

MRS. G. W. BALLARD AND DONALD
· THE LAW OF THE LUMINOUS PRESENCE ·

WHEN the Ascended Masters have explained to the "I AM" Students the Mighty Power of constructive action which is released when one visualizes the Luminous Presence of Jesus or any other Ascended Master enfolding a person, place, condition or thing—They have given the students a seven fold Power of Light to produce the Ascended Masters' Perfection of Life, right here and now thru these physical bodies in this physical world.

The students do not comprehend but a fraction yet of the Limitless Power which they can wield, if they will train themselves to hold this around everyone they contact; for in so doing they gather a momentum very quickly which becomes a gigantic Pressure of Light charging into all their Decrees an over-whelming Power to produce instantaneous fulfilment.

When you visualize the Luminous Presence of Jesus, Saint Germain, our Beloved Messenger or any Ascended Master as a Being of Blazing White with a surrounding Radiance of Gold, the Ascended Master whose likeness you call forth, instantly gathers the Electronic Light Substance in the atmosphere thru a Light Ray into a focus or form which is a replica of Himself. He thus qualifies all that Light-Substance with His Ascended Master Consciousness, Feeling, Power and Mastery in full Victory over the condition to be handled.

Whatever is enfolded in that likeness of the Master begins immediately to absorb the Master's Energy and Substance which is always qualified with Perfection eternally sustained. Whatever

draws that into itself is raised into the same vibratory action and hence becomes the Ascended Masters' Harmony and Perfection. If harmony is maintained the Perfection remains permanently.

When you call to the individual's Higher Mental Body to hold that Ascended Master Focus of Perfection eternally sustained, then the Perfection is held there until the individual does accept it permanently. This is a tremendous Power of Assistance to mankind, because any Ascended Master can project as many Light Rays as He chooses and hold a replica of Himself within each Ray. It can be so powerfully focused that it becomes an outpost, as it were, of Himself where He focuses His Directing Intelligence and Energy to do whatever is required and when the Assistance has fulfilled the need of the individual, the Ascended Masters dissolve the form.

When you call your Higher Mental Body to stand behind you and clasping Its Hands around you draw you into Itself, your Higher Mental Body does that instantly and you can feel the physical sensation of Its Light filling your feeling.

When you call to your "Mighty I AM Presence" to charge you with the Qualities of any particular Master, the Master sends His Energy charged with that Quality to fill you and the Higher Mental Body which is enfolding you.

Your Higher Mental Body draws the Master's Energy and Substance into your feeling world, even into the flesh of your body, and anchors His Perfection of Life within you. No human discord can ever requalify His Perfect Substance, so you have a certain part of your world that begins to hold Perfection permanently within Itself and later on will out-picture that Perfection also.

Oh, that every human being on earth could realize what a Mighty Power for Freedom the use of the Luminous Presence is for all who will visualize Its Presence and Activity and understand Its Authority to annihilate all discord and limitation.

Contemplate the fulness of all this means to you and have the fulness of Its Blessing everywhere you move forever.

· GEMS OF LIGHT ·

"I tell you that you are Children of Light and to the degree that you understand it and give joyous obedience to the little which is asked, you will find yourselves financially independent. You will find yourselves provided with transportation which is the supreme of the moment." (K-17)

"Oh, my dear ones, thru the selfishness of human beings, lying in Washington, to-day, there are discoveries which would transform the whole earth. They are ready to be put into physical form and produce Perfection. I Myself am questioning just a little whether it will not be necessary for some one or more of the Ascended Masters to come in the tangible body to these individuals; and pardon Me if I use the term, force them to see the error of their ways. Now the time has come in the demand of the Cosmic Law when human beings may no longer withhold from mankind the Blessings which are here for them. Many individuals have done it very vividly for forty years." (K-17)
