Supply

BELOVED Ones of the Eternal Flame, again it is Our Privilege to commune together and abide within the Great Sacred Fire of God's Great Loving Heart. May you learn, and learning use That Knowledge to go forth and render Service to Life, so Freedom may be made manifest everywhere in This World.

I want you to enter, tonight, deep within the Flame of which We have been speaking! The Great Cosmic Fiery Love from Our Great Star of Activity, contains within It the Fullness of all good things! "I AM" saying this tonight, for It has very definite relationship to your channels of supply; and that which you will require in the future to fulfill the Great Divine Plan!

Since the Cosmic Law of the Great Love of the Universe, sustains and supplies the Universe through That Great Flame of Love, It is also the Channel of Supply to the individual! If mankind will enter into the daily use of the Great Cosmic Flame of Love from Our Sphere of Activity, the people will find the Boundless Supply they have sought through the ages; and have never yet found in the physical world! The Supply of which "I AM" speaking is the Supply of everything you will ever require in This World; to produce Perfection at your conscious command; and sustain and expand It, until It blesses Life everywhere.

Therefore, when you call to your "Beloved I AM Presence" and to Us, to take you within the Treasure House of the Great Fiery Love of Perfection's Flame, or the Fiery Love of the Victorious Cosmic Christ; when you enter

into That Activity of the Cosmic Fire, you have entered into the Supplying Power of all Creation! Since That Flame supplies Life through This Whole System of Worlds, to sustain It; and holds all Worlds in their orbits, so mankind may live upon the Planets of This System, That Same Great Flame is able to supply you in the physical world, regardless of mankind's mistakes!

I want you to get this tonight, so you may be released from the fear, which has gripped the mass of the people; and held them in the slavery and poverty of the sinister force; when This Fiery Love of all Creation has all Power to set them Free! If the senses report that you do not see a channel for your present supply, counteract that report in the outer and say: Well, I do see the channel of my supply; for It is the Cosmic Fire of the Love, which I can give to my own "Beloved I AM Presence" and the Ascended Host; and on the Fire of my own Love, shall there come back to me from the Universe, the Supply of that which fulfills the Divine Plan of my "Beloved I AM Presence."

I want you to know with every fiber of your Beings, that when you ask this Immortal Fiery Love of the Victorious Cosmic Christ to supply you in the outer, you are calling the Flame from your own "Beloved I AM Presence" and the Higher Mental Body's Own Heart! Since That Heart supplies Life to your body, That Heart supplies the atmosphere of the Planet and all the Powers of Nature; because your "Mighty I AM Presence" is ONE with the Lord the Maha Chohan and the Beings of the Elements! Then, if That Heart supplies Life to the body and supplies all the activities of Nature to the Earth, It can also supply you in commercial channels, with that which belongs to you by Divine Right, when you desire to fulfill the Divine Plan! "I AM" going to break the limitations of centuries! (Applause – audience rising) Thank you, Precious Ones, won't you be seated please?

The reason "I AM" turning your attention to this tonight, is because when the outer world does not want you to have that which brings Perfection, turn back to your "Beloved Mighty I AM Presence," and to the Ascended Host; and remember the God-Presence of the "Mighty I AM" wants to give you everything! It loves to give and Its Love is the Thing you desire and is the Gift which It can bestow. The "Mighty I AM Presence" cannot only bestow Its Love upon you; but It can bestow the things you require, which are the Gifts of Its Own Love to you; and It loves you enough, to want you to have all It can give!

So, try to live so deeply within the Continual Use of the Great Immortal Fiery Victorious Love of the Cosmic Christ, that It brings you everything you could ever desire! That is more than words can convey tonight, while "I AM" speaking into the atmosphere of Earth; for "I AM" determined to charge the energy in your outer selves, with the Fire of My Love! It supplies the things you require to fulfill the Divine Plan; regardless of whether their action be small or great, in their temporary existence, as you see it in the outer world today.

When you know that Love is the Fulfilling of the Law, when the Law is fulfilled, you have Perfection! Then, whatever you require, My Dear Ones, if it is to be permanently sustained, must have as Its Source, This Great Fiery Love of the Victorious Christ! This means the Victorious Higher Mental Body of every Life Stream is the Source of Supply; and it means the Release of that Victorious Supply from the Ascended Masters' Great Octave of Boundless Blessings! If the outer world reminds you of its limitations, turn again to your "I AM Presence" and say: My God is Limitless! Therefore, the Love of my God is Limitless Supply of every good thing! There I give my Love and That Love will answer me!

You were told many times, when you have served the

Light enough, the Light will turn and serve you! Well, "I AM" trying to bring you the Realization, that when you call This Immortal Fiery Victorious Love of the Cosmic Christ into your daily affairs, into your bodies, into the atmosphere about you; and the Gifts from the Presence begin to flow into your outer use, to fulfill Its Own Divine Plan, KNOW you have come Home into the Realm of Boundless Supply! The only thing This World needs is the Supply of Our Love! When We supply enough of the Flame of Our Fiery Love of the Victorious Cosmic Christ, the very Intensity of Love from Our Presence, automatically brings you Its Blessings and Its Gifts of everything you could ever use in This World!

"I AM" determined to keep charging This forth and the conviction of It into your feeling world; until you are so sure of It, that your very Radiation among the rest of mankind, brings courage where discouragement seems to be; brings supply where lack appears; and brings Freedom which is the Divine Plan fulfilled! The Divine Plan contains Freedom! The Divine Plan contains Supply! The Divine Plan contains Eternal Happiness; and may I remind you, that the Divine Plan does not include the sinister force. Did that ever occur to you? THE DIVINE PLAN MEANS THE COMPLETE DISSOLVING AND CONSUMING OF ALL VIBRATION, which has been created that produces discord. Therefore, when This Flame passes by, every other vibration is consumed, but Its own vibratory action, that always produces Perfection. Therefore, when the Great Cosmic Fiery Love of the Victorious Cosmic Christ, flashes Its Flame; and That Flame passes by, you will find Perfection and Supply have been left, as Its Blessings to you!

So, as you use It more and more in your outer daily affairs; as you DEMAND Its existence fill your world; as you DEMAND Its Control take the place of all human author-

ity and action in the physical octave, you will find Heaven has become manifested on Earth, by Love that is Eternal! Now, "I AM" not speaking in riddles tonight! "I AM" giving you the Most Practical Thing in all the Universe! Don't let your outer self say to you: Well, it doesn't pay my bills and I have to eat! It does pay your bills! Anything you have ever done which was good, was from some flash of This Flame; and It either was the Attractive and Magnetic Power that drew to you the things here; or It opened the pathway to you, in which you could give your action and energy, by which the things could be brought to you; because there is nothing beyond the Love of your Presence! If it be great enough to create the Universe, sustain supply, and expand it, surely It is great enough to take care of you, which is a Part of Its own Love!

You haven't quite realized that you are a Projection of the Flame of Love from your own "Beloved Higher Mental Body"! Then, since you are This Flame, as you call Its Victorious Cosmic Christ Action into your affairs, you have drawn the Cosmic Pressure of the Fire Element into your own activity of That Fire! It has fanned the Flame, until it becomes great enough to fill your world with all of the Blessings which are within Itself. "I AM" not talking riddles tonight! (Applause – audience rising) Thank you, Precious Ones, please be seated.

When lack seems to appear or there seem to be limitations in your pathway, before you try to solve your problems physically, turn to your "Beloved I AM Presence" and to Us; and DEMAND the Supply of That Immortal Fiery Victorious Love of the Victorious Cosmic Christ, come into the condition; because when a condition is less than Perfection, you may think you need a supply of things, but you do not! You need the Supply of This Flame into the condition, in order to set the Magnetic Power into action, which draws the things into the condition, that are already

created for use in the outer world!

Why would the Beloved Lord the Maha Chohan cover the Planet with the Activities of Nature, which He and the Beings who come under His Direction, have created to beautify the Earth and supply mankind? Why would He have created them, if they were not to come to you to bless you? So, what you need when limitations seem to appear, is the Supply of This Flame into the condition, and I do not mean that It is the only supply! It is the Supplying of the Fire Element into a condition, which is the Magnetic Power, that draws the substance or the things, which are already manifested, into the condition to produce the Fulfillment of the Divine Plan! Do you see? You sometimes think you need a supply of things, but before the things can appear, you need the Supply of the Flame, and then the things automatically come. "I AM" getting to the root of this! You will be surprised!

Do you not remember your Beloved Saint Germain saying to you – when the appearance of lack comes to you, say: "Well, now what I need here is more of my Presence in this condition!" Certainly, and what do you think It is in your Presence which controls the condition and makes It yield you Perfection? It is the Flame of the Presence' Own Heart, and that Flame is Its Love! So, when you need things of the outer world, when supply is required, Beloved Ones, believe Me, first of all turn to your "Beloved I AM Presence," and send Love and Gratitude there for all that Its Life is in the Universe! Then, DEMAND the Supply of Its Cosmic Fiery Victorious Love, the Great Cosmic Christ Authority of the Universe, blaze Its Flame into the condition! Within the Flame hold the Picture of the physical things you desire! This is the Law of that which creates! This is the Law of Precipitation, of Manifestation and of the control of all things in the physical world!

You have all heard the Principles of Divine Love

repeated to you many times in your lives. You have been told Love is the Fulfillment of the Law! You have heard the phrase "Love never faileth," but what happens in your feeling world, when you come into a condition that is discordant or has limitation in it? If your own feeling world is disturbed, you do not want to feel that the condition requires the Flame of Love! The sinister force deliberately takes your energy from the Solar Plexus, and keeps it qualified with tension, irritation and discord! Then, the Flame of Love does not come into the condition!

If you want the Flame of Love from your Presence to come into a condition, the feeling at your own Solar Plexus, must be Love for That Flame first! Then, hold the outer self Harmonious and picture the Heart Flame from the Presence coming into the condition. You must love the Flame into the condition! That is what the outer self does not want to do! It would rather fight, and so it fights within its own limitations; because, Precious Ones, regardless of what has manifested in the physical world, if it contains imperfection then there is only one thing can change it, and that is the Action of the Flame!

There must come some Activity of the Sacred Fire into the condition, in order to change it! That Sacred Fire has to be drawn through Love of the outer self to the "Beloved Mighty I AM Presence"! The outer self through Love, Gratitude and Devotion, draws That Heart Flame into the condition; transmutes it and compels it to yield you Perfection; but if the feeling in the Solar Plexus is not Love to the Sacred Fire; or Gratitude to the "Mighty I AM Presence" to draw It into the condition, the outer self just is not co-operating, that is all!

Everything you want in This Universe for the rest of Eternity, you will have to love into This Octave, if it is going to produce Perfection for you. You can only love It here, by sending your Love to the Presence first; so

there is a Stream of Energy on which your Presence can send back into the outer, the things you require! Its Heart Flame must come into the condition, because It is the Magnetic Power of the Universe, to draw to you from the physical world, the things which are already created.

People can battle all they want to! They can push this Love aside! They can defy! They can rebel! They can disobey; but they will be bound, and bound, and remain bound; until they send their Love first with Gratitude to the "Beloved I AM Presence" and the Ascended Host! Then, they must ask for the Flame of Immortal Victorious Sacred Fire Love of the Cosmic Christ, to fill the condition and supply the Love which is the Magnetic Power to draw together, the things of the Universe to FULFILL the Divine Plan! It matters not whether it be the national or commercial conditions in the business world; whether it be the healing of the body; whether it be the healing of your affairs; whether it be the healing of the Nations, it matters not! Everything that is wrong must be consumed, purified and made Right by the Fire Element!

The Cosmic Fire of all Creation, in the Immortal Victorious Fiery Love of the Cosmic Christ, is the only Power Life has within It; and the only Power Life provides, by which the imperfections of this world can be purified and made to become Perfection! Mankind can ignore Us, deny Us, defy Us all they want to; but the people will stay right in their limitations, until the Cosmic Flame of Love Supreme, comes into the condition which is wrong!

Therefore, as you call forth all the Cosmic Power of Creation, if need be, to draw This Great Flame into the physical world; It must burn through everything that is wrong! There is no other way to be Free! If you have a pile of rubbish and you want to dispose of it, you put a match to it and the fire consumes it, doesn't it? Then, the energy which was in it, is released back into the

Universal; but your world has been cleared and made better by the use of the Fire Element! So It is from the Inner Standpoint!

This Love must first go forth from your own Heart to your "Beloved I AM Presence" and to Us! Then, the Sacred Fire Element from Our Octave can flow into a condition, or into individuals! The Cosmic Power of It increases, or Its Cosmic Pressure increases, until It burns Its Way through everything! It burns out everything which is wrong and releases the Perfection which is always with That Flame of Love! That Flame contains within Itself, the Perfection you want manifested out here; and after It has consumed the imperfection, It automatically creates and produces the Perfection you desire!

You may search the Universe, everywhere throughout Creation, and you will find This the Law of Eternity which can never change in all time to come! The individual who is wise enough to make up his mind or her mind, to move This into outer action and use It incessantly, to govern every condition in the outer world and keep on demanding It, becomes a Sun of Its Radiant Presence! The Great Cosmic Pressure in the atmosphere above the lower atmosphere of Earth; the Great Cosmic Pressure in the Octave of Light; or the Great Cosmic Pressure of the Sacred Fire in the Electronic Belt around the Physical Sun, sends forth Its Individual Stream in and around yourselves; and you move forward clothed with the Sun, the Heart Flame, which produces Perfection always!

Therefore, if this be required in Cosmic Action, to affect the Nation or groups of people, then you must have the Assistance through your calls to your Presence first, then to the "I AM Presence" of the Nation; because there is a Mass Life in the Constructive Activities of the Nation, through the "Beloved Mighty I AM Presence" which can come from Cosmic Heights in this Activity of the Sacred Fire! You

may have this Great Cosmic Fire of Creation, whose Victorious Cosmic Christ Love produces Perfection everywhere! You may have It as intense as you please, through the minds and bodies of mankind or into conditions; and you can keep It intensified; until the imperfection is consumed! Then, out of the Flame of That Love Itself, comes forth the Fulfillment of the Divine Plan! If It contains, desires to use, or it is necessary to use the things of This World, to fulfill Its Divine Plan, then from within the Flame Itself, the Drawing Power comes forth and reaches to those things and draws them into your outer use!

This is the Wisdom of Eternity! Wisdom is the Ability of the Life Consciousness of the Individual, to use This Great Cosmic Fire of Eternal Love, to do everything in the physical world; until Divine Order once again is manifested everywhere; and all becomes Luminous within the Radiation of This Flame.

When you begin to use the expression: "I AM" THE INVINCIBLE FIERY VICTORIOUS LOVE OF THE COSMIC CHRIST IN PHYSICAL ACTION HERE, then that Flame comes in from the Heart of your Higher Mental Body! It comes into the physical activities of the physical world; and you will find everything becoming more Harmonious; more co-operative, and you will have more of everything good as you use It more and more!

So, when you are faced with problems or limitations, the moment they come to your attention, stop just a moment! Send your Love and Gratitude to your "Beloved I AM Presence"; and DEMAND the Immortal Fiery Victorious Love of the Cosmic Christ, which is your Higher Mental Body and that of all mankind, come forth from the Ascended Masters' Octave! With all Its Cosmic Pressure, It comes into the condition and That Fire intensifies; until It is the Master Presence opening the floodgates; and giving you the things which you should have! This World is full of

things, Precious Ones, isn't it? Many of them out of their Right Place! The Hand of God, your "Beloved Mighty I AM Presence," is ready to give you the Blessings of Creation, with the Love of God's Heart, wanting you to have Those Blessings! With your own Heart's Flame a Part of That Great God-Flame of the Universe, Its Universal Life, you the Children of the Sacred Fire, are Love's Own Family!

May the Love from My Star of Action; and may the Love from the Beings on Venus, flood you with Its Blessings, give you Its Gifts; and show you what It has done in That Star for Us. We want your Earth to become Beautiful like Our World. Our World became Beautiful through This Great Fire of Cosmic Love; and Your World, too, can become like Ours, by This Great Flame of Cosmic Fiery Love! It is the most wonderful Power of Life! In fact, It is Life Itself; but It is Life fulfilling Its own Great Divine Plan, in the Beauty and Joy of all Eternity!

If mankind with the same determination, with which people make implements of war; if with the same feverish action, they have brought forth the atomic bomb, would turn their attention, their effort, their desire, and their faculties of the intellect, to concentrating This Great Cosmic Fiery Love of the Victorious "Mighty I AM Presence" into the physical world, you could make a Paradise on the Earth in one year! No one yet knows the Power in that Great Cosmic Sacred Fire! It is the Master Hand of all Creation! It contains all the Intelligence of the Universe! It is the very Intelligence of your own Electronic Presence and your Higher Mental Body! It is ALL the Power or Pressure of Energy of all that exists; and your World needs It tonight more than you know!

This Great Cosmic Fire of Immortal Love from the Victorious Cosmic Christ, is the Solution of all things! Do you know why? Because, first of all, It is Everlasting Harmony! Therefore, when you have Harmony you have the

Balance! When things are balanced, you can automatically draw to you from the Whole of Creation, whatever you need to produce Perfection! This Flame which contains every color in existence, can dissolve from the physical body all that has caused such distress. This is the Purifying, Forgiving Mercy of Life, and there is nothing can do what the Fire Element can do! That is the reason the Mighty Saint Germain said, It interpenetrates every other Element, and is the Master Element of all Creation; because the Fire of Life is Everlasting Love, Purity, Supply, and Intelligence; and is the Boundless Power of ALL ENERGY everywhere forever!

Make yourselves a Sun of Its Presence and know always, the Immortal Victory of the Fiery Love of that Cosmic Christ Presence ever abides above, within and around you; and is willing to give you Everything of Itself! No matter what This World requires to adjust conditions, only one thing will ever do it permanently; and that is This Great Immortal Fiery Love of the Victorious Cosmic Christ!

The Victorious Higher Mental Body of every Life Stream blazes the Flame of Love from Its Heart and passes It through the outer self; or into a condition direct from Its Own Heart! When That Sacred Fire manifests Itself, human imperfection dissolves and is consumed from the Universe! It is the Master Hand of Creation! It is the Great Architect of Life, ever manifesting Greater and Greater Perfection from within Itself; ever sustaining ALL It creates; ever expanding Happiness for Eternity; ever revealing Greater Intelligence and Wisdom from within Its own Action; ever producing in all System of Worlds, a Sun throughout the Universe of Harmony, Indescribable in words! This is what abides within the Love, which "I AM" to the Planet Venus, which I bear to the people of Earth!

To the Mighty Sanat Kumara, My Own Son in Service, to Him be all Honor and Glory for the Love to Life which

He has given! That Love is the Life of Himself, given so the shadows of This World may one day cease to be, and the Flame of His Love take their place forever! I, too, stand by His Side ever ready to give the Flame of My Love wherever It is wanted! (Applause – audience rising) Thank you, Precious Ones, won't you be seated please?

Now, I shall leave in just a moment and I want you to know that My Love can control every Action of the Elements! I can make you warm by the Flame of Love from My Heart, when the atmosphere about you is uncomfortably cool! I can make you cool by the Love of My Heart, when the atmosphere is uncomfortably warm; because all the Beings of all the Elements always obey My Love! Therefore, if you choose to fill your world with the Flame of My Love, It is My Joy and Privilege, to make It VERY TANGIBLE IN AND AROUND AND ABOUT YOU; but call for the Sacred Fire Love from your own Presence first, knowing It always, as the Immortal Fiery Victorious Love of all Eternity from your own "Precious Presence"! Then, from Our Octave, pour It forth into the conditions of the physical world and go forward, my brave ones, tonight; using the Scepter of This Boundless Power with the Joy of children, in a Happiness you have never known, but with a Power and Authority that none can oppose!

It is well worth every effort you could ever send forth or make, to bring into outer action the use of This which We offer! Mankind in the outer world, has forgotten the Majesty, the Authority, the Victory, and the Power of Our Love! Now, may We make Our Flame of Love burn once again brightly, upon the Planet Earth through each of you; and ever expand It until mankind has forgotten there ever was anything else! Let us try! Let us know, that since We use an Eternal Power, which is the Law of all the Universe forever, you cannot fail! You have but to use It, and in your use, It ever grows greater! May We fire you tonight,

with Our Confidence, Strength, Power, and the Reminder of all This Flame can do for you in the physical world, to control every condition which has ever manifested here?

May all the Majesty, the Power and the Music of Its Eternal Dominion, be yours tonight; clothe you in the Mantle of Its Power; be your Everlasting Protection while you yet abide in This World! May It make you a Blazing Sun and the Victory of Its Presence in everything you do in the outer world; until Love made manifest in This World, becomes forever the Victory of Love! Then, the Freedom of Beloved Saint Germain, will fulfill every desire of His Heart, through the Love, which is the Eternal Purifying Presence! This is the Great Purifying Element of all the World! May It come tonight and bless you with everything you could ever desire! May the Beings whom I love so well in Our Great Sphere of Life, come to you and bring Their Beauty, Their Music, Their Limitless Gifts; and fill your World, until your World, too, is a Sun of That Love, which is as BEAUTIFUL as Ours! We give It to you individually tonight; and through you, may It expand until It fills the World! Then, may the Beings of the Sacred Fire, come and walk and talk with you all; and give you Their Blessing of Eternity! To Their Hearts of Love, do I commend you tonight; and to Their Eternal Reality, shall We turn your attention, until no longer can there be any veils between!

The Great Power of Life is This Great Cosmic Flame and every one can have all you could ever desire, while yet in the physical octave; to render the Service which frees all mankind from all that is not This Love. May It open Its Heart to you tonight; and from this moment henceforth, may your Joy be Boundless in Its Eternal Victorious Use!

I commend you to Its Perfection and Eternal Joy, in your Victorious Accomplishment unto the Ascension! Thank you and good night.
