Beloved Ones of the Heart of the World, I wish to bring you this hour some Cosmic Illumination of just how great is the Power of Life to provide Perfection without limit for Eternity to every part of Life that comes into manifestation, whether it be in this world or this System of Worlds or anywhere in manifestation. I wish to show you how great is the Love that provides for a planet or a System of Worlds in interstellar space the Concentration of certain Activities of the Sacred Fire's Purifying Love that is held sustained and expanded, for uncountable aeons of time, pouring Its constant Radiation to a world or the System of Worlds to which this world belongs.

Just as the Sun in the Heavens pours Its Life to this System of Worlds and continues to pour It—regardless of what goes on in the planets of the System—It goes on expanding Its own Life's Perfection and Blessing to the lesser life and to all manifestation, fulfilling Its Great Divine Plan regardless of everything else in existence. And so it is with every Activity that you call forth of the Sacred Fire Love from the Heart of the Central Sun to individual Life Streams embodied here, to the planets of the System, to any place in manifestation. Remember, whatever sustains manifestation that emits Light is the Sacred Fire Love's Outpouring of whatever Power of that

Light is necessary to manifest the Balance, the Perfection, and the Protection of everything that is constructive.

I hope you will follow with Me now and appreciate what it means for Life, the “Beloved I AM Presence” in the Great Central Sun and the “Mighty I AM Presence” and all the Ascended Host and Cosmic Beings who have created and who govern this System of Worlds—I wish you to comprehend what it means to draw forth from the Great Central Sun the Miracle Manifestations not only of the planets of this System, but the Miracle Manifestations of the Miracle Music of the Spheres that fills and surrounds all the planets of this System. I wonder if you realize what it means to create harmonious Sounds that are all in perfect accord with each other, where Vibration is released through Sound that is always constructive, eternally balanced, and forever pouring forth Illumination into this System of Worlds, harmoniously sustained and forever expanding Perfection. I wonder if you realize how wonderful Life is that can create a System of Planets, sustain them in harmonious action with each other around the Physical Sun, and then fill all the System with the Sounds of Music that are so wonderful that it is at all times a Glorifying Presence in the atmosphere that enfolds each planet in the certain Activities of Life that are the Divine Plan’s Fulfillment and Design for that planet.

Then that Design and Action of Life is in Perfect Harmony with all the rest of the planets of that System and Perfect Harmony with the Physical Sun; and the whole System is in Perfect Harmony with the Sacred Fire Love and the Great Cosmic Light that comes from the Great Central Sun to this System. Life is very wonderful; and the Infinite Harmony, the Infinite Love, and the Infinite Power of the

Light of the Universe that manifests Perfection everywhere and blazes through that Perfection the Consciousness and Action of Life that fulfills the Divine Plan of each Divine Design, goes on Its Way, fulfills Its Divine Plan, and then releases the Blessings of that Divine Plan to the rest of the Universe around It.

I think that is a far more wonderful way to contemplate Life than the discord mankind has generated in this world! And that is why the discord mankind has created in this world cannot get out of the electronic force field of this planet. And that is well when you realize that the Greater Life through the Sacred Fire's Love is ever pouring forth Harmony, such beautiful Sounds that always create Perfection in manifestation that is beautiful, harmonious, sustained, and forever expanding Its greater Blessings to Life.

Now this is the Law of the Divine Plan's Fulfillment, and this is what each individual is intended to do in the Fulfillment of the Divine Plan by letting the Heart Flame in each physical body expand the Perfection of the Love from the "Mighty I AM Presence" and the Higher Mental Body through the outer physical self. This is why you have been told the physical body is the Temple of the Most High Living God, and therefore it should at all times be allowed to release this Perfection of the Love from the "Mighty I AM Presence" which gives it existence in the physical world.

When you understand this and know how great is the Power of Love that creates such Beauty and such Power and such Perfection in Manifestation, I am sure you will begin to realize what the obligation of the outer physical self is to Life, to the Life in the Universe around it, to

the Life of the “Mighty I AM Presence” which gives it existence, to the Life of the Seven Mighty Elohim whose Sacred Fire Presence within the brain structure is part of the Way and Means by which Perfection can manifest through the physical body into outer world conditions and create that which is beautiful and can be permanent, protected, and forever expanding.

I want you to realize that the Divine Plan of Life is the constructive use, the beautiful use of every bit of Life, substance and energy in the Universe; and if there is not in the consciousness of the outer self a realization of the obligation, the duty, and the Demand of the Cosmic Law that the outer self create Perfection and Harmony—if there is not a realization of that in the intellect, then there cannot come the Perfection of the Divine Plan fulfilled which is the Love in the Heart of the “Mighty I AM Presence” and the Higher Mental Body.

When you realize that the “Electronic Presence” of the “Mighty I AM” of every Life Stream is pouring forth continually great Light Rays and Rivers of the Sacred Fire of Its own Mighty Perfection from the Great Central Sun, and that those Great Rivers of Flame are pouring forth Perfection constantly without limit to everything in the Universe around It, you must begin to realize that this of which I speak is the Divine Destiny of every Life Stream, and is what is intended for the outer self to manifest in the physical world; and then maintain Peace and Harmony, that the world itself may become something magnificently beautiful and joyous and filled with the “I AM” Ascended Master Miracle Music of the Spheres.

Now to take you a little farther—because I wish to awaken within you, expand within you, and draw forth from within

you the Ascended Masters' Consciousness and Realization that each one can not only use these Powers to manifest Perfection here, but each one is obligated to draw the greater Perfection through the outer self to fill the Universe around the outer self with the greater Happiness and Beauty and Perfection that is constantly flowing and concentrated into the outer self and through the outer self, that everything in the world around it may be filled with greater Beauty and greater Happiness and greater Harmony. That is why Harmony is the Law of Perfect Manifestation.

Now I will take you one step farther. When you hear Us speak of Our Temples of the Sacred Fire or the Temples of Healing or the Temples of Light or the Temples of Beauty and Perfection in Manifestation, I wish you to understand, in the Ascended Masters' Octave there are these Temples made of Cosmic Light Substance just as tangible as any physical thing you have in the physical world, Substance that is a Condensation of the Cosmic Light Substance in infinite space. Our Temples of the Sacred Fire are magnificent in Beauty and Power and eternal, sustained, ever-expanding Perfection. They are like Magnificent Buildings within which the Sacred Fire is constantly expanding and blazing forth Its Perfection of Love to the Infinite Universe.

We have in those Temples what would correspond to your windows and doors—the openings—all of which are surrounded by flowers and magnificent Manifestations all made of the Sacred Fire, each petal of the flower edged. As that Cosmic Light Substance is drawn into existence, the edge of It is a Flame that constantly breathes, in various colors. And, as It pours forth into the Cosmic Atmosphere that surrounds It, there goes forth the constant

Music of that Beauty and that Perfection and those Rates of Vibration that are constantly radiating to the Infinite Universe around It the greater Perfection that is in the greater Consciousness of the Ascended Masters and Cosmic Beings, who have drawn these Temples of the Sacred Fire into Manifestation in Our Ascended Master Octave.

When We live in this, We know It! We want mankind to have It! And then human beings won't listen and they won't stop their discord long enough to let Us teach them. If We could feel distress in the Ascended Masters' Octave, it would be then. So from this hour will you join Me in realizing that Beloved Saint Germain's "I AM" Activity—as It pours forth all the Blessings from the Ascended Masters' Octave that the various Ascended Ones dictating have drawn forth in this Instruction for each one to use in creating Perfection in the outer world's activities—would you try to realize deeply that there is no room in this "I AM" Activity, there is no room in the Consciousness of Our Life and Our Love, for jealousy nor gossip nor discord nor impurity. There is no room for human feelings, human feeling that is discordant.

So if you will realize that when you begin to use the Sacred Fire Love of Eternity and the Cosmic Light Substance of the Eternal Perfection from the Ascended Masters' Octave, the individual who becomes aware of this and makes the Call to the Ascended Masters and Cosmic Beings for the Release of Our Ascended Master Perfection into this world to keep it eternally Pure and filled with the Fulfillment of the Great Divine Plan, then every feeling that is not the Purity and the Harmony of the "I AM" Ascended Master Miracle Music of the Spheres has no room to exist. We hope this will make an impression on your memory,

and you will begin to realize that you have the capacity, and the Great Divine Plan is for you to draw forth the Beauty, the Perfection, the Happiness and the Music and the Boundless Supply of everything from the Ascended Masters' Octave into your outer use in this physical world, so long as you will not allow discord in the outer self or the atmosphere about you.

So when the Blessed Godfré offered you, first of all, His Miracle Mantle of Love's Mastery to prevent all wrong, that is a Visible, Tangible Substance and Flame at the Inner Level that enfolds your mental body, your emotional body, your Etheric Body; and It will enfold the outer physical structure of the atomic structure of your flesh as you give It more and more recognition and you command that nothing less than His Ascended Master Love shall have room to exist or abide within you or around you or act through you. And I assure you, if you will do this for every Ascended Master who has offered the Miracle Mantle of Love's Mastery or offered the Fiery Christ Blue Lightning Armor of Indestructible Protection, there will come within you such Peace and such Happiness, and more than that, such ability to create Beauty and Perfection—everything that is wonderful in the physical octave—that wherever you go, you can create Heaven on Earth. You can cause It to manifest and be sustained to bless the rest of Life in the world around you, and you can live in the Ascended Masters' Violet Flame Heaven on Earth while yet unascended. (*applause—audience rising*) Thank you so much, Precious Ones. Won't you be seated, please, and just remain so.

Now Beloved Ones, We have so much to give from Our Ascended Master Octave that We want you to have to bring

Happiness to you, that everything in your beings and worlds may be filled with Happiness and your very Presence will be a Benediction to the people who just pass you by. We want you to be the Outpouring of Our Ascended Master Perfection for many reasons. This is not just for your own enjoyment. This is for the Fulfillment of the Great Divine Plan of this Cycle to purify and perfect conditions in this world and bring into outer existence the greater advance and ease and comfort and all the magnificent inventions that are to come to make a world that is much, much more magnificent, and certainly comfortable, and when it is purified enough, becomes Eternal in the Manifestations that are placed upon it.

We want you to be the Outpouring and the Creators of some of this Perfection in the outer manifested channels of mankind's everyday existence. But the Purification must come first; for when the Purification does come, the Powers of Nature will increase their blessings to you infinitely more. They will provide you with greater Blessings, and Blessings that you can pour forth to the rest of Life that will forever create Happiness, will forever create harmonious Sounds in the atmosphere of Earth, and will forever pour forth the Luminosity that sustains Them in Eternal Action.

So there are many, many, many Blessings in Our Octave that We can lower into your use long before your Ascension. And in the meantime, your own "Beloved Mighty I AM Presence" and Higher Mental Body goes on with Its Cosmic Work of Creation, pouring into the atmosphere of this System of Worlds Its Music, Its Love, Its Luminosity, Its Substance, Its Sacred Fire, to blaze and blaze and blaze into the atmosphere Its ever-expanding Perfection of that

Consciousness of Life that will only bless and bless and bless everywhere for Eternity with the Perfection of the Great Central Sun's Heart Flame.

When We see Life in this world in such suffering, in such conditions—when it was never the Divine Plan, it was never God created, it was never intended to manifest and is not intended to manifest now!—and We want it to stop. So We hope if you understand some of this Divine Plan that is intended for Life, as you use your own Life to hold Harmony within and around yourselves, and you keep demanding whatever Sacred Fire Purifying Love consumes mankind's human creation and replaces it for Eternity with the Perfection of the Ascended Masters' Octave, it will give Us an Opportunity—that, when human discord is consumed—to start the Creation of something that is permanently constructive and beautiful, and in the Radiation of Its Light produces the Music of the Spheres. Because It is the Radiation of the Light in the atmosphere that produces the Sounds of Music that are a Joy for Eternity. And not a broken rhythm in any of It!—not a thing that can ever produce discord.

Therefore you enter into what the world calls Heaven, which is nothing on Earth but the constructive use of everything. And Life is constantly pouring into this world from the Ascended Masters' Octave Energy and Substance and the Divine Inspiration and Pictures and Plans to create and produce Perfection, that if allowed to manifest can be made imperishable, Self-luminous, ever-expanding this Music of the Spheres to the rest of creation.

And I assure you, the Angels of Music are no figment of anyone's imagination! Once you hear Them sing, you will never forget It in all Eternity. The Feeling of that

Sound of Life's magnificent Perfection of Love that comes within your feeling of Life is the Joy of Eternity and the Perfection of Life's Manifestations that are at all times magnificently beautiful. This is Mastery! This is God's World that is intended to manifest in this world. But Purification must take place, and therefore the impurity that has created the destruction and that is the discord in outer world experiences, must be consumed by the Violet Consuming Flame's Purifying Love.

And do you not think Love is very, very great and Consciousness is very great? The "Beloved Mighty I AM Presence" is very great, and the Ascended Host—They are so great that They have provided a Way and Means of purifying and consuming mankind's discord harmoniously and permanently. Isn't that a Gift of Love to contemplate! Is that not—(*applause*) Thank you so much, Precious Ones. Is not Life wonderful that It provides a Way and Means, after mankind has misused It, of wiping out the discord, the miscreation, and wiping it out harmoniously. And all Life asks you to do is to turn away from the thing that creates the suffering and the discord, let the Violet Consuming Flame dissolve and consume it from the Universe, and then let Us build the Perfection that takes care of you and holds you in the Heart of Our Love until your "Beloved I AM Presence" takes possession of you and raises you into Our Octave forever. This is certainly Heaven on Earth, and is the only Destiny that mankind has; and It is Eternal.

So Blessed Ones, if you want Our Way of Life, you must take the attention away from the creation that has caused such distress. So the more you can dwell with Us, the more you can use Our Ascended Master Consciousness,

the more you can draw Our Energy and Substance and Sacred Fire's Love into physical conditions, the sooner they are purified. The sooner they are purified, the sooner can your "Mighty I AM Presence" and We create Our Perfection here, replace mankind's miscreation, and close the door of memory upon that which has made Life suffer.

There is no intelligence in suffering. There is no intelligence in the misuse of Life's gifts. So when I come from Heights Indescribable where We know only the Love and the Luminosity, the Substance and the Sacred Fire of the Music of the Spheres; and Power, such Power to produce Perfection, such Power that It can raise a planet in just one Flash—that's what We know of as the Power of the Sacred Fire's Love, and only Love has that. Only Love can do that; but that Love is the Eternal, Pure Christ Love from the Great Central Sun, the Heart Flame of the "Mighty I AM Presence" and Electronic Body, the Heart Flames of the Ascended Host, and the Heart Flame of the Great Central Sun. It is ever offering Itself to unascended beings to use here to produce the same great Happiness here and the same Music here that is there.

So if you are through with the things of the physical world and the distress mankind has generated here, remember: whenever you are through, there is a very Perfect Place to come. There is a very Perfect, Wonderful Power to use. There is an eternally Perfect Consciousness and Power and Manifestation and Action and Use of Life, Substance, and Energy that you can have from Our Ascended Masters' Octave to use in this world until you come into Our World forever. That is why We offered Our Ascended Master Consciousness—and not *your* use of It, We offered you *Our* Use of Our Consciousness. Therefore

We offered you Our Use of the Sacred Fire's Love. We offered you Our Use of the "I AM" Miracle Music of the Spheres. We offered you Our Use of the Power of the Electronic Force that creates a Sun in the Heavens. We offered you Our Use of the Cosmic Light Substance that is Eternal Luminosity.

So if you want to know more about the Ascended Masters' Octave, ask your "Beloved I AM Presence" and Us to tell you the Eternal Fiery Christ Truth of all the Blessings and Perfection which exist in Our Ascended Master Octave!—tell you the Fiery Christ Truth about the Sacred Fire and the Cosmic Light and the Ascended Masters' Consciousness and Use of It, that you may contemplate It. And then if you ask Us to fill you with It, Our Hearts' Flame of Love will not tell you no.

We can give you any amount of It as long as your attention comes to Us, and the Desire within your life is the Desire to be Our Ascended Master Perfection and render the same Service to the Life in this world that We render. So in anticipation of your acceptance of this that We may give It to you for use, We can enfold you in Our Ascended Master Miracle Mantle of the Sacred Fire's Love from the Ascended Masters' Octave that brings to this world the Indestructible Purity of Eternity and the Beauty and the Music that is Healing for Eternity. It is the Power that can take any body, any physical body, purify it, reform it, perfect it, and bring it into the condition where it can have the Ascension the Original Divine Way.

So Blessed Ones, there are Infinite Blessings that only Love can give. And that Love, the Sacred Fire Purity of the Universe, the "I AM" Ascended Master Miracle Music of the Spheres, is ever waiting to be called into outer

Action through the outer self. But the outer self must be purified and filled with It; and then as It is used in the outer world to purify and raise the rest of mankind, there is never a failure. There is never a discord. There is never a thing ever again to experience except the ever-increasing Joy of using It to bring greater Perfection and Beauty and Happiness wherever you abide.

So come into Our Violet Flame Heaven on Earth and abide with Us and use Our Powers, because Our Hearts' Love will forever love the world until it is purified and freed and the atmosphere is the "I AM" Ascended Master Miracle Music of the Spheres for Eternity. Thank you—and come to Us when you will—with all Our Hearts! (*applause*) Thank you, Precious Ones.
