

## MIGHTY HERCULES' DISCOURSE

SANTA FE, NEW MEXICO

APRIL 21, 1952

ELOVED OF MY HEART, let us enter in tonight to the Use of the Great Cosmic Flame of My Power in your world. You have called for the Full Christ Victory of your "Blessed I AM Presence" and the Full Violet Flame Victory and the Manifestation of That into your world comes under My Direction. May you feel the necessity of calling My Herculean Love of the Sacred Fire, My Herculean Power of Violet Flame Victory into everything you require in the physical world.

We are armoring you with These Greater Powers of the Sacred Fire that there may be drawn around you greater Protection for your Supply and for the Victorious Accomplishment of that to which you have placed your hand. So if you will remember Me more frequently I can come to you more powerfully. The outer world remembers My Name and portrays Me with much distortion. I assure you "I AM" better looking, but I want you to realize that the Power which I represent to the Earth is that of the Sacred Fire in the capacity of Its Balanced Seven-Fold Action. Therefore, there are many qualities that you will need in manifesting your Full Christ Victory of the "Mighty I AM" in this physical world, and those Qualities it is My Privilege to help draw forth from your own Life Streams so that you may use Them in dynamic action in your physical affairs.

Try to believe Me tonight when I say to you with all Love in My Heart, "I AM" just as much interested in helping you solve your problems and bringing the Violet Flame's Victory into your affairs as you are, and perhaps much more so. You think sometimes your problems weigh heavily upon you, but when you understand what tre-

mendous Power and Blessings the Great Law of Life, the “Mighty I AM” in the Great Central Sun has provided for your assistance to help you disconnect yourselves from that activity in the physical world that continually draws upon you to create discord; then try to feel that “I AM” the Power provided by the Cosmic Law to cover over everything that seeks to disturb and to hold in control the Forces of Nature and the Powers of the Elements until the Balance of Perfection is attained.

Now through the centuries, you have drawn forth by conscious use, through conscious desires, certain Powers of your own Life Streams in and through your activities of your outer life, and the purpose of that is to bring each faculty or talent within yourselves to this Full Master Presence and Victory, so that you may use It everywhere – use each talent everywhere in the Universe in Its fullest capacity. Since you need Power to bring anything to its Perfection, then I say to you the Seven-Fold Flame which I direct is the Power of that Supreme Love from the Great Central Sun that has given you everything. You must have Power, My Dear Ones, to produce manifestation. If you only have the thought and the feeling without the pressure of the energy to drive it forward and expand it into dynamic action, it would never produce manifestation. So Love, Wisdom and Power within the Sacred Fire is the Eternal Action of the Causeless Cause of Life.

Did you understand how close you could come to Me through the Use of My Seven-Fold Flame of Cosmic Love’s Power, you would want for nothing in This World ever again. You do not quite understand what the Use of Cosmic Power means when you call forth the Love of the Sacred Fire and My Herculean Power of the Great Central Sun Magnet. When you begin to use My Herculean Power of the Great Central Sun Magnet’s Love to produce Full Christ Victory in This World, nothing will be wanting in you.

Now, if you understand This tonight, and will command the outer self to remember Me, then I can come to you and remind you of Myself and the Power I have offered, that you might quickly have Victory in your physical affairs to stand against that which is the discord of the outer world. Regardless of the seeming struggle of the outer self, try to know you are forging ahead! You are accomplishing That for which you have called. Day by day, step by step, hour by hour, does the Cosmic Victory surge into outer action the Love that mankind must have if they are to offset the destruction of their own hate.

You need Me this hour, My Dear Ones. (Applause—audience rising) Thank you, Precious Ones, and for just a moment while you are standing I wish you to understand “I AM” preparing you ahead of time that you may call to Me and remember Me through Love, instead of being forced to do it through circumstance. If you will remember Me as much as possible in your waking hours to DEMAND THE HERCULEAN POWER OF MY FULL CHRIST VICTORY IN THIS WORLD, you will begin to know what Cosmic Love means to Life. That can enfold you, can go before you, can be a Magnet that draws to you that which nothing else can give. Love alone is the Giver of This Great Supply for which you call, and as soon as you understand the Herculean Power of That Victorious Love which “I AM” to the Earth and That Herculean Power which I draw from the Great Central Sun Magnet, you may just as well have your worlds filled with That as that which the world has imposed upon you. Won’t you be seated please?

What is it, Precious Ones, that makes you fear sometimes, or has in the past, that you are at the mercy of destructive forces? Because you have not drawn the feeling of My Power into yourselves; and if I were you, I would take It each day and charge the energy, all the energy of your feeling world with My Herculean Power

of the Love from the Great Central Sun Magnet, which compels your Full Christ Victory in This World. You take the time to do This and see whether I come to you or not. See whether or not you stand Master of circumstances. You cannot be Master of the destructive forces in This World without My Power. That is why "I AM" One of the Elohim to the Earth; because I have accepted that Responsibility of Life, and It is the channel in which the Fire Element of My Life is directed to This World to produce the Balance, with the Six Other Elohim, that produces Perfection here permanently. You may just as well have This Individually in your own worlds as that I can give It to the entire Earth.

You see the Great Law of Life, My Dear Ones, is a constant giving from the greater to the lesser. There is constant Expansion going on of the Great Sacred Fire of the Universe. The Mighty Wisdom of the "Mighty I AM Presence" is ever surging and offering Itself and revealing Itself and bringing Its Illumination into all consciousness everywhere, uninterrupted or interfered with by the discord and intermittent disturbance of the conditions in the physical world. Therefore, whatever you wish to accomplish at the present time in the outer world's activities you will accomplish with much greater ease and much greater speed, if you will call MY HERCULEAN POWER OF THE GREAT CENTRAL SUN MAGNET'S LOVE AND DEMAND IT GO FORTH IN FULL CHRIST VICTORY EVERYWHERE YOU ABIDE; EVERYWHERE YOU GO; INTO EVERYTHING WITH WHICH YOU ARE CONCERNED; INTO ALL LIFE; INTO ALL SUBSTANCE; INTO ALL ENERGY TO PRODUCE PERFECTION THAT IS ALSO HERCULEAN IN ITS MANIFESTATION.

If you want These Tremendous Manifestations to stand forth revealed to mankind, you will have to have Power to produce Them, and that Power is the Love of the Sacred Fire. It means more of the Fire Element in

This World that is consciously controlled and manifests only Love. So whatever you require from now on, qualify it with My Herculean Love of the Great Central Sun Magnet, and know that the Power of My Love produces in you and your world the Light that illumines ahead of time every condition so you know what is the Right Thing to do, and you won't struggle in the uncertainty of outer world conditions, when in One Flash of Light you may reveal or have revealed to you that which you ought to know in order to produce Perfection and avoid the conditions that make your problems.

If you want Freedom you will have to have My Power of Love from That Great Central Sun Magnet. Therefore, the Seven-Fold Flame of My Power is the Sacred Fire of Love in action, and when you charge That into all the energy of your world you cannot help but be Victorious over the conditions that have distressed you in the past. If you DEMAND THE HERCULEAN POWER OF MY LOVE PREVENT THE THINGS YOU FEAR, OR PREVENT PROBLEMS AGAIN ACCUMULATING IN YOUR WORLD, you will know My Reality; and you will not forget Me, because the Manifestations I bring shall be an Eternal Reminder of My Presence with you.

I have taken away from you tonight that which We will not mention, and I think you will all feel the Greater Freedom and the Greater Joy in your Use of This Great Presence of the "Mighty I AM," and Its Love, Wisdom and Power and the Sacred Fire in the physical world—that Blessed Violet Flame. You will feel the Use of These Activities with Greater Power, Greater Victory and Greater Determination to go forward quickly and attain the Goal for which you are striving, and be clothed in the Mastery that makes you stand above the sordid conditions of the outer world, Master of them instead of enslaved to their frightful commands or demands.

Try to understand that if you are going to have

Mastery you must have Power, and that Power must be the Love of the Sacred Fire. Each of you tonight has had taken away much of the strain and discordant substance that has been your delay and interference with that which you have tried to accomplish that was right. I think you will all feel a Tremendous Release after tonight. (Applause – audience rising) Thank you so much, Precious Ones, and when you feel My Mantle of the Seven-Fold Flame of My Power and My Love about you, the very Intensity of It will make you remember Me, and will make you realize “I AM” abiding within you and around you, because you will have the Feeling of the Strength and Courage and Power to accomplish anything to which you put your hand. (Applause) Precious Ones, you are here to accomplish your Victory. Therefore, when I offer you My Power tonight of Love from the Heights of Creation, Power that you must have to manifest your Mastery, then the more you can remember Me, the closer I can come to you, and when you really come close enough to Me, your Mastery is attained. Won't you be seated please?

Now I shall not keep you longer, but I shall love you stronger, and you shall no longer have these problems and limitations that have sought to keep you from your Freedom. Blessed Ones, tonight I want to convey to you – your Freedom is just like a breath, standing so near sometimes if you would just reach up and seize It, and make It your own, your Victory would be complete. So I shall watch and help you in every way possible, and I do plead with you to draw the Power of My Seven-Fold Flame of Love Supreme, because nothing can either resist nor requalify My Seven-Fold Flame of All-Powerful Love. May It fill you and surround you, give you all of Itself, charge you with Its Power, be the Atmosphere in which you move and as a Shining Armor about you. May Its Blazing Presence be so Great that that which is of the shadows cannot see who abides within. It can become

your Cloak of Invisibility! It can become the Commanding Presence that forbids destruction to approach. That is the Power I Wield! That is the Protection I bring you tonight. That is the reason for My reminder of Myself, that you may have your Victory and become That Power to assist others more quickly to be free.

So go forward in Victorious Attainment, never again accepting anything but the Victory of My Power of Herculean Love, and try Me out and see what a Friend I can become to you! So with all that Love can give and all the Power required in This World to produce Perfection, I ever stand awaiting your Call that I may expand into the physical octave those physical activities which must come in order to bring the Power here to more quickly consume destructive forces. Insulate yourselves in This Seven-Fold Flame of My All-Powerful Love which I offer for your Protection, your Sustaining Power, your Boundless Supply and your Victory unto the Freedom that opens the Door to your Ascension.

Know that your Nation, tonight, needs every Call you can give for the Power of My Love to hold God-Victory within your government and within your people; and let the Power of My Seven-Fold Flame sweep throughout the Nation and do that which it is My Responsibility to do in the Service of your Beloved Saint Germain. May you feel My Presence ever abiding in you, around you and near you always to your Etemal Victory.

Thank you with all My Heart tonight, and I shall be ever present with you.
