

• THE AMERICAN FLAG AND •
• FOREIGN STUDY GROUPS •

Blessed ones in foreign lands, when we asked all Study Groups to have an American Flag at each meeting, please do not get so far away from the Source and purpose of this Ascended Master Instruction as to think that we make such a request for any purely national reason.

AMERICA IS THE GRAIL OF LIGHT AMONG THE NATIONS OF THE EARTH!

That statement is not made, because we happen to be Americans. We have been natives of every country in the world many times; for we have had hundreds and sometimes thousands of embodiments. Therefore, you cannot justly feel that we are either prejudiced nor egotistical; for we always have and always shall give credit where credit is due. As Messengers of the Ascended Masters we work for all mankind unconditionally and without prejudice of any kind. However, America represents the OPEN DOOR among the nations of the world, into the Octave of Light of the Ascended Masters. We, as Americans, did not make that Law. It is simply because humanity began its physical embodiment on this earth in America; for it was the starting point of the human race on this planet.

When the journey is completed, mankind connects with the place from which it started out; for it opens into the Octave of the Ascended Masters, which is the next spiral above the human. America is an anchor of Light from which those, who really want the Light and serve it, can receive the Radiation from the Ascended Masters, to complete their journey.

We do not mean that there is no Light in the rest of the earth. There has been very Great Light in all countries of the world in former ages, often many times in the same country.

Now, the Ascended Masters have drawn Their Focus and Power of Light here. They know the reason for that and are the Authority for its action. We have nothing to do with the action of the Great Cosmic Law which brought this

about. However, the chaotic conditions in the rest of the world make most of the people unable, at this time, to hold their FEELINGS harmonious long enough for certain currents of ELECTRONIC FORCE from the Ascended Masters' Octave of Light to be held un-interrupted for the dissolving of the vicious activities which are now trying to throw the whole world into war and destroy all mankind.

We, as Messengers for the Ascended Masters, live but for one reason; and that is to work for the freedom of every individual on earth until all have made the Ascension. We have never been prejudiced against anyone for any reason and never shall be; but when the Ascended Masters make a certain request, we obey, knowing the Greatness of Their Wisdom and that They make no mistakes.

When we have visited other countries, we have never failed to love, honor and respect the flag of the country, whose guests we were. We were always happy and glad of an opportunity to honor and call forth blessings without limit, upon all within those countries. We shall always maintain that same Love, Honor and Respect to all whose guests we are; and be glad to have their flag present in the Study Groups there. The Ascended Masters would not wish us to do otherwise.

However, certain activities have been held in this country for the safe-guarding of mankind since its very beginning. One of those is the Radiation from the Great Cosmic Being, Cyclopea. That Great Presence has chosen to focus His Power and Work from here for the Freedom of all. Who are we to pass judgment on the Mighty Wisdom of such a Great Being?

Since the Ascended Masters' Focus of Light in America is the Open Door, through which we are now invited to pass to our Eternal Victory, let us be so deeply grateful that the hour has come when Their Great Presence opens the door and says: "ENTER IN."

When we asked the Study Groups to have an American Flag in the room, it is because that Flag represents more than just a nation when used in OUR STUDY GROUP MEETINGS. It stands, at the present moment, for the FREEDOM OF ALL MANKIND. The Ascended Master, Saint Germain, was responsible for the freedom of our country and has worked for the freedom of every country throughout the centuries.

The American Flag represents His Offer of Freedom to all mankind NOW! This does not mean that anyone's loyalty to his own country should be less; but it is a recognition of the country through which the Ascended Masters are pouring Their Light for the protection of all mankind.

To every human being on earth, the American Flag represents the Ascended Masters' Protection this hour to all that serves the Light; which means all Constructive Forces throughout the world.

To everyone within the Americas ESPECIALLY, it represents the protection of the Ascended Masters, whose guests we are.

Therefore, we still ask every "I AM" Study Group to have an American Flag in the room; in loving respect to the Ascended Masters, Who are giving protection to the whole world this very moment, through Their Focus of Light in America.
