

# HEART OF THE VIOLET FLAME

## A Visualization

BELOVED SAINT GERMAIN: Since the United States of America is the Heart of the World, it should be held within a gigantic Heart of Violet Flame. Since you belong to the Order of the Purple Heart, you should move in a gigantic Heart of Violet Flame; and you will find it so easy to love and forgive, that you will automatically be free—because the only reason you're not free is because you have not yet given the Invincible Victory of God's Invincible Love into that which has caused distress. . . .

So, if you should see much use in the near future of the Heart of the Violet Flame, be not surprised. You can do some beautiful decorative designs with that Purple Heart. There are many ways and means by which that is a Cup of Activity in the outer world. Now, let Us enter into the power of your mind to picture the Perfection of God. As surely as you use the Cosmic Heart of Violet Flame will you find My Presence within It, My Luminous Presence! And you know, depending on the size of that Heart, whether I make that Luminous Presence large or small—around a child it would be the size of a child, around a city it would be the size of the city, over the Nation it could be the size of the Nation.
