

I WRITE WITH THE LIGHT OF A BRIGHT BLUE STAR

I write with the Light from a Bright Blue Star,
As It brings God's Love to me;
For Light is the Gift from God's Own Great Heart,
God's Light is God's Love all see;
Blessing, enfolding, illumining us all,
It fills all Space everywhere;
So let your Heart sing with Its Cosmic Song,
Help! Lift from the World all care!

The Light from the Star which I love so well,
Can bring God's Powers to me;
And help me give them to all that here lives,
For Light makes all that lives see!
God's Light all expanding thru all must flow,
Reveals God's Great Divine Plan;
Light from the Heart of Perfection's Great Flame,
Here now, writes Truth thru my hand!

Light is the Way that Our World here began,
God's Light sustains us each day;
Light with Its Infinite Blessings, all gives,
It is God with us to stay!

Dear God give me Light from a Violet Star,
Make It become a Great Flame,
Enfold us in all of Its Cosmic Powers,
"I AM"! we speak Thy Great Name!

Light! blazing to me from a Crystal Star,
Forever here leads my way;
Its Heart is so Bright, I see everywhere,
Its Love is with me to stay!

Wherever I go, the shadows dissolve,
Light takes Eternal Command;
Its Love! Its Infinite Power and Peace,
Have come! All must understand!

The Light in My Heart is from God's Pink Star,
The Star that I love the best,
Come! Bring God's Miracles of Love to us all,
Come! Heal! Bring God's Peace and Rest!
Its Love is so Great, I can all forgive,
My Love shall all here redeem;
Oh, Blessed Pink Star of My Heart's Desire,
Blaze thru me, Thy Own Life's Stream!

Belov'd Golden Star of Wisdom's Great Pow'r,
Shine Bright! Thru the minds of men,
Let Thy Sunshine Presence enfold us all,
Belov'd Star of Bethlehem!
Let all of Thy Gifts to the Earth descend,
Mankind must now look to Thee;
Once more send Thy Ray from Heaven's Great Heart,
Forever set all here Free!

Oh, Great Cosmic Star of Shimmering Green,
Thy Supply to us all now send,
That all who behold Thee shall know Thy Heart,
God's Love supplies without end!
God's Great Secret Love-Star! reveal Thyself,
All that within Thee abides;
And weaving Thy Light Rays around the Earth,
Control the sea and the tides!

My Rainbow of Stars, is God's Open Door,
For all Their Light Rays come thru;
Thus Heaven above, to Earth descends,
As I ask God to bless you!

Then Victory's Star's Great Miracle Light,
Shines bright as the Noon Day Sun,
And drawing all Earth to His Cosmic Height,
His Victory of Love has won!

My "I AM Presence" is my Cosmic Star,
My Way to the Central Sun,
My Heart, is Its Flame of Eternal Life,
With It, "I AM" ever One!
Its Luminous Presence ever enfolds,
Its Love is God's Great Fire Breath;
Its Light now forever thru me expands,
And all see there is No Death!

Great Star of the World and God-Star of me,
Together We are God's Way;
Great Star in the Heart of the Central Sun,
Within Thy Heart's Flame I stay!
Each Day is a Star in the Heart of time,
Each Star, God's Love for me holds,
God's Joy is forever my Own Day Star,
My "I AM Presence" controls!
