

Our Beloved Messengers Mr. and Mrs. G.W. Ballard

Our Beloved Lotus Speaks

America belongs to you, to me, to everyone who is constructive; and it is our business to stand like an Army, a Legion if need be, of Blazing Light—an Inflexible Wall of solid steel against which destruction dashes in vain and is driven back into its own cause to annihilate itself from the Universe. Feel this with a great, calm, powerful Mastery, never with a sense of fear or resistance or high tension; but arise into the great Dominion of your Higher Mental Body. Feel Its Authority, pour your Love to the Ascended Ones, and feel Their Courage flow back into you to hold Their Dominion in everything that you require in the outer world.

And You must govern your attention and hold it without cessation on these Great Ascended Beings and your own “Mighty Presence,” calling forth Their Perfection constantly, and calling forth that Power of Blue Flame which forms the Ring-Pass-Not around you that is a Wall of Electronic Force that forever repels every destructive suggestion.
