

· GEMS OF LIGHT ·

*“Give all power to your ‘Mighty I AM Presence’ and see that nothing gets between you and Its Perfection. It is the most vital thing in any Life.” (K-17)*

*“To-day, in the treachery that exists in the legal interpretation of the laws there is not a thing that really could be permanently protected, except from the Inner Call to the ‘Mighty I AM Presence.’ Your call would cause the Presence to act thru a legal form or activity to produce protection for you. That is all the protection anyone has to-day. The distortion of the legal activity of the outer world is so great—I mean that legal channels will not protect you, without your call to the ‘I AM Presence’ to act thruout the legal quality and action. (That should be known by the students.)” (K-17)*

*“Human qualities have no power before the Power of Light. If you once get the full conviction that all you call forth is the Substance and Power of Light which knows not one single resistance to human qualities and human qualities have not a particle of resistance to It, then you know This Light goes into action and all human substance and qualities dissolve before It. I tell you my dear ones, if you only get the full conviction of that, you are Master of every condition by the Power and Substance of Light. You can do it by the demand TO HAVE THE FULL FEELING AND CONVICTION that to this Light Substance which you call forth there is no resistance. Therefore, It goes into action to a given objective at your call and does what you require. Therefore, that is the end of it.” (K-17)*
