MR. BALLARD:

I will repeat the God of Nature's Words to you. He is speaking directly to the Group Leaders of America!

GOD OF NATURE

Beloved Group Leaders of America! If you will observe These Words: "refuse to listen to any word of gossip which is brought to you by students or otherwise," I can make you the Victory of Light in your Group Activity!

I wield the Power of the Forces of Nature! If you will give obedience in harmony to that requirement, I can assure you definite action. To all who will give exact obedience to this I will prove what it means!

GOD OF GOLD

Beloved Group Leaders and students, you who have been so uncertain of your supply, having sometimes a trembling questioning in your Decrees for your supply, I ask you to remove that!

Since I govern the Standard of the world—and remember that Gold **SHALL ALWAYS REMAIN THE STANDARD OF THE WORLD**, whether It is the exchange of mankind or not—then "I AM" the Standard and Balance of this earth, and Gold is My Scepter!

Those who will give obedience to Life in that which the God of Nature has requested will find no difficulty in their supply coming forth, but this obedience is imperative! It does not make any difference who or what you are, *if* you are a Representative of the Light and We are the Servants of the Light, then you **WILL** find answers to your calls!

Since this Great Light was established here, and since Its Instigation and Its Guarding Cherubium are here, We come here to-day!

I want you to know what it means for the Messengers to stand with such Invincible Power for your awakening, for your freedom, for your supply, for the expansion of the Light here. Can you imagine the happiness you would give Saint Germain in making this the largest student body in America?

Arise! in the Power of your Presence, every one! Release enthusiasm, its power and action. Then, let Its Wisdom direct you that Its Clarion Voice may speak the Words that will draw people to you from all over this city. May your lives be of such honor and of such a high standard that the Power of Light may draw to you the people of Light of this city.

We come to your assistance! Will you allow Us to assist you or cast Us aside by disobedience in the simple things We have asked? We leave it to you!

We thank you beloved students everywhere throughout America for the glory of your courage and strength to stand in the Light and spread Its Radiance everywhere, but remember your spoken word is but a small part. The Power of the Radiance poured forth from you at your call to the Presence of Life, becomes the Almighty Active Presence and Power of Light which knows no opposite. Then, as It pours forth sufficiently, will you find all discord and limitations dissolve by the Power and Out-pouring of that Light. You must determine which you will have.

We love and bless you and all mankind. How

We long for that day when We shall release through Nature, when We shall, through the substance of the earth, release the Glory of its abundance to mankind. (applause) Remember, We are the Guardians of nature! We are the Guardians of Gold, which shall be the standard for your supply, no matter what the collateral may be that is used in its place! That is why, one day We trust not far distant, you will see a Temple of Light in your America with a Golden Dome which shall shed Its Radiance in the sunshine for a hundred miles. (applause) That Temple of Light will have within It the Guardian of the Unfed Flame. (applause)

We have come forth because of the tremendous enthusiasm, expectation and advancement of the students thus far. Remember this is the first time in the history of the earth that We have ever taken any part in the advancement of mankind! We, in Our Activity, govern Our own Element alone. Who do you suppose interceded with Us? Your Beloved Saint Germain! (applause)

Why do you think We have gathered wealth throughout the mountain ranges of the world? That is for the blessing of mankind, but since they have become so discordant, it was impossible and dangerous to place in their hands more wealth. The equalization of the wealth of the earth by the Power of Light shall come forth; and the people of earth shall walk in peace and harmony, in the Limitless Supply which is provided by Life, of which We are Its Representatives. (applause)

Will you be kind enough to remember and abide in these Words? I thank you.
