

**G**REAT Beauteous Being Celestial,  
Now flooding the earth with Thy Peace,  
Spread o'er us Thy Mantle of Glory—  
Through Thy Love make all discord  
cease.

Wrap each one in Flame of Thy Splendor,  
Lift all on the Wings of Thy Light,  
Bless earth with Thy Radiant Presence,  
Send forth Thy Pure Rays of Great Might.

Reveal now to all Thy True Power  
That once again earth and Peace meet;  
Let flow forth Thy Pure Golden Essence,  
Thy Life feel our every heartbeat.

Fill all with Thy Love so transcendent  
And raise us—Oh raise us—to Thee  
Great Goddess of Peace from Thy Altar  
Flood o'er us Thy Light—set us free!

Lo! It comes! a Great Blaze so Holy!  
Real Thou art—Blest Goddess so bright!  
At last Thine own Gift to earth's children  
Shall be our Dominion and Might.
