Young People's Breakfast—San Francisco
January 30, 1938

WHAT a very joyous thing it is to find throughout America these many, many groups of people; all feeling more and more each day the surge of Life within them, which is Eternal Youth.

As We have been observing, from the Higher standpoint, the activity within the FEELING world of individuals, We see what that activity of Life is actually producing. You yourselves see the change which has taken place in the features, in the coloring of the skin, in the various activities of manifestation on the surface of the students. That means the atomic structure of the body.

The day is rapidly approaching, when everyone will fully comprehend this Law; so that you instantly bring it into manifestation. Do you understand what to fully comprehend a thing means?

Will everyone of you charge yourselves, at least twice or three times a day and call forth into manifestation the Perfection of Eternal Youth? It does not make any difference what your personal human sense of age may be. The Life Stream, anchored within your heart, carries the

appearance and Perfection of Eternal Youth. You can call forth that quality into every cell of your body. You can COMPEL the cells—notice—you can COMPEL the cells of your body; to give obedience to your Life which is Perfection, which is Eternal Youth!

Yesterday was a day of rejoicing that I shall never forget. The activities which took place within the classroom were just another proof to Us of what the beloved students can do in releasing the Mighty Radiation, which met the Out-pouring from those Great Ones. I wish every human being in America could have seen the blending of your Radiation and that which those in the room released; as it met the Out-pouring from the Great Ones. Oh, that you could have seen the natural blending of it all. It is a thing I shall never, never forget!

Again, it is the eternal proof that mankind is coming into a rate of Vibratory action wherein they are actually blending with the Radiation of the Ascended Beings. Your Radiation, as it goes up, is blending with the Out-pouring which is coming down to join it; to bless you, to amplify, to intensify and to bring into your outer action the Perfection for which you are calling.

I was very greatly delighted to hear our beloved Lotus speak of her early experience. My experience was short, but terrific. I thank our blessed Lotus, for reminding you to-day of that which you can clear out of your world. If there is a sense of timidity, it will not let you do the things that your Presence wants you to do. So, I thank her very much for reminding you, to call the Presence into action to clear it out, if there is anything of that kind in your feeling world.

To-day, the young people need to keep free from timidity. Our beloved Donald is an example of how that can come about naturally, where there is no timidity or fear generated. The blessed School in Los Angeles is bringing poise and Self-control forth so beautifully. It is teaching the children to appear before audiences and giving them a freedom and ease of speech before people, which is necessary to every human being. Then, the Presence and those in the room who are assisting, can say and do the things that are necessary.

I want to make one explanation. You have heard the Messengers say many times, that Saint Germain before the Divine Director is as humble as a child. Many times the students have wondered about that statement. It is absolutely true! While Saint Germain, if He cares to exert it, can release identically the same Power as the Divine Director ordinarily uses; yet out of respect and honor to Those who have helped Them to that point, do They always retain a humble attitude. That is why Saint Germain to-day is as humble as a child before the Divine Director. Not that He cannot wield the same Power; but He never forgets that it was the Divine Director who helped Him to the point of His eternal Freedom. That is the respect we owe to those who help us.

In the case of Rex, Pearl, Nada and Myself, until you stand with Us, you never can know what Our Gratitude and respect is for those Wondrous Ones. To-day, Mrs. Rayborn's Gratitude and respect for Saint Germain is the most beautiful thing you could ever witness. That is why We want you to be clear in your understanding about some of these things; because they are all true, and why.

This is the second point, I want to bring to your attention. Knowing that your Presence is All-powerful, then the question has often arisen: Why call on the Ascended Masters? There have been many people who have for sometime obstructed their way, over that very question arising in their feeling.

The Ascended Master is One who is using the Inner Consciousness of His Achievement. Every particle of Consciousness, which He is using, is that through which He attained. The Consciousness, which the Higher Mental Body is using with the unascended being, is not the same consciousness as that of the Ascended Master Who has attained. Try to follow this closely. The Consciousness, which the Ascended Master is using, has attained and knows all the requirements of the human. When the Higher Mental Body cannot have sufficient dominion, in the human form and in the feeling world of the individual for any reason whatever, It calls into Assistance the Ascended Master, who projects the Ascended Master Consciousness into the FEELING WORLD of the individual. This enables the Higher Mental Body to do the thing It could not do without the Assistance of the Ascended Master.

Now is it clear to you how important the Ascended Masters are to you to-day? The world would be helpless without Them! There are a great many giant intellects who scoff at the idea of the need of an Ascended Master. Well they are unfortunate indeed. The one who has the giant intellect, so-called, is in a dangerous position, dear people; for without humbleness before the Great Presence of Life, little will ever be gained. No matter how great the Powers you wield, beloved

young people, never forget to always maintain a humbleness; which keeps your door open to the Perfection of Life.

I never in this embodiment, nor in My Attainment, had to experience egotism nor arrogance. I never knew what they were. Only since we came into the position in which we stand to-day, have I been able to observe those qualities acting within human beings. It is very pitiful; because such feelings are energy charged forth and qualified by arrogance, which is the downfall of every one who does not consume it.

If the Ascended Master does not look into the Life Stream of the individual to see what is there, and sometimes opportunities are given, the quality of arrogance which has been generated in many lives past, will suddenly surge forth and begin to assert itself. That is why beloved young people, Saint Germain and the Messengers have urged the need of the Violet Consuming Flame.

If the Messengers had not constantly called forth humbleness, it would have been impossible for this Work to have been done. Each day, each class, their feeling of humbleness grows greater before the Great Presence of Life and the Ascended Ones; because each time they know how helpless the world would be to-day, without the Ascended Masters and the Great Cosmic Beings.

Feel this deeply, beloved ones, every one of you! and do not misunderstand Me in this statement. When you have a need and you feel unable to cope with it, send your thought first to your Presence, then to some One of the Ascended Beings. If for any reason your Higher Mental Body is not permitted to release the energy and power required for a certain given purpose because of your dis-

cord and interference, It will call into action one of the Ascended Masters, Who will project the Ascended Master Consciousness into your feeling world to act there; until you yourself can gain the Victory. That is why, beloved ones, such magnificent activities have taken place in this class.

You will remember, almost without exception, the Messenger has always charged the room with the Ascended Master Consciousness; and then with the Consciousness of each One of the Ascended Masters' Presence and Activity. That sounds very simple; but let Me tell you, one day you will see what that has done for the people in those classes; especially for the ones who are not familiar with the Work; and even for those who are, still It goes on doing its tremendous work.

You may not understand it yet; but when his Decrees go forth like that, they go forth charged by his own Higher Mental Body for the blessing and Perfection of those present; also acting in the mental and feeling world of mankind and the students everywhere.

Let Me remind you dear ones, that in the past six months, the Activity is quite different from what it was before. At the time of the Great Himalya's Dictation in Ratana's Class, He first established CERTAIN CURRENTS through the atmosphere, which the Ascended Masters have utilized ever since. On them are carried, to every "I AM" Student in America and the world, the Radiation which is taking place in this class. That is why a constant stream of letters come from those who received the identical Radiation. It could only come through such CURRENTS established by those Great Cosmic Beings for that purpose.

Remind yourselves often of these activities. See how infinite is your privilege, how great is your blessing, in whatever manner you can co-operate with the Great Law of Life, for your own perfection and the assistance to America and her people.

Yesterday during the class, something reminded Me that such a short time ago, I stood in a limited physical body; and almost like the turning of a magic mirror, I was suddenly transformed, transplanted into another world and Oh, such a world! Out of human distress and limitations into a world of Eternal Light and Freedom! Blessed ones, when I have the opportunity to express My words, My Feelings to you, I try with all the earnestness of My Being, to charge into your feeling world My Feeling of that Victory. It seems almost incredible to-day with so little effort upon My part, that the change could have taken place. Saint Germain has never explained thus far, but He says ere long He will. Except in what He showed Us in the Cave of Symbols, I have never had and have not to-day one single desire to look back through My Life Stream. I could do it; but until that desire arises I will not. Think of it, through the Infinite Assistance which is at your command to-day, do you not see, precious ones, how almost any achievement is within your reach quickly?

Precious young people, We have seen many times, for Saint Germain has made a special effort to show Us, in connection with the Great Tenor, that which must come forth in music and the world of art. We see those blessed ones who have in past experience held steadfast to the highest ideals of art and music. We have two present with us today, who with sufficient earnest adoration

and attention to their Presence, can be channels for bringing forth the new and wondrous art which the outer world has not ever dreamed of—our blessed Mrs. DaCamara and our blessed brother here (Mr. Aguilar). May I shake his hand through the Messenger? With loyalty to the Presence and sincerity of purpose, beloved ones, there is no limit to the Perfection which you can bring forth.

I say to all of you, as you call your Presence to charge your mind, body and feeling world with Its Perfection, who of you shall say what sudden marvelous faculties might arise and come forth into action within each one of you, any of you or all of you? I wish this morning to so express, so charge into your feeling world this Mighty Truth. No one in the outer can possibly imagine what his firm unyielding contemplation of the Presence, would bring forth into expression through his mind and body.

I tell you, dear ones, it is an opportunity never known in the history of the earth; because to-day, it is not just your own humble efforts which are acting. You have the Power of the Universe, which you can call into action and which wishes to give you assistance. It is a wholly different condition from fifty years ago. Such a thing could not have been done then; but since the 7th day of the Shrine Class, the whole activity of the free will of destructive individuals has changed.

Let Me remind you of something, lest there arise in your consciousness a feeling of resistance. There are a few who are so un-informed in regard to the Great occult laws, that they still think the so-called occult laws cannot be changed. Who and what made those laws? Now notice this care-

fully, beloved young people! for if you do, you will never be tripped up. Who were the creators of those laws? The Great Cosmic Beings. They see the need of a change for mankind to-day. They see the need of unclathing those Laws by dissolving and consuming the human concepts which have gradually clothed them. The old occult laws in the world to-day contain only about thirty-five percent of the Purity and Reality with which they started out.

Just exactly the same thing has happened to your bible to-day. Because of its many translations, it is hardly recognizable compared to what its Reality was in the beginning. Everything suffers through translation, for human opinions are always imposed upon the original. So it is with the Great Laws. The Great Cosmic Beings, seeing that things were coming to a point where the misunderstanding of mankind was endangering individuals very existence; then the Great Cosmic Beings said: "This must be changed." The Great Law of Life must be brought forth in great simplicity, that mankind may understand. The Law of the "Mighty I AM Presence" will remain, because It is Eternal. This, which Saint Germain has brought forth, will never be changed; because it is the Law, stated in the clearness of the Ascended Masters' Consciousness and that is why. Do not ever have any feeling toward the Messengers, when they stand so dynamically for the purity of This Instruction; when they stand so unyielding in the requests which the Ascended Ones have made; knowing the need of mankind to-day.

Take for instance, the Outlines and those which will come forth, the use of the songs and all the

various things. Precious people, it is not a matter of human opinion concerning those things. It is the pattern which the Ascended Ones are making through that loving, kindly, harmonious activity which brings them to a point where, later, greater freedom can be given the individual's expression.

To-day, the need of mankind is for co-operation with the one Great Law, which the Ascended Masters have set forth as the greatest possible requirement and the greatest possible blessing. That is the only reason why the Great Ones have made these requests. If obedience is given to Their Request, then soon the students will come to the point where each one will be given greater freedom of expression, under the direction of his own Presence. As Yet, so few comprehend the distinction between stilling their human impulses and their call to the Presence. Thus, many mistakes occur.

Do you not see, precious ones, how eternal should be the gratitude to the Messengers for their firmness and unyielding stand in holding the blessed ones steady on the Pathway of Light? Saint Germain can let them know at any time whether a thing is correct or not. Will you always with greater happiness co-operate to the fullest of your ability, in holding steadfast to the requests of the Ascended Ones? They know the need of blessed humanity to-day, which will bring with greatest speed the Freedom and Perfection all crave. That is the need, and is why these things are done.

I am always very grateful when I can have an opportunity to talk to you just like a great family. When the Ascended Masters wish to bring about greater comprehension, a certain vibratory

action is set in motion. When that is accomplished it is released; but the individual must then use his own effort to retain it. This is why, in the glory of your opportunity to-day, it is the most wonderful thing in all human Life.

In all the activities of the students throughout America and the world, the Great Ones from the Ascended Masters' Octave have placed those on guard who are constantly watching. In every need and every call, the Great Light Rays are projected into the midst of the Groups; into the midst of whatever condition needs assistance; whether it be individuals or groups according to their requirement. There is not one moment when that assistance is not available. Will you not feel that? It would not matter where you were. If you were down here on Market Street and some emergency came about; instantly at your call, those Great Light Rays would come from some of the Great Ones to assist you.

Saint Germain wishes Me to say to you: that in your explanation of the Presence and the Great Ones; rather take the attitude of the projected Light Rays into your midst, than the actual Presence of the Ascended Masters. If They choose to come and be present well and good; but for the sake of expression and the feeling of the people, who are not yet quite familiar with the Reality of the Ascended Masters, you will find it tremendously more powerful, in explaining to others to say that the Mighty Light Rays are projected into our midst to-night or to-day, whenever your meeting is. You will find it conveys a different feeling to the people, who are not yet familiar with This Work.

You see the old idea of psychic or spiritualistic activity is still in the minds of many, who have been mixed up in those things; for they still hold on to those ideas. Dear people, convey wherever you go with great tremendous firmness; that this activity has nothing to do with psychic or spiritualistic activity! The Ascended Masters are as far beyond the dis-embodied spirits as Light is beyond darkness. The Ascended Ones are pure Beings! They are *not* dis-embodied spirits! They are individuals who, through this identical application of the "Mighty I AM Presence," have purified their physical bodies and raised them into their Electronic Bodies. Thus, They have become Ascended Beings.

There are unfortunate individuals, who have spread all over America, that This Work was purely psychic and spiritualistic. Such a statement about This Work is the greatest falsehood in the world! The students must counteract that wherever they go; for the people who do not know, sometimes unfortunately accept such wrong suggestions. So wherever you go, correct those things with a firmness that makes people know you mean business.

Yet how magnificent it all really is. In all the attempted interference with this Light, there really has been very little effect. It shows, and it should prove to all mankind, the Power and Radiation of These Great Beings. Otherwise such accomplishment would have been impossible; because various activities of Life have been disrupted — wholly and completely — by vicious gossip. You know there has never been such persistence in the world, as by some of these un-

fortunate creatures. Their time is short; but they certainly have been persistent. Yet how few have really been affected.

So I want you to realize, that in the glory of This Work and the Presence of all Life and Light, how It does flood in, governs all conditions and brings about Perfection. That is why you have been reminded so many times, to hold steadfast in your call to the Presence; because then only Perfection can fill your Life and world; but do not yield to the appearance. Then you will have all that your heart desires.

In closing may I add these words again: Precious hearts, who of you to-day knows what tomorrow might bring in the activity of your Presence through your mind, body and feeling world? There will be many people in this class whose entire human accumulation will be consumed. Saint Germain may tell you at the close of the class the number of people for whom it has been done; for this Work is coming into greater and greater activity.

We rejoice with so great a Love to each one of you. Oh how We rejoice, in your staunch firm determination and adoration to the Light. It means everything, dear ones. You CAN have your freedom the same as We have. If you could see Mr. and Mrs. Rayborn, Rex and Nada even today, how not twenty-four hours pass that They do not humbly before the Great Presence of all Light, give forth Their Gratitude for Their family's freedom. It is just an example of how with the feeling world kept undisturbed, the Presence of Life can lift all into Its Eternal Perfection.

May I remind you again that in the Rayborn

family such a thing, as desire to criticize, judge, condemn or have any opinion about a human being, was not in existence. That is one of the reasons why They had such rapid accomplishment. The same thing will happen to everyone, who keeps out of his feeling world every discordant thing. It is quite easy in your call to the Presence to hold the balance of Self-control in the human octave by checking every impulse that comes to say or feel some discordant thing. Then such conditions will just let down, recede and disappear from your Life.

I know. I see many times among the precious students how they feel it so difficult to control their feelings, but it is not. It really is not, if you check the first impulse that comes to SAY or FEEL something discordant. Then it does not start to gain a momentum. Then you are giving obedience through Self-control in the human octave, to that which you are calling forth of Perfection from the Presence. That is why you will gain the Victory very quickly, as you check every impulse which is discordant. Do not let it have expression. If it gains a moment's activity in the feeling, call on the Law of Forgiveness and see how quickly the feeling will let down.

I say this to the young people: you will in a short time gain absolute complete Mastery over your feelings, if you will watch that one point. Check every discordant impulse INSTANTLY wherever you are. Do not be afraid of the human opinions of your associates! Do not, dear young people, be concerned! If people do not like your determination to have Purity and Perfection, then the sooner they are out of your world the better; but do not yield your ideals to the impulses of the

human world. Stand with the Light of your Presence and you will have every cause to rejoice, in the years just ahead of you.

You are the Light of the world, beloved ones! You are the Light of the future for the rest of mankind! Hold that Light with greater determination! Carry it high! Be unconcerned about human opinions; but give obedience to the Divine Laws and to the human laws so far as they act in the outer world to produce Perfection. Do not feel, dear people, that because you have the understanding of the Great Presence of Life, that you can ruthlessly over-step the bounds of the human laws which are yet governing mankind. You do not understand all as yet. You can call the Presence into action many times to set aside or adjust those laws for the release of Divine Justice; but do not try to over-ride the human laws which are for mankind's protection. That would not be in accordance with Divine Order. As you go forward, watch that you give the greatest cooperation; first, with the Divine Law; then, the outer laws of mankind; and you will find the greatest happiness in the world flooding your Life, your world, your being.

With all the Love of Our Hearts, Nada, Pearl and Rex, Mr. and Mrs. Rayborn, Mr. Gaylord, Leto, the Great Tenor, the Goddess of Liberty, Victory and Astrea enfold you all in Their Great Love. The Great Astrea wishes Me to say just a word to you. In any emergency, at the slightest intimation of any disturbance, call Astrea with firm determination to seize and bind all entities about you or your world, to hold you and yours invincible against any contact of that kind; and

you will render a tremendous service. He will answer every call that the students make, and remember! when you make the call it is done! Never feel for one moment afterwards, that it has not been done. Then you will have quick and tremendous results.

With all the Love of My Being, I thank you and bless you.
