

## BELOVED QUEEN OF LIGHT'S DISCOURSE

SHASTA SPRINGS, CALIFORNIA      SEPTEMBER 22, 1953  
Senior Conclave

BELOVED OF THE LIGHT, as We enter into the Release of the evening of Our Life and Our Love and Our Blessing to you, the actual Substance from Our Octave, in, through and around you to anchor greater Happiness and Perfection for your protection, try to feel and try to see these Magnificent Gifts of Life as an Eternal Part of the Fulfillment of the Great Divine Plan, both of your own Life Streams of that which affects your Nation and that which affects the World, for I have come tonight to CROWN YOUR EFFORTS with My Love. May It enter into you with a feeling of the Strength and the Power of Cosmic Light so blazing that there forever comes forth all the Power you require into any condition to illumine it and show you what you are required to do to bring the Perfection of God to Earth.

In redeeming the World from the shadows of selfishness there must come into those shadows the Sacred Fire and Cosmic Light-Substance of the Love which is wholly unselfish and is the Eternal Purity of Light.

When I say I have come to CROWN YOUR EFFORTS tonight, I wish you to remember That Phrase. It is an Inner significance of your Victory! (*Applause - audience rising*) Thank you, Precious Ones, won't you be seated please and just remain so. You have been calling for your Victory; you have been holding the Picture to a certain extent; and you have been asking your "Presence" for help. Now let us acknowledge the Success that CROWNS YOUR EFFORTS with the Perfection of Eternity, and when you ASK YOUR "MIGHTY I AM PRESENCE" TO CROWN YOUR EVERY EFFORT WITH THE "PRESENCE" " SUCCESS IN THE PHYSICAL WORLD, then leave that with the "Presence." Use those Words and make the Call. CROWN YOUR EVERY EFFORT WITH THE SUCCESS OF YOUR "PRESENCE," and do you know what that does?

Do you know what the Crown represents – the Attainment of Glory and the Protection of the mental body. Therefore, it is the Protection around the brain structure by the Power of Light against the interference of that which is not of God! So when you use That Phrase: “MIGHTY I AM PRESENCE”! CROWN ALL MY EFFORTS WITH YOUR SUCCESS THAT GLORIFIES YOU TO THE FULFILLMENT OF THE DIVINE PLAN; then go about your affairs and leave that with the Love of your “Presence” and see what happens to you.

Since “I AM” called the Queen of Light, I wear a Crown of Light, and that Crown of Light is to illumine the brain structure of mankind so there may come from the “Presence” out through the head of the individual the Release of the Light through the Light Ray which comes in at the top of the head and goes forth through the forehead between the eyes as the Blazing Light Ray which carries into outer conditions That which the “Presence” wishes to picture into the atmosphere about you, so there may be the lowering into your physical world and conditions of the Perfection and the things which fulfill the Divine Plan. This is why you have the Power of Vision. It is so your “Mighty I AM Presence” through that Ray of Light which enters into the top of the head, may come forth through the brain structure as a Light Ray, almost like a search-light, and give the Blessings of Its Perfection to Life; give the Pictures of Perfection into the Universal Light-Substance around you. Then the Love from the Heart enfolding That draws the Substance around the Picture which makes it become a physical thing.

So the more you can train the intellect to hold the Picture in the mind of the Perfection which is the Fulfillment of your Call, the quicker will that Call be answered in physical conditions.

Now mankind’s principal stumbling block is in the emotional body. There is where the energy is most easily disturbed. There is where it is requalified with the human creation of the outer world! There is where the discord registers; and there is where the leak is and the drain upon the Life of the

body. This is entirely through the feeling world. There is not nearly as much drain upon the energy of the outer self through the mind as there is through the feeling. Therefore, unless you take your feelings in hand and DEMAND they be forever held within the Violet Consuming Flame where discord cannot touch them, and then be charged with the Cosmic Light-Substance which makes the Light in the energy of your feeling world blaze through the body and fill the atmosphere about you – unless you do that, unless you blaze the Light into that energy of your emotional world and command It to go forth – if you do not qualify it from within that Light and send it to the rest of the Universe, well then, the discord in the rest of the atmosphere rushes in and does qualify it with the shadows of human distress.

Your world is your Powerhouse and it is just like clear water. If you don't keep it filled with the Cosmic Light-Substance from Our Octave which keeps it filled with the Perfection from Our World, and the Power and Pressure that surges and expands into the outer atmosphere about you, if you do not keep that surging forth, well the outer world shadows and discord come in and register within it.

So when I said a moment ago, if you will ask your "Mighty I AM Presence" to crown all your efforts with the Victory and with the Success of the "Mighty I AM Presence," with Its Own Success, well then, as you enfold it in your Heart's Love and raise it to your "Presence," go about your business as if it were not in the Universe to be considered, until you make your application again, except to see the Fulfillment in the Picture, you will find, My Dear Ones, wondrous Protection around your every effort to bring forth greater Beauty and Freedom into this World. I trust I may register within your Life tonight the Understanding, the Illumination, the Feeling and the Consciousness of what it means for the Ascended Masters to charge Their Consciousness into your world.

That means part of the Life from the Life Streams of the Ascended Masters in Their Ascended Master Octave of Life is charged into the atmosphere of the room, is charged into your

bodies, into the energy of your feeling world, into your mental body, into your consciousness, into the very structure of your buildings. Their Life Substance, Their Energy and Their Vibratory Action of Love and Perfection have come into your world to abide with you. Since We have all offered That and have charged It forth repeatedly, and since you have called for It through your Decrees, That has been lowered into this World like a Pillar of Strength, Power, Light and Life from Our Octave to become an Eternal Part of your world individually in you and then individually through you as an Eternal Part of the structure of Earth itself.

Therefore, the Ascended Masters and the Cosmic Beings, when They have poured Their Love through the ages to the people of this World and into the structure of Earth itself, it is to anchor here a certain proportion of the Substance from Our Octave which acts like a Magnet to draw the substance of this World and the Beings upon it, up into Our Perfection, into Our Octave, and that is part of the Power of the Great Central Sun Magnet. This is the reason Beloved Ascended Master Jesus said: "If I be lifted up, I will draw all mankind unto Me," because He knew this Action of what it meant to call forth and receive the Life, the Substance, the Love and the Light from the Ascended Masters' Octave into this World to be the Magnetic Pull which draws all into Perfection, one day into the Ascended Masters' Octave.

Therefore, when He gave His Promise to Life to raise all in this World into a like Perfection to which He had attained; then, My Dear Ones, the Love of His Life Stream has been so great to mankind in that Promise which He gave that, That Love drawn into this World compels the Answer, compels the Response from the Life in this World, regardless of all human creation; and That is established to this Earth just as surely as the Earth exists.

Now do you know what that does from the Inner Standpoint? It does exactly in the substance of the Earth itself, in the substance of mankind's bodies and their Life Streams exactly the same thing as your electric light bulb and the electricity

within it does within the room. That light is established within the atmosphere of the room at your will, at your call, at your command when you turn on the switch. So when your Call goes to your "Mighty I AM Presence" and to Us for the Love from Our Octave to be established here, for the Light and the Substance and the Consciousness and Our Life to come into the Life of this World and into the substance of this World, then We blaze That here just as you place those electric light bulbs here and turn on the current. We place that substance of Our Life and Light and Love into the structure of the Earth, into the atmospheric structure of your bodies, into the energy of your feeling world, into the consciousness of your minds, and you cannot deny this tonight, because every time any One of Us dictates, there is a different feeling which comes into your bodies than you felt before you came into the Dictation. Is that not so? (*Applause*) Thank you, Precious Ones.

Now since We have given that Feeling to you, which is Our Feeling to Life of Our Love and Our Blessing and Perfection, then I ask you to remember that Feeling any time there seems to be turmoil in the outer, instead of allowing that to rush in and qualify the energy of your feeling world. If you will turn suddenly away from it and say: "No, I am filled with the Feeling of the Ascended Host"; and be still a moment, then see the Blazing Cosmic Light Substance in and around the physical body so bright, just dazzling white, you can scarcely look into It. As you form the Habit of feeling This, feeling the Light every time you think of Light, forcing your mind to see Light, this will soon become, mark you, from Our Octave the Substance of Eternal Light in the energy of your feeling world. When enough of that Substance of the Cosmic Light from Our Octave is drawn into the energy of your feeling world and blazes Its Eternal Light into the energy, that much of you becomes Ascended.

We are giving you Our Life and Substance from Our Octave to help you Ascend. Therefore, your part of the assistance to your Ascension is to hold the Picture of Our Cosmic Light-Substance coming into the emotional body instantly, the

moment discord of the outer world tries to touch your feeling. The moment you are aware of it, turn instantly to your "Presence" and to Us and say to that discord: "NO! I am filled with the Blazing Cosmic Light-Substance from the Ascended Masters' Octave that crowns my world with the Victory of my 'Presence,' and you shall not enter!" This is a very powerful, Raising Activity to the cellular structure of your body and instantly is a very powerful, Purifying Activity and Healing Activity as well, for into the Substance of Light from Our Octave human discord cannot come. If you will continue to do This, until all the energy of your feeling world reaches the point of saturation, you will find the body radiating a soft, white light, even in the darkness.

It is not difficult, Dear Ones, to live God's Way! It is not difficult to use God's Life! It is not difficult to receive Our Love! Do not accept any more of this nonsense of the human that every time there is a Class held or an extra Outpouring of Greater Power is given, that when you are through with That, then the destructive forces contact you more than ever. Let us have no more of that. Rather, every time you receive more Light in a Class, know with every fiber of your Being that the light in you has expanded farther out; therefore, the discord that came closer before can never come again, but is being constantly repelled and driven back into its own cause to be consumed. I want to armor you with This tonight, so when this Class is through, after you have had this tremendous Power released through your Calls to the Great Central Sun, wherever you go you will take the Success of your Calls and the Protection of Our Love and Our Life into anything wherever you go. And that which heretofore has seemed to disturb you will be forced out of your world, and the Perfection of Our Love and Our Light come to bring you the Love that crowns your efforts with Our Victory.

I want This to be a Magnet for your wealth! I want This to bring Balance into your affairs! I want This to repel anything and everything that has sought to disturb you. Therefore, when you DEMAND your every effort be crowned with the Victory

of your “Mighty I AM Presence,” hold the Picture of the Cosmic Light-Substance so Blazing White, just like White Fire, filling and surrounding the condition with Love so great from the Great Central Sun that nothing can change the Perfection for which you call.

Now in using the Luminous Presence of Myself or the Master Jesus, or any Ascended Being, you anchor a certain proportion of the Light-Substance from Our Life Streams through that Picture in and around the individual or the condition and It acts just like a Magnet to draw the condition or individual into the same Perfection that is in Our Life and Our Light. It is a most enjoyable way of solving your problems, Dear Hearts.

It is not difficult to live God’s Way of Life. The difficult way of Life is the human struggle, and now when there seems to be human struggle, stop for a moment and turning back to your “Presence” DEMAND everything in your feeling world be filled with the Cosmic Light-Substance of Our Peace, Our Love and Our Command to Life to produce Perfection and hold it in and around you; and you will build a Power within yourselves of the Cosmic Light from Our Octave which will enable your own “Mighty I AM Presence” to release through you at any time Its Greater Powers, Its Direction, Its Love, Its Protection or whatever you may need. This is the intelligent Way by which We assist the outer self to become more obedient to the Will of the “Presence,” and to help purify the outer self more quickly by the Purifying Substance from Our Octave.

So as you continue to use the Violet Consuming Flame to consume the human creation, after that substance of the emotional body has become clear and purified, then if you will fill it with the Cosmic Light-Substance from Our Octave as an Eternal Light within the body, and say to your “Mighty I AM Presence”: CROWN MY EVERY EFFORT WITH YOUR VICTORY FOR ETERNITY, then the “Presence” will release more of Its Own Light in and around you, and That will be held protected by Our Light-Substance, which the human creation of the outer world cannot change. What is there, Dear Ones, in this

World that can change Our Love? Now answer Me this! Is there anything in all mankind's human creation that can change Our Love? NO! Because Our Love to Life is Immortal! Our Love Itself is Immortal! Therefore Our Love is the Immortal Success, the Sustained Success, the Protected Success which you require in the physical world to go forward with the Fulfillment of the Divine Plan and hold Protection, which the outer world's discord cannot break through.

If you will make some effort in this direction, you will come into a most wonderful, poised, calm, self-controlled command of your feeling world. Oh, Precious Ones, as the Mighty Cosmos said last night, just feel the Great, Calm Power from Our Octave coming into you and holding Command in the world of things around you. So long as the energy is fluttery and excited, the condition is dangerous, because anything can drive in when the feelings are disturbed. But if you will build This into yourselves by Conscious Call, while We stand your Guard, you will come into a condition in your feeling world that even though you stood in the midst of the wreck of the world, nothing would move you, and that is not stubbornness. There is a vast difference. You would come into a great, poised Power of that Cosmic Light-Substance, which is the Command of Our Love to manifest Perfection from within the Light. Then when the turmoil of the outer world comes to you to be handled, you stand within the Powerhouse of your own Pillar of Light-Substance – you, yourselves, filled with It, anchored as an Eternal Part of your Life Stream. Then from within That you reach out and offer the help and give what assistance is necessary without ever knowing any connection with the discord of the world around you or the problems you must handle. You move in the world and hold command of that energy wherever you abide, because Our Consciousness and Our Eternal Love is the Commanding Presence of the Universe.

So, Beloved Ones, it is vitally important, it is positively essential and imperative that you make this effort to hold the Victory of Our Cosmic Light-Substance coming into all the energy of your emotional bodies, your atomic, physical flesh

structure and into the atmosphere about you. Then, as you charge the Tube of Light around you, not only will That build to the point of Invincibility, but there comes with It, My Dear Ones, the Security and the Habit of holding control of your own Life Energy with such Command that you are not off guard at any time through either excitement or contact with someone else, and let down your bars of protection.

The anchorage of the Cosmic Light-Substance into your feeling world is a very necessary thing at this time of the world's chaos. Tonight "I AM" charging This into your own feeling world, into the energy of the room, into your clothing, into the physical atomic flesh structure of your bodies; and if you are aware of It, many of you can feel It as a soft, silky smoothness on your hands. Whenever That comes in, It is Our Light-Substance, Our Cosmic Light-Substance which is entering into the energy of your feeling world, because you did not have the feeling before We came.

This is as Invincible and Tangible a Substance into your feeling world and into the physical flesh body and the atmosphere about you, just as Tangible as snow is in a snowstorm in the winter time. Whenever you want This, be still and hold the Picture and ask for It and see Its Action come into you and through you and around you. Hold the Picture of Its Substance, and remember what It is! It is the Eternally Pure, Invincibly Pure, Cosmic Light-Substance from Our Octave of Life and cannot be requalified by anything in your world, but It can come in and around you and hold the Blessing of Its Protection and Perfection around and in and through the energy of your feeling world; and you become a Powerhouse then of Light, Light into which no shadow can ever enter.

So, Beloved Ones, I want you to realize the Mastery of Light, because it is part of My Assistance to the people of Earth to make the understanding of This clear to the outer intellectual consciousness. You can concentrate Light and send It into a darkened place, but you cannot concentrate darkness into a wire and send it into a lighted room, can you? Then Light is your Master Power of the Universe; and this is why, My Dear Ones, in

facing the communistic activities of the outer world it is necessary for you to build This quickly within and around yourselves. Then DEMAND that It descend into and around all that is constructive. Just charge It each day until It is like a snowstorm. It just builds and builds and builds around you until nothing can get through.

When you analyze that those tiny little flakes of snow, enough of them can continue to come until they can stop every movement of everything on the Earth. Enough of those tiny snow flakes can stop the motive power of your great big engines. They can stop the airplanes, and they can stop atomic bombs and other things as well. (*Applause*) Thank you, Precious Ones. Therefore, My Dear Ones, the Great God Presence of Life has not lost any of Its Power because mankind's selfishness has built to the momentum of the outer world's discordant activities of today; and enough of this Cosmic Light-Substance, drawn by your Call and your Love in and around yourselves, into all conditions wherever you abide, can be built day after day to the point where It can stop the entire destructive momentum of the world of mankind. Just the same as the tiny snow flake can stop the greatest action of the Earth.

This Great God Presence of Life Who creates the Universe and sustains it by these tiny Points of Light everywhere in Creation, that We call the electrons which are tiny Points of Flame from the Great Central Sun – through that It can manifest the Universe, create all things, build the Planet, give the Unfed Flame of Its Own Heart into the physical bodies of mankind and go forward in the System of Worlds, all composed of those tiny little Sparks of Flame from the Great Central Sun; and that is what you call Light. This which "I AM" asking you to understand is in the atmosphere about you and is obedient to your Call.

So when We call from Our Octave the Cosmic Light-Substance, which is the Substance from Our Bodies and from Our Great Temples of the Sacred Fire, That is charged with Eternal Perfection and is not subject to mankind's qualification, while this so-called physical energy of the physical world is

subject to mankind's direction and qualification. You can qualify or direct that energy as you please, but not so with the Energy from Our Octave of Life. You cannot take Our Life Energy and qualify It with anything destructive, because Our Life is Immortal; Our Love, Our Purity are Immortal; Our Activities, Our Substance are Immortal. Therefore, you cannot impose discord on the Cosmic Light-Substance from Our Octave like you can misuse the light substance or the electronic force of the physical world. You cannot misuse the Cosmic Light-Substance, for It is not subject to the direction of misuse; only your own energy is subject to that.

So, Beloved Ones, "I AM" giving you tonight a very valuable Secret; and if you will believe Me and do This quickly, you will be very grateful, not so far distant in the future. (*Applause*) Thank you so much. CHARGE AND CHARGE AND CHARGE This in and around everything which is constructive within your Land, and keep on charging It until It blazes to the point where It is so Terrific in Its Action that the destructive forces of the outer world, when they come up against It, cannot move. They are held helpless like an engine that cannot plow through a snowstorm. It is just as surely in this Universe.

So try to know that this Cosmic Light-Substance which We are offering you for use in your physical world is qualified with such Love from Our Octave, such Love from the Great Central Sun, that as you use It in, through and around everything in your Beings and worlds, into everybody and everything you want to protect, It will become the Law of Love and the Controlling Will, Authority and Power of Light so Bright that the shadows cannot penetrate, and then you have Invincible Protection.

When you call to your "Mighty I AM Presence" to charge the Cosmic Light-Substance from Our Octave into a condition and crown it with the Victory and Success of your "Mighty I AM Presence," It will build that into outer world conditions until you will be the Focus of Safety. You will be like an Altar of Safety for that which is constructive, because your "Mighty I AM Presence" can reach Its Hand out and direct That

into and around your loved ones. It can direct It anywhere you ask It to be sent forth, because your "Presence" will not refuse you! We cannot refuse you! The Cosmic Light cannot refuse you if you ask for the Cosmic Light-Substance of Our Eternal Love and Purity to come into this world and crown everything with the Success of the "Mighty I AM Presence," God-in-Action in this world; so shall it be established upon you! Then you will know more and more as you hold the Great Feeling of the Strength and Power of that Light-Substance in you, holding all things still and in balance, you will find you can move among outer world conditions, go about your business and have Success in the midst of turmoil; and wherever you abide you will leave the Pathway of Blessings for others to follow on.

So feel tonight very close to Our Hearts, for "I AM" drawing this Substance in and around you, and you may have It in everything wherever you desire to call It forth. If you want to charge It into your food, charge It into your clothing, charge It into the air you breathe, charge It into everybody you meet, It will compel a certain proportion of the energy and substance in those conditions to become Eternal Perfection. And that is crowning your efforts in this world with the Success of your "Mighty I AM Presence" " Divine Plan Fulfilled in physical conditions which make you Master over the discord of the outer activities of mankind. Then you will find selfishness will have been consumed.

So go forward with all the Happiness of your Hearts. Just know that Happiness draws Success to you a thousand times faster if you will only maintain It and expand This which I have explained tonight. Since "I AM" called the Queen of Light, it is My Duty and My Responsibility and My Joy to bring Light and evermore Intense Light and the Greater Power of Light everywhere, everywhere, everywhere to give Its Love and Its Blessings of Perfection to Life. So I will never run out of Light; and you shall not either if you make this Call. (*Applause*) Thank you so much, Dear Hearts. Then more and more will your feeling world become quiet and clear, pure and luminous and your "Mighty I AM Presence" will at all times be in Action through you and

you forget how to make mistakes. Isn't that Lovely? (*Applause*) Thank you, Precious Ones. In addition to That, you will forget your own mistakes and those of others, and this is a great Blessing to Life. (*Applause*) Thank you, Precious Ones.

So now go forward, call this Power without limit of the Cosmic Light-Substance into the conditions wherever you abide and ask your "Presence" to crown that place wherever you draw It forth with the Success of Its Own Divine Plan Fulfilled and go on your way and spread Blessings of Light like you walked with a room full of flowers and spread them everywhere; and wherever you threw them, they would spring up and grow more flowers, more Love and more Blessings of Life and Light and Perfection and Peace to all. May you be clothed in the Blazing Garment of Its Presence! May it one day become Visible and Tangible to you, to all that behold you and are blessed by Its Radiance.

Thank you tonight with all My Heart and may I give you Light and Light and Light, the Cosmic Light of Our Love from Our Octave in ever greater Power to abide with you until Earth itself has become a Sun of Its Everlasting Love.

Thank you and good night.

### REMINDER!

BELOVED PEARL – CD 145 B

"Those of you, who face the years to come as you live within the borders of this Beloved Land of Light, should remember that your daily responsibility privately, as well as in your outer service is to call forth these Greater Powers of the Cosmic Light and the Sacred Fire into every physical condition within the Nation, that It may compel the Purification that allows the Divine Plan to be fulfilled. So everyone should feel his responsibility to give your Decrees every day for the Purification of the Nation, Its Protection against that which is not the God Freedom to which you are dedicated, and therefore bring the Ascension to the Nations of the World as well as to individuals." (PLEASE PLAY AND STUDY THIS DISCOURSE.)
