

DISCOURSE I

BELOVED LADY MASTER NADA

CHICAGO, ILLINOIS

April 11, 1950

Beloved Ones of the Light, may We enter into the great Joy this evening—the Joy of designing the incoming Perfection which I am quite sure most of you will live to see manifest in the physical octave. So you see, it's not so far off (*laughter*)—at least for some of you. We want you to feel the great enjoyment of planning ahead and designing the Incoming Civilization. So if you will come with Me into My Temple and My Palace of Love and Light, you shall see there—not blueprints; you shall see there the Perfection already created, ready to be lowered into outer manifestation. And I am quite sure you will have only joy as you behold It and anticipate Its use.

You know, there never appears to be a cloud without your realizing that the hour will come

when the cloud passes, and the Sun is again revealed. And so it is in national affairs. There never has been a cloud of human creation arise from the Earth, that there hasn't been the Great Descent of the Light that drives that cloud into the Blue Flame and consumes it—whether that be in this civilization or those that have passed.

The Cosmic Law is that the Sun always abides above all that is of the shadows, and the Sun's Power can always consume the shadows. And so it is with the Sunshine of your own “Beloved I AM Presence,” regardless of the shadows that seem to have gathered for a time. So it is in national affairs. And while the turmoil of cleansing takes place, We are preparing and designing and building the new Activities that are to come forth and render their Service. And really there's no difference between a national housecleaning and your private, physical one. It's much the same. You move everything around. You dispose of the dirt; and you buy new things, and you make new arrangements. And when you get through, it's much more beautiful and much more comfortable and convenient. And so it shall be in the Nation.

Destructive forces—My Dear Ones, remember this always: when they begin to brag about their

power and their ability to destroy, you may always read the handwriting on the wall. They are nearing their end. Destructive forces are very arrogant; and when they know their end is approaching, they are like the small boy in the forest. They whistle to keep up their courage. But the courage flees at the approach of that which is greater than themselves. So their whistling doesn't do much good—not in that case.

The filth that is gathered within this Nation shall as surely be consumed from the Universe as that the Universe exists. It's got to be! (*applause—audience rising*) Thank you, Precious Ones. Please be seated. Now remember, My Loved Ones, if you call for the filth in your Nation to be annihilated, it will be annihilated—because you will be answered! The Cosmic Law of Life has said throughout the ages, “Call unto Me, and I will answer Thee. Ask and ye shall receive.” Therefore if only a handful of people within the Nation, in the Authority and Power of that “Mighty I AM Presence,” issue the Cosmic Fiat for the Annihilation of the filth and degradation that has gathered, you will find the Cosmic Law will answer you. And I am part of that Cosmic Law; therefore, I know I am going to answer

you! (*applause—audience rising*) Thank you, Precious Ones. Please be seated.

Now We have consumed through the centuries again and again and again—innumerable times—the filth that mankind has generated. But the destructive forces that have imposed that upon mankind know also that the day comes when they must be annihilated. They know there is an hour when they must cease; for they know We are Immortal, and they are not. And that is your keynote tonight. If you will understand and remember in your Calls to your “Mighty I AM Presence” and to the Ascended Host for Their Divine Plan fulfilled Their Way—every time that Flame goes forth, It is established and becomes stationary in the atmosphere of Earth. And the moment those Flames begin to surge, the sinister force knows that that is a place where it cannot come; and that that is Eternal—and it is not.

So please try to keep this in the outer, intellectual consciousness: that whatever you call forth of Perfection, and you demand that It be made Imperishable and Self-luminous by that Cosmic Christ Command from the Great Central Sun; then be assured that every Call of that sort that you make is answered by that which makes

It Immortal. And this Cleansing Process is but to make those destructive forces understand Immortality. And that is what many individuals need to understand. They forget that they can't take the Universe out of existence. Some of them have the nerve to try it!

Destructive forces must be educated to the Authority of Creation. We have seen civilizations come up and go down again and again and again—the same life streams, in a large proportion, responsible for the destruction, and the same Life Streams who are constructive largely responsible for the building. Strange, isn't it, that the human conceit of destructive forces do not learn their lesson? It is amazing. Every time a civilization is to come forth and be brought to its height, the same—largely, I'm speaking now—the same group of Life Streams volunteer to carry the Light. And when civilizations begin to disintegrate, largely, it is the same set of life streams that are responsible for the destruction.

But that cycle is closing, because this time when the Cleansing takes place and the building begins anew, it is this time for permanent Accomplishment on the planet. (*applause—audience rising*) Precious Ones, while you are standing may I say to you,

you who have been the builders with Us before—of civilizations—are now about to write the last chapter in the book of the experiences of this world; and this time it is to close, “And they lived happy ever after.” (*laughter and applause*) Won’t you be seated, please.

So you see, after long, long centuries of trying and trying and trying again, We are to succeed this time—permanently. So no earnest effort is really lost. There might be change; but who is there to say to Me whether—because a form changes, that the good and the effort that has been made is not yet doing its work, and to be sustained throughout the centuries. So there’s no need for discouragement. But there is need for constant guard! And don’t feel obligated, Precious Ones, to put up with human nonsense. When something is wrong, it’s wrong, that’s all.

And with these recent Decrees you have been given, where you call forth from within the “Mighty I AM Presence” of the individual or of the Nation, and you call that forth with the Authority of the Great Central Sun, My Dear Ones, don’t doubt for an instant but what your manifestation will come almost in a breath. When you take your stand by that Conscious Command of the “Mighty

I AM Presence” in the Great Central Sun that destruction shall cease to be, why, Legions if need be could come to your Assistance to fulfill that Demand of Life.

So the Vanguard of the Light, the Vanguard of every civilization—which most of you are—is this time to reach the Goal of Permanent Attainment on the Earth. And I tell you, it shall be a great Joy to you all to realize the Power you have to draw from above *the Limitless*—and produce in the physical the Beauty and the Purity and the Perfection that It is a Joy to build, and to know It becomes Self-luminous and Imperishable. In other words, you, the Extension of the Creator in the Great Central Sun, are going forward to build the Immortal Beauty in this world.

Immortality is a wonderful thing, My Dear Ones; and you have the Power to confer It. You haven't thought so up until now, but you have. You have the Authority, by that Cosmic Command of the “Mighty I AM Presence” in the Great Central Sun, to make Imperishable whatever you will. You have the Authority to build that which can be sustained forever. You have a right to draw forth the Beauty, the Purity, the Perfection, and the marvelous, happy use of anything you desire. And when you

command it to be eternally sustained, you confer upon it Immortality. Is that not a wonderful thing to contemplate?

We are swinging wide for you one Door after another into Cosmic Realms of Experimentation—into Cosmic Realms of Beauty and Perfection and Activity that are almost incomprehensible to the average individual's intellect. But you who are ever expanding your Light and reaching up in the greater use of these Powers, shall come and go through these Doors and bring back what you choose, to produce the Beauty and the Perfection in this world that is an Honor to God, by which you honor the Great Central Sun.

Always bear in mind that what you build in the physical octave is to honor the Great Perfection and the Great Love of Life that has come forth from the Great Central Sun and provided you with the ways and means of building. It is not by an idle chance that the Beloved Godfré gave you the expression of the "Honor Flame of God's Heart." If you would live to honor the great good and all the blessings that have been yours through the centuries—if you were to live to honor the Stars, to honor the Powers of Nature, to honor the Beauty and the Perfection of Life, how could

you be unhappy? How could you, when you live in the joy of honoring that which is wholly Divine? There's no servility about that. One can be humble; and yet with great dignity and great love and great reverence and adoration, use the Mightiest Powers of the Universe to honor the Source that gives all.

And then you live in that close communion with that which loves you more than you can understand. So when you honor that which loves you so greatly, how could you be unhappy? It is only when the human is allowed to do that which hurts, that unhappiness can possibly exist. And, O Precious Ones, if you would have the unlimited use of these Powers of Mastery, conquer every feeling and every desire in you to hurt anyone—by thought or word or deed or subtle inference. Just withdraw the capacity to hurt, and you shall know what Love can bestow. You shall know what Love can do for you.

The desire to hurt, My Precious Ones, is a characteristic of the animal. It's not a quality of the Divine. A Divine Being doesn't hurt. Only the animal does that, and surely you don't want to admit an animal heritage. I'm sure you don't. You are of Divine Origin. Therefore, to honor

the Divine with no capacity to hurt is Mastery. And then when it becomes necessary to handle destructive forces, you but draw the Power of the Divine, and you but force the evil to consume itself. You do not even have to touch it if you know what I mean tonight.

Therefore, in the cleansing of your Nation, as you draw forth these Great Cosmic Powers of the Blue Ray and the Divine Judgment of Blue Lightning, you make the Call; and those who are the Authority of that concentrated Electronic Force send It forth to leash the expansion of destruction. And then its own force is driven back into itself, and within the Blue Flame is the consuming taking place.

Therefore your happiness depends on Love, not the use of the power that hurts. The "I AM" Students should be incapable of hurting each other—or any part of Life. When these Great Beings in Our Octave are ready to handle situations in Ways and Means that you know not of, that are wholly in Obedience to the Divine Law of Cosmic Love and Mercy—knowing full well all causes that have gone before, and all future effect—surely it is the part of Wisdom to place it in Their Hands by your own Calls. And

you stand holding your Peace; and We shall fight your battle, not with hate, but with the Light Rays that are always victorious.

Therefore there is no uncertainty as to the results of your effort to control. Oh! you may search the Universe over, and you'll never find a substitute for Our Love; for It contains Wisdom and Power that mankind's intellect can never know until it arises into Our Flame purified and becomes Ourselves. So, Beloved Ones, were I to speak to you for Eternity, I would explain the Immortality of Our Love; for I enjoy talking about It. I love to pour It forth. It can only produce Beauty and Perfection and Joy for all; and you cannot help but absorb It, because I so qualify It. There might be individuals or conditions that think for a time that they can repel My Love; but they cannot, for I can wear them out! (*laughter and applause—audience rising*) You know, Precious Ones, I can wear them out; but they cannot wear Me out. You see, "I AM" Immortal; and evil or discord is not. Therefore I know I can wear them out. Therefore I know My Victory before I begin. And they have to be educated to know what I know. Won't you be seated, please.

So if We may go forth in the Garden of Life hand in hand with Beloved Victory—let Us show you the Secret Powers you may use when you have become the Immortality of Our Love. We have offered It to you free as the air you breathe, unlimited in quantity, boundless in Power, Eternal in Its Manifestation. We’ve offered you a priceless Gift. It’s the Scepter of Dominion, and It is Mastery—unconditional; and the world can’t offer you as much. It doesn’t make any difference what you want to do or what you think you want to do, there isn’t all mankind put together who can offer you what We do. We give a priceless Gift that is indestructible and cannot possibly be misused under any circumstances.

So We are Friends; and I am quite sure one day you will be grateful forever. Just try to measure your everyday experiences, the things you do in what you call your daily routine; and ask yourselves as you do things from day to day, “Am I making this which is constructive Immortal?” Then if you are not, make your Calls to your “Presence” and to Us to blaze the Cosmic Christ Flame of the Love in the Great Central Sun that does make that Immortal.

And then the good you do will live after you. The good you do will pour right through. And who

are you to say I am wrong? You can't do it. See? "I AM" Immortal, and you are not. Your human is not. The part of you that I want to draw into outer action is Immortal. I want the Perfection in you to come forth in action and beautify America, for I have much to do. Oh! I have so many things to do, so many experiments to make, so many wonderful things to show you, that I want to give to you for your happiness. But you must learn how to use Them; and you must know that when I bring Them forth this time, They are Immortal.

You know, they speak of My Home as the "Palace of Beauty"; and so It is. And I would love to make America just as beautiful. (*applause—audience rising*) And Precious Ones, since I am going to begin to make America beautiful, I shall begin with you. I hope you don't object! (*applause—audience rising*) Let Us draw forth your Immortality of Beauty into your outer use and action, and reveal to your fellowman what Love alone can bestow. Won't you be seated, please.

So let us have a vacation from the house cleaning. You know, you can't clean house too long at one time without becoming weary; but We can take a little walk in the fresh air. We can go off on a shopping tour. We can go off into many

things to break the strain. And so it is with you and the conditions in America. You may watch them now; and wherever you see help needed, make your Calls with everything at your command, and demand America cut free—the only landed surface of the Earth where Freedom to love God was sought by those Life Streams who gave Us the Open Door to bring Freedom, as a Nation, to the group of people who have been privileged to walk on the soil of America. (*applause—audience rising*) Thank you, Precious Ones. And I have, further, this to say: Guard well the Gifts America—God has bestowed upon America, and demand They be made Immortal. And We shall move forward greater Power to your Assistance. Won't you be seated, please.

Love is the only thing that can give Immortality. Therefore evil forces cannot bestow what We can. And therefore, if you allow Our Flame of the Love from Our Octave to come into your outer daily use in all that you do, to clothe you, to become your Pathway, and then you use the Power of Our Immortality which that Love is, We shall move forward to Wondrous, Victorious Accomplishment. And I am quite sure you will begin to experience a Happiness that is Immortality. I insist on it!

So with My Love—My Immortality, shall I say—I clothe you with Garments of Light Substance which I want to, and which one day I shall make visible and tangible in the physical octave if you so desire. (*applause—audience rising*) Thank you so much, Precious Ones. Now I draw and clothe you with the Immortal Power of My Love. Acknowledge It and draw It into your outer use. And when you need Power, demand My Immortal Power of Cosmic Love; and let Me surprise you with what It contains. I am waiting for the Opportunity to bring you a Joy in a way you have never had before. Let us go forward like happy children, knowing the sunshine is ours and the shadows may pass with the wind into oblivion forever.

So let Us make all things Immortal by the use of that Love from the Great Central Sun that is yours to use without limit. And every time you use It and expand It, you will honor your Source; and the Honor Flame of that Cosmic Love will reveal the Light of Eternity, the Light of Immortality to you, to use without limit at your Conscious Command. It is a Gift—priceless and well worth using, and yours forever. May It clothe you with everything that brings you contentment and happiness, and shows you the vast Infinite Vistas beyond. And

through these Doors of Light and Beauty and Perfection may you come and go from Our Realm, until We finish in America the Handiwork of God's Love; and the Immortal Beauty and Perfection of Freedom to love God shall reveal the Jewels whose Healing Flame will cover the Earth—this time with that which honors all Life with Perfection. May It become yours to use without limit. Thank you. Won't you be seated.

Try to feel that the younger generation, whom We love so greatly, must now be helped to be cut free from the shadows. So in the use of My Immortal Power of Cosmic Love, when you draw the Power to correct conditions, you will find It ever sustained and ever increasing in Its Action as you call It forth.

So I thank you for this Opportunity to again expand that which will begin to surge into the outer and reveal the Honor Flame of God's Great Cosmic Heart, wherein the Treasure House of the Universe ever pours forth Its Boundless Wealth to those who are the Extension of Love's Great Flame from the Central Sun. I thank you. And with Its Mantle of Happiness and Immortal Powers, may My Love and My Wisdom bless you with Their Eternal Gifts; and good night.
