

## DISCOURSE I

### BELOVED GODFRÉ

January 23, 1949

CHICAGO, ILLINOIS

Beloved Ones of the Light, Our Dear Hearts of Light! Today I trust I may bring to you the Light in Its Great Cosmic Blessing of such Intensity and such Glorious Release that you will come with Me hand in hand to the Great Freedom of the Universe. Come! behold the Glory and the Powers which Life is waiting to pour forth into your hands and use; for We shall enter in today to the Great Divine Law and Its Mighty Action of producing Manifestation in the physical octave.

In your constant demands of the outer self, you have focused, drawn, and anchored the energy of your own life into the outer conditions that have become your problems and your limitations. Now as you come with Me to behold the Great Cosmic Law's Action in producing manifestation in the physical octave, you must anchor your attention

upon your "Mighty I AM Presence," upon Us, and upon the Action of the Great Cosmic Law of Energy.

You may all think you know something about the Action and the Law of Energy; but you know very, very little compared to Its Great Cosmic Power which swings in Perfect Divine Order under Conscious Directing Intelligence everywhere throughout infinite space. All Energy of Life acts under the Divine Control and Directing Intelligence of the Great Individualized Beings whose Responsibility, Authority, and Capacity have made Them the Law of Its Action to produce Cosmic Manifestation such as a Sun, a world, a planet, or a System of Worlds.

Try to enter into Our Understanding of your own mental processes and your own feeling world, because, My Dear Ones, through doubt and fear alone, both of which are selfishness, you have bound yourselves with your own energy. "I AM" determined to release to you the Understanding and the Power of those Great Cosmic Currents of Purifying Violet Flame to bring into your outer understanding that which compels you to be Free.

You have heard the Messenger many times say that all your limitations are due to body

consciousness, and that means to some thought or feeling concerning what the body either wants or fears will happen to it. That is what makes mankind misuse the great Energy of Life; while if the outer intellect and the feeling world were trained to feel that the great Supply and Security to the body came wholly from the "Presence" in answer to your Conscious Call and your own Directing Intelligence, you would feel your Safety flow from your "I AM Presence," which the outer world will never give you because it does not hold that Safety. Therefore it cannot give you what it does not possess.

I have particularly in mind the Desire to help you in regard to supply. You may decree for a thing for aeons of time, but if you want your Decrees fulfilled quickly and anchored into your outer affairs as conditions that produce Perfection which fulfill the Divine Plan, then you must produce them according to Law. Sometimes by just desiring a thing with great intensity, it draws to you its fulfillment one time, and another it fails. In producing anything constructive into outer manifestation, you must come fundamentally to the Understanding that unless you create the Picture clear, distinct, and definite in your own mind, you

do not have an anchorage for the Light Substance which produces Freedom. You do not have a Cup, so to speak, into which the Energy and the Power of your Life can concentrate with enough pressure to become the thing manifest in the outer world which you desire.

Everything that comes into outer manifestation has a mental picture or you could not produce it into the physical world, nor even in the mental and feeling world. Every thought you think has a picture within it which represents that thing to you; and these thoughts are things. Feelings are things! Words are things!

In producing a manifestation which you consciously design which you desire to use in the physical octave to fulfill the Divine Plan or do anything which is constructive, you begin always with the mental picture. If it is hazy and indefinite, your words do not have a definite focus into which to draw your own Life Energy which becomes the thing manifest, because anything you want manifested in your world must live by your Life. You do not quite realize this, but everything you do in your physical life either you do with your own Life's Energy or you do not produce the result.

This is the Secret of Freedom, My Dear Ones. This is the Secret of boundless Supply. This is the Secret of Perfection, and the only Way and Means by which the Divine Plan can be fulfilled absolutely a hundred percent all the time. You can positively produce the result a hundred times out of a hundred! Follow Me today with clear, alert attention and undisturbed feeling. If your feeling is not undisturbed, you are *compelling* part of the energy of your emotional body into whatever your attention is focused upon; and you receive only a small portion of that which I, otherwise, can give you in Its Fullness.

When you give your Decrees, stop a moment before you begin, get a clear mental picture of what you want to produce, and then while you are saying the Decrees, hold the mental picture and pour the Love and Enjoyment of the thing you desire into the energy with which you give the Decree. The Love in your feeling world is the Magnetic Attraction within your own Life Energy which draws the Universal Cosmic Light Substance and condenses into the thing you decree into outer manifestation. This is just as necessary as molding a loaf of bread out of a piece of dough. There isn't the slightest difference.

If you do not have some mental picture of the shape of your loaf of bread, you would not make a loaf of bread that shape.

Your own feeling world, if it be charged with doubt or fear, is the thing that pushes away the Fulfillment of your Call, because both doubt and fear are repellent forces. They are not Love, therefore not Attractive. *Love is the Great Cohesive Power of the Universe and is the Vibratory Action which coalesces the Universal Light Substance into the picture of what you desire to produce quickly.* The Love in your feeling about a thing is the Enjoyment of it before it becomes manifested. Therefore in the anticipation of the Fulfillment of your Call is the opportunity wherein lies your work, or activity, of pouring your Love into the thing you are decreeing into outer use.

For some people it seems quite difficult to generate the Power of Universal Love. Now that has not anything to do with personal attachment or what the world calls "love." The Love of which I speak is the Great, Divine, Magnetic Current of Life from within the Electronic Body. This pours Itself out as Magnetic Attraction by which It molds the Universal Substance into what It desires to produce into manifestation in the outer world.

Mankind goes through year after year of financial limitation and lack of supply of money or things when they could have them just as easily as breathing. Mankind has lived century upon century and hundreds of lifetimes in the degradation, the limitation and pettiness of their own feelings that continually are repelling the Great God Blessings which are as Free for your use as the air you breathe. They are as Free as God's Life!

But what can you produce without using the Energy of God's Life? Now follow Me closely, because if you will, it will be your *Financial Freedom!* If you go wool-gathering and you only get part of what I say, you will imagine the rest and you won't get anywhere. Even when people are working for things physically through physical channels which are ordinarily their channels of supply, many times those channels fail because the doubt and fear—that are both discord—qualify the energy of the feeling world with the force that drives away the very thing for which they are working.

If you hold clearly in your mind the sharp, clear picture of what you desire to produce for the constructive activity of fulfilling the Divine Plan, and pour your Love upon it, you will produce it. If you hold clearly in your mind the Picture

from the "Presence," and then you pour upon that Picture your Love and Enjoyment of doing what the "Presence" wants you to do, you will do it! You will draw into outer manifestation that which will fulfill the Divine Plan of the "Presence."

You will find as you maintain the Love, Harmony, and Enjoyment of holding the Picture of the "Presence" doing a thing, It will release from Its own Hands into your outer use that which you require. You will find, My Dear Ones, Supply, Opportunities, and wonderful Blessings coming to you from channels you never dreamed were in existence.

It is because people do not do this is why many fail financially. If because you know there is supply in a certain channel, many times you think: "Well, those people are not using that. I need it!" Or, "They have more than they can use!" You tie your attention to it and push your "Presence" aside. If the attention of the outer self becomes fastened to another's supply with the determination to bring it to yourself, even though you are doing something constructive, you will fail ultimately even though you draw or pull the thing into your world temporarily. If you draw supply from a channel which is under someone else's direction,

and the Divine Plan wants that one to hold it for a certain length of time for its radiation, you have caused disorder to come into the other channel of supply; and the disorder you cause there will create disorder for you. Therefore it cannot produce the Fulfillment of the Divine Plan.

Every individual has his or her own direct connection with his or her own “Mighty I AM Presence,” which is Life’s Open Door of boundless Supply to each one. But that which fulfills the Divine Plan must be the Gift of Life, for Love alone is the Fulfillment of the Law of Perfect Manifestation in the physical octave. Therefore, unless your Love goes to your “I AM Presence” in the Enjoyment of holding the Picture the “Presence” wants, you do not open the Door. By sending your Love and asking the “Presence” to produce it into your hands and use out here Its own Divine Way by the Power of Its own Love—you give the “Presence” the Open Door by which Its own Magnetic Currents can draw from many channels more than you can use in the physical octave.

I am trying to help you today to let go of the little, tight channels so you may open your world to the limitless Channels of God’s boundless Opulence. So long as you keep your attention fastened to people,

you will be limited. Until you lift your attention to that "I AM Presence" and to the Ascended Host who are wholly Unlimited, you cannot have the Gifts of the Unlimited. You cannot have the Divine Pictures of the Manifestation of the Unlimited unless you come through the Door of the Unlimited, which your "Presence" and the Ascended Host are with no uncertainty.

Supposing you draw from certain channels in the physical octave which you feel you have the right to draw from, and you force into your world certain accumulation of wealth. Where is your certainty of keeping it? If you draw it from some other place where it ought to be, even though it seems to be an excess in that place, yet you do not know what the Higher Mental Body of any other individual wants to do with an accumulated supply. You do not know whether It is charging that supply over a certain length of time for a purpose of Its Own. You do not have any right to draw from channels that are in the physical world the things you require in your world. Your world belongs to your "Presence"! Your "Presence" is Its own Open Door into the Limitless! It can draw to you in a moment that which all mankind put together cannot give you through the ages; and if I can get this clear in your minds

today, you will all be Free—financially and otherwise. (*applause—audience rising*) Thank you, Precious Ones. Please be seated.

Now supposing you take a responsibility and you desire to carry that honorably. It is constructive and is the Fulfillment of the Divine Plan. Well, so much for the outer; but what about the Fulfillment of the Divine Plan in regard to the supply for its upkeep or for the Power which protects it? Do you not have to qualify in the Fulfillment of the Divine Plan in those two channels just the same as you do in its outer use? You most certainly do under the Divine Law! But the human, through doubt and fear alone through the centuries, has anchored within its feeling world so much terrific pull upon the things of the physical octave that it has forgotten it has its own individual Open Door into the Limitless.

Your “Presence” was Great enough to put you here! Your “Presence,” which is Great enough to supply your Life and heartbeat with the energy you use every moment to breathe—do you not think It is Powerful enough to bring you what you require for your food, your clothing, or anything you choose to do in the world of action? You belong to It, and the world belongs to It; but It has Its own Divine Plan of Its own Relationship to the rest of the world.

So until you get this set correctly, Precious Ones, and you get your house in Divine Order and in right relationship to your "I AM Presence," everything in the outer is a continual struggle and a continual battle, when it could be a continual enjoyment of lifting all outer action. You could just as well draw these manifestations which you desire as physical things from your "Presence" with loving happiness as to dwell in the fear of the mental and feeling world of the outer self. Through that fear your mental and feeling world will drive you here and there and everywhere to get a pittance of existence when you could have the Boundless.

I shall tell you the story that this Messenger used to repeat many times from the Shrine Platform. Through this Explanation of the Law, your "I AM Presence" and We are offering you the use of the unlimited Wealth and things from the "Presence," from Our Octave and from your own "I AM Presence." You are either afraid to take them or you let the outer world's old habits fasten you so tight to the outer routine that you cannot let go long enough to receive these greater Blessings. Then you are like a little boy who has his hands full of pennies and his father says, "Let go, Sonny,

and I will give you a handful of quarters”; and he says, “No, I want to hold onto these.” If he does, he does not get the quarters.

As long as you claw on persons or physical things for your supply, you will be limited, My Dear Ones. I am not criticizing or condemning anybody. This is an old race habit of fear and doubt. Today I shall cut it free from you because it is just like chewing gum. It sticks you to everything you do not want. (*applause—audience rising*) Thank you, Precious Ones. For just a moment, stand there! “I AM” going to get this Energy into you.

Now supposing you need something in the outer. You are doing something constructive, and it is the fulfilling of the Divine Plan. It is your responsibility to fulfill the Divine Plan your “Presence” Way! Therefore, if something suddenly seems to be needed, you turn quickly to your “Presence” and say: “*‘Beloved Mighty I AM Presence,’ this is required here as the only thing to do to fulfill Your Divine Plan. You see that I give and I demand the Joyful Obedience of this outer self to You! You show me the Happy, Joyous Way of fulfilling this requirement! If what I am to use here is in the physical octave, then You bring it to me by Your Great Love; and make me love You enough to keep the Door open. Bring this to me by Your Love!*”

Then if it comes from the physical octave, bless it with your Love. Thank your "Presence" and go on fulfilling Its Divine Plan. If it is not the Divine Plan to draw it from the outer or it has not yet come into the outer or may be not yet created, you say to your "Presence," "Show me the most Joyful Way of Obedience to You and the most Powerful Focus of Your Love to me which brings this into my hands as You want me to have it now!" Then if doubt and fear beset you, order them out of your world and say: "Get out of me! I belong to the Love of my 'Presence'; and Its Love does fill me with the Fulfillment of Its own Divine Plan which brings only Happiness to everyone."

I challenge you to try Me out for one week on that and see whether your "Presence" knows many Ways to bring you things you require, things which will make you happy, things which will lift your limitations from you, things which will let you have the freedom to go ahead and do a work with greater happiness, and yet hold it Invincibly Protected. This is the Divine Way of Creation. I have charged you with My Feeling of that Joyous Release which compels you to be supplied the Way of the "Presence." (*applause*) Thank you. Won't you be seated? Thank you so much. Now please be seated.

I will show you what you do to yourselves, and I am quite sure you will agree with Me. What is your habit of feeling? What is the picture in your mind when you have a lot of bills to pay? You say, "I have to pay these bills! Here are these bills!" Do you ever stop and look at those bills and say: "Beloved Mighty I AM Presence"! Pay these bills! See that they are paid through Your Love; and keep me so happy with Your Love pouring through me that whatever is necessary for me to do to pay them, I do through Love, and all loves to come to me to pay them for You!" You never thought about loving your bills, did you? Well, the day you do, bills won't bother you any more than the air. Of course, sometimes the air becomes contaminated; but you can change that, too.

Now I want to take this element of doubt and fear out of you because, My Loved Ones, the money beast of the world holds its whip over mankind through doubt and fear. Why? Because through doubt and fear, it disturbs your harmony so your supply cannot come to you. Prove to Me anything to the contrary. I am trying to get the whole "I AM" Student Body to practice the picturing in the mind of the Fulfillment of your Calls through Love! You can do it just as sure as

you exist in this Universe. "I AM" determined to get this clear in all of your minds to help you reverse the habit of race consciousness that has bound itself to you through debt and doubt and fear by its own selfishness.

This is what takes place: Because of doubt and fear, people, through their feelings, lock a small quantity of something to themselves that, if they would let it go in Love and Blessing and give it back to the "Presence" in the Enjoyment of fulfilling the Divine Plan, they would keep the Stream open by which it could expand, because a thing cannot expand if you have it locked into something. This is why mankind is in these conditions today.

The war beast, the money beast of the world, and the tax beast of the world hold mankind in their clutches and usurp the Authority of the "Great Christ Presence" of the "Mighty I AM" by the whip of debt, doubt, fear, and lack of Love, because fear is lack of Love. The thing that makes individuals lock the door against their supply is because of that feeling in the physical body of what is going to happen to it if it does not get enough to eat when it is hungry, and the kind of a roof which it wants over its head, or have the physical things of the world it wants which are but temporarily loaned

to it for use in the outer self. This is the thing that makes mankind slaves to the destructive forces when they could be free in the Opulence of God.

This is why We have given you the Decree in this Class, “I DEMAND AND ‘I AM.’ ” Notice these two things. Your DEMAND is the Fulfillment of the Cosmic Law’s Requirement which you must demand from the Great Life Its Substance and Energy into a concentrated Focus in your outer use in order to set it into action and stir it into vibratory activity. Your Acknowledgment “I AM” is the acceptance of it. When you say “ ‘I AM’ a thing,” you accept that you, as the God Life, have those qualities within you; or you have the Picture of the design of the Divine Plan which you want fulfilled in the outer world.

You have to give those two Commands before you will produce a manifestation. Now if you will hold closely in your minds, when you say “I DEMAND AND ‘I AM,’ ” that it is you who is stirring the energy into action, you will accept and draw into outer manifestation the Universal Light Substance to fill the picture which is in your mind at the time you speak those Words. You will draw it quickly or otherwise according to the amount of Love and Enjoyment you put into the contemplation of the picture.

This does not mean that you can sit over here in the corner and just daydream and not move a muscle and expect things to drop into your lap out of thin air. Why do you suppose the “Presence” gave you a set of muscles? Why do you suppose you have nerves in the body? Why do you suppose you have an intellect with which to think? Why do you suppose you have the capacity to love if it isn’t for use—Divine Use instead of human?

I am sometimes tempted to take a Class and train you to visualize and show you what a good time you could have. But the reason I hesitate is because it would become so popular that people would surge into this Activity just for money, and I would not open the Activity to that. It would wreck you if I did. I can teach you to produce manifestations. You can all have an abundance of every good thing in the outer; but if you are going to let yourselves become fastened to the powers that you are using, you will again forget the “I AM Presence” and go the way you have gone before. “I AM” determined this time to keep the door locked against the fascination of phenomena, against the fascination and pull of physical things. Otherwise I could take you and in a week’s time let you, by your own visualized picture—your

own feeling of Love to that picture—draw into the outer manifestation that which would make you so astonished, you could scarcely believe.

Mankind has had these powers before and they became more entertained using the powers than they were loving the “Presence” or trying to fulfill Its Divine Plan. And this time I am not going to let you endanger yourselves, so We will put the phenomena where it isn’t going to hold the attention to the point where you forget the “Presence.” The person who isn’t concerned about anything except standing at attention to the “Presence,” sending Love and Gratitude there, demanding that It fill the outer self, will demand that Its Divine Plan be outpictured and everything in the outer is used only to fulfill that Divine Plan.

As soon as you are happy not to use the things of the outer just for amusement or entertainment or just to gratify the slightest feeling of doing as you please, then you will be content to use everything in serving the “Presence.” You will enjoy loving the “Presence,” and loving to give Obedience to It; then Obedience will not be difficult for you. It will be as natural as breathing. Until you understand this and conquer the outer feeling, Precious Ones, you may solve problems today—you may be able to

pay your bills, get a little reserve, you know, and then you begin to feel very secure on that money; and you would again, the next time that was swept away, feel that panicky feeling of fear. With the Life of the Creator of the Universe in your Heart, you would fear that the outer self was not going to eat. Now you have to one day conquer that thing. This outer self has to be put in its place and told you are not concerned whether it eats or does not eat or whether it ever again gets what it wants. You are concerned with loving that "Presence" and giving the Obedience which enables this to become Perfect out here.

Precious Ones, you do not know how much power you give to money until suddenly it is all swept away; and then the outer self is just panic-stricken with fear. When you lose your pocketbook, what is the feeling? I do not want you to lose it, and I do not want you to have that feeling, but why is the outer self so panicky? Because it loves the money more than it does God. Now that is the plain truth, because if you love the "Presence" enough and something happens to the outer, you would continue to love that "Presence" and say, "*Mighty I AM Presence, forgive me for not obeying You, but You take care of me! You see that I have something as good and*

*a thousand times better come to take its place, and do not let a thing but a ripple of Your Love be in me!"*

That is the only thing which will make you master of the outer world. It is the only thing which will open the Floodgates to the Limitless to you. You have to become indifferent as to whether the outer self is always going to get everything it wants or not. When it begins to torment you with this, that, and the other thing and use up all of your energy which you need, and you do not have the time to go back to your "Presence," it is time to wring its neck and say, "You go back there where you belong!"

Precious Ones, I want you to be free from this thing because it will disturb you periodically until you do conquer it. You may have to go through it or not, just depending on your determination to conquer it. Supposing everything were swept away, physically speaking, in the outer that you require. So long as your "Presence" leaves you here with your Heart beating, It has a Purpose and a Divine Plan to be fulfilled through you or It would take you into the next Octave. So long as It leaves you here, It is willing to provide food, clothing, Life, or whatever you require.

"I AM" determined to root out these things that have been your chains through the centuries;

and the day you take every problem and every limitation and look it in the face for what it is and say, "Well, I don't care if I did create you! 'I AM' the God Presence of Life who can dissolve you from Creation, because 'I AM' your Master!" And it won't scare you anymore.

Precious Ones, you would be surprised at what happens in the mental and feeling world of people that causes them to do the things that are so tragic just because there come financial losses. Something is taken away in the outer and they are thrown into a panic just because the outer can't have its own way, and for no other reason in this world. What happens in a panic—a financial panic? Those of you who lived through 1929 should have many remembrances if you care to learn the lesson. People who had a great deal of money, who had the capacity to make a fortune and run a big business, when it suddenly crashed, it was of so much importance to them that they committed suicide by the dozens, jumping out of windows, et cetera! Why should they render that ingratitude to the "Presence" just because they lost their fortunes?—and throw the Temple away! Why? Because of a few dollars! That is what makes people cowards before the Divine Law.

Take all importance of money away! It has only as much importance as it becomes the harmonious servant of the “Presence” to fulfill Its own Divine Plan. People say, “Oh, yes, but you can’t pay your bills without money.” I have heard you talk like that. I have heard many sassy people say, “But you have to have it!” Oh? do We? We live in Our Octave without it, so what about that? We don’t have money in the Ascended Masters’ Octave, but We have the boundless Powers of Life. We do not know what poverty and limitation are. We do not know what hate and condemnation are. So do you have to have it?

Money is a wonderful tool, a wonderful friend, a wonderful blessing if it fulfills the Divine Plan and does not make you fear and doubt, if it does not become your master. But if you use it as a whip over others, the day will come when you whip yourself with your own agony until Life, the Greater Life, takes mercy on you and illumines to you and shows you what you do to yourself. Now “I AM” determined to help the “I AM” Student Body be cut free from the mass race consciousness of doubt and fear; and money is one of the easiest channels by which that holds its whip over the outer self. But, Precious Ones, you must, if you are going to

reach Mastery, if you are going to fulfill the Divine Plan, your "Presence" must be your Master through the outer self; and if anything or anybody on this Earth has power to disturb you, for the time being you have turned your back on your own Master, your own Life from your "Presence."

"I AM" determined to clear away as much as you will let Me of the mass race consciousness of doubt and fear and lack, because these are all concerned with the body. Everything that is of doubt or fear or lack is all body consciousness—something concerning the desires of the atomic structure and the mental and feeling world to have its own way and do as it pleases in the outer. Now "I AM" determined to take that away from you and replace it by this great Love to the "Presence," the great Enjoyment of fulfilling Its Divine Plan and the Enjoyment of giving It Obedience. Then when you say to the "Presence," *"I seem to need so much down here. If that is Your Way of fulfilling this Divine Plan, then will You see it comes to me by Your Love, and keep Your Love in me so Victoriously All-Powerful that I do the right thing with it. See I keep my door open by which it can come to me from the channel that you choose!"* If you do not do this, Precious Ones, you will have more and more and more struggle from which you could be so easily free.

The Sun does not struggle when It spreads to whole Systems of Worlds. It stands serene above all and shines Its Light and gives Its Life and enjoys Its Manifestations of Perfection. And you are the Sun of your Universe. If you are not the Sun of Happiness and Love to your world, your world will be filled with shadows and distortion; and it does not need to be, because that is not the Divine Way of God's Mighty Plan for you.

Oh, Precious Ones, these things have come about only because mankind has fastened the attention to the misery, so to speak, of creation and manifestation in the physical octave instead of the great, Loving Enjoyment and Gratitude for the great God Gift of Life. People do not feel—Precious Ones, they feel no compunction of conscience at all when they become angry, irritated or rebellious, deceitful or arrogant. Why, it does not even occur to them that they are dishonoring God.

Yet every discordant thought, feeling, and spoken word is dishonor to God's Life; and yet the outer self has become so arrogant, it thinks it has a right to send out anything it pleases and does not have to pay the penalty. Of course, the only person who gets fooled is the outer self, so it ties itself in chains and cries away its own misery century after century until

the Great Love of Life in some Ascended Master pours the Light which gently raises the attention to the point where the "Presence" can be assured that the outer self can understand where the Pathway of Life is and who supplies this Universe with every good thing.

I want the "I AM" Student Body free from debt. I want the "I AM" Student Body joyous in taking the greater responsibilities that are soon to be yours. I want the "I AM" Student Body to be so clear-headed, so balanced, so joyous, and so anchored in the Love of that "Presence" that nothing can sway you or cause you to doubt or fear or become depressed, because you are simply handling a greater responsibility that contains greater Blessings for you. Why, it is a privilege to give to that "Presence"! Your Happiness grows greater as you do. You cannot give to God and have unhappiness as a return. That is unthinkable! How could you give to the Source who gives you Life and have anything come back to you but greater Love and Blessings? So it is a privilege to give back to that "Presence." The only thing that punishes you is when you think the outer is more important than that "Presence."

Now let Us take something that you want to do. Each of you has something you want to do

personally, some service you wish to render or something you would like to do for the Nation. If you have the desire to do something constructive, pour your Love to the “Presence.” Visualize that done in its completeness. Pour your Love and your Enjoyment or Anticipation upon it, and then issue your Decree: “I DEMAND this come forth to fulfill the Divine Plan, and “I AM” that Divine Plan fulfilled in the greatest Enjoyment of God’s Love which is in all Creation!

Had you ever thought of just enjoying God’s Love? Well, you should! You think you enjoy people and things, and what have you? Why not enjoy loving God, your “Mighty I AM Presence”? As soon as you really feel that Joy, in just one fragment of a second you will know Its Happiness is more boundless than all the whole world put together were it at your feet; and what could ever come back to you but greater Love and Joy from your “Presence”?

Now watch that in this Work you do not lightly take the attitude that you look back to your “Presence” only when you need something or are in distress. If you learn to give your Love to your “Presence” and you form the habit of enjoying associating with your “Presence,” it will

be only a short time until there will be no veils between. And then someday when you desire to do something constructive down here and you might be uncertain as to whether it was the Divine Plan or not, in one Wave of Love to your "Presence" like a Pathway of Light, your "Presence" would part the veil of the atmosphere of Earth and smile down upon you. It would nod Its Head if it were all right; and if it were not, It would simply signal to you—no. And you would never again make another mistake.

That is what the Mighty Arcturus means when He said, "It is My Responsibility to unite the Unfed Flame in the Heart with the Sevenfold Flame in the forehead, and when the two become One, you never make a mistake again." For then you see your "Presence" consciously and at will whenever you need Its Assistance and Illumination in the physical affairs of mankind. Then would you know the cause and effect of a condition, and you would have enough Knowledge about it to govern the outer self accordingly so it would not become entangled in things that later on caused distress.

I am still tempted to try something with you. (*applause—audience rising*) Thank you so much, Precious Ones. Please be seated a moment. Did

you understand the Power in your visualizing faculty and knew what Magnetic–Cosmic Magnetic Power is in your Love to the Picture you would hold, Precious Ones, you could not keep from seeing Us. Does that mean anything to you or not? (*applause–audience rising*) Thank you so much. Now please remain seated the rest of the afternoon.

Follow Me closely! I am having a very good time this afternoon. (*applause*) Supposing you spent some time each day visualizing yourselves as you desire to be—looking like your Higher Mental Bodies—visualizing the outer self giving the loving cooperation and obedience to the “Presence” which you are required to give, enjoying the Fulfillment of the “Presence’ ” Divine Plan for you in your outer activities. If you loved to do that for awhile, you would be amazed how soon you would become like that.

If your purses need replenishing and you would enjoy visualizing what you require within your own purse coming from the Hand of your “Presence,” not from your paycheck, not from your bonds invested, not from your money in the bank, but from the Hand of your “Presence” who loves you enough to give you your own Life, you would see come into your purse or pockets what you desire, the actual

bills of that which you wish to use. And you just say to your "Presence": "Give me this which seems to be required in the outer or something better Your Way—or changing it so that only the Victory of Your Love exists in me and my world—and give me the Freedom of Your Boundless Supply!" Then visualize yourselves enjoying the Freedom, anticipating and enjoying in your own mental and feeling realm the use of the perfect thing you desire.

Now the Law of Creation is this: The visualizing faculty of the mind is the scissors of the mind cutting this Universal Substance into the pattern of the picture you hold in the mind. Now that picture is cut in the Universe by your mental picture. Your Love for that picture is the Magnetic Attraction which draws it into outer physical manifestation. Then when you speak the words, "I DEMAND AND I COMMAND this to come into the outer, and 'I AM' now Its Visible, Tangible Presence in my hands and use, fulfilling the Divine Plan the Ascended Masters' Way," well then, your Acknowledgment spoken into the ethers of Earth would become like a Dazzling Sun around you; and there would come to that Sun the Beings of Nature or the Assisting Ones of the Angelic Host or the Ascended Masters who might be watching your

activity. They would give to you Their Assistance to make that thing a physical condition or manifestation for you.

You can never in all Eternity get away from your Great Creative Power. Every moment of Eternity, waking or sleeping, you are creating something; and you might just as well definitely select what produces Perfection as to go on in the haphazard manner accepting the feelings that are in the mass feelings of mankind of their limitations and distress, and go down into degradation.

We are the boundless Realm of Perfection! We are not limited, and there is no law in the Universe which prevents Us flooding you with anything and everything good when this Obedience is given first to the "Presence." Do you remember My experience in Los Angeles when the financial struggle seemed great and I had wanted to do so much for my family and I wanted so much to go to the Retreat of the Ascended Masters, and the old human kept saying, "Well, you can't do this and you can't do that! You are a failure! You are discouraged and you just aren't making a go of things!"

The day I turned on that thing in Los Angeles and said, "You are not going to scare me anymore! I shall return to this city Victorious!" And I did! (*applause—*

*audience rising*) Thank you, Precious Ones. Please be seated. When I turned and took away from that human thing some of its authority, from that hour I gave all Authority to my “Presence”; and today I stand forth the Victory of Its Perfection. And I could not be that Victory until I took everything away from that human. So it is with everyone else.

Oh, do not envy anybody else regardless of what they have! The “Presence” has Its own Way and Means, and the Open Door of giving you the Boundless; and you are not dependent on human beings. Oh, My Dear Ones, it is pitiful the way people can be thrown into panic if they think their money supply is going to be cut off; and may I say, very few stand and face that “Presence” without a quiver and are indifferent whether the body eats or not, whether the body gets what it wants or does not—and are absolutely unconcerned about the body, but just loving that “Presence” and getting the Enjoyment of the Connection between without interruption.

Once the “Presence” gives you the Picture and you send your Love to It and you enjoy the anticipation of the Fulfillment of that Picture, then ask the “Presence” what It wants you to do in the physical octave in the way of physical service in order for that to become an outer manifestation for

you. Then you will give intelligent cooperation with your “Presence” and fulfill the Divine Plan, and you will enjoy the thing you love so well.

There is no other way to give Obedience to the Law and produce these Manifestations which give you Unlimited Freedom in a world that is bound by its own fear, its own doubt, its own money grab, and its own selfish channels of life everywhere. Precious Ones, do you not see, if you live close enough to that “Presence,” It knows ahead what you are going to require; and It will have it all ready, waiting for you, when It knows you will never be scared again or forced to do anything by that outer feeling of doubt and fear or uncertainty.

If you find yourselves fearing or being uncertain about something, turn on that like you would a rattlesnake and DEMAND the Blue Lightning of Cosmic Purity of the All-Christ to shatter that feeling and compel the Love to your “Presence” which is your Freedom! There is no other way of permanent Mastery over this world. Why, the Master Jesus in some of His Experiences sometimes had to hold on with every atom of His Being before the Light broke which absolutely cut away the human that had sought to interfere with Him. So it is with everyone on the Path.

Now if you require certain things in order to satisfy your obligations, well, take time enough to visualize the Hand of the "Presence" giving you what you require to fulfill those obligations. Then pour your Love on it; and as it passes into the outer world's use, it will be a Messenger of Love to a world darkened with its own hate. Wherever your Love goes, It will consume that hate. Then you will have nothing to fear. You can have all the Love of your "Presence" which you want. You can generate as much as you desire to compel these conditions to change in the outer.

But remember, if you are going to fulfill the Divine Plan, you must keep the balance to Life. You cannot borrow here and you cannot borrow there and somewhere else, then forget to pay it back and expect your "Presence" to open the Floodgates to the Boundless. Now that is a mistaken idea. People think, "Well, God owns everything in the Universe. These people have more than they can use, and it does not make any difference whether I pay it back or not." That thing is going out of this Activity! People who have that consciousness will be dismissed because I am not going to put up with it!

Precious Ones, go ahead and demand what you need to pay your bills on time, but do not

feel safer with the money in your pocket than you do with the Love of your “Presence” in your Heart. The minute you turn on that human and say: “You are not going to scare me anymore, and you have no power in my world! ‘I AM’ the World of my ‘Presence’ ’ Boundless Opulence,” you will see whether I mean what I say today or not. You will begin to acknowledge that you are the World of your “Presence’ ” Boundless Opulence ahead of time which gives you Unconditional Freedom to act when it is required; and you will have what the rest of the world cannot attain until they give the same Obedience.

Precious Ones, mankind to some more or less degree is doing this thing by holding the picture without the concentration they require in order to get the manifestations quickly. They are doing so much of it on the wrong side of life that they are binding themselves deeper and deeper. You let someone come in and discourage your manifestations. Everybody gets together and discusses it and discourages them. They all hold the mental picture. Then more and more of the same thing occurs. But when someone comes in with a thrill of Happiness, then a Miracle occurs! The majority of people’s feelings say, “Oh, I don’t believe that! It sounds like a lot of imagination!” So they stay in their chains!

Precious Ones, you do not realize one millionth part of the Power that is in your own visualizing faculty; and when you unite that with your Desire, which is your Love, and you give it to your "Presence" and demand It fulfill Its Divine Plan, and that your Joy is the Joy of your "Presence," then the "Presence" says, "Well! at last we have things in the right relationship! Now let's go!"

Precious Ones, there isn't a thing in the Universe which is good which your "Presence" doesn't want you to have. There isn't a thing you cannot have so long as it fulfills the Divine Plan of your "Presence." So as you pour your Love to It and hold the Harmony and give Obedience, the Universe is yours to fill with Beauty, Perfection, and Enjoyment. But you cannot pull people and things through your human desires and load yourselves up with that sort of energy and have the Perfection of the "Presence," because It won't come.

You know, they have always illustrated Atlas carrying the world on his shoulders. It just happens that that represents mankind carrying their own human creation, and they are all bowed down with its weight. I would take that away from you and lift you to the Enjoyment of seeing your "Presence." When you ask the "Presence" to

give you something, visualize it coming from the Hand of your “Presence”; and then just enjoy the anticipation of what great Happiness would be yours if your “Presence,” visible to your physical sight, would reach down and give you the thing. Wouldn’t you be happy? (*applause*) Thank you so much! Wouldn’t you enjoy the anticipation of that instead of fearing your “Presence” wouldn’t let you have enough to pay your bills?

Your “Presence” hasn’t anything that It will not let you have—nothing! That idea is your own creation, your own idea. See? Now you know why We offer you Our Ascended Master Consciousness, because your own ideas of doubt and fear and limitation and the human way of doing things down here are not of any account, are they? You get rid of one problem and twenty more stare you in the face. You pay one set of bills today; then you go out and make a whole lot more, and the next month you may have twice as many.

Be careful, My Dear Ones, that you love your “Presence” enough to visualize your “Presence” running your affairs, your “Presence” controlling things, because when your “Presence” is fulfilling Its Divine Plan, when It does one thing well, It does not replace it by twenty things that are disturbing.

Do not let any suggestion come to your minds, “Oh well, I have lost that opportunity; I just can’t make any further effort.” Don’t let those things come in! You have to make effort.

Whose human creation can say what your “Presence” can do for you? Who can say what I might do for you in a moment when your “Presence” and your Love to that “Presence” is enjoying the Fulfillment of the Divine Plan? Who are you to say what the “Presence” will give you through Me? And if you visualize Us enough standing on this Platform—giving your Love and Obedience to your “Presence,” who are you to say that the hour won’t come when that Picture would become a Reality in your outer experience? (*applause*)

Now I will give you another part of My Secret. When the outer self reports imperfection or limitation or discouraging conditions or things that seem to be wrong, jump on it with both feet and say: “You don’t know what you are talking about! Get into the Heart of my ‘Presence’! Go there! Get some Perfection and bring It to me!” And you will break that thing. Simply turn on that and say, “Well, if you don’t know enough to give me Perfection, go to my ‘Presence’ and get some! But don’t you

report to me anything less than the Fulfillment of the Divine Plan of my 'Presence'! Go there and get what is required to produce Perfection here!" In this way you will soon control your attention; you will soon draw forth a Power of Concentration which will absolutely shatter your limitations and repel from you disturbing forces.

When you find your bills or anything else that seems to throw over you a sense of discouragement, doubt or fear, uncertainty or depression, you take that thing and say: "OH, NO YOU DON'T! YOU ARE NOT MY MASTER! YOU ARE NOT OF ANY CONSEQUENCE AGAINST MY GOD, MY 'PRESENCE'! I withdraw all energy from you, and I give it to my 'Presence' to qualify it with the Perfection which makes me Its Victory here in the physical octave; and this boundless Supply is mine to produce Perfection through the world and fulfill the Divine Plan which sets my fellowman Free; and YOU SHALL NOT REMAIN IN MY WORLD!"

My Dear Ones, you have to order these things out! You have gone out and lassoed them into you through your attention. You have to lasso and chase them out or burn them up in the Violet Flame. But take all their authority away, all that causes doubt, fear, and selfishness in your world.

If you do not take it away from them, they will take everything away from you. Precious Ones, supposing—I don’t say this is coming, and We are doing everything to prevent it—but just supposing everything in the outer world would suddenly be reordered. Then what? Has your “Presence” moved away from you? Has anybody taken It out of existence? You still use Its Life, and as long as you are using Its Life, you are tied to It. So in that Light Ray, the substance can be condensed into any Picture which It desires to produce out here as a manifested thing. This is the way you came into Being; and after all, you are Life.

Precious Ones, today if you want Magnificent Temples, if you want your wonderful schools, if you want the boundless Supply of anything and everything to do this to render Service in this “I AM” Activity and do what is required to let this greater Power go forth, then visualize it! acknowledge it! love it! anticipate it! demand it! Acknowledge it as: “ ‘I AM’ its Presence in Full Command and the ‘Mighty I AM Presence’ sustains and expands it in Conscious Cosmic Victory forever!” And the Ascended Ones will take you by the hand. And if opportunity seems not to be, say: *“Well, I DEMAND the Opportunity from my ‘Presence’*

*come to me! I DEMAND the Hand of my 'Presence' make the Opportunity for me, and open the Door by which this can be done as the Ascended Masters or as the 'Presence' desire to do it now!"*

Mankind has to be re-educated, Precious Ones, to do things God's Way. The outer human has been so satisfied all these years and all these centuries that it knew how to do everything better than God, that it has pushed the "God Presence" aside until it had forgotten the "Presence" ever existed until the Beloved Saint Germain educated mankind of where It is, what It is, and how you can call Its Power into the physical octave at your Conscious Command.

So today you are Free, My Loved Ones! Set your mental Picture! It does not make any difference how great it is, how All-Powerful it is, go on and hold it. Love it! Acknowledge it! Command it into the physical octave to fulfill the Ascended Masters' Divine Plan, and anything that interferes with that, push it aside and go on your way like the wind; and you shall have Legions come forth to manifest everything you desire. Mankind will stand aghast at your success and accomplishment; and if there seems not to be an opportunity, make one and say, " 'I AM' the boundless Opportunities required here!" But mow down everything that any longer casts

limitations upon God's Universe. You are God's Life and God's Energy and God's Directing Intelligence. If you use It according to the Great Law of Creation, you cannot help but have Success and Perfection and Joy and boundless Supply to go forward and do that which the rest of mankind consider Miracles, but which, after all, is but the natural action of a Great Law which all must someday learn to operate consciously before they are Free.

Oh, could you see sometimes, Precious Ones, as We see Life Streams come over who have been so fastened to their own ideas of physical power—could you see the pitiful state they are in when they are shorn of the things of this world. It is pitiful to behold. The Beloved Saint Germain told the Messengers in the early days—Myself, the Beloved Donald, and this Messenger—that in 1887 They established a School where They took people of great wealth who had misused it; and when they came over after leaving the body, they were shown what the effects were. They were shown how they could be taught to undo the wrong, and by accepting the Knowledge and going through the discipline, they could correct the wrong and help to turn and balance the wrong by Obedience to the Law. They were given a chance to either accept or

refuse, and they have all accepted. Not one ever refused when they were shown the aftereffect of their own misuse of God's Divine Gifts. So it must have been rather effective.

So today, if you will let Me, We will go on an Exploration Tour of association with your "Presence," holding clearly the visualization of Its own Blessed Self before the mind, pouring your Love to that "Presence." Then whatever you seem to require in the outer, take time enough to visualize it clearly; pour your Love and Blessing upon it; ask the "Presence" to bring that into outer Fulfillment, and be still long enough to let It connect with the energy of the outer self. And perhaps quicker than you dream, it will become a thing manifested in your outer experience to set you free more quickly. Then that gives you freedom to help others do the same.

You must gain the mastery over your own visualizing faculty. You must become its master, and you must use its energy in accordance with Obedience to the Divine Plan. Then pouring your Love upon it, you become the Director of Circumstance. The "Director of Circumstance," My Dear Ones, is your Divine Destiny; but it can only be accomplished through Love and Kindness and uninterrupted Harmony.

A great many people do well, quite well, from time to time; but they do not get the manifestations as quickly as they should because the Harmony is interrupted periodically. The Harmony must be maintained without interruption over a certain period of time in order to let the energy accumulate and concentrate to the place where it fulfills the Decree more quickly. You know, it is like a frog in the well. You maintain Harmony for a few hours or days, then you go off the beam and raise "Ned," because you don't get your own way. Then you have to start and build all over again until the form is built to the place where it will give you its blessing.

So as you enter into the wider activities now of what the outer world is going to require from the "I AM" Student Body, remember My Words today. Do not think I have been just talking about it to amuse Myself or that it is the Messenger speaking. I am using the outer self, but these are My Words, and these are My Gifts to your Life. If you want to prove whether they are real or not, I dare you to give me the Obedience! I dare you to practice this! I dare you to try it out and prove it to yourselves. I challenge you to try this and see whether or not your pictures become

realities in the physical octave provided they are constructive and in agreement with the Fulfillment of the Divine Plan.

But you cannot hold a picture in your mind that interferes with the destiny of another individual or groups of them and then expect success, because you won't have it. The pictures in your mind must not interfere with the destiny of any other human being except to keep discord out of your world. Lift your attention to the heights and you may have all that is Divine in the Universe come to bless you and become a physical condition for you in the physical world long before your Ascension.

As We go forward in the accomplishment of much greater manifestations in the outer world, I want every moment of your time to be charged with such Love and such Happiness, such Encouragement and such a feeling of Dominion over all conditions of discord that it gives your "Presence," and gives Us, unconditional Freedom to give you the Boundless Supply by which you can do the greater Work which brings greater Light to your Nation, and then holds that Light as the Governing Force until the people see It and enter into Its Heart and let go of their limitations.

So, Beloved Ones, you are still “My Dear Hearts of the Light,” and every time you take your determined stand against the human, I shall stand by your side; and from the Inner Level, I shall say the same Decree for you against the human that I did on the street in Los Angeles when I turned on my own and finished it forever. I shall stand beside you when you take this stand and help you issue that Command by which it shall cease its authority forever.

So in the Fullness of Our Love, I give you the Scepter of Power which fulfills the Divine Plan, and you shall know Joy that the rest of the world has never experienced and yet which makes you the master over conditions of the outer world to which the rest of mankind bow, and which you can stand against and always be Victorious. Now bless everybody and everything you contact with the Fulfillment of the Ascended Masters’ Divine Plan and the great Victory of the Love of the “Presence” in the Power of the All-Christ. Pour that forth and then DEMAND the Boundless Wealth from the “Presence” come into your outer use to give you Unconditional Freedom to go forth and accomplish quickly what otherwise might take you months to attain. Be of good cheer! I have given

you everything which will help you. I have given you nothing that won't help you. So from today, visualize the Perfection you desire. Pour your Love upon It. DEMAND It, then accept It. Acknowledge It as ever manifested, and We shall show you Powers that this time will hold you close to your "Presence" and never again allow you to become entangled with the manifestations that make you forget your Source, and you again come under the control of destructive forces.

You are Free this hour, My Precious Ones, as you take Me at My Word and demand the outer self give the Obedience with great Love and Joy which brings the Pictures from the "Presence" into outer manifestation in the world around you, and release their Powers to set your fellowman Free and give you unlimited ability to help your fellowman to the same Mighty Victory.

We clothe you and bless you with the Enjoyment of Our Love. And the Pictures of Perfection without limit which come now into your outer use shall be the Forerunner of the Permanent Golden Age of the World of which you, too, are part of the Builders, because you are the Bearers of the Light of Eternity, and your Destiny is the Victory of Perfection. Thank you, Precious Ones; and now be happy in the

enjoyment of your new Powers—new because it will be a new experience to use them. These Powers are as old as Life Itself, but you have just forgotten how much Happiness is yours when you use them in the physical octave to fulfill the Divine Plan.

Thank you, and with the greatest Joy at My Command shall I surge that to the Student Body day after day; and wherever the stand is taken to turn on the human and command it to be gone shall I shake your hand and say, "I know you!—for I have been there, too." May your Victory be boundless. Love is without limit, and We do love you, Precious Ones. We do have your good at Heart. We do show you the Way to Perfection; and there is no substitute for either your "Presence" or Its Great Light of Life which, through Love, releases every good thing to bless you, give you Freedom, make you happy, and become your mastery over all that has bound you through the centuries. And from tonight I shall watch and wait and assist you every time you give Me the Opportunity.

Thank you until we meet again.
