

BELOVED ELOHIM OF PEACE

Now in the Flame of Peace which it is My Privilege to use and which is My Realm of Action, It is a Concentration of a Flame from the Great Central Sun that is a Sun in Itself. And as you feel yourselves at One with My Heart Power of Peace, on the instant there will come into your own feeling world the Peace of My Love. And I assure you, when you feel yourselves One with the Heart Power of My Flame of Peace, My Dear Ones, if you will make yourselves feel that by your Call, there will not be a breath between Us, because the Enfolding Sun of My Heart's Love, which is the Power of Peace to this System of Worlds, will enfold your Heart's Power of Peace. And your individual Sun becomes a Greater Sun; My Love becomes your Protection, and My Power of Peace is the enfolding Cosmic Expansion of your own Love for that Peace. It is Action and Reaction until you are so aware of My Heart's Love for you that you feel at all times Its Peace wherever you abide. And as Its Light grows brighter, that

which has been of the shadows of disturbance will have no longer been directed near your world; for I assure you, the Love of My Heart's Peace is the Power that repels the shadows.

And so as My Heart's Love enfolds your Power of Peace, the Light around you grows brighter; and being an Action of Cosmic Illumination, is the Consuming Presence into which the shadows cannot enter. So It becomes for you a Realm of Safety; and if you dwell within It, you will find Me there, too. And the more you can realize this and understand what I mean, the more you will absolutely command this Power—the Heart Power of your own Peace, your own Heart's Flame—come in and around you, and hold Peace regardless of everything else in this world. And you will be that Peace! Your world will manifest Its Perfection, and you will give relief to those who are seeking Peace. You will be the Guarding Presence then of that which is constructive, that which is God-created; for if the Power of your own Heart's Flame, the Power of Peace from your own Heart's Flame, is commanded to go forth and enfold all that is God created, you could no more connect with discord or distress in the future than the Heavens could fall.

It is but a matter of use. It is but a conscious determination to have that Power come in and around you, and then Our Power enfolding you becomes the Authority anywhere you move in the Universe to control all conditions about you, because you have commanded your own Heart's Flame Power of Peace to protect all that God has created. This will bring Healing that can only be described as you experience Its Blessing and Its Miracles. And when the Sun of My Love sends forth the Power of Its Peace, It will illumine the world; and that which has been of the shadows of distress will have been dissolved, forgiven, forgotten and forever removed from Life.
