

MIGHTY CYCLOPEA'S DISCOURSE

SANTA FE, NEW MEXICO

APRIL 17, 1953

BELOVED ONES OF THE SACRED FIRE, as We come closer into the atmosphere of Earth know always there must come the Release of the more Intense Action of both the Cosmic Light Substance and Those Activities of the Sacred Fire that are the Purifying Power which Life provides in This World.

So as We enter deep into the Greater Understanding and Use of These Master Powers of Life, try to know that to some degree you have always been using some of Them in a very little way, but when you come to the Ascended Masters' Use of These Master Powers of Life, there must come in and around you an accumulation of Energy from Our Octave which stays within your Electronic Circle until the hour when your "Presence" draws Those Powers from the Higher Mental Body in, through and around you and into outer world conditions to do that which you call forth to fulfill the Divine Plan.

Since your Power of Sight acts both Inner and outer, then to be Master of that and definitely control it means the release of This Greater Power by which you may see more easily and more perfectly whatever needs to be done in the world around you. You have used your Power of Sight a long while, My Dear Ones, in the physical octave to draw into yourselves the conditions in the appearance world. Well, now you have the same capacity to look into the World of the "Presence," look into the Heart of your "Mighty I AM Presence" or into Our Octave and draw into yourselves Our Qualities, all of which will bring Perfection into your outer world of affairs. That Perfection first of all comes within you as the Greater Peace and Harmony and Purity to hold control of the energy within your Electronic Circle until the Manifestation is complete in outer conditions.

Since Our Life and Our Octave contain so much of Perfection and there are so many Powers within Life Itself which

you may have, as freely as the air you breathe, and They come from your Blessed Higher Mental Body into the outer self at your Call, but remember when the "Presence" releases certain Powers into your outer use, the outer self is responsible if it does not produce the Fulfillment of the Divine Plan and produce Perfection. So in calling forth any of These Greater Powers of Life to assist you in the outer world to produce Perfection, fail not to call forth the Ascended Masters' Use of Them, then you will carry a certain amount of protection into your affairs where it will not allow yourself or others to misuse the Powers as They release Greater Blessings.

Whenever you wish to bring forth into outer conditions the Perfection from Our Octave you must always ask that It be held Invincibly Protected, and then It is sustained in your world; but if you draw Our Gift and don't protect It, well then something of the destructive forces will take It away from you. What "I AM" trying to do is to bring to your attention tonight the necessity for Demanding the Ascended Masters' Use of all the Powers of your Beings in the physical octave.

You don't have to wait to become an Ascended Master before you can be charged with the Ascended Masters' Use of what Life gives you. Our Use of a thing never produces anything but Happiness and Perfection for every one; therefore, if you call Our Use into your world, everything has to automatically be purified and set into Divine Order to hold the balance that is Divine Justice to you, and is Divine Justice to Us, and that is Divine Justice to the world around you. When your world is purified and set into Divine Order that is Divine Justice to your "Presence"; and so in releasing These Greater Powers from Our Octave that are to bring you your Complete Freedom, train yourselves always to DEMAND THE ASCENDED MASTERS USE OF EVERYTHING, whether it be from Our Octave or your world. We use the things in your world to bring to you the Fulfillment of your Calls! So whatever you draw forth in outer world conditions to fulfill your requirements, demand the Ascended Masters' Use of them, and

then that which is of human selfishness, that which is of the discordant creation of mankind cannot reach in and cause disturbance in your world. We are trying day after day to make you more and more Invincible before this accumulation of mankind's selfishness in the outer world.

So when "I AM" ready to help release in, through and around you your Greater use of the All-Seeing-Eye of God in order to show you certain things ahead of time by which you may protect yourselves, well then I want you to use the Greater Activity of your Power of Sight only as the Ascended Masters do. There is a very subtle protection of your use of Sight Inner or outer that every one must understand and guard against. When the Greater Powers of your "Presence" are drawn into your outer daily use, there must always come a sense of honor within that will not let you use Those except as the Ascended Masters do; and particularly in the use of the projected sight, must all curiosity be blasted and prevented from acting within the Individual, because if We were to open to you through your use of the All-Seeing-Eye of God, the vision into certain Realms of Activities, you would also have the Power to see into certain conditions in the physical world, the causes that are acting, at least in some of them, and if you use This Power just to gratify your curiosity, I tell you frankly you would get into a hornet's nest of trouble; and there must come the Invincible Honor Guard of your Use of the Ascended Masters' Powers of Life so you have Ascended Master Use of Those Powers before We can draw Them into your outer physical activities to give you Their Greater Blessings.

There must come a sense of Honor not to look into the affairs of other people unless by some great assistance which you could render, the Cosmic Law would permit your having certain information only to bring the Help and the Perfection that is required. So as you ask for the Release of These Greater Powers of Life's Greater Activities, fail not to ALWAYS PRECEDE THAT CALL BY DEMANDING THE AS-

CENDEDED MASTERS' USE OF THE POWERS THAT YOU REQUIRE AT THIS TIME TO FULFILL THE DIVINE PLAN. Then you could never be tripped up by the human desires of others, sometimes in the atmosphere about you or sometimes within yourselves if you were off guard. That is why We have said from the beginning to work on the annihilation of curiosity. Now that has nothing to do with the Greater Illumination which can come to you for the use and purpose of fulfilling the Divine Plan. Curiosity is one thing and Illumination is as far above it as Light is above darkness. Curiosity is what has gotten everybody into their trouble. It was mankind's curiosity at the end of the Second Golden Age of trying to experiment with producing creation without considering the Fulfillment of the Divine Plan which first started the accumulation of the destruction of this world. Curiosity is the basis of human selfishness.

So if you want Illumination and understanding of how the "Mighty I AM Presence" and the Ascended Masters produce Perfection that will bring you to Mastery, you must hold protection about That which you use, if you are going to maintain it.

So tonight in helping you come forward now and let go of your limitations, try to CHARGE YOURSELVES WITH THE ASCENDED MASTERS' ILLUMINATION, COMPREHENSION AND UNDERSTANDING WHICH NEVER PERMITS YOU TO USE THE POWERS OF YOUR "MIGHTY I AM PRESENCE" OR OUR OCTAVE IN ANY WAY EXCEPT AS THE ASCENDED MASTERS DO! Then from time to time as These Greater Blessings are brought into your outer use will there always be the guard established and maintained as a Wall of Protection around you to prevent disturbance and distress and heartaches that otherwise would come in the future if that Protection is not maintained.

Now in regard to the use of your sight, your Power of Sight in practicing holding the Luminous Presence of the Master Jesus or any Ascended Master in and around yourselves

or anyone, as you hold the Picture within the mind of That Light and of His Heart's Flame of the Great Central Sun Magnet's Power within That, and as the Open Door of Violet Flame, as you hold That Picture within you, you are drawing in and around yourselves or anyone else His Ascended Master Perfection, His Ascended Master Consciousness, His Ascended Master Protection and His Ascended Master Use of These Powers which you want drawn into conditions to perfect them and to save mankind from greater distress.

The advantage of holding the Luminous Presence of any Ascended Being in and around one's self or others or conditions is that the Substance from Our Octave begins to flow into That Luminous Presence; the Sacred Fire holds command through Its Love and the Protection is automatically established as you Demand That Luminous Presence hold control of outer conditions. You hold the Picture of the Luminous Presence of an Ascended Being in and around yourself or someone else to render a definite service, don't you, to produce some Perfection which you desire? Well the Perfection which you desire demands Protection, and the Ascended Masters' Luminous Presence is automatic Protection! It is Invincible Protection, and that is why you have an Infallible Power in your use when you continue to hold That Luminous Presence around yourselves or others or into conditions of the physical octave. The Luminous Presence of an Ascended Being is the actual Creation of that Being out of the Substance of the Ascended Masters' Octave; and while, when you first hold the Picture within yourselves, your first Picture or thought is a thought form composed of the mental substance of your own world, yet when the Ascended Master takes hold of that and blazes His Luminous Presence within it, it becomes Ascended Master Substance, and then is when you have Invincible Protection of that which you draw forth. That is why your Victory is assured, My Dear Ones, everywhere you call That forth, because That Luminous Presence is not subject to either your own human desires or mistakes or those of

others. It is not subject to the mass accumulation of mankind's discord. Do you see?

So in using This upon the forehead of someone, either yourself or someone else, you are drawing the Invincible Protection of the Cosmic Christ around yourself or into yourselves and around and into others, because, for instance, the Master Jesus has now become the Cosmic Christ. Therefore, when you hold His Luminous Presence in and around you, you are using the Substance of the Cosmic Christ; you are holding the Protection of the Cosmic Christ; you are focusing the Love of the Cosmic Christ, and the Cosmic Christ is always Victorious in This World.

So in using your Power of Sight which comes under My Direction you can draw in and around yourselves the Ascended Masters' Use and Victory and Power of the Cosmic Christ in ways that as yet you have not understood nor used, but when you call forth the Luminous Presence try to remind yourselves that you are using His Cosmic Christ Power and Protection and Illumination in and around the substance of this world, which cannot change and is Eternal Perfection. This is very valuable, My Dear Ones. If you understood what a Scepter of Power It is, you would go forward like a Legion of Light, Victorious always over everything in This World. So the more you use It, the more blessings you give; the more you draw It into outer physical conditions, the more the Cosmic Christ is Victorious in This World and the less can the hordes of darkness affect Life. As you form the Habit of loving to hold This Luminous Presence within and around yourselves It will automatically make you feel more and more of the Cosmic Action and Power of the Sacred Fire and the Cosmic Light.

That Luminous Presence can become for you the same Blessing as the Cosmic Screen which the Blessed Saint Germain showed to the Beloved Godfre and those Blessed Children in the Retreat. As you hold more and more clearly within the Luminous Presence of the Master Jesus or any one, that becomes a Focus within your consciousness of the Power of

Light, and That Light is the All-Revealing Power of the All-Knowing-Mind of God. That Revealing Light can show you at any time that which is necessary to produce Perfection, but It cannot and won't show you any imperfection, and therefore, you have an absolute certain infallible way and means of knowing always what the Ascended Master would do in any situation to give you your Mastery over this world, and to give your Boundless Blessings to others.

So you cannot fail in the use of It, and as you feel It ever blazing Its Illumining Presence within your consciousness, It will automatically bring the Understanding and Explanation from within your own Higher Mental Body into your outer use, and then you are not subject longer to mistakes. Then can the Unfed Flame in the Heart expand and become one with That Seven-fold Flame in the forehead, and as the Great Cosmic Beings intensify that Action of the Sacred Fire in and around you, the Luminous Presence takes command and draws into your outer affairs and conditions all that is required to fulfill the Divine Plan of whatever you might wish to do from day to day.

I have long wanted to help a group of people concentrate the Power of the sight within them upon the Luminous Presence of certain Beings who are certain Authority to the Earth and who can give much Power that will enable you to go forth and produce Miracles unbelievable, but if you will gather your momentum by your continued use of the Luminous Presence you may start with the Master Jesus and as That is held over a period of months and it becomes easy for you, then It will be just as easy to hold the Picture of Beloved Saint Germain, or any one Whose Special Qualities you might want to use at any time in any special condition; and then, My Dear Ones, you are armored with Our Consciousness, don't you see? You are filled with Our Love! You are protected by Our Power, and you are given the Use of These Greater Powers from Our Octave while you are yet unascended to help you establish Perfection here that is to remain forever, and That is the Tre-

mendous Opportunity which comes to those who serve the Light, until the time when the Light turns and serves them, and then will they realize that That Light has always been their Home.

In addition to receiving the Love and the Substance and the consciousness from the Luminous Presence of any Master Whose Likeness you hold, you will draw the Power of the Great Central Sun Magnet in and around yourselves, and then That Luminous Presence becomes an Increasing Powerhouse to draw more and more and more from Our Octave into physical manifestation, until your world is really filled with Our World and there are no more veils between. You can live in Our Worlds, Precious Ones, through This Use of the Ascended Masters' Presence, if you so desire. You can do it! (Applause) Thank you, Precious Ones, won't you be seated please?

Now that is how it will become easier for you to become Victorious over This World, as you say to outer world conditions: I DEMAND YOU YIELD ME THE VICTORY OF GOD! Then as you hold the Luminous Presence in and around the condition, after you have given your Command, the "Presence" goes into action through That Luminous Presence and fulfills your call; and because every Ascended Master is the Invincible God Victory over all in This World! As you hold one Focus after another in and around Individuals, will you find perfect co-operation from people in the outer world in channels that heretofore have opposed you! I tell you It is a Magnificent Release and Scepter of Power when you begin to use It to the Point where It transmutes the feelings of Individuals who heretofore wanted to oppose you, and raises them to the place where they co-operate with you.

When you DEMAND "GOD'S INVINCIBLE VICTORY" OVER THIS WORLD, you are going to have to have the Ascended Master Powers and Use of Our Activities of Perfection if you are going to be Master of the imperfection of mankind. So try to feel That Luminous Presence as an Armor about you. Try to feel It as a Flame within You! Try to feel It as a Great

Presence of the Great Central Sun Magnet drawing to you the Ascended Master Activities that you require to make you Master over worldly conditions.

So your world and Our World are not so far apart, My Loved Ones. Through This Activity there are no more veils between. This is the Open Door to your Freedom! This is the Great Central Sun Magnet's Power to draw you out of the shadows of the human and into the Eternal Light and Victory of all that is Divine, and that process can go on right here in this physical world before your Ascension. We give you a Scepter of Power second to none; accept your first call to your "Blessed I AM Presence," and then will you find that the raising of yourself or your conditions is but a matter of holding your attention upon the Picture of the "Presence" which contains the Perfection you want. You have to draw That Picture here into this substance, into this energy, if you are going to produce Perfection here. Therefore, since We have offered you Our Ascended Master Consciousness then the use of It through the Picture of the Luminous Presence is a very Real Tangible Thing which you can do, which you can have, which you can use and which is very much required in this octave.

So We give you your Freedom in many ways that as yet you little comprehend. When you want to understand what We know concerning a thing, ask. Ask your "Mighty I AM Presence" and Us to charge you with the Illumination, Comprehension and Understanding of the Ascended Masters' Control of this which you require; the control of your outer selves, the control of worldly conditions around you, the control of the Powers of Nature, the control of the Beings of the Elements. If you want to know how We control them, then ask. Charge yourselves with Our Illumination and Comprehension and Understanding of how We control them, and you will begin to use the Power, until they become your friends.

So you are not at the mercy of the hordes of darkness when your "Mighty I AM Presence" and the Ascended Masters

are your Friends of the Light, so long as you hold the Picture of Our Presence in your world. (Applause) Thank you, Precious Ones.

So I ask you to go forward with Joy in your Hearts, Fearless, Dauntless and make yourselves Invincible by the constant use of the Luminous Presence of any Ascended Master or Cosmic Being. Now if you think you don't know what I look like, I can show you. (Applause) Thank you, Precious Ones. When you ask for My Luminous Presence I assure you My Likeness will abide within It. So you have but to ask, and as time goes on your "I AM Presence" and I will reveal to the outer sight the Reality which "I AM."

So may I clothe you tonight in the Fullness of My Heart's Flame and My Command to Life, to your Life that the Love of the Sacred Fire may forever anchor in and around you My Luminous Presence to show you the way to make you behold all things clearly, to take you forward Invincible in your use of the Greater Powers of Freedom, and make yourselves each one, the Victory of God over all in This World by the Sacred Fire of Eternal Love which "I AM" in your world in My Luminous Presence as you call It forth, and I give It with all the Heart Command of My Life for your Freedom and your unlimited use as long as you choose.

Thank you with all My Love for this night, and may your Blessings be proof of My Heart's Command to your Life for your Freedom.

Thank you and good night.
