Record CD 1665

eloved Ones of the Mighty Saint Germain's Family, as We come into the atmosphere of Earth, there come with Us the various Activities of the Sacred Fire and Cosmic Light which will be a Strength and a Protection to those under this Radiation and—wherever We may—will become Illumination into the physical octave by the greater Light from the Great Central Sun. In drawing into yourselves and into outer conditions the greater Powers and the greater Perfection of Life, try to remember that whatever you call forth from an Ascended Master or Cosmic Being, it is always the Life that has already manifested Its Victory and Control over all physical forces in this world.

When I gave the admonition long ago to charge everything in your worlds with New Life, it is that you may be reminded that the Life from the Great Central Sun that is constantly flowing to the Physical Sun of this System of Worlds, and through the Physical Sun to each one of the planets—each day the Great Central Sun is giving New Life to the whole System. And, therefore, the energy that you use each day is new energy. It's fresh energy, energy you've not used before. And if you can keep the intellect reminded, and you command the outer self to be filled with the New Life from Our Great Realm of Mastery, then you will realize that the energy that flows into the body and out into your affairs each day is qualified with Our Eternal Perfection. And no human creation can change that.

So what you need in this world is Our New Life—the Life of Our Ascended Master Octave that is forever expanding Perfection, forever manifesting greater and more beautiful Manifestations, ever revealing new designs, ever revealing and releasing new Powers, ever expanding the Great Perfection that comes alone from the Love in the Great Central Sun. Now you will ask Me (*chuckle*) “Well, where does the Life go to in the energy we’ve already used?” A great deal of it has gone into your human creations and your problems. And those you are purifying by your use of the Violet Consuming Flame’s Love from the Great Central Sun. But once that energy of your Life or Our Life is purified and charged with the Love from the Great Central Sun, or the Ascended Masters’ Octave, then you have redeemed your Life of the past. You have redeemed the energy that you’ve been privileged to use throughout the centuries. And as you purify that and redeem it, if you will charge it with New Life from Our Ascended Master Octave, you will find it manifests new Blessings for you.

And when you understand that you can charge that energy with the Ascended Masters’ ever-expanding Newness of greater and greater Love and Perfection to the Universe, this phrase will mean very much more to you—and will become very powerful in your use as you experiment with using Our New Life each day to provide new conditions for you, new Blessings, new supply, new health, new beauty, new Perfection, and new opportunities by which you release the greater Powers of your own Life to produce Perfection that fulfills the Divine Plan, and helps you to attain your Ascension more comfortably, more beautifully, more victoriously, and more easily. Try to think what New Life means, and ask your “Beloved I AM Presence” to illumine this to you with

the Ever-expanding Illumination of the Sacred Fire Presence from the Great Central Sun. The Blessed Saint Germain told you long ago that when you choose to call forth the Great Creative Heart of God, you can call forth the New Life from the Great Creative Heart of God, the “Mighty I AM Presence”—your “Presence,” the Presence of the Physical Sun, the Great Central Sun, and you can draw forth Ideas into your outer use that have never been manifested anywhere in any System of Worlds. There is an ever-expanding Conscious Release of new Ideas, new Powers of Life, new Substance, new Energy, ever coming forth from the Great Central Sun to fill Infinity with greater Blessings. And since you are a miniature model of the Infinite Scheme of Creation, then these same Mighty Powers you are privileged to draw forth into yourselves, or into the world around you, to ever make all things new.

Do you remember the Beloved Master Jesus saying, “Behold, I make all things new”? You go off and buy new clothes, do you not? You buy new houses; you buy new automobiles. And why shouldn’t you have New Life? We are very practical, more so than you are. Do you know why? We live the natural way of Life; you live the artificial, the subnatural. And in this which “I AM” bringing to your attention tonight, you will find yourselves entering through the door into the natural way of existence, because the Original Divine Plan never contained within It anything that was a struggle for Life. You might have resistance, but you would never have struggle; and in overcoming the resistance, you will find the Thrill of Happiness in the experimental use of new Powers, until those Powers become the Expansion of your Life’s greater Perfection to the Universe around you.

Beloved Ones, now We're getting very practical tonight. You need New Life in your bodies to give yourselves new strength and new power of accomplishment; and I believe you can use new supply. (*applause*) Thank you. Now many of you, I am quite sure, can appreciate new sources of supply. And it would seem to Me the way mankind's discord has worn out certain portions of the Earth by continual destruction, mankind needs a New Way of Life. You need new plans; you need a new concept. And may I say, you need a new mind with which to use the Great Divine Powers of the Ascended Masters' Octave.

Now We do not take your old mind away or anything of the kind, but your new mental concepts will bring new feeling within you; and in that feeling will be the Love the world is starving for and has been starving for down through the centuries. Mankind needs a new concept of the purpose of physical embodiment. The masses of the world do not understand that the object of physical experience in this world is the attainment of the Ascension. Then they need that New Idea of Life, a new purpose for which to live, a new way to make their best effort. The people of the world must have Help. And so when We charge you with Our Cosmic Sacred Fire Blessings and New Life to make your world the Perfection of Ours, I am sure that's going to be a new experience for you.

You have wanted Our Perfection, but the way and means of using It in this world will bring a Thrill to you and will be a new experience that can only bring you Happiness, can only bring you Peace, and cannot be changed or misused by the human creation of those around you. So if you choose to bring Our New Way of Life into this world, try to remember that where you open your world for Our Life, New Life, to

bring Its Blessings into you and around you—try to always remember that whatever you draw here from Our Octave is Invincible against the discord of human beings' unfortunate creation.

Beloved Ones, instead of fighting things and conditions you do not like, try to stand above them, and call forth Our New Way of Life to blaze in, through, and around you to keep you untouched by the conditions that heretofore have weighed you down and made you struggle. You must acknowledge this if your struggle is to cease, because Our Way of Life contains no struggle. And so if you care for a new experience of accomplishing what you need without struggle, then charge yourselves and your world with the New Way of Life—the Ascended Masters' New Way—and don't forget to precede It with the Ascended Masters' and Cosmic Beings' New Life and New Way of Life. And this has nothing to do with your New Deal! (*laughter*) That was just an experiment with more misery—it has nothing to do with God, never did have.

Beloved Ones, We are here to give you all you can use and more than you can use. And if you care to come into Our Way of Life to make all things new for you, you can strengthen yourselves to the place where you can render very much greater service for the Protection of your Nation, and for the arousing within the people of a new determination to stand for the Freedom of God, the Illumination and Purification of mankind, and the Victory of Perfection that manifests the Fulfillment of the Great Divine Plan.

So Beloved Ones, if you will look to the Source that gives everything, "I AM" quite sure you will find a New Way of Life in which your Joy will increase day by day, your

Freedom be manifested Invincibly, and your Attainment of the Ascension will come in the most Gracious, Wonderful, Harmonious, Loving Way possible. So Blessed Ones, it was not idly that I gave that expression long ago when I said, “Charge your worlds and all around you with New Life.” And since I offered that, It was My Life I was offering; and My Life is Invincible against the discord in this world. And My Life can give you new experiences to reveal the Powers and Blessings of your “Blessed I AM Presence” and the Ascended Host, with which you may associate while yet unascended. You have asked to see the Ascended Masters. We are waiting to make Ourselves visible to as many of mankind as desire Us. So if you want new associates, We can be some of those. (*applause—audience rising*) Thank you so much, Precious Ones. Won’t you be seated, please, and just remain so.

Charge your worlds each night before you go to sleep with new opportunities, new friends that will always give you Ascended Master Invincible Protection. And then as you go forward to accomplish greater and greater attainment and release greater Power to assist your fellowman, there will be Legions who can come to your Assistance and bring you new Help which you need today. And America needs to be kept Invincible against the hordes of destruction. Find new ways to ever hold closer and closer to your “Beloved I AM Presence” and the Ascended Host. And don’t hesitate to call forth the New Life from any Ascended Master or Cosmic Being who is waiting to pour the Sacred Fire Love into this world for its Purification. And only the Sacred Fire can purify what mankind has contaminated.

So Blessed Ones, the people of Earth need to find a New Way to live Life. They need to understand the Ascended Masters’ Way, that each day becomes more wonderful in the

Release of Its Power to produce Perfection and raise Life to greater and greater Freedom in the Attainment of the Ascension. And while the outer world does much research in certain channels, yet if the human beings of this Earth would put one-millionth part the effort to ask and try to understand what the Ascended Masters and Cosmic Beings can teach, Illumination would come to bring Its greater Blessings here without the struggle and the mistakes and the desecration that mankind produces by the artificial way of trying to find knowledge.

If you want Perfection, you must go to the Source of It. And, therefore, the New Way of Life to which We refer is Our Ascended Master Octave. And by the use of the Sacred Fire of Our Love all things can become purified, all things balanced; all brought into Divine Order harmoniously and permanently. And if you will practice Our Way of Life, you will find new experiences, you will release the greater Powers of your own “Blessed I AM Presence,” and you will go forward to victorious accomplishment without experiencing delay or obstruction or uncertainty in the world of doubt and fear; for We do not have either in Our Octave and Our Way of Life.

So when you understand what it means to charge everything in your beings and worlds with Our Sacred Fire New Way of Life, you will find the certainty coming by which doubt and fear have become experiences of the past; and there lies ahead of you only the Victorious Power of the present and the future to ever greater and greater enjoyment in the use of all things in the Universe to glorify your “Beloved I AM Presence” and the Ascended Ones whose Love has brought you this far in the Light. When you live Our New Way of Life, Love becomes the Commanding Presence and

Authority, and will draw to Itself Its Own. So Blessed Ones, there are Legions of the Angelic Host that can assist you. There are Legions of the Cosmic Light that ever produce greater Perfection. And there are uncountable Blessings and Powers within the “Mighty I AM Presence” and the Ascended Masters’ Octave that will ever and forever be new to you. May you call Them into your outer experiences and have the Joy which They produce, and in that will you feel your Mastery over the conditions that heretofore have bound you in distress.

I invite you to come Our Way and live Our New Way of Life, and charge everything in your world with the new energy, the New Life that will forever bless you and give you greater and greater Freedom unto the attainment of your Ascension. So with the New Life of the Love I want you to have and the Freedom that is your Destiny, I shall ever flood It forth whenever you remember Me. May I ever and forever reveal to you what that New Life can bring to you, to all, to the world, unto the Fullness of your Ascension. Thank you with all My Love.
