

GEMS OF LIGHT

BELOVED CHA ARA

I want you to anticipate the Joy, the Victory, the Arrival, the Attainment and Use of the Power of the Sacred Fire that enables Us to come to you as quickly as possible! I told you before, the Door is not locked from Our Side of Life. It is you who must unlock the Door from your side of Life; and wherever these conditions have been fulfilled, My Dear Ones, We have come to individuals down through the centuries. We always will whenever the outer self of an individual complies with the Requirements of the Cosmic Law of Our Presence.

I want to issue a Warning tonight to the Student Body! Do not expect this Law to act for you if privately and in secret you keep your attention on things that are not the Purity of Our Octave! You cannot live in the unconventionalities of Life and maintain Purity. I want to say something about this, because there has been so much flagrant abuse of outer world conditions that We must bring the people back to the balance of decency! The conventionalities of Life were established by the Ascended Masters in the beginning to be a brake upon mankind's animal nature and to keep human beings from acting like animals.

Therefore, the Refinement, the Culture, the Restraint, and the Ideal of living as the Ascended Masters established it, is, after all, the Ascended Masters' Way of Life. We can no longer give Protection to individuals who, knowing of Our Presence and knowing this Law, privately prefer to live the opposite. You cannot disregard the conventionalities of Life and have either Our Protection or Our Supply or Our Help! The Cosmic Law demands certain Requirements! Through a soiled garment the Light of the "Presence" does not shine. If people think on impure things in secret, they will find the Cosmic Law will reward them openly by their corresponding conditions in the outer.

So, when I have pled for twenty-five years for the preparation by which We might come to you, it is so We may close the Door of Eternity upon the very things that are destroying mankind today throughout the world.

Beloved Ones, the hour is approaching when it is going to be necessary for Us to come if you are to have Protection and Supply. Therefore, We are urging you to make every preparation possible for Our Presence, that We may do for you the greatest Service possible, and to help you help others. We are not coming just to gratify your own desires or for Our Enjoyment. We are coming to render a Service to the world, and We have to render that through some group of unascended beings; and We cannot do It through impurity.
