

BELOVED MIGHTY PELLEUR'S DISCOURSE

SANTA FE, NEW MEXICO

APRIL 24, 1952

BELOVED ONES OF THE LIGHT, it is with Great Joy that again We have the opportunity to be together, and I may speak My Heart to you and leave with you the Peace and the Relaxation and the Great Balancing Power of My Love.

In the Mighty Cosmic Activities of Life which are carried on by the Great Power of Light, Love is the Commanding Authority and Directing Intelligence for the Eternal Use and Invincible Protection of That Light which is the Treasure House of all Power. It is the first Radiation from the Power of the Sacred Fire, the Great Flame in the Central Sun and that is focused as a Light-Substance within the Center of the Earth! While that is within the physical structure of Earth, there is the Corresponding Center of That Same Great Light of Even Pressure within the physical form of every physical body, which anchors within the emotional body, the feeling world! When you begin to think of Light and send your Love to That Great Cosmic Sun of Even Pressure, you can see the whole upper part of the body becoming a Blazing Sun of White Light which holds such Balance and such Peace and such Relaxation to keep the mind clear and the way open from the Heart of the outer self up into the Light Ray into the Higher Mental Body.

Now the Higher Mental Body is the Balancing Force to the Individual's Life Stream. It holds the Balance between the Intense Activity of the Sacred Fire which is in the Electronic Presence of the "Mighty I AM" of each one and the slower vibratory action of the outer physical structure. The Higher Mental Body is the Balancing Force between, and this is why It is often spoken of as the White Fire Body, because It looks like a Sun within which stands the "Presence" of Its Glorious Magnificent Perfection pouring forth

through Its Light Rays – through Its Radiance – that constant Stream of Energy which holds the balance between the outer and the Inner Activities of Life.

Just so do We at the Heart Center of the Earth pour forth Our Balancing Love through That Sun of Even Pressure, for It corresponds to the same thing as the Heart is to the physical body. The Sun of Even Pressure is the Heart of Life and Love which pours Its Light Rays through the entire structure of the Earth Itself, and Those Light Rays because They are Love, hold the atomic structure of the Earth together in balanced action! This keeps the Earth anchored within its orbit as it turns in daily rotation from day to day, as it travels in the orbit around the Physical Sun.

When you understand some of these Activities of the Great Power of Love, you will know in the Decrees We have given recently to Demand This Great Love of the Violet Flame Love of the Victorious Christ, when recognized by the outer self and desired by the feeling of the outer self, will rush to your assistance; and day after day will you feel the Greater Relaxation and Perfection you have always desired coming closer to you and giving you Its Wondrous Blessings.

Since the discord of mankind's feeling disturbs the natural balance of Life's Great Streams of Energy in This World, then wherever the Love is required and the balancing Power to offset mankind's discord, the Great Sun of Even Pressure will supply That and anchor It through your calls, not only into outer conditions to hold the balance, but within yourselves to hold the Power to more easily control any energy with which you are concerned in the outer life.

In your direction and use of the things of This World, your Acceptance and Love to the Sun of Even Pressure will bring very great healing and happiness and ease from strain and struggle of outer conditions. Just as the Sun of Even Pressure within the Center of the Earth holds the crust of the Earth balanced and strong against the discord of man-

kind's creations on the surface, just so when you call for the Power of That Great Sun of Even Pressure to come into you and around you, into your affairs to hold balance and protection against the pressure of mankind's discord in the outer world, it will act the same in you as it does in the physical structure of the Earth.

It is a Mighty Gift of Love and That Love is the Great Christ Presence, the "Mighty I AM" from the Great Central Sun, to each one's own Life Stream. No one understands yet in the outer even with all that has been said, what your Intense Love to your "Beloved I AM Presence" will mean to you and what Gifts can come back into your outer use, just by pouring Love and Gratitude to your own "Precious I AM Presence" for all It has given you through the centuries. Therefore, when you place your attention upon It, try to realize your attention is the magnet of the mind and will draw everything from that point upon which you place it. Therefore, when your Love draws your attention to your "Mighty I AM Presence," It will bring back to you more of Itself into your outer activities, into your body, into your mind and into your affairs; because the moment your Love goes there through your attention, the Power of the Central Sun Magnet automatically draws back to you more of your own "Precious I AM Presence's" and Higher Mental Body's Qualities and Activities; more of Its Divine Plan, more of Its Boundless Supply and more of Its Great Magnetic Love to draw for you to wherever you place your attention, everything that fulfills Its Own Divine Plan.

Try to understand This deeply, because it all acts through that Great Sun of Soft White Light whose Radiance brings such healing, such Purity and Perfection, such relaxation in the nervous system of the body, in your feeling world; and it is such a Supplying Presence into the very central structure of the body, for It is constantly giving off Its own Soft White Substance to fill the force field around the Points of Light in every cell of your body. You can

just as well fill yourselves with the Substance from the Sun of Even Pressure – That Substance is the Substance of Light – as you can place food in your body. You know that seems to be quite easy. No one has a great deal of difficulty in placing food in the body, at least when you are hungry. It seems quite a natural process, doesn't it? Well, so is this.

When there is strain, struggle and weariness in the outer self, in the feeling world, if you will just command that to be still, then placing your attention upon the Sun of Even Pressure, ask your "Presence" to pour Its Light Substance into you and balance the pressure from within, so Its Force radiates out, It pushes away from you the substance and discord in the world about you. Then when you feel yourselves filled with It and you recognize the Power of your Great Tube of Light around you to insulate you, you will find This Inner Light-Substance ever becoming more and more intense about you, until you yourselves will be conscious of Its Soft Radiance in your flesh and pouring forth around you, and ultimately It will begin to light the way before you.

If you want to illumine the pathway ahead of you, if you want to illumine the atmosphere about you, then the Light which illumines that must come from within your own Life. Just the same as a Light within the electric light bulb comes from the filament within; the light from a lamp comes from the wick within; the light in the candle comes from the light within; so does the light in you, if you are to illumine your pathway, come from the Sun of Even Pressure within you. This is why the Beloved Saint Germain once told the Messengers, when the Magnificent "I AM" Temples come forth which are to be permanent to the Earth, They will be lighted by Those Great Globes of Soft White Light whose very Radiation into the room is so Powerful It will heal anything, because of Its Great Purity and Its Great Balancing Power; and all energy, no matter where it goes – its very quality compels everything it touches to

come into Perfect Balance, because It is the Light of Eternal Perfection.

Oh love It, Precious Ones! It is so Magnificent in Its Boundless Gifts! It is the Sustaining Power of the Plant Life within the Center of the Earth, and as It sustains that growth and draws it forth into Its Greater Beauty, so in a like manner will It sustain the natural Perfection within you and draw It forth and expand It into the world around you with a Peace, with Balance, with Joy and with Relaxation you have never before quite felt. You have been very near this many times, Beloved Ones, but in your strenuous efforts to give Obedience to the Law, and because of the requirements of the Nation, you have used This Great Dynamic Power of the Sacred Fire in the outer, which you had to use in order to cut through the discord of the accumulated creations of mankind! But now after you have established a certain protection about yourselves, if you will become acquainted with the Sun of Even Pressure within yourselves, We will be able to do a great deal more for you to relax both the muscular system and the nerves, simply because all of this is a matter of Radiation from That Sun of Even Pressure.

It is just as natural when you turn your attention to That Sun and ask the Light of Its Love to come into you, produce and hold Perfect Balance, as it is for you to stand up against a radiator and absorb its heat until you become comfortable. You can place your attention upon This Great Sun of Even Pressure and you can absorb Its Light until you become relaxed, at peace and comfortable. It is some of This Power which the Great Goddess of Justice wields on the Surface of the Earth to help establish the Balance that brings Divine Justice to Life.

So Precious Ones, you haven't been very much acquainted with Me in the past except occasionally, and yet there is constantly flowing forth through the structure of the Earth Itself upon which you stand, the Great Light Rays and the actual Substance of This Great Sun of Even Pres-

sure. You are really all abiding within It as Its Radiation comes through the Earth to help, may I say, hold you where you belong by the gravity pull of Earth in the place where you abide, because again It is an Action of that Great Great Love of Life. What you call the gravity pull of Earth is but the Action of the Great Central Sun Magnet's Love pouring into the Earth from above and pouring from within the Sun of Even Pressure to the without, and that is a constant wave. It is an expansion and a contraction that holds together and holds upon the Surface of the Earth all that belongs here, Just as the Great Life within the Plant Life of the World reaches up to the Sun and draws the electronic force from the atmosphere into itself—and that is what creates your Plant Life and makes it grow—so does it draw from within through the roots some of These Light Rays that come forth from the Sun of Even Pressure.

The mighty swing of Life in Its Great Pulsations that constantly come forth through Love—the Perfection of Itself—should be understood by man! In mankind's use of the energy, the Universal Energy in the atmosphere around them, did they understand what the feeling of intense Love and Blessing to that energy would do, they would draw to themselves anything their Hearts desire, and they could produce quickly the things they want to use to fulfill the Divine Plan. Everything, My Dear Ones, that is of Earth—I mean everything that is of Perfection is rooted in the Great Love of the Life of the "Mighty I AM Presence" whether that manifests through Individuals or through the System of Worlds or the Cosmic Beings of the Universe, you will always find whenever you desire Perfection, or it is manifesting, you will find Balance produced by Love is the fundamental pattern upon which every bit of Perfection is built and by which it is sustained.

This Great Sun of Even Pressure within the Center of the Earth causes Perfection to grow within the Plant Life there. As It passes through the structure of the Earth It has

much to do with the growing of minerals and the various activities with the structure of Earth Itself, and then It pours forth Its Radiation into the atmosphere. So you are really walking within the Substance of the Light from the Sun of Even Pressure. It is placed there by the Great Cosmic Beings Who govern This System of Worlds, the same as your Higher Mental Body places the Flame of Itself within your own Heart; and since the Love and the Power from the Sacred Fire or the Flame Presence of the "Mighty I AM," your Electronic Body, constantly is pouring down Its Blessings in and around you by which you are sustained and protected, just so is the Physical Sun pouring forth Its Flame and Substance in and around the structure of the Earth which enables the Inner Light and the outer light to supply what is required to all that lives, and holds all in Perfect Balance.

Oh the scheme of manifestation, the scheme of God's Creation, the Great Divine Plan rather—I don't like the word "scheme" so much, although it is used to represent the Divine Plan of Life—that Great Plan is so Wonderful! It is so Perfect! It is sustained and expanded with such Love, such Wisdom and such Power and so all-inclusive that to understand It and give It your attention occasionally, just for the sheer love of enjoying It will bring you happiness that is yours forever, for wherever you see Cosmic Light in action producing Greater Perfection and Greater Manifestation, it contains a Power that draws you on into the very Heart of Itself, until you enjoy those Greater Creations in the Universe as you touch Them and understand Them, and then through your Love you become one with Them. So it is with the Sun of Even Pressure. Your Love to That, and your Call to that Source of Life's Great Gift of Light and Love will draw into your world Its Substance, Its Life, Its Love, Its Perfection and That blends with the things you are doing which your "I AM Presence" gives you from within! Then It blends again with all that is

around you, always producing only Perfection.

One magnificent thing about the Sun of Even Pressure is you cannot requalify It or cause It to produce imperfection. By Its very nature It is the Substance and Light of Eternal Perfection. So It is not like other energy that you can qualify temporarily or direct or use for some destructive purpose. That you cannot do, because the Substance of Light of which That Sun of Even Pressure is composed is from the Ascended Masters' Octave, and has concentrated and contains within It Their Eternal Love; and this is why the human cannot misuse It or requalify It, no matter how much you draw It into the outer. So It can become for you an Eternal Friend of such Purity and Love and Even Flow of the Great Powers of Life which at all times It balances everything that you use in the outer.

You might think that "I AM" extolling That Sun of Even Pressure, because "I AM" so closely associated with It, but since It is the Focus of such intense Love, I trust you will love It as much as I do, because It will come back to you with that Love which holds Balance everywhere and gives you what your Heart has sought throughout the ages, which Love alone can supply. It will do for you that which you cannot do for yourselves, because It is part of the manifestation of This World; and belongs in that Channel of Life's Service which is One with all of Life which comes on to This Earth.

May I say your Conscious Recognition and Use of the Love of the Great Sun of Even Pressure will bring into yourselves a Poise, a Power, a relaxed Peace which is very positive and will forever hold Its own against discord. So It is a very valuable Jewel of Power given by Life from the "Mighty I AM Presence" in the Great Central Sun into the outer use of those who can give It recognition and who will love to use Its Substance and Power to produce Balance everywhere in the physical world; and may I say at the present time, it is very much needed that you call It forth

consciously into yourselves and your world to offset the disturbance produced by your atomic bombs. This is one reason I have come tonight. In drawing more of Its Power to the surface of the Earth to pour in and around you Its Protection, It helps you stand against the shock of those insane creations which mankind has produced. The energy is pure, but the purpose is insanity. It is not by accident I assure you that "I AM" dictating here tonight in this city or at this particular time.

Wherever mankind's peculiar genius has created destruction and it seeks to destroy the balance of the Planet, the Great Cosmic Law always provides some Magnificent Manifestation of the Sacred Fire to offset that and to help neutralize the destruction intended. So if you will give Us your attention and your calls "I AM" sure you will be greatly rewarded by Our Love. I trust you may feel It tonight! I trust you may use It without limit, and I trust you may understand how important it is to keep It in and around yourselves to help you stand against the discord of the outer world that continually shocks the energy of the emotional body by its discord. You know when you begin to recognize what the Sun of Even Pressure can do for you by your Love to It and Its flowing back to you, you become the Peace-Commanding Presence by the Authority of Its Power. I hope you understand your opportunity tonight. (Applause – audience rising) Thank you, Precious Ones, won't you be seated please?

May I say to you tonight as you often say when you close a letter – May I hear from you more frequently? (Applause) Thank you, Precious Ones. I presume you could say the same to Me, may you hear from Me more frequently?

Do you know you could say to your "Beloved I AM Presence" and then to Me: **BLAZE YOUR SUN OF EVEN PRESSURE HERE, THAT LOVE MAY REIGN SUPREME!** Try it! and when you say that, **FEEL** a very great stillness in the energy of both the stomach and the heart area – the

upper part of the body. Feel as if it were enclosed in a Gigantic Sun of that Soft White Light; and let Me show you how easily I can make you feel My Love. You can reach Me quicker than you can call each other on the telephone. To My Love there is no obstruction and no delay. To your Love to Us there is no obstruction and no delay. If you will feel yourselves insulated in Our Sun of Even Pressure, We will come back to you a thousand fold and draw on to the surface of the Earth that Balancing Power and that Soft White Substance which heals, purifies and protects; and will pour Itself around you and love you to your Freedom.

I have a very grave reason for coming tonight and reminding you of This Wonderful Gift of Life. It is that you may draw This Substance into the atmosphere of Earth to offset the impurity, the epidemics and the diseased conditions which float in the atmosphere of Earth, because if you hold This Light-Substance around you, It is just a natural Protection, and a natural Repelling Force to all that has been generated by war.

Do you know We do not have one Wave of Energy that is qualified with a vibration of discord in the Heart of the Earth? Do you know We do not have one bit of discord there? If We did We could not hold the Planet together. So when you call forth This Sun of Even Pressure, use Its Power without limit and know that Love awaits your Call and will serve you faithfully and victoriously always. It will always bring you Victory and Freedom.

Please enter into your close association with Us and let Us pour forth through you as much as possible of Our Light-Substance to heal you, protect you and supply you; but to keep pouring through you Our Balancing Power going into the atmosphere of Earth to offset that which wants to bring about wholesale destruction.

Just remember when you deal with Us, when you come to Us, when you think of Us, when you desire what We have,

only the Most Heavenly Perfection can come back to you; and in your Use of the Violet Consuming Flame, It will clear the way for you to feel This Power more easily, more powerfully, more quickly; and understand in your use and direction of It, after you have purified a condition and flooded This Substance into it, means to lay the Foundation to build Permanent Perfection in outer manifestation in This World.

We are part of the Builders of the New Cycle, the Incoming Crystal Golden Age is part of Our Joy to build by supplying from within This Great Love and Light-Substance, which shall give of Its Beauty, Its Power and Its Perfection to Life, as mankind use the things that are on the surface of the Earth for constructive action.

So, Precious Ones, if you will feel that My Home is your home, I invite you to visit Us and learn of the Magnificent Creations and Beauty the Sun of Even Pressure can produce by Conscious Command and the Great Fulfillment of the Divine Plan in Manifestation. Everything which is of Perfection has This Substance within It. We supply It from within; and your "Beloved I AM Presence" supplies It from without; and when the two forces are balanced, that which is of destruction in the outer world cannot disturb you nor reach you nor ever act upon you.

So tonight, I offer you all the Gifts of Our Domain and when you realize that through your thought and feeling and the magnet of your attention, your Life Stream's energy and your consciousness can come to Us and take all which We are, and bring It back to the surface of the Earth to begin the Perfection here which is to become Eternal and like Ourselves. Then, you are co-operators with Us of the Perfection which is sustained and held in Balanced Action by the Sun of Even Pressure. May We give you all Its Gifts, and you know the Joy and the Power of Victory which Our Love and That Great Sun can do for you. From tonight, feel It a Permanent Part of your outer selves and

of your world of action, and We shall pour forth all of Its Substance and all of Its Power to help you quickly build in the outer the Perfection which is to come permanently.

So to the Glory of Its Use, the Peace of Its Healing Presence and the Power of Its Glorifying Love, do I commend you to the enjoyment of Its Use; and until We meet again, I trust I shall hear from you often. Thank you with all My Heart's Love and My Love shall come to you often, as often as you will let It in.

Thank you with Our Heart's Love; and all the Blessings of the Sun of Even Pressure I call to enfold you, and let you feel Its Peace, Its Relaxation and the Glory of Its Presence and Joy for your Acceptance, your Victory and your Freedom. Thank you and good night.
