

## THE GOD MERU'S DISCOURSE

ROGERS' 100% GROUP – LOS ANGELES, CALIFORNIA  
January 21, 1937

MY CHILDREN of the Light, in your song tonight acknowledging the Freedom of America, you brought the release of a Great Cosmic Power. As My Focus of Activity is in South America, so do I join in the Freedom of the Americas and the World.

Children of the Light, be forever certain and reminded by the Great Host of Ascended Masters, of the majestic privileges you have in rendering a Service to the great mass, unknown in the history of mankind. A few have had this privilege, but you today are Children of the Light from many civilizations in which you have lived—sometimes higher, sometimes not so high. Yet in this embodiment, you enter into the culmination, the balancing of that which your Inner Light has sought in every embodiment.

Tonight there is one in your city from South America whom I have been watching for some time. As you may have observed, We never lose an opportunity to watch the Expansion of the Light in every one of the beloved Children of the Light, until their Light expands to the point where We may give Assistance to quicken It into

the fullness of Its Mighty Glory—that the individual may become a Blazing Sun of Light wherever he moves, and that We may envelop such a one and pour forth a Mighty Radiance.

Precious Ones of the Light, oh, that you might fully, quickly realize that you, even in the present state of the Expansion of your Light, can become a Blazing Sun of Light wherever you move!

To our Beloved Children of the Light who are soon to go to Norway, We thank you for carrying the Light there. Remember you are rendering a transcendent Service. We watch the blessed ones going here and there, and those who stand so loyally to this Instruction which Saint Germain has brought forth. Great will be that Blessing to them. See how quickly everything comes into Divine Order and is so sustained!

Watch! Be alert, O Precious Children of the Light! Silence every discord and inharmony that attempts to find expression in your world, either through yourself or outside. Then you will find great calm, peace, and serenity filling your world, filling your Heart, until when you call there will quickly come the Answer from the “Presence.” The Messengers have pled with you to do this, for there is the imperative need of harmony and stillness in your feelings. Once you realize this, you will find that in the stillness there will come *always*—

quickly and clearly—the Answer required. It cannot fail! Oh, Beloved Ones, do you think that your “Presence,” the Governor of the Universe, could fail? Do you not see how incredible such a thing would be, and that it is only the human concept which longer prevents you from entering quickly into the Freedom which the “Presence” is?

Believe, oh, Precious Ones, the experiences of this Good Brother on Mount Shasta, where the Light descended rendering a Service so great! There is not one in this room—and this is no exaggeration—there is not one in this room, through whom that same Service might not be rendered. I tell you, Precious Ones, your “Presence” is not limited to Its Activity in and through you, except by your feeling world. If you will feel the *Full Authority* and Power of your “Presence” and then just be still, you will quickly find that this “Presence” is a never-failing Release of all that is required.

The happiness within your feeling is the great Golden Key which the Light of your being turns, and the Door opens into your Freedom. In the “Presence” is all you require—not yet, possibly, in outer manifested form! But the pattern or idea, the Intelligence for its perfect manifestation in any required form is there, within the conscious acceptance of your “Presence” into your feeling world.

We wish all might feel this so clearly, so freely. Now, during the remainder of the time that I am speaking to you, because We always endeavor to render at least one Service during a given period, will you not feel with Me *everything* within your being that has bound or limited you, *let go!* I say: *“All human creation that has limited or bound these Children of Light, LET GO! All human creation that has limited or bound these Children of Light, LET GO NOW! and be replaced by the full Power and Perfection of their ‘Mighty I AM Presence’—in full Power and Action!”* We accept this in the full Power of Its Activity for every blessed one, and qualify It to be eternally sustained in this Mighty Activity. Please, in your mental and feeling world, *accept that this human creation is fully silenced.*

From each Great Focus of Light in the atmosphere of Earth there are being released Mighty Currents of Energy to help mankind set themselves free. One comes from that Mighty Ancient Focus in South America, the Great Province of Peru, which once knew such Great Light in its outward expression. The Great Light, oh, Beloved Ones, is still there and ere long will stream forth in three Great Rivers of Light. The World, in spite of its appearance, is being bathed in the Glory of God, the “Mighty I AM Presence”; and ere long, hundreds of thousands will know their “Mighty I AM Presence.”

In Norway We once met many of those Great Beings of Light whose Province it is to assist the Children of Earth. We, seeing that this Knowledge of the "I AM" is reaching so near Our Great Focus once held there—I take this opportunity to thank those who will go forth and expand It to those people. In their quiet of the past months, I want them to know it has been for the building up of Energy to go forth in this service. May this blessed trinity rejoice.

I wish tonight that I might talk Heart to Heart with each one of you and cause you to feel My Heart throb in that which I know is being quickened into action for you. As Beloved Saint Germain's Joy has been so great recently, so too are We feeling and pouring out to you Our Joy, that you have the simplicity of expression which brings such majestic action. In the simple words, "the Power of your Attention," do you not see, oh, Precious Ones, that it is the *simplicity of thought and expression which brings the great release of the Powers of Freedom?* Only in the complication of expression is the Truth so often hidden. Ever shall Saint Germain be blessed for bringing this Knowledge of the "Mighty I AM Presence" forth in such simple language that all may understand and apply It. So We are blessing Him as greatly as you are, for that Great, Great Service He has rendered.

You know, sometimes you are not always obedient. Sometimes We are not—in this way: Saint Germain has asked that We refrain from commending Him. Chananda said last night to Saint Germain, “I am sorry to disappoint you, but I have got to do it.” So you see, We too are sometimes disobedient; but We too call on the Law of Forgiveness and try to do better the next time! So will you not feel with Us such great Joy and Happiness? Could you conceive of anything that would give Us such Great Happiness as to see the Expansion of your Light and the Freedom that awaits you so near at hand? Oh, it is no longer a long drawn-out activity. Just forget that part of it! It is not long anymore. Just rejoice—oh, with so great a rejoicing—in every day calling the Power of your “Mighty Presence” into action to cleanse, to purify your mind, body, world, and your homes!

Oh, those homes! Oh, what a feeling!—what a feeling is in the word “home”! Every home in the World in outer manifestation should be a Sacred Altar of God in Action. What a World—what a Heaven on Earth that would be! Oh, for that day! Do not feel Me critical when I say this, but, oh, for that day when once again mankind—notice this expression—is unpledged from on top of each other. Then they will not worry whether their “Mighty I AM Presence” is in someone else’s apartment! However, I would advise all not to worry about

that, even in the present state. Let the "Presence" take care of it. You may be sure the "Mighty I AM Presence" is quite able to take care of Itself.

We see from Our Great Field of Activity the vicinity of Lake Titicaca, from which one day shall be released again Its Great Powers. Many of you will see and know this of which I speak. Remember that not so far from this Great Focus of Light there was one of the greatest destructive activities on the Earth. There are caves in Our Beloved Andes where one day there was broken up the greatest focus of darkness on the Earth. In that age, the final battle was won between the Light and darkness. *The Light of course always wins; and so It will again in your Beloved America—in Our Beloved America.*

In your song tonight you touched deeply within My Heart. Hence, Great is My Joy to have been present with you and rendered a Service which it is My Privilege to give. May I remind you, just at this point, how great is this uplifting activity, how great is your happiness when you have rendered some service to each other out here in your world of action! Then can you just imagine for a moment Our Great Joy when We find an opportunity, sometimes even to Us wholly unexpected, to render a Service sometimes very far-reaching. *Tonight it is far-reaching, from the Andes to the Sierras!* Does that sound like a long distance! Well, it is not! That is the human concept

which says so. To Us who have forgotten, so far as Our own Activity is concerned, that there is time and space, is it any wonder We feel there is no distance? It is possible for everyone to become so conscious of his “Mighty I AM Presence” that he has no cognizance of time and space. To feel it, or to be so imbued with this feeling that you go through the activities of a whole day as though it were an hour or perhaps a few minutes, is joy unspeakable.

You know how often in your contemplation of the “Presence,” one, two, or three hours pass and it seems but a few minutes? That is a slight intimation to you of what it really means to transcend time and space. The Great Cosmic Law is now permitting this to be done more and more for the Children of Earth. Thus It is hastening, quickening powerfully, your own Call for the Freedom of all mankind. You who are privileged to know your “Mighty I AM Presence” in this way, will find yourselves a Thousand-Petaled Lotus, Its Thousand Rays reaching out everywhere to bless, to heal, to prosper and enlighten.

Our Precious Lotus! We thank and bless her for her ceaseless Service and her great happiness in that Service. I shall, for one, stand by and see that she never lacks for energy and strength. Your love is oh so great, pouring out to her, and I thank you with deepest Gratitude. Notice, Dear Hearts, how the great earnest Call to the “Mighty I AM Presence” dissolves

and clears away all mist of human creation. A great number of the earnest "I AM" Students are fast surging forward, into a great Peace at first—then the feeling of their Mastery over their worlds, then the feeling of a great Love and Kindliness pouring out to all mankind, which opens every Door before them into whatever activity is required.

Oh, Precious Ones, do you not see that those who have felt jealous and inharmonious just fade out of the Light—blaming others, when only within themselves is the fault? Oh, Precious Ones, so many of these are precious ones whose Light is very great; but when they become caught in that snare of jealousy, criticism, or condemnation, their own blessed Door just closes temporarily and they feel alone in the world. I, with you tonight, call to the "Mighty I AM Presence" of each one of those precious ones who have for one reason or another allowed themselves to feel unkind to the Messengers, or critical: " 'Mighty I AM Presence,' dissolve once and forever every human creation about them—cause and effect—and set those blessed ones free in the Light, that they may have the Freedom which is so near them."

If only mankind and the precious Students could see that the moment a discordant feeling stirs within them, it is just the sinister, human creation which would bind them longer in their limitations and distress. Oh, that all might understand this

and be so firm in their refusal to speak or accept from others any inharmonious expression! Then their worlds would quickly be at peace, filled with the Glory of the “Presence” and the abundance of every good thing they require for use in the Service of the Light.

The God Tabor, the God Himalaya, and the God from the Swiss Alps join Me in pouring forth tonight a fourfold Activity for your Blessing, for your Freedom. May I ask you to accept the fullness of It to go forth and do Its Perfect Work for you?

We love you, We thank you, We bless you.
