

BELOVED SAINT GERMAIN

When you demand the Power, or call It forth—the Ascended Masters' Power to feel the Instantaneous Fulfillment of your Calls—the moment you feel It, you'll have It in your hands and use. You have to feel a thing, My Dear Ones, before you have it in physical manifestation. If you just hold the picture with an almost indifferent feeling or with no real Love or attraction to it, it stays forever in the mental body or in the atmosphere about you. But if it is to become a physical thing to serve you, then as you see the picture and you send your Love to clothe that, it is the Magnet of that Love that draws the Universal Substance into the concentration necessary to make it a physical thing.

And Our Power to feel the Instantaneous Manifestation of what We see—that's just automatic in Our Octave. That

is Our Ascended Master Consciousness, but that acts so automatically with Us that the Manifestation is practically coexistent with the Desire. And it is to get you to charge your outer selves, the energy of your feeling world, with Our Power to feel the Instantaneous Fulfillment of your Call that will take you forward to absolute Mastery over the things in this world. I'm not talking to hear Myself tonight; I know what you're going to need! I know what I want you to have. I know what you can give to others, and I know where the stumbling block of doubt and fear abide. And they abide in the emotional body.

All of that is in your feeling world. All of it is in the energy of your feelings. The energy is the Water Element of the body. Your emotional body is the Water Element in you. And therefore if you charge the energy—because the Water Element of the body is really just liquid energy; the solid atomic structure of the body is simply solidified energy; the air you breathe is simply gaseous energy; and the thought you think is the fire, is the flame—therefore if you will take time to charge the outer self, all the energy of your being and world, with your own “Beloved Mighty I AM Presence’ ” Immortal Command for the Divine Plan fulfilled and outpictured everywhere; and then you charge and charge and charge your feeling world, all the energy in your being and world, with Our Power that feels instantaneously the Fulfillment of Our Calls, the Fulfillment of your Call, My Dear Ones, it will seem like magic to you. And the people of the outer world will stand aghast, amazed, speechless at your accomplishment. And I want you to have that Mastery!
