

· MAN THE MAGNET ·

I.

MAN is a Magnet twixt heaven and earth,  
Drawing the Power of Light Whose  
Great Worth  
No one can measure and no tongue can  
tell,  
For in Cosmic Light, we really do dwell.

II.

Man should forever use Light's Fullest Power,  
Become all Its Strength—Its Wisdom each hour,  
Be Its Perfection illumining all,  
Directing Its Rays to answer each call.

III.

Man, ever speaking the Great Word—"I AM,"  
Becomes by his choice, Life's Law and Command—  
Its Mightiest Gifts of Freedom and Love;  
In True Victory, we then always move.

IV.

Man, thus outpouring Light's Great Majesty,  
Shall wield Dominion that sets the world free,  
Sound clear throughout space the One Mighty  
Name!  
Bring forth to the earth the Blest Unfed Flame!

V.

Man, giving to man, Life's Real Justice now  
Will yet raise mankind and with Peace endow  
The children of earth whose Glory untold  
Is Great Cosmic Light that all shall behold!
