

MIGHTY COSMOS

O Mighty Cosmos, in Your Descent
From such Great Heights above,
To bathe us in Your Cosmic Fire
In Flames of Your Divine Love,
Our praise to Thee is boundless
As Your Cleansing Fire expands,
Fulfilling every Law of Life
To spread throughout all lands.

Chorus

Great Cosmos, how we welcome You
With Your Secret Mighty Rays,
You bring to bless humanity
In Earth's great need these days.
In all Their Glorious Powers,
Let the speed of action be great—
To cleave asunder destructive force,
Open wide the Cosmic Gate!

Awake! O People of the Earth!
Inhale the Great Fire Breath,

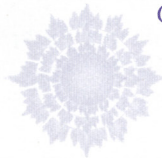

The Light of Cosmic Power released;
Let all know, there is no death!
But Life, Its Great Light expanding,
Charging all with the Perfect Plan,
To hold Thy Dominion of Happiness—
The “I AM”! the Perfect Man!

Chorus

Great Cosmos, how we welcome You
With Your Secret Mighty Rays,
You bring to bless humanity
In Earth’s great need these days.
In all Their Glorious Powers,
Let the speed of action be great—
To cleave asunder destructive force,
Open wide the Cosmic Gate!

We stand within Your Dauntless Light,
Doing all that You require
To hold all willing and ready;
Make us have only Pure Desire,
Holding all under Perfect Direction
Of our “Presence,” the “Mighty I AM,”
To sing our Eternal Praise of Thee,
“I AM”! “I AM”! “I AM”!
