

much sincerity, as much determination and the wonderful out-pouring of Divine Love which you hold for the Messengers and Ourselves. It makes everything possible and may you feel It and hold It sustained until the close of the evening! I thank you.

*“Whatever reports are brought to you in the work of the future, be wholly unconcerned, except to say to those appearances, whether it be person, place or condition: ‘You have no power’! then dismiss it from your mind. I would not revolve and discuss too much reports that come. Once you REALLY UNDERSTAND this and the Power each one of you has to say to all appearances, whether it is concerning yourself or someone else: ‘You have no power’! and once you fully realize the power that is in those Words, you will have no difficulty in dismissing the appearance and freeing yourself from further contemplation of it.” (Saint Germain)*

*“I wish so much to have you arrive at a point where you free yourselves from a feeling of the need to discuss a thing any more than understand that which needs to be done and then forget it.” (Saint Germain)*

*“Beloved ones, won’t you always feel that the outer things are really of secondary importance? It is the Inner Powers and Activities that should be given first consideration, then all outer activities will naturally come into their perfect order of activity.” (Saint Germain)*
