

BELOVED CHA ARA'S DISCOURSE

CHICAGO, ILLINOIS

EVENING

MAY 2, 1950

BELOVED ONES of Saint Germain's Family, as We enter in tonight to a little family conference, I would like to show you from the Inner Standpoint what it means to watch carefully every Life Stream that in its upreaching Love to the "Beloved Mighty I AM Presence" opens one door after another and draws forth into outer action that which blesses you and blesses all in ever-expanding Perfection.

Watch carefully the feelings at your stomach, your solar plexus, in your response to anything that you meet in the outer world, and even that which you are working on for yourselves. If there seems, My Loved Ones, the slightest fear or restlessness or uncertainty concerning that which you know ought to be, which you know to be right, and then there seems some uncertainty about it, pay attention to it, and the moment that is there, call to your "Presence" and to Us to strike the Sword of Blue Flame into that condition and to so command the removal of the entire sinister force from the Earth that it takes its claws off all Life.

You can use every opportunity which crosses your path to demand the removal of anything from yourselves or your world that is distressing, and then stop just long enough to demand it be taken out of the Universe so it touches no other part of Life; then in the Blessing which you, thus, give to the rest of Life you open wide the floodgates for all Life, no matter where It is. When the Outpouring is constructive, all Life through Its Love to you will flood back Its Gifts, Its Blessings and Its Love.

Since conquering some of those problems are some of My daily activities, it is My Pleasure, My Joy and My Opportunity to assist you in every way possible to pull the fangs of the sinister force that has had mankind in its grip so long through fear and through the sense of ownership of things in this world. Now you are all custodians and you are all held responsible for that which comes under your direction as to your use or misuse of Life's

Great Gifts; but the unprecedented selfishness that has accumulated through the centuries and has become what you call the debt beast of the world, is the thing that has held mankind in such a grip of fear so even when supply is sometimes almost at hand that fear will drive it away, and the individual does not realize why the Decrees are not answered as quickly as they should be.

Now when you have once decreed for a thing and you settle your feelings concerning its answer, then send your Love to your "Presence." If I were you I would give a little attention to Demanding the Cosmic Blue Lightning of Cosmic Christ Judgment STRIKE into every condition that would delay or seem to be an obstruction to the instantaneous manifestation of the Fulfillment of your Calls. Because there has been such an acceptance of time in the Fulfillment of your Decrees through long habit, and there has been so much contentment in mankind to stay in their limitation and not get up and shatter the thing that has bound them, that it has become a race feeling. We want to cut you free from that so you will have much more instantaneous Fulfillment of your Calls. If a wave of it strikes the rest of mankind, well when it comes to you, that wave should part and go around you, so it will not connect with your world.

So there are two things in the closing of your Decrees that it would be very wise for you to watch, and that is for you to demand – after you have called for what you desire to Fulfill the Divine Plan – demand Cosmic Christ Blue Lightning of Cosmic Christ Judgment take Its toll in everything that would attempt or would desire to delay the Fulfillment of your Call, or be an obstruction in any way to any constructive thing that you wish to do. Then demand that Cosmic Christ Judgment take Its toll in those two conditions and FORBID their existence to torture the rest of mankind.

Oh My Dear Ones, I think it will step up the speed of the Fulfillment of your Decrees at least two or three times in two or three weeks, possibly sooner. "I AM" not going to limit you.

Precious Ones, please, I hope you will feel this deeply tonight, because I shall pour it forth with all the Love at My Command. I want you to feel that if you want to do these things, there is the

most wonderful Immortal God-Way of doing anything you want to do which is constructive. Many of those ways mankind never heard of; but if you give this Acknowledgment daily, it will enable Us to teach you many new ways of doing, shall I say, almost everything until you come back into the natural way of doing that which Life requires, instead of the artificial way, which is the dependence on the conditions and the physical things of the physical world.

If you are ever to arise into the Mastery of your own “Mighty I AM Presence,” then Its Immortal Power of Love must come into your daily use, just as automatic as your lungs breathe air. When a condition seems to obstruct or delay what you should have, then it is as if you reached your hand into Our Octave and drew forth whatever Power of the Sword of Blue Flame is necessary to shatter everything that naturally has been of the habit of the past, whether it is in your world or the outer world, matters not.

You have all Authority and Power to draw forth through this Decree, “By Cosmic Christ Command of the ‘Mighty I AM Presence’ in the Great Central Sun that Never, Never, Never Fails to Fulfill your Calls,” draw forth Its Power into outer physical action, and make everything human stand aside. Then demand it be annihilated so it touches no other part of Life. I want you to have that great sense of Mastery within yourselves so that which is not manifested by the Love of your “Presence” or that which does not contain the Love and the Blessing of Life’s Perfection, must now move out of your worlds by your own Conscious Command. You give the Command and then We will loose the Cosmic Power to amplify yours, but your Command is the charging forth of the energy of your Life into the condition that starts action there. Then We just come along and shove that action a little faster. (*Applause – audience rising*)

Thank you, Precious Ones. Now in stepping up the speed of your manifestations and demanding all obstruction stand aside, before you issue the Command, with powerful feeling, send your Love to your “Presence” and ask your “Presence” to armor you in Its Blue Flame of Immortal Love, and then go to town, as you say, on the order to stand aside the delay or the obstruction. In this way your feelings will be insulated against a feeling of impa-

tience or fight against the thing, because if you become enfolded in the Blue Flame of the Immortal Love of your "Presence" first, you won't feel like fighting. Won't you be seated please?

In removing destructive forces, Precious Ones, you must be careful. If there comes within you that feeling of battle, well sometimes you tie yourselves more firmly to the condition, but if you draw this Immortal Flame, or the Cosmic Blue Flame of Immortal Love around you as your insulation first, then that qualifies all the feeling within you; and in that Immortal Flame of Cosmic Christ Love which that Blue Flame is, is the Great Cosmic Feeling of the Mastery of Life. That is why We want you to draw This, or feel It in and around yourselves before you issue the Command for the human delay or struggle to get out of your world.

Now if you will do This you will find yourselves arising into a calm, dignified, relentless sense of Mastery which is the Power Element of the Immortal Love of the Blue Flame. When you begin to feel Its Great Masterful Power of the Great Love in the Heart of the Great Central Sun or in the Heart of your "Presence" – when you feel That within you, there cannot be a sense of fight, because fight comes from fear. When there are two forces battling, the battle is on; because one or the other, or both, fear that the other is going to rule, while this Great Sense of Mastery in the Immortal Love of that Great Blue Flame moves forward with Power like a steam roller, and It simply moves in and those other forces know there is no fight there. Therefore, they must recede or be consumed.

Now this is the difference between Our Power of Mastery and that which comes from mental domination of people who have a smattering of the mental powers without understanding what disobedience to the Law means in the penalty they draw to themselves by misuse of the Authority of Life.

Please try to remember this often. When you clothe yourselves in the Immortal Flame or Blue Flame of Immortal Love, you stand as it were within a Pillar of that Flame to your "Presence" and to the Great Central Sun. When you armor yourselves with that Immortal Love, there is no such thing as failure,

and there is no such thing as even temporarily not having enough Power to handle any situation. When you become the Authority of that Immortal Love of the Blue Flame, It strengthens everything in you to hold Dominion against discord.

I want to give This to you tonight and I think you are all doing very well. I think you already begin to feel a little more positive than you did five minutes ago. (*Applause – audience rising*)

Precious Ones, do you realize that within the Master Flame of Immortal Love from the Great Central Sun which is the Authority and the Ruler throughout all the Universe, there is no fear in the feeling of that Flame. Therefore, when It moves against something destructive, It does not have any fear within Itself that there might be some temporary failure. When that Flame moves forward, It knows It is the Authority of the Universe; and as the Flame surges, It contains no fear. It is the Master Presence of Love and Its Vibratory Action is so high that anything It touches, It automatically raises into Perfection. So there is no fight. When that Flame appears, every destructive force on the Planet knows its end has come; because it cannot make the Being within that Flame fear; and fear is the weapon of the sinister force. Won't you be seated please?

“I AM” sure tonight you are getting My Feeling; and when you begin to feel your Mastery, you straighten the body, you open up and receive the Power of Our Immortal Love; and the Blue Flame around you takes Its Dominion where you move; and there is no more fear for you. Now you cannot clothe yourselves in That. Your “Presence” can draw It within you; and only as you qualify It with the Immortal Love of the Great Central Sun or of your “Presence,” would you find it unable to be requalified by conditions of the outer world under turmoil. But when you of your own free will, ask your “Presence” to clothe you in Its Immortal Love of the Cosmic Blue Flame, and then you ask Us to charge That with Our Ascended Master Protection and Our Feeling of Complete Mastery, well then, the Love becomes so intense within you, Precious Ones, by Our Amplification of the natural Qualities of that Immortal Flame, so wherever you move, well you

are just unaware of fear, that is all.

These conditions might be out there, but they recede when you appear, for every destructive force knows when that Blue Flame comes, it has to be annihilated. Individuals know this, animals know it, plant life knows it, the Forces of the Elements know it. Every particle of Life knows when that Immortal Blue Flame of Cosmic Christ Love, Immortal Love appears, all must bow. This is the Authority to speak to delay or obstruction, demand it stand aside and be annihilated so no part of Life is longer disturbed by that which dishonors God.

Every particle of discord, every limitation, every imperfection, every bit of impurity and everything that is not this Immortal Flame of Cosmic Christ Love, whose Perfection is forever expanding all that is not that, dishonors the Universe, dishonors God. Try to feel, Precious Ones, your own personal responsibility about not allowing any discord to go out from you who know this Law to anybody or anything for any reason. Just refuse to be a part of anything that casts dishonor upon God. You as "I AM" Students have a tremendous responsibility if you allow flares of temper or irritation or criticism or condemnation to go forth into the Universe at this time when the outer world is almost to the point of saturation again with destruction. But since the Mighty Helios dictated, this Flame over your Nation is burning Its Way through the doubt and the fear that has held the people in its grip. You will see many changes, and as you feel yourselves walking within this Immortal Flame of Cosmic Christ Love, the Immortal Blue Flame of Its Cosmic Power, there will arise within you instantly the feeling of Absolute Power of Undisturbed Harmony. Oh, it will make everything so much easier for you all, Precious Ones. You will do things in half the time with perhaps one-tenth the energy.

So when the obstruction or the delay appears, armor yourselves first in the recognition of this Love, and then give your Command and you will find yourselves untouched by destructive forces under which the mass of mankind go down. It is to charge you with this positive force tonight that "I AM" here with all the Love at My Command. This will enable you to accomplish tremendous healings with that Great, Positive, All-Knowing and Im-

mortal Love which compels everything else to cease to be wherever It passes by.

Oh, I could talk to you forever on the Power within this Flame, and the Magnificence of Its Beauty, Its Joy and Its Creative Activity, all of which are at your Conscious Command the moment you send your Love to your “Presence” and to the Great Central Sun and ask to be instructed concerning the Ascended Masters’ Use of that Blue Flame in Their Cosmic Service and Cosmic Christ Mastery to this Earth. This comes into outer action the moment you speak those Words, “Mighty I AM Presence.” Why, Dear Ones, were you to say: “ ‘Mighty I AM Presence’ of the Immortal Blue Flame of Cosmic Christ Love, attend me! Be my guardian! Be my atmosphere and my world! Be my Mastery over all on this Earth, and be My Legions of Defense to go forward and help my Loved Ones to fulfill their destiny through Love.”

My Dear Ones, long has it been since any group of mankind has been given the self-evident Truth and the self-evident Happiness and Power that have come to you in this Class. (*Applause – audience rising*) Thank you, My Loved Ones, please be seated.

I will not hold you longer, but I want you to feel this Charge of Power tonight which moves in to assist you, which is yours to use as freely as the air you breathe, and is without any limit whatsoever. For when you call the Immortal Blue Flame of Cosmic Christ Love to attend you and give you all which is within Its Heart, and make you the Immortal Mastery over all that is not Its Love, then your “Presence” and the Ascended Host can come much closer to you in the outer and will draw to you more and more and more Cosmic Christ Love in whatever channel you choose to render service.

This is the Master Authority of Creation, My Dear Ones. Have you ever wondered why the sky was blue? It is because it is the Great Reservoir of Electronic Force, but you have never thought of that Reservoir as God’s Love. When you realize the Great Powers of Creation have there provided the Limitless Electronic Force which is the Immortal Love and Immortal Purity of the Great Central Sun, you may reach up to Love and have all you would ever require to even manifest a System of Worlds. This is

the Great Source from whence all is drawn to produce manifestations, because you cannot produce any manifestations without the Electronic Force of energy, and It is the Gift of Immortal Love of Life Itself.

Therefore, if you give It conscious recognition, call for Its Flame to attend you, so you may feel Its Great Master Power and Authority within yourself in order to prevent fear from gripping you and tying you to destructive activities. Then when this Love comes into you with a Feeling of Its Great Master Powers throughout the Universe, you may stand the human aside by Conscious Command, demand it be removed from the Universe; and if Legions were necessary to attend you to accomplish it, They would come. This is the Supreme Authority throughout creation, and is consciously sent by your own "Beloved I AM Presence," consciously intensified and drawn from the Great Central Sun.

We are privileged to add Our Blue Flame from the Ascended Masters' Octave to move you forward now to the Greatest, Joyous, Victorious Accomplishment you have ever known. So fear nothing and go forward clothed in that which loves to give you the Fullness of Itself. Now do not wonder — does that Flame stand inside or outside of My Tube of Light? What matters it? It probably interpenetrates and is inside and outside both. Your Electronic Tube of Light Substance was part of It, but you did not quite know it. See this Flame of which I speak tonight, an exact Flame, one Flame with the point above, and you standing within It and your Tube of Light also standing around you. Then abiding in That, feel the Mastery and Peace and Power and Inexhaustible Strength and Energy which only Love can give. That Love is Immortality.

Oh, Precious Ones, We are just longing for the hour when these animated activities can come before you. Why, you will go forward like lightning to the accomplishment of anything constructive to which you turn your attention. So tonight, with the Great Power which only Love can give, with the Assurance to you that "I AM" telling you self-evident Law, self-evident Truth by the Power of Immortal Love with which you can experiment to your Heart's content, I bid you Success, Love, Blessings and Boundless

Supply with the Greatest Joy you have ever known. I bid Legions of Angels, if need be, to come to your assistance as you go forward in the great Joy of cleansing anything wherever you pass by.

All the Love and all which Love can give stands awaiting your Call, and in this Immortal Flame which holds within It the absolute annihilation of doubt and fear, may you feel tonight the Glory of Its Blessing and know how privileged you are to have the use of That in the outer world as you move among mankind and they know it not. (*Applause*) This is one of the most marvelous means of Healing and is a Power to which all yield obedience. May It become in and around each of you a Pillar of Dazzling Radiance and Its Authority and Its Master Presence of the "Beloved Mighty I AM" Who ever stands above you. May Its Love in that Immortal Blue Flame come now into outer action and go forth under your direction until wherever you move, Its Master Authority of Life compels Perfection into action and you become a Blessing to the whole Universe forever.

Now in the Powerhouse of Its Mighty Presence may you be charged with more energy and more strength than you can ever use. So try to feel It is inexhaustible in the ever-expanding Blessings which go forth from It constantly. As you use It, it will ever grow brighter and greater around you, until It becomes the Sun of your Presence, and you the Jewel within Its Dazzling Heart.

All the Love at My Command shall come to assist you; and may you become the Immortal Love of that Blue Flame to bear witness to the Truth of your "Presence" and release Its Master Powers to take you forward in this world until you perfect it and raise it and return it to the Great Presence of Life, a credit to the Universe. It is a Path of Boundless Joy and your happiness in the use of that Flame is Immortal and expanding to your Hearts' content, until no part of Life can suffer or be limited again. The greatest Joy in the Universe is to free Life from limitations and this gives you unconditional Authority to go ahead in the Name of your "Mighty I AM Presence" and render that Service which is the Fulfillment of your Destiny unto your Ascension.

Thank you and good night.
