

The Great Great Silence

BELOVED SILENT WATCHER

Blessed Ones, the Great Great Silence is a very tangible, real place! It is the Great Central Sun. It is the Sun behind the Physical Sun. And as your Mighty Saint Germain told you, whenever you think of the Great Central Sun, think of it as looking through the Physical Sun to the Greater Sun behind It, which rules and controls and is the center of the galaxy to which this Physical Sun belongs. So if I take you deep into the Heart of the Great Great Silence, you'll get a wider perspective of Life.

BELOVED GOD TABOR

. . . Understand that to enter into the Silence means to go deep, deep, deep within the Light, because the more intense the Light is that you enter into, the more silent becomes everything within you, the more still is

every rate of vibration in and around you—until, as it were, every atom of your bodies becomes charged with the Higher Rates of Vibration of the Light and the Stillness. And were you to observe that intense Light and Stillness, you would find It would silence and hold in absolute control every other vibratory action within you. That is the Purifying Power of the Light! That is the Oneness of the Silence!

BELOVED LISTENING ANGEL

Blessed Ones, just in order to give yourselves rest and peace and quiet, and a release and relief from the turmoil and constant pull of the discordant conditions of the outer world and the constant activity of mankind, learn to enter into the Heart of the Great Great Silence, and ask It to enfold you in Its own Heart's Flame of Peace Eternal. You do not realize what is in the Heart of the Great Great Silence, but that is where the Ascended Beings who are ministering to the mankind of this world will pour forth Their Blessings for a certain length of time. And then We retire to the Great Great Silence, perhaps for a hundred years, and there design the next channel of Service—the Divine Plan's Blessings to Life which We bring the next time We come to Earth to help the Life Streams of this world reach up and become the Freedom and the Victory of the Ascension.

BELOVED VICTORY

When We speak of the Great Great Silence, it concerns the whole System. When We speak of the Silence of the individual, that has reference of course to the full Blazing Power of the “Electronic Presence” within the Causal Body, the “Electronic Presence” of the “Mighty I AM.”

Now, since you do want Victory in your outer world activities, in order to hold your Harmony Victorious, then the Power of the Great Great Silence can be concentrated and drawn into any activity or locality or into any substance with which you are concerned and that you are using to produce Victory.

BELOVED SILENT WATCHER

You cannot even think of the word *Silence* without a feeling of ease and stillness coming into the solar plexus, coming into your feeling world and radiating out into the atmosphere to hold Its Peace about you. Peace only comes from within the Sacred Fire in the Great Great Silence. Peace does not come from the constant, changing conditions of this world. Mankind but change one problem for a thousand; and it has become such a maze and a network of turmoil and destruction, that only the Sacred Fire from the Heart of Creation can come in and Master the condition by the Flame from the Great Great Silence.

When you say to your “Beloved I AM Presence” or to the Beings in the Great Great Silence: “ ‘Beloved I AM

Presence' and the Ascended Host, blaze Thy Silence Flame here and take Thy Dominion around me, and close out all turmoil forever"—if you recognize that Power that brings Ease and Peace within your feeling as the Silence Flame from the Great Central Sun that is the Master Authority of all Creation, you can have It come forth and Master your conditions around you by the Authority and Power of the Great Cosmic Beings who project It to the Earth in answer to your Call.
