

DISCOURSE IX

BELOVED GOD MERU

CHICAGO, ILLINOIS

January 6, 1956

Beloved Ones of the Sacred Fire, tonight as the Great Searchlights play in the atmosphere of Earth over the Americas, I wish you to know something of the Assistance that is being given. As the Cosmic Action increases—by the Direction of added Outpouring of the Sacred Fire and Cosmic Light to this world by the Great Beings who govern the System—there comes into every focus of that which is constructive, whether it be within the mountain ranges or whether it be in the outer activities of mankind, there comes an increasing Power from within, of all constructive action, and also an Enfolding Radiance which helps to strengthen and protect and sustain It; so that every Focus of the Sacred Fire throughout the

world at this time is being intensified, and expanding, and is also being surrounded by greater Protection.

Then as the Cosmic Light enters into the atmosphere of Earth, It dissolves and consumes the discordant substance, the impurity, and the activities of destruction that have been charged into the atmosphere of Earth by mankind. Now as these two Activities go on, many wonderful things will take place—as well as some undesirable ones. But I wish to assure you and make you feel that every Power within the Retreats of the Ascended Masters that has been maintained there for centuries, is now expanding with very great rapidity, and is also being protected with greater Security.

Now the same thing is true of individuals, as to some degree. Wherever the Power of Light—the individual's own determination to have God rule in this world—comes forth powerfully in the feelings, then that automatically draws more Power to accomplish, and more Protection. This is why many times people feel an added strain. But they do not realize, as they take on greater responsibility there always comes forth greater Light to help them carry that responsibility,

and greater Protection in carrying it, so long as they do not waver or become insincere in their determination to have their Victory.

The whole Magnetic Power that is drawn in and around an individual to accomplish some wonderful Victory over the destructive activities, always, My Dear Ones, draws a greater Guard from the Inner Level; and It also compels the Release from within the individual of other Powers by which to accomplish the carrying of the responsibility.

Now people do not always realize this. They feel sometimes, when they take a great responsibility, almost swamped by the importance of it—and sometimes it causes a certain fear to come in. But when you realize that under the Great Divine Plan of Life, as a greater responsibility is accepted, a greater Strength automatically begins to be released by the “Mighty I AM Presence” into the use of the outer self. And this is what We sometimes speak of as the Inner Essence.

You’ve heard that phrase, and some of you do not quite understand what it means. The Inner Essence is a concentration of the Liquid Light from the Higher Mental Body through the nervous system—in and around the physical body. And also, It draws an added Power of that same

concentration of Light into the atmosphere about the individual. So you are given Assistance from several different ways by your own acceptance of responsibility, and your own use of your own Powers to carry it—because in your use of those Powers, it forces the Release of this Inner Essence through the feeling world with intensity enough to draw greater Perfection and greater victorious Accomplishment.

So there is no such thing as failure to those who, once facing the Light, are determined to bring Its Victory into this world. Now this determination to draw the Victory of Ascended Master Perfection into the outer world should be held entirely within the Adoration to the "Presence," and then the knowing within and the feeling that by the Cosmic Direction of the Sacred Fire, this Help comes forth into outer world conditions en masse, regardless of individuals.

Then if individuals in channels of the outer world's activities do not seem to do the right thing, be unconcerned. The doing of that which is right is accomplished by the Sacred Fire Release; and if one individual doesn't do what's right, then the Cosmic Law will raise up someone else and make someone strong enough who is determined enough to give this Help to all mankind.

So there could not fail to come Help to you if you are determined mankind shall be Free. And then you draw Assistance you know not of, because under the Action of Cosmic Demand for something that affects the masses of the people of the world, there always comes forth this Inner Essence to be the Strength to fulfill the Demand. And that is why you are so privileged in this “I AM” Activity to draw this added Power through your Decrees into outer world conditions; and automatically there comes the greater Release of the Inner Energy, the Inner Essence to you to help you, proportionately to the Help you call forth to the outer world.

Don’t you see, Beloved Ones, if mankind only understood what it means to call to this “Mighty I AM Presence” and the Ascended Host, to send forth these Powers of the Sacred Fire, and to compel the Purification and Assistance to mankind that is the Strength to help them desire to reach up and be Free—no one could make that Call to serve all those Life Streams by raising them, without drawing tremendous Power of Mastery into the outer self of the individual who will make the Call.

You cannot comprehend until you see It act from the Inner Standpoint of these Great Light

Rays and how They enter into the mental and feeling world of mankind to change the impulses of the outer self. Unless you saw that as We do, you cannot realize what Power you have through your Decrees to send forth the Cosmic Action of the Sacred Fire that does help all mankind to be Free more quickly. So now you may understand something of why We are so grateful to you in your determination that these Decrees shall go forth and render their Service to the people of the world. And thank you more than you know for your willingness to do this. (*applause*) So, Beloved Ones, thank you so much.

In the Land of My Heart—We have some of the most wonderful things in all the world held within the mountain ranges of South America. They are the Treasure Chest of the centuries past; and like the Himalayas, they guard some wonderful Secrets of Nature. And when mankind en masse is purified to a certain point and raised into Obedience to the “Mighty I AM Presence” with Conscious Understanding, will those Blessings be revealed and brought into the outer use of mankind, as the great final Golden Age to this world reveals the Glory of the Ascended Masters’ Perfection that is to come.

So those of you who dwell within the Americas have a very great responsibility to protect those marvelous Blessings that are held in custody within the Americas. The Americas, proportionately, represent a quarter of the world's landed surface; and in that quarter is guarded some wonderful Powers of the past and some wonderful Blessings of the future.

You are all a part of that to receive Its Blessing. Then you are all a part of It to be the guardians of It and help protect It. So your privilege is very great; and I assure you, you are not in embodiment in this portion of the world by any accident nor coincidence. This has been previously designed and definitely planned to be held in trust by those who have been part of the builders, in the past, of some of the Blessings that are here.

So in that which is to be accomplished in holding the Balance in the rest of the world—must be the Release of a certain Power of Purity through the Americas, and of course primarily through the United States of America, because here this Knowledge of the “Mighty I AM Presence” has been drawn forth and anchored by the Light within the people who were here.

Now as that Light begins to expand through the Americas and throughout the world, you will find, as I said in the beginning, that which is determined to stand for the Constructive Way of Life, be given greater Protection and greater Responsibility, that the Light Itself may grow brighter to save the whole. The masses of the people, My Dear Ones, while they have to a large degree been disobedient in the use of life's energy, and they are in very great degradation—some of them—yet the masses of the people are very essential in the world. And they are entitled, when the Light comes into the world, to receive that Light and begin to use Its greater Blessings.

When individuals in political power, from purely selfish, destructive reasons, seek only to deprave the masses or use them to destructive ends, there comes through some of mankind yet unascended the Desire to set the masses Free. And now, with your Conscious Understanding of this "Mighty I AM Presence" and Our Willingness to assist you, the masses can be purified and raised in great numbers—more than they have ever done in the centuries past, because the law of their existence here in the future is the Law of Purity. So as they reach up to the Light, the Light automatically begins that Purifying Process.

You who understand the use of the Violet Consuming Flame and have used It to purify yourselves, can then be privileged to use the greater Powers of the Sacred Fire through your Decrees, until this Purifying Process to the masses of the people takes Its Dominion and awakens their Desire within them to reach up and be Free.

I want to explain something which takes place in every nation of the world. The feeling in the down-trodden masses is often rebellion against that oppression which causes them distress. But unfortunately, the feeling within them is not strong enough to demand God's Freedom and God's Strength within themselves to be the Fulfillment of the Divine Plan. It's one thing to rebel against conditions that are distinctly uncomfortable; but it's another thing, in the midst of those conditions, to demand that the Great God Power and "Great God Presence" of Life have Its Dominion and produce Its Perfection, because It is the way of the Divine Plan fulfilled.

You know, in mankind's feeling world, when they are in suffering or distress, lack or limitation, they rebel against that and want to get out of it. They want to be free from the distress; but there is not an awakening, an aliveness within

the desire world within them to reach up and be the Freedom of God's Perfection. There is a vast difference between the reaction to the individual in the desire just to be free from distress, and the Desire to reach up and be the God Presence of Freedom and Power to produce Perfection.

So until this Desire is awakened within the people, why, they go on in these limitations. But there is now the condition everywhere, and has been for centuries, wherein the people must be purified and helped and harmonized to a certain point before the Desire for the Great God Perfection of Life can be awakened—because when they are too uncomfortable, the very distress keeps the attention from going to the "Great God Presence" of Life and making the Call for Freedom. So a certain amount of Purification and Harmonizing of the outer conditions of mankind must come by the Action of the Cosmic Law. And that Cosmic Law is the Release of the Sacred Fire into the atmosphere of Earth which compels Purification, and compels destructive forces to be forced to be removed.

That is why, in many conditions that are in the outer world today, the masses of the people are swinging from one thing to another. But out of it all will come the awakening of the Desire not only

to know something about the Great God Plan and Perfection of Freedom, but certain Illumination is coming to the consciousness of all mankind—and I mean the mental and feeling world—that will force all mankind to become aware of Our Presence and know something of Our Activities, that will compel the Desire within the individual to reach up to understand the “God Presence,” the “Mighty I AM,” and to understand something of the Universe around this world.

When it comes to a point of Cosmic Illumination and the use of the Cosmic Powers of the Sacred Fire, They enter into the very life of the people and become the Controlling Force of the future. So you have much to be grateful for; and you surely have much opportunity, through your Calls alone, to help the masses of the people to be purified and released from much of their distress, until of their own Free Will, they try to use their own Authority of Life to help themselves be Free.

Now in the whole of South America there are some Magnificent Blessings of the past that have been held, guarded, and sealed against the use of destructive forces. We have guarded those remnants, I shall say, or Blessings of the

past Perfection; and We guard them still. And at a certain point, when mankind is purified and more harmonious, their progress will be greatly increased by the use of some of these Blessings which We have saved through the centuries.

It is true also in some other portions of the world—a similar thing has been done. And that is to be the more rapid bringing forth of the New Civilization that will eventually be transmuted into Ascended Master Perfection, so that this world becomes the Ascended Masters' Octave of Perfection as the masses of the people are shown Our Presence and become aware of that which they may become.

You, as the vanguard of the Help that is to come to those people, can, by your Decrees—just without strain and without struggle, but just a reaching up of your Heart's Desire for the Blessings of the Sacred Fire to come to the people of this world as quickly as possible, will you find those Blessings coming everywhere, even where people do not expect Them. And the Transmutation Process goes on by the Power of the Sacred Fire, that here and there and everywhere establishes what you might call a Powerhouse of Its Action to go on and keep pouring out Its Radiation until the

Awakening is complete; and mankind then begin the use of those Powers of the Sacred Fire that take them through to Mastery quickly.

So, Beloved Ones, in the use of these greater Powers of the Sacred Fire—especially in Cosmic Action for which you have called—I assure you, They will bring you Boundless Blessings in channels you do not even dream exist on this Earth. Everyone who is assisting mankind at this time from the Ascended Masters’ Octave is not only aware of what you are doing here, and what the Mighty Saint Germain has brought to you to do, but They are watching the Expansion of the Light in everyone who understands this Law.

They will intensify and expand that Light just as rapidly as you will let Them. And you let Them by your attention to your “Mighty I AM Presence” and to the Ascended Masters through your Calls. So you are drawing, Precious Ones, much greater Blessings and Powers into your own outer use. And you are also drawing Assistance to the Expansion of that Sacred Fire in your own Life Streams by your calling It forth and using It for the Freedom of the mass of the people of the world.

Now if this seems complicated, don’t worry about it—the Cosmic Law will take care of that.

But you will understand it little by little, until as you find It acting perfectly natural in your daily affairs, and you begin to feel It and see It sometimes in the atmosphere about you, you will wonder where you've been in the ages past.

And We do too, sometimes. Only it isn't wise to contemplate it. I think you've experimented long enough groping in the shadows. But the experimental stage is over, once you enter into the Calls for the Cosmic Action of the Sacred Fire to come forth and change conditions here into that which ought to have manifested long ago.

So in your Decrees tonight—We are especially interested because they affect the South American continent, just as well as North America and the rest of the world. You cannot call forth the Cosmic Action of the Sacred Fire without having It come into Action; and I assure you, there is nothing in the Sacred Fire that's going to cause distress to anybody or anything that is constructive.

So you are on the Pathway of Security. You are attaining your Freedom. Your Goal is certain, and your Victory is hourly expanding in and around you all. And as you call for that Sacred Fire to control the masses of the people, you will find the Answers to your Calls coming forth in the

most amazing channels—in which you little dream Perfection could come. So be of good cheer! There is nothing to fear. (*applause*) Thank you, Precious Ones. And in your calling forth of those Cosmic Activities of the Sacred Fire, They enter into the darkened portions of the Earth where discord has been held so long, and begin to bring the Consuming Action that helps to purify all those activities more rapidly.

We are grateful beyond words. And I assure you, as you continue these Calls for the Blessing of the people of the world, shall We pour to you from South America Blessings that We have held in secret, Blessings We have protected, Blessings that are to come forth in outer use as fast as you are able to use those Blessings—in the Service of the Light that forever goes forth to assist all to their Freedom in the Ascension.

Thank you, Beloved Ones, for your love to Us; and in that love there will always come back to you, not only the Gifts We can give, but the Release of that Inner Essence that expands your own Life Stream's Flame, until the fullness of your Mastery outpictures in the physical conditions of this world. Then as you take your Ascension, you leave the Blessing to this world that is the Raising

Power to those still following on. And that is the Fulfillment of the Law of the Love that sets you all Free.

Thank you, and I bear to you the Blessings of the Great Beings who guard the South American continent, besides Myself. And all the Beauty and the Perfection that comes from Our Great Realm of Life to assist you—in your effort to free the masses of the people from the distress of the centuries—just so will Our Love free you, until all have completed the journey and entered into the Realm of the Sacred Fire, which the Ascended Masters' Octave is with no uncertainty. And no imperfection can ever there exist.

Thank you, and with the Love from Our Octave and all that the Sacred Fire can give, We are at all times ready to charge you with the Strength and the Protection that makes you strong enough to carry this Light, to carry the responsibility of releasing the Sacred Fire to assist the masses of the people to rise out of the shadows. So go forward, and know your Victory, day by day, must manifest in your outer affairs; and as It blesses you, It must go forth to fulfill the Great Divine Plan of Freedom for all. Thank you with all My Heart.
