

Royal Teton

DISCOURSE BY

BELOVED LANTO

Chicago, Illinois • December 31, 1954

Record CD 152; Cassette 6 0396-2

Beloved Ones of Our Family of Freedom, We welcome you tonight into the Powerhouse of greater Freedom. May you feel with every fiber of your being the Power of that Unfed Flame and the other Activities of the Sacred Fire that are pouring forth for your Blessing and for the stabilization of your Nation and the world. Tonight from the Heights of Cosmic Power and Love and Purity inconceivable to the human intellect, there comes forth the Cosmic Action of that which will help to hold Protection for all within your borders who really want the great God Perfection of Life and have taken their stand to there abide until the fullness of Its Power is released into outer conditions.

Those who will minister tonight are drawing a Focus in Their combined Action of a greater Power of Cosmic Activities—both the Cosmic Light and the Sacred Fire of individual Radiation—for the Blessing of all who are coming to the Royal Teton tonight to absorb of Its increased Outpouring, that they may feel Its greater Protection about them and know they are a part of the Great Sacred Fire and Outpouring which the Cosmic Law has chosen to establish there for the Freedom of this Nation.

Tonight, in combination with the Outpouring at the Royal Teton will there also be an increased Action from

eight other Retreats on the North American continent that will combine in Their Release tonight for further Assistance to the people of the Light. It is not necessary for you to know where those other Retreats are. Just feel that more and more of this Cosmic Power of the Sacred Fire and Cosmic Light is focusing within the borders of this Nation, and also within the three Americas. Because of the attention of the rest of the world—those channels that are destructive in their attention upon America—it becomes vitally important that We increase as powerfully and rapidly as possible every Activity and every Call for the Sacred Fire and the Victory of the Cosmic Light to come forth within the borders of this Nation, so those of you who come with the Love and Gratitude to your “Mighty I AM Presence,” to the Great Beings who will gather at the Royal Teton—you will enter in, as it were, to the Arms of the Sacred Fire. And may It blaze around you the Protection that enables the Unfed Flame in your Hearts to reveal to you the greater Powers and the greater Activities that are necessary in your individual service to Life that will more powerfully protect all that is constructive around you.

The Beings who will pass the way of the Royal Teton tonight will shed Their Radiance to the Nation; and those who are privileged to come within the Radiation of the Retreat and behold the Mighty Cyclopea’s Outpouring will be privileged indeed as He draws in Cosmic Action the Power of Sight—Inner and outer—to more powerfully see Perfection within your Nation and see Protection around your Nation. This is of national import as well as world import. And in the Outpouring to the principal large cities of the world tonight by the Mighty Cyclopea, We trust, with

your Calls and your assistance, to intensify as rapidly as possible every conceivable Outpouring to hold that which is of the Light protected and expanding.

We will do everything the Cosmic Law permits, and with your presence there, since you represent the people of America, We trust We may charge in and around each of you Powers that will bless you and protect you, but which you will not necessarily be aware of in your outer, conscious direction. We are going to try an experiment tonight and draw around you the use of some of these greater Powers of Protection, that the very atmosphere in which you move will be your Protection to a large degree. It is an insulating, All-powerful Activity of the Sacred Fire and Cosmic Light. And in doing that, We hope to stabilize wherever you may move other constructive activities and give Assistance, perhaps, to individuals in channels that you're not aware of at all in the intellect.

We are going to try to draw the Powers of the Sacred Fire and Cosmic Light around you. This naturally will greatly increase the Perfection of your own affairs, and you'll feel a much greater Power of Victory. But Our Purpose in doing this is to cause to go into action through the substance around you a Protection in outer activities to all who are trying to hold to that which is right in the midst of the pressure of the shadows against them. So the Power around you can become the Protection of other activities that are constructive beside just your own individual affairs. We are experimenting with this and I hope will be successful. You may feel the added Power greatly increased, and I trust It will not be a strain upon any of you; but as you move among the other people of the world, it will be very much easier for the Power around

you to go forth without even your conscious knowledge, and strengthen and protect that which is constructive wherever you move.

In doing this, naturally, there are those whose Service is to hold that Power protected about you and keep It concentrated and stand between that Power and the destructive forces. If We can draw a certain amount of this around individuals in the outer world who are trying very bravely to do right and to hold to the Honor of Life, We think We can establish permanently a certain Power of this Protection around individuals that otherwise might be used by destructive forces because they are not aware of what the destruction is that is intended. This way it is an increased Protection not only to those who serve the Light, but to those who are trying to serve It and yet do not seem strong enough to hold their own until they extricate themselves from the destructive forces that are trying to use them.

You will find this will be of great benefit in many channels of the government activities, the business activities of your Land. You have no responsibility concerning It except to hold the Harmony as best you can and remember that Its Presence around you has been drawn to give Assistance to individuals and conditions that We are extricating from the control of the sinister force. It has, through hypnotic power, drawn many activities under its control, and many individuals, most of whom do not want to remain under its control, but they see no way of releasing themselves. This, We trust, will enable them to have the strength and the power to at least make the effort to free themselves from the domination of forces that they do not really wish to serve. Much of this pressure is worldwide and has been consciously directed against those who were caught,

unknowingly, so to speak, by the destructive activities, but whose Life Streams do have great Light and great Power which We hope to draw into outer conditions not only to save them, but to weaken the destructive forces.

So, Beloved Ones tonight, I will not keep you long; but We trust you will enjoy the Power tonight of the Music as well as the intense Radiation of those who have come from Venus and are already pouring Their Hearts' Flame in concentrated, combined Action—both within the Audience Chamber and in other places in the Retreat—from which all who come tonight may draw without limit. And please know that once those Activities of the Sacred Fire and Cosmic Light have entered into your life, They are never withdrawn; therefore, that of which you have become a part by coming to the Royal Teton comes now into outer, more powerful action to accomplish Its Victory over the destructive forces and to bring Freedom to all individuals who are working to that end.

So the Outpouring from those from Venus is increasing with very great intensity. And as the Mighty Cyclopea adds to that the Power from the Realms of which He is Master, I trust you may be so absorbed into the Flame of His Heart that you will feel completely at one with Him and with those from Venus who are anchoring Their Power together to more quickly protect the Nation and release It from that which is of the shadows. We trust that this combined Action, as It goes forth to the principal large cities of the world, will enter into the mental and feeling world of the other nations of the Earth, and not only awaken, but stimulate the desire in the masses of the people to throw off all hypnotic control and take their stand for the Light regardless of all seeming power of the darkness.

And as the Beloved Master Jesus intensifies through the Retreat in Arabia His Outpouring of the Blue Ray, I trust you may all remember clearly your part of that Activity—and the Power He has loaned you and will increase around you as you give this your attention and recognize His Blue Flame Presence in action everywhere. Do not fail to remember that in turning your attention to Him and holding the Picture of His Blue Flame Presence, with your Love to Him, you become a part of His Blue Flame Presence, not only around yourselves, but of His Use of that Blue Flame to the Earth. You become then part of the Legions of that Blue Flame to more quickly raise all upon Earth into His Perfection as He promised.

So tonight it is a Cosmic Moment of great import, and every conceivable Assistance will be showered upon all who are trying to hold to that which is right. May you come under the Escort of the Beloved Godfré and the Precious Nada and many of those who have been with you more frequently than you realize. Tonight They will render you a tremendous Service as you come and go from that Magnificent Powerhouse of God's Love and Mercy and Victory to the Earth; for you come, My Dear Ones, to receive of your Victory. And the Power by which We surround you comes to bring America Her Victory, that the Earth may be Free.

So in the Love which We bear to you in the Unfed Flame in your Hearts We enter in tonight, and may you feel the Cosmic Action of that Assistance to the Earth which comes from Venus and comes from the Seven Mighty Elohim as the Outpouring of Mighty Cyclopea takes Its Dominion in the Country and throughout the world. May Its Power release in Boundless Onrush and Invincible Victory, and

may the Mantle of My Love as the Guarding Presence of the Royal Teton be the Guard about you to make you feel your closeness and your Oneness with this Service and Trust of Life which it is Our Privilege to use. May you go forward and become One in the Fullness of Its Glorifying Presence. Thank you with all My Love.
