The Ascended Masters and the Messengers ask every student to feel his individual responsibility in calling the “Mighty I AM Presence” into action daily for the invincible protection of America and to keep his feelings harmonized that this may be done.

I AM Ascended Master Guards, raised up everywhere for all students of the Light and America, sealing them in the heart of the “Mighty I AM Presence” forever and keeping them in conscious communion with the Ascended Masters.

It is the Messengers’ request that all students of the Light use this for every other student throughout the Earth.
