal Purity—and the Fiery Love from the Great Central Sun—who are what the world calls Cherubim and Seraphim, and the Beings who through the Sacred Fire can draw into physical conditions the intensity of the Love required to consume that creation which hate has built. These Beings are Precious beyond words, Beautiful beyond description, and Powerful as the Heart of the Central Sun Itself, because They belong to that Fiery Heart of Life that produces the Miracles of Creation. It will be My Privilege to help make you aware

of the Beings of the Sacred Fire who anchor the Sevenfold Flame of the Seven Mighty Elohim wherever you call It forth; and They are the Guardians of Its Radiation, which prevents anything of human creation from ever disturbing the Focus of that Power or ever interfering with Its Radiation as you command It to go forth.

These are the Beings who do the Will of all that is Divine. Therefore when your Call and your Command for the Sacred Fire to go forth and do that which It alone can do, They set It into action, They guard It, They direct It, and They produce the Perfection for which you call; for I assure you, They are Intelligent Beings of Great Power whose Love and Purity are Immortal and Invincible beyond human concept. You have no idea the Power They wield. And therefore, if you acknowledge the Great Central Sun's Invincible Legions of that Fiery Purity and Miracle Love of Perfect Manifestation and Invincible Protection wherever you abide, then Their Blessings will be revealed to you like magic; and you will understand that within God's Universe—which you see—exists another Universe, which will become visible to you as you understand that Obedience to the Law of Its Love and the Invincible Purity of Its Substance and its Consciousness reveals the Illumination that understands all, is all, gives all, and holds all Victorious everywhere in Perfect Balance by this Love of Eternity and the Sacred Fire of Its Everlasting Purity.

My Dear Ones, when We can show you someday the Picture and the Action of the Cosmic Light Substance entering into the cells of the body and illumining the cells with Perfection, when We can show you the Descent of these Flames that enter into substance and transmute it into Eternal Perfection, the day We can show you that in Pic-

tures, you can heal yourselves forever! Your own eye-picture of seeing what takes place in the cellular structure of the body makes you the Master of the flesh form by the very intensity of the Sacred Fire—in your own consciousness—of the Source of Light and Love in the Great Central Sun which, as It descends at your Call, enters in and produces the Perfection in your bodies that heals, perfects, illumines, and raises you to your final Victory. (*applause*) Thank you, Precious Ones.

So let us go forward now, feeling the Security which the Sacred Fire alone can give and which Love bestows, because it is part of the Plan of Perfection. And if you will accept your newfound Friends abiding with you, I think you will have some very delightful experiences and enable you to accomplish many wonderful things that your Hearts have always wanted to do; and yet the outer limitations have seemed to be the barrier in the way. As you remember the Presence of the Great Central Sun's Invincible Legions of the Fiery Purity of Its Miracle Love of Eternity abiding with you, and going before you, and dwelling wherever you choose to dwell, you will find your Hearts' Desires becoming fulfilled; and all you have ever longed to do that was right, you will find yourselves doing with a joy and an ease you have never anticipated. (*applause*) Thank you, Precious Ones.

Then in that greater service to life which you will render, you will find the great joy of freeing other Life Streams from the limitations of the shadows as the Legions of the Light and the Sacred Fire accompany you in your service to the rest of mankind; until all have come back into the Heart of that Love whose Altar of Manifestation forever reveals and gives the Power of Love to forever and forever and forever fill all with Happiness.

May you go forth clothed now in the Mantle of Its Power, and remember It is a very Tangible, Real Activity of the Sacred Fire that is yours to use for Eternity; and the Invincible Legions of Its Fiery Purity have come to assist you in rendering your service to your fellowman and returning the world to the pristine Purity of the Love that created it. So you become, as you associate with these Beings, the Love which They are. And then you will understand what Power is within the Sacred Fire of Love Eternal, and the Miracle Manifestations that ever come forth at your Conscious Command. I commend you to the Happiness of your Eternal Freedom and Association with these Legions whom I love. Thank you so much.

Mrs. G. W. Ballard: Beloved Elohim of Purity, thank you for Your Love and Your Assistance to us. Thank you for Your Existence in the Universe. May Your Limitless Legions of the Fiery Purity from the Central Sun be with us forever, and Our Love to Them draw Their Power into physical conditions quickly to free mankind wherever possible.
