

The hour has come to see the shining face of your "Mighty I AM Presence"! Its slender Hands point you every minute to Victory and every second is now filled with Mighty Ascended Master Miracles of Perfection forever!

(Excerpts from David Lloyd's Discourse to the Minute Men's Meeting, New York City, Dec. 4, 1938.)

GENTLEMEN, when you meet something that seems opposing or resisting, take the joyous attitude—here is an opportunity to release a greater Power of these Light Rays and this Force of Light. When you meet a vicious force, qualify this Mighty Energy as it goes forth with the Force of Light; because you need it many times to beat down vicious conditions; because all viciousness is qualified energy which is destructive force and that force must have something greater than itself to control it.

You will find in this simple Real Understanding of Life, that there is not one thing which can oppose you. It would be impossible, if you understand this Law of the "I AM" correctly. While there may be resistance, it is just a signal to you

to turn on more Power. It is just as easy as if there were a key here within the reach of My Hand and I turned on one-third of your Power of Light. Many of your Powers are three-fold. It is as if I turned on the first one-third of the current; then I turned it again and released two-thirds; then turned it again and released the full force. That is exactly what you are doing in your call to Life.

At first, not because you would not like to, but ordinarily because of the conditions that have been established in your atomic structure, you turn the key only one-third. This is why in the beginning, you do not have the full force of the response to your call as you do later. After awhile, you learn to turn it on two-thirds; because the feeling that has gone down of the doubt of your own ability to release all you require. Later you can turn the key that turns on the full force of your Current of Life and, of course, untouched by your qualifications.

Oh, it is such a magnificent thing gentlemen; giving you the full Power and Authority over yourself and your world. It is so magnificent and it is so mathematically accurate. There is not a thing in your mechanical world that is half as practical because this is an eternal thing for use and activity in your Life. Your mechanical things may get out of order and sometimes, if you do not have the parts you delay its completion in order to get them from somewhere else. With Life the parts are always here! You never run out of parts! You never find them absent! Therefore, you see how completely practical is this application of Life.

Now friends, as long as you turn sincerely to the Light and pour forth kindness and good will,

you will find Us always ready, watching, to project a Light Ray to give you the Courage, Strength and Assistance you require. I want you to see and feel how unlimited We are in that respect. One of Us could project a Light Ray to each of you equally powerful; and yet, in no wise interfere with what We are doing, except to set It into action and cause It to be sustained. When you have friends of this kind, surely doubts and fears cannot longer beset you. Whatever condition confronts you, tell it it has no power! Then proceed to call a Light Ray into it and if necessary throw a bomb of Blue Lightning into it. That explodes all of the quality of discord and shatters it. You cannot harm the individual, but you will shatter and dissolve the viciousness and discord.

I can take a human form that is violently vicious and throw a bomb of Blue Lightning into that body and yet not harm the body; but I will shatter and dissolve the concentration of the vicious substance which was drawn into that human form. Now do you see how magnificent is this Power of Light? Of course if you qualify, or if I qualified, that with anger, I would shatter the human form; but remember! the Power of Light never has anger within It! The Power of Light never has a destructive force within It! It only acts as a dissolving force to discord.
