Beloved of My Heart, I want you to feel tonight the Power of the Great Great Silence, the Power of Peace that abides therein. For what you think is Peace and harmony and quiet in the physical octave which sometimes you have touched, I want you to realize that compared to the Peace that is the Love

in the Heart of the Great Great Silence, there's almost no comparison—because when you enter deep, deep into the great Powerhouse of God's Almighty Peace, the Great Great Silence, there is God's greatest Activity; and there is the most intense feeling of God's Great Miracle Love of Eternity.

I trust tonight I can make you feel, to a large degree, this greater Peace; for We are bringing It. Wherever obedience and self-control are held in the outer self, it is possible for Us to anchor the Flame of the Eternal Peace that abides in the Heart of the Great Great Silence. We can bring that Power in ever-increasing Victory in and around the individual because It is the Sacred Fire of the Miracle Love of Eternity. The Peace of just stilling the outer self and entering deep into the Adoration to your "Mighty I AM Presence" within the Ray of Light brings you very great ease in the outer self; but when you enter in deep, deep, deep within the Peace of God's Miracle Love of Eternity, I tell you, the Power is so great you scarcely want to breathe—you are scarcely aware of any desire for breath, because the Power of Life is so great within the Peace of that Eternal Love that everything else drops away, and you become the stillness of Its Glorifying Victory.

The Power of that Peace is what you require in the outer world to hold Command of your outer energy, so that at all times the Great Power of the Sacred Fire of the Great Great Silence may bring the Peace of Its Eternal Love into the energy of the outer self, into the atmosphere about you, and into the very ground you walk upon until you become a Blessing even to the Beings of Nature. You become a Blessing to everything that is in existence when you demand and draw the Power of the Peace from the Great Great Silence that makes the Miracle Love of Eternity live within you as the Controlling Hand of God.

Then when you demand the same Great Power from the Great Great Silence come into you to make Eternal Peace manifest in your outer activities the same as It does within Our Octave of Life, then when you demand the Victory of Our Peace of the Great Great Silence come in and around you to hold Victory here as We hold It in Our Octave, then the Sacred Fire of that Peace penetrates everything in your being and world. It enters into all substance, into all energy. It enters into your mental and feeling world. It becomes the atmosphere about you.

And as you let that Power grow greater and demand Its Invincible Victory within you expand, It can become a tremendous Pressure in and around you that keeps disturbing conditions from coming to a focus, or allowing them to disturb your accomplishment in that which you wish to build—or disturb others who are brought to assist you—because I tell you, the Power in the Heart of the Great Great Silence is something terrific to behold. You can begin to understand how great that Power is by demanding Its Feeling come into you of Its Victory over all the discord in this world. Then there will come in and around you the Sacred Fire of that Miracle Love of Eternity. As It enters in, will you feel the Master Hand of your “Mighty I AM Presence” or the Ascended Host stilling all that has sought to disturb you or sought to create chaos in the world about you.

We are entering deep into this Power tonight; for It needs to be drawn into outer world conditions to enable those who want to hold to the constructive way of Life to have the Protection, and to be able to think clearly enough to understand what the hordes of darkness plan and how to prevent their plans from coming into action. What you want is Peace Eternal to the Earth, is it not? (*applause*)

Thank you, Precious Ones. Well, you cannot produce Peace by discord or disturbance. And therefore, it is impossible to bring Peace to any nation, or the proper conditions to any nation that are necessary to produce Peace, by constantly preparing for war—can't be done! And therefore, you need to call the Mightiest Power of Creation of the Sacred Fire of God's Eternal Peace to draw the Power of the Great Great Silence into every condition that continually prepares for war. This needs to be drawn into the brains and bodies of the people until they can think clearly enough to realize that the war makers of the world, or the munitions makers of the world, have no intention of allowing Peace to come. So to continually borrow your resources to keep war alive never did and never will have Peace as its objective to the Earth.

And so We need you, on the opposite side of the scale, to demand the Power of Peace and the Sacred Fire of God's Eternal Love to blaze Our Victory of Eternal Peace in and around yourselves, and make you the Victory of that Peace the same as We are in Our Octave. This needs to be charged with great Power of that Sacred Fire everywhere turmoil seems to be, because the Descent of the Sacred Fire of that Violet Flame can enter into the chaos and burn the chaos out and compel the Peace of God's Purifying Love to take its place.

And you need the Power of the Great Great Silence. The more you can charge yourselves with the Power of the Great Great Silence and the Invincible Victory of Its Sacred Fire to the Earth that compels Peace and the Miracle Love of Eternity to manifest in and around you as the Hand of God that holds Control, will you find that It does manage conditions and events of Life that prevent destructive plans

from being released into outer action, and through their hypnotic suggestions try to control the mass of the people.

Those who seek the destruction of your Nation, My Loved Ones, have gathered the hatred of their devilish power for centuries to try to loose it at this time against the Light of the Christ. And therefore, that which is the Great Light of Eternity, that which is the Power of the Great Great Silence, that which is the Victory of Our Sacred Fire to the Earth, must now be drawn into physical conditions by Conscious Command to stand against that. (*applause*) Thank you, Precious Ones. Now in connection with this, if you will call forth to your “Mighty I AM Presence” and to Us, to draw the Great Central Sun Magnet’s Sacred Fire of the Great Great Silence and Its Peace and Miracle Love of Eternity in and around you and into the energy and substance of your Nation and your people, this can come into the atmosphere the same as a snowstorm can come. The Substance of the Sacred Fire and the Light from the Heart of the Great Great Silence can be drawn in and around you and in and around anyplace where you call It forth by Conscious Command, the same as a snowstorm is drawn into one locality and not into another. That is done by the Conscious Direction of the Power of the Great Central Sun Magnet.

Therefore, when you begin to demand the Great Central Sun Magnet’s Power of the Great Great Silence to come in and around you all and make you Its Victory over everything in this world, Silence will reveal to you what some of the Miracle Powers of God’s Eternal Love mean to the Earth. And the Power of that Silence will enter deep into the energy and substance of your feeling world and forever make you aware of Itself; and it is to this end that We draw this to your attention tonight. If you were to call to your “Mighty

I AM Presence” and to Me to charge you with the Cosmic Illumination of the Peace within My Heart Flame, and all that I know the Great Great Silence means to you, then there would come instantly into your feeling world—through your own “Mighty I AM Presence’ ” Heart Flame there would come My Feeling of the Power in the Great Great Silence that is so terrific that It compels that which seeks to disturb to be unable to act. It makes it helpless before the Power of Our Command.

So when you choose to demand the Invincible Victory of the Great Command to compel the Power of the Great Great Silence to act in and around you and compel the Victory of Eternal Peace to manifest in you and your affairs, It will bring very great relaxation. It will bring very great energy into you. And there will come an Inner Poise, an Inner Control of the energy of your mental and feeling world that will enable the Miracle Love of God’s Great Sacred Fire to become a very practical thing for you, a very powerful Controlling Hand in your affairs, and a very Invincible Protection, very great Protection by Powers of which the outer world knows nothing.

And therefore when you ask your “Mighty I AM Presence” or Us to charge you now with the Powers of the Great Great Silence that reveal and make you Victorious over everything in this world, then the Power of your Victory is revealed about you in your affairs to all that is constructive. But It is clothed in the Stillness of Eternal Light from the Great Great Silence which prevents It being revealed to the hordes of darkness. Therefore It becomes your Armor of Protection through which they cannot pass, because the Powers of the Great Great Silence are the Powers of the Sacred Fire; and the Sacred Fire of God’s Miracle Love of Eternity is yours to have

in the physical octave. And you must have It if you're going to manifest Victory over the destructive forces of this world.

They are using energy destructively to produce physical fire, but they cannot use the Sacred Fire or the Power or Powers of the Great Great Silence; for they are dealing with the confusion and chaos of that which is the noise, so to speak, in the physical octave of Earth. Therefore, they cannot use the Power that is above them because It is Master of them, do you see? The hordes of darkness dare not use the Powers in the Octave of Light. They dare not use the Powers of Our Octave because those Powers are the Sacred Fire of which they are not master. So when you demand the Power and Powers of the Great Great Silence from the Seven Mighty Elohim to come into yourselves and compel you to be Victorious over all in this world as We are Victorious over all in this world, you will see the Power released, and you will feel and be the Victory that is the Fulfillment of the Law.

So your Love to Us, your Love to the Great Great Silence, your Love to your "Presence," your Love to the Miracle Love of Eternity, and your Call to the Great Central Sun Magnet, are all Activities of the Sacred Fire that converge or concentrate into your outer selves and your conditions to produce the Invincible Victory of God for which you have called. (*applause*) When you have called for the Invincible Victory of God, My Dear Ones, when you ask God to give you God's Invincible Victory, you're going to get It! (*applause*) Thank you, Precious Ones.

And a very short, powerful Decree: When you have to meet disturbing conditions and you turn quickly to your "Presence," say, " 'Mighty I AM Presence,' I demand the Invincible Victory of God blast all wrong here now!" Why!—and then back that up with your Call for the Power of the Great Great Silence to

loose the Sacred Fire that is Our Victory over everything in this world and the Miracle Love of Eternity, and God's Invincible Hand hold control and protect what is constructive—then you will find tremendous Powers acting and coming to your assistance that produce the Victory that is to become an eternal part of this world.

You begin then to bring in the Ascended Masters' Octave of Perfection, because the Sacred Fire from Our Octave is Eternal—must become a permanent part of this Earth. So as you draw this into your physical affairs, My Dear Ones, to help you stand against the discord and chaos of the outer, you are at the same time really planting or establishing a certain permanent Activity of the Sacred Fire into the very structure of Earth under your feet. So your service to Life is twofold, even when you are calling this into your own affairs to hold God's Invincible Victory in Command of yourselves, your Nation, and the world.

So go forward with happy Hearts; and no matter what appears, demand God's Invincible Victory manifest the full Invincible Victory from Our Octave which We are to the Earth. You demand, and the Cosmic Law must manifest. So regardless of human creation, demand the Blasting and Annihilation of everything wrong, and demand the Victory of God manifest wherever wrong seems to be or has been. Demand the Sacred Fire of the Great Great Silence now descend and become an eternal part of the physical structure of your world, and let Us see what the Miracle Love of Eternity means in this world as the Manifestation of God's Invincible Victory over all that is of discord.

Go forward, knowing that the Mighty Power in the Heart of the Great Great Silence is yours to call into physical conditions. It is provided by the "Mighty I AM Presence"

in the Great Central Sun. It is the sustaining Victory of God's Eternal Love, and It is forever releasing and awaiting an opening whereby It can bring into the physical structure of this world Its Mighty Power of Eternal Perfection. Go forward and demand God's Invincible Victory in the Great Great Silence come now through you all and manifest Victory here—the same Victory that is in the Great Great Silence—and the Miracle Love of Eternity becomes a Reality in your world and your affairs as Perfection expressed and Protection of that which is constructive. (*applause*) Thank you, Precious Ones.

So fail not to demand the Power, the Powers, and the Victory of the Great Great Silence send Its Sacred Fire through you, and compel that Victory manifest in this physical world—of the Miracle Love of Eternity that is Our Victory in Our Octave; and your world and Our World becomes one World and Victory of the Love in the Great Great Silence. It is Power without limit; and It is the Sacred Fire that none can change, yet all may use freely as the air you breathe. And your world stands in very great need of It tonight.

So let Me clothe you with all that Our Victory of the Great Great Silence means to Life, with all that Our Eternal Love and the Miracles of the Sacred Fire mean to the Universe, and with all the Authority of Our Victory in this world, to blaze through you and hold you Victorious here with full Power to fulfill the Divine Plan. Go forward and manifest It and We ever stand beside you and watch until It blazes with full Power in Everlasting Command. Thank you and goodnight. (*applause*)
