Beloved “I AM” Ascended Master Youth, both junior and senior, tonight I bear you Greetings from those of Us who have been privileged to assist Our Blessed Saint Germain in His Miracle Work to the Earth. May the Freedom of His own Heart’s Command to this Nation of His Heart bear fruit in your own worlds, and through you bring into outer physical conditions that which His Heart so longs to give because of Its Mighty Blessing of Peace to the Earth.

He has worked so long, Beloved Ones, to bring the Perfection of His Heart into outer physical conditions for the Freedom of mankind and for the Glorifying Activity to the “Mighty I AM Presence.” His Heart so longs to bring quickly into outer conditions all the Wonders of Our Ascended Master Octave, and We are so grateful for His Presence and His Help to Us. You know, when one has seen the Power of His Accomplishment and knows the depth of His Love, you long, oh so much, to give Him more Help and to more quickly bring into outer conditions that which releases mankind from the distress of the outer human creation.

So tonight He has asked Me to call to your attention a very wonderful phrase which He says He has used much in His Victorious Accomplishment over the resistance of this world; and that is to call your attention to the use, tonight, of the Miracle Control of the Great Command to Life. The Great Command from out the Great Central Sun that has brought the Universe into being, that Miracle Command of the Universe will produce the same Perfection for you that It produces everywhere into outer conditions where discord has been allowed to come into existence.

And since it's part of your responsibility and Mine and Ours to release the Earth from that which dishonors God because it is destructive, when We move into outer physical conditions the Power of the Sacred Love of the Sacred Fire, and then you understand something of what the Great Command to Life means to all Creation, then when you use this phrase, “the Great Central Sun's Command of the Miracle Control of all things in outer existence,” you will have such Joy and such accomplishment that you will feel that no longer is a struggle anywhere possible for you. This brings a tremendous Raising Activity, My Loved Ones—far more than you know tonight.

And while each thing that has been given you for Application has raised you tremendously from the Inner standpoint and your Light is expanding in leaps and bounds, when you begin by Conscious Command to demand the Miracle Control of all outer action, it means that the perfect control of outer energy comes about and becomes a natural activity of your world. Then when that reaches a certain momentum, you can be entrusted with very much greater responsibility.

So tonight, if you will experiment—between now and your Sunday morning performance—with your Demand that the Great Central Sun's Great Command for the Miracle Control of everything concerning your Blessings here, your Blessings will be amplified beyond anything you dream. Some may come immediately, and some may not come until later, although there may be some surprises that can come now if your Hearts leap into action with the desire to loose this Power suddenly, now, with a Victory you've never known before. (*applause—audience rising*) Thank you, Precious Ones. Won't you be seated, please, and just remain so.

I want to convey to you tonight something of my feeling when I first received some of these wonderful Experiences from the Mighty Saint Germain. I thought sometimes my Heart would burst. I wanted to give Him something in return for His Happiness to me. And I wanted so much to obey Him, that everything just rushed from my "Presence" into my outer self to help fulfill that Desire. So will it be with you. I tell you, you can scarcely realize what Joy will be yours when you begin to take your stand that, "I AM" the Miracle Control of all outer action by the Great Central Sun's Great Command to Life!" After all, you do want the Miracle Control of things, do you not? That is the Perfect Way, without delay and without imperfection.

So if you want to experiment with this Call tonight for the Miracle Control of your performance of “*I AM*” *COME!* by the Great Central Sun’s Great Command of the Sacred Love of the Sacred Fire, who can tell Me, or who can tell you, what Miracles might come. You cannot tell Me, and I will not tell you until you experience them yourselves. I am hoping for many things that will surprise you and bring you great Joy, and I shall enjoy your surprise. (*applause*) Thank you, Precious Ones.

Now when you, just as a phrase that you use often, you say, “Well, ‘*I AM*’ the Miracle Control of this!”—and then you can vary that sometimes by saying, “‘*I AM*’ the Ascended Masters’ Great Command to Life!”—you just acknowledge It, and then will you take note of the wonderful, unusual things that come to you as a result of that. If you would jot down, each day, the unusual blessings, the things that come each day that you don’t expect that are so wonderful, they bring you greater Joy and greater Victorious accomplishment, you would be surprised at the end of a month what manifestations would come as a result of that Call.

When you want to control something of the outer, you say, “‘*I AM*’ the Invincible Miracle Control of this!” And supposing the thing doesn’t respond to you instantly. Have nothing to do with that picture. Just go right on. Then when you say, “By the Great Central Sun’s Great Command to the Universe for the Sacred Love of the Sacred Fire to give me Its Blessings here and forever blaze the Fulfillment of the Great Divine Plan,” oh, the floodgates will open, My Dear Ones. You will have blessings and surprises almost enough to make you gasp, not for breath, but with delight. And My Blessed, Blessed Sister and Our Blessed Saint Germain—We’ve had so much Happiness that His Love has given Us! And I

know that you're coming to the point where you will feel the same way as We do. As your Freedom begins to come into outer conditions and things cooperate with you and help you to Perfection more quickly, your Joy will, in itself, be a Magnet to draw greater and greater Miracles of Perfection into your outer use.

Then as the manifestations come more rapidly and your Joy grows greater—that no one can interfere with—then you begin to feel the greater Power of your Higher Mental Body. And oh, the Happiness of cooperating with your Higher Mental Body knows no equal anywhere in the Universe, because the moment you give your cooperation to your Higher Mental Body, you give It an Open Door through which the fullness of Itself comes through you in outer action. And then these Miracle Powers of your own “Blessed I AM Presence” become yours in outer use, just the natural, wonderful, perfect way of living Life as the Beings of the Great Central Sun and the Ascended Masters’ Octave use those Powers in Their Cosmic Service of Creation.

And, oh, your Love, My Dear Ones, will expand in leaps and bounds, not so much by conscious effort as by just the great Joy which is the Motor of Life to produce Perfection that simply overwhelms everything and fills everything with Its Glorifying Presence. Oh, when you call for the Miracle Control of conditions in the outer world, I want to watch you, someday, when that brings you such a surprise you will hardly be able to believe your senses.

I think it's one of the most wonderful things you could do for your Nation as you demand the Ascended Masters' Miracle Control of your government, the Miracle Control of your people, the Miracle Control of your resources. Just flood It forth. Acknowledge Miracles and Victories, and who

can tell Me how they will come or when they will come or who will bring them? I'm not just offering you conundrums tonight, because you know the solution of this problem and you can find the answer by using the Decree. (*applause*) Thank you, Precious Ones.

Oh, don't mind what anybody does that's troublesome for the time being. Brush it off like you would a feather in a gust of wind and go on your way, and love your Miracle Control of outer conditions and the Miracle Control of yourselves. I tell you, My Dear Ones, what you have thought was difficulty in giving Obedience to the Law will drop away from you, and what has seemed to be a struggle will now become the Joy of the Love you give your "Presence" and the Blessed Saint Germain and those who minister with Him. Just the Joy of obeying will bring you such Love, and you will wonder how you could have ever struggled or ever thought you wanted to disobey. It will seem impossible that you have ever passed through disobedience once the full Joy begins to flood your outer selves with Its Miracle Control of the things you do in the outer world. You'll wonder, "Why in the world didn't we think of that long ago?" And We wonder, too, sometimes. (*laughter*)

Beloved Ones, We're just so grateful to be where We are! We're just so grateful to have come into the Light where the Explanation of all Perfection is. And the Power of this Miracle Control releases through the Joy that is yours as you see the "Presence" face to face, or you see some of the Ascended Host or the Angelic Host in Their Cosmic Work of Creation. I tell you, you will never want to think of a discordant thing again.

So tonight I wanted to bring you the Joy that will make your Pageant of "I AM" COME! much more powerful to

those who are privileged to be present at your performance, and those who are privileged to be in it. I want the Miracle Control of everything concerning it to anchor such Light in this locality as shall forever be its Protection and its expanding Happiness to fulfill the great Divine Plan, whereby thousands and thousands of mankind can have their Ascension in this locality. I want that just for the Happiness of fulfilling the Desire of Mighty Saint Germain's Heart, and the Beloved Godfré and the Beloved David Lloyd. Then the Mighty Jesus' Words will become true in outer action as all mankind see Him and go with Him into those Heights of Perfection, receive the greater Power by which they will return into outer physical conditions to more quickly perfect all that is in this world.

Oh, the Happiness of letting go of your limitations just by the use of this Great Command will bring you Joy you have never anticipated. And I plead with you, don't under any circumstances allow yourselves to be attracted by the conditions of the outer world who know not where Happiness is. Those in the outer world do not know where Happiness is. So let us get through with the experiments that have brought only distress, and will keep on bringing distress until people turn away from them and begin to do that which is the Command of Love and the Will of the "Beloved I AM Presence." Oh, I want you to be as Free as We are, because the world needs the work, or rather, the activity and the service you can give when you are Free, because it will be so much more powerful than if you are still struggling under limitation. The world must have more assistance! And as soon as you can be released from some of this outer struggle and limitation, your service that you render will be so much greater that its very intensity and expanding Power will bring you a Joy from day to day that words can never convey to you.

So if you will experiment just for a few days with demanding the Miracle Control of everything, and the Great Central Sun's Great Command of the Sacred Love of the Sacred Fire to just flood Its Blessings and Its Magnificent Happiness everywhere—just be concerned with pushing It out, and the coming back, I assure you, will take care of itself. It's such a Joy to reach that stage where you don't have to be concerned about anything excepting flooding forth and commanding the Perfection of the “Blessed I AM Presence,” and the Ascended Masters' Control of everything, to come into the world about you and handle conditions in ways that mankind could never use until they come into this Light and give the Obedience by which this Law can act.

So, Blessed Ones, as you go forward, just ask for anything you want, so long as it be constructive. Ask that the Miracle Control of it come into your outer use, that It may flood Its Blessings everywhere to Life. And wherever you go, the shadows of human creation will not only flee before you, but they will dissolve at your approach so they can never touch Life again. And the Happiness of just seeing them dissolve and be consumed everywhere you go—oh, you haven't touched the fringe of Happiness yet, no matter what you've experienced in this world. You haven't even begun to be happy, compared to what will be your experience in the use of this Miracle Control of all outer action and the Great Central Sun's Command of the Sacred Love of the Sacred Fire to flood you with Its Wonders and Its Powers of Eternal Joy. And then Beloved Saint Germain's Family will be the Family of Freedom because they will have become the Happiness that only Love from the Central Sun can give.

Go forward, make your very best effort, and just know that We are standing by, ready to bring you anything and

everything that the Great Law will permit as your momentum increases in this Command; for as it reaches a certain intensity, it floods forth and into conditions in the Nation that will help to release your younger generation from that which is of the shadows. Let Us go forward, and We will all stand with you; and at your slightest Call at the Inner Level there will be set into action every possible Power to assist you. So feel yourselves clothed tonight in the Miracle Control of such Sacred Love from the Heart of Creation as will never allow anything else to come near you.

As We enter into this, from tonight, try to make a note of your conditions tonight, and as you go forward in this, watch from day to day the change in your outer affairs, and the feeling within you of the Mastery which is freedom from struggle and problems and limitations and experiments and mistakes. Go forward with all the Happiness from the Ascended Masters' Octave, and wherever you abide give It to everybody, until all who know you will just always be flooded with Happiness; and they will soon want to be in your ranks because they'll be happier there than anywhere else.

So as you call to Us, it will be Our Happiness to increase every Call you send forth, and together give Beloved Saint Germain and Jesus and the Great Ones everything from the physical world that will more quickly bear witness to Their Presence and Their Power and Their Victory in this "Mighty Beloved I AM Presence" that is waiting to set all Free.

Thank you. And with the Love of those with whom I serve, may you ever be clothed with the full Happiness and the full Power of this Great Command of the Sacred Love of the Sacred Fire and Its Miracle Control of everything wherever you abide. Thank you with all My Heart.
