## BELOVED RULER OF THE VIOLET TEMPLE'S DISCOURSE

SHASTA SPRINGS, CALIFORNIA      SEPTEMBER 13, 1953  
Senior Conclave – Afternoon

BELOVED of the Mighty Saint Germain's Family of Freedom, as We enter into the Understanding of more of what the Violet Consuming Flame means to the Earth and the Universe, We ask you to feel yourselves this afternoon seated within a Sphere of Its Blazing Presence, the Sphere enfolding the room and this entire locality; and anchoring within each one, the Increasing Cosmic Action of the Mighty Violet Flame's Assistance to the Earth, as We draw It from the Violet Planet by the Love which We bear to you all.

In understanding something of what Our Service to the Earth is, I ask you to realize that We direct the Cosmic Action of that Violet Consuming Flame to the Earth with Love which is so overpowering that It comes in and around each of you, tempered, so to speak, to your acceptance at the time. Because in the Action of the Violet Consuming Flame from a Cosmic Standpoint, an Intensity of Our Love has to be increased in the atmosphere of Earth through the release of this Violet Consuming Flame, in order to offset the hatred and frightful battle against God, which mankind has generated throughout the centuries in their defiance of the Light of Harmony.

Now you, as an individual in the unascended state, could not stand the Intensity of Our Love in Its Fullness were We to focus that entirely upon an individual, but We do not do that. Within the Violet Consuming Flame there is a Natural Balancing Activity which takes place; but when it comes to Our release of that Violet Flame into the atmosphere of Earth, to offset the frightful hatred generated through war through the centuries, then We can intensify Our Love in that Violet Consuming

Flame; because It enters into the energy of the atmosphere of the Planet, and that is where the Love is needed to prevent the acceptance of destruction from accomplishing its end.

Therefore, at any time when you call forth the Violet Consuming Flame in and around yourselves, as your "I AM Presence" releases That and your Blessed Saint Germain and Angels of the Violet Flame, draw It in and around you individually, They intensify Their Love in that Violet Flame, tempered to your use of It at this time. But you, with Boundless Power, can draw forth Our Intensity of that Love in Its Cosmic Action, into conditions that affect your Nation; or affect the atmosphere of your country; or world-wide conditions. In That will come Our Intense Love sent forth to the whole Planet, to help neutralize the accumulating discord that is seeking to break loose everywhere.

You, as individuals, will be charged with all the Power of that Violet Flame Love, which you will ever require, to hold the Balance in yourselves and your own world, for Our Love, I assure you, never allows anything to act out of Balance, and Our Love does act through the Violet Consuming Flame. It is a Purifying, Balancing Activity within Itself, but what I want you to realize is, that when you call It forth to purify the atmosphere over your Land and to prevent destructive plans coming to their fulfillment, you need the most Concentrated Action of Our Love within the Cosmic Power of that Violet Flame which the atmosphere of Earth demands at this time, in order to hold the Balance against the mass destruction.

Now, Beloved Ones, let Us enter into an Understanding again of the use of the various colors and what they mean to Life. Since the world has gone, and "I AM" going to say, insane with its wholesale destruction, again the sinister force is trying to impose upon the people of this Nation, through fashion and through many other channels of the world, the colors of red and the black which are destructive. Your black is wholly destructive and the red is anger and everything that produces destruction. Now I wish the "I AM" Student Body would as much as possible, clothe your bodies in the Violet which is on the blue

side. Stay with that color as much as you can when you contact the outer world; because It is like an Armor of Protection about you wherever you abide. As you hold these various activities of the Violet Consuming Flame around the physical body, you will find an anchorage of Our Protecting Love wherever you call It forth! If you ask the Intensifying Love from the Violet Planet be charged into the physical substance of your clothing which is colored Violet, you will find It not only a repelling activity to that which is not constructive, but It will have a Powerful, Purifying, Harmonizing Activity within your own feeling world and within the health of the body!

There are Certain Activities that through the years have been given you in regard to the use of colors. There have come many new people into the Activity since the early days. We need to stress again the necessity of the "I AM" Student Body not to take on the suggestion through fashion or otherwise of the destructive activities of the outer world. Destructive forces try to impose any kind of suggestion or an activity within your world, in order to get a claw whereby they can expand their destruction, to make you fail or prevent you having the Blessings that otherwise would be yours.

If you will charge your Violet clothing or actual materials with the Intensifying Action of the Violet Flame Love from the Violet Planet, so there may anchor around you That which holds command of the atmosphere about you, I think you will be greatly delighted. Then nothing within you will be able to be thrown out of Balance! You couldn't feel any pressure from anything, except the Great Cosmic Protection which Our Violet Flame Love is to the World, to this Earth and everything that is constructive.

When I was speaking of the Cosmic Action of the Violet Flame from the Violet Planet, I wish you to understand That as a Direct Ray or Flame enfolding the whole Earth; and if you ask That to become the atmosphere of your Nation, and by Our Cosmic Love of that Violet Flame, force the purification of your atmosphere, you will find conditions that have been causing you distress will disappear.

You, individually, as you call forth the Violet Flame from your "Mighty I AM Presence" and the Mighty Saint Germain, are held within a Pillar of Its Presence; and the Angels of the Violet Flame enfold you in Their Love, which holds Balance always wherever you abide. So as you call Our Violet Flame into action in whatever Love is necessary to purify the atmosphere of your Nation, you will render tremendous assistance. Naturally there will come the Blessing within you of Its Presence, and as you feel your Freedom from the general discord of the outer world, there will come a raising sense within you, a lightness that will much more readily throw off conditions that hold the rest of mankind in bondage.

If you could once understand how Intense is the Love from Our Violet Planet, or from the Secret Love Star, or from the Planet Venus, or the Pink Planet, in all these Great Activities of Life which are anchored within the Electronic Belt around the Physical Sun, if you could understand how great is Our Love, My Dear Ones, there could come such Activity of the Sacred Fire into outer physical conditions of the World as would astound the most skeptical and would puzzle them for awhile. Mankind has to be aroused out of the selfishness that is sinking them. All human desire is selfishness! All selfishness is human desire, trying to hold the energy of the Universe in channels of discord, when that energy belongs back to the "I AM Presence" to produce the Blessing and Beauty which Love alone can create.

So when you feel yourselves held within the Violet Consuming Flame from the Heart of your "I AM Presence," from the Mighty Saint Germain and the Angels of the Violet Flame, Who hold It about you, try also to know that your world and the atmosphere in this Land, wherever you move, become a Sphere of the Violet Flame Love from the Violet Planet. Then you move insulated in That, and wherever you hold that Picture and ask that It be established for the annihilation of all hate and all that is of war, you will give Us the opportunity that We are longing to use; and into your own world will come a Greater Understanding of all Our Love means to Life.

People say: Oh yes, I know Love is the Hub of the Universe; Love is this and Love is that. They say it in the intellect and with words, but if they understood a millionth part of what the Power is that acts in themselves and through them and into conditions by the continuous use and demand for that Love of the Violet Flame from the Violet Planet, to become an Eternal Part of this World, you would see such changes take place, you would feel such Miracle Power act in the world about you, as would convince the most skeptical.

So I trust We will draw your attention to that which Our Heart's Love wants to give to Life, for We gaze upon the Earth and consider it as one individual. Your "Mighty I AM Presence" gazes upon the outer self and considers it Its vehicle, through which It wishes to express and expand the Divine Plan of Its Happiness to the Life around you. If you will give Us this co-operation and DEMAND the Cosmic Action of the Violet Consuming Flame from the Violet Planet now surge Its Terrific Cosmic Love into the atmosphere over your Land, you will see very, very marvelous changes take place. You can collapse many destructive plans before they get into outer action. So "I AM" hoping for this assistance as you remember Me! If you will give Us the opening by which We may act through that Violet Flame Love in the atmosphere about you, I assure you, We will give you, individually, a Blessing which will be yours forever and will as surely make Itself felt within you as that you exist this hour.

Do you know, My Loved Ones, there can come within your bodies a Divine Pulsation of Our Violet Flame Love into your Life Stream, into the atmosphere about you, that you can feel pulsating in the atmosphere around you like you feel the heart-beat of your own body. Do you want it? (*Applause - audience rising*) Thank you, Precious Ones, won't you be seated please, and just remain so.

I wish you to feel the Heartbeat of Our Love from the Violet Planet enter into the atmosphere of your world until you see It and feel It as a Pulsation of that Violet Consuming Flame which ever comes with greater and greater Intensity, until the hatred and the chaos and the impurity in the world about you

will recede farther and farther; and finally your world becomes purified by That which you call forth into outer action. When you feel in the atmosphere around your bodies the Pulsation of Our Love to you, you will find your Heart Flame One with Us, and in that Oneness will you feel Our Mastery and Our Control over conditions in the world about you silently, powerfully, just by your Radiation alone.

If you love Life, if you love your “Mighty I AM Presence” and Us, if you love your Nation, if you love the World, you will be happy to draw whatever Intensity of the Violet Flame Love from the Violet Planet is necessary into the conditions of this World, in order to set aside the human creation that must, by the Power of the Sacred Fire, be compelled to be stripped away, consumed and forgotten.

The Violet Flame Love from the Violet Planet to the Earth comes consciously directed and consciously projected by Those Cosmic Beings, Who are Rulers of that Planet, because there are Others with Me, Who hold the responsibility of directing that Magnificent Love to Life from Our Realm of Activity, from Our Realm of Service, from Our Focus of Power which Life has bestowed upon Us, the Life of the “Mighty I AM Presence” in the Great Central Sun, which has given Us so much Love with which to beautify the Universe and expand Its Happiness to Life everywhere.

In the Cosmic Power of Our Love which We direct into the atmosphere over your Nation, there will come a Pressure upon destructive forces that will, I assure you, give them something to handle. When My Love comes to you individually, It does not carry that Pressure which comes into the atmosphere for the control of destructive forces. So when I hold you in the Invincible Victory of My Heart’s Flame of the Violet Flame of Eternity, the Violet Flame Love from the Violet Planet, I assure you, you will begin to understand something of what it means to feel your own Life ONE with that Life which pours forth the Love of the Violet Flame to the Universe around you.

Were you to still the outer and feel the Unfed Flame in your Heart reach up and receive the Love from the Violet

Planet, you would feel within yourselves something of what Our Love to Life means. Then as you come – for “I AM” accepting you – to abide within That and feel Its Pulsations come forth into the atmosphere about you like a heartbeat, many times you will be able to see that Pulsation in the atmosphere around your own bodies. It is a wonderful experience, I assure you, to feel the heartbeat of your own Flame, and then to see the atmosphere about you quiver with the Pulsation of the Heartbeat of the Violet Planet. As the two synchronize, it will be very easy for you to charge yourselves with Our Understanding and Our Feeling of what the Violet Flame Love from Our Planet means to Life, what It means to you and what It means in the atmosphere over your Land.

I trust the “I AM” Student Body will like to experiment in their Violet Flame Groups with concentrating for awhile upon the calling of the Violet Flame Love from the Violet Planet of such Intensity in the atmosphere about you, that It becomes Visible to all Life, for there are many of those who serve the destructive activities who are plenty sensitive enough to see This; and if We can make them see This intensely enough, they will realize there has come a Power which heretofore they have not realized existed and with which they are going to have to cope in the future.

If you will call for the Government of Violet Flame Love from the Violet Planet to come into the government of your Land and hold command of your resources and hold control of all Life within your borders, you will render to your Beloved Saint Germain tremendous assistance. Then, as That which it is Our Cosmic Duty to perform to the Earth is released into the atmosphere to assist your Mighty Saint Germain to purify the Earth, will you find yourselves untouched by that which will take its toll in the destructive forces of the Earth.

Try to feel your own Heart’s Flame enfolding the Violet Planet and ask the Heart of the Love from the Violet Planet come into you and around you and hold the Cosmic Action of that Love around all destructive forces until they cannot move. It takes your Love to Our Violet Planet to fulfill the Cosmic

Law's Requirement for the Descent of that Violet Flame, which comes under Our Direction to act in physical conditions with Cosmic Love, that holds Command where destructive plans and forces presently appear. Since you have dedicated this ground as the VIOLET FLAME CITY OF ETERNAL PURITY, THE CAPSTONE OF ETERNAL FREEDOM TO LIFE, I feel quite privileged to be One of your Guardians. (*Applause*) Thank you, Precious Ones.

Now speaking of Our Cosmic Power, I can tell you a correspondence which "I AM" sure you will understand. Each Planet of each special color strikes a note, a tone in this System of Worlds; and the Chord which the Violet Planet sounds with the Planet Earth, when it is purified, will be very beautiful to hear. It was once, in the first two Golden Ages, when there was no discord here. The sound from the Planet Earth, in combination with the Violet Planet, produces a Magnificent Chord of Music.

So, if you will begin to call forth again the Cosmic Love from the Violet Planet into the atmosphere of Earth and feel the Oneness of your own Heart's Flame of Life with the Pulsation of that Love from the Violet Planet, you may experience a long time ahead of the rest of mankind the sound of Our Chord of Life united with yours, until the Pulsation releases in and around you the Power to accomplish anything your Hearts desire to manifest in your assistance to the Beloved Master Saint Germain and Beloved Jesus.

Since the Earth is to be enfolded in the Violet Flame from Our Planet over the next ten thousand years, Our Violet Flame Love will become home for you as well as for your Nation. So as you place the Violet garments upon the body, love them and know that the Love of the Violet Flame, if appreciated by the people of Earth, would draw them to Freedom more quickly than they realize. So if you would just realize that everything which belongs to the Violet Ray is part of Our Love to Life, part of your Blessed Saint Germain's Love to Life, part of the Love from Mighty Helios' Own Love to Life, you would understand that all the Blessings which have been given through the

Use of the Violet Consuming Flame are the Blessings of Love which have become a permanent part of your own Sacred Flame of Life.

So love your Violet Things, may I say, with the Love from Our Planet and see for yourselves the difference in their effect upon you and their effect upon the rest of Life, for if you charge them with Our Cosmic Love and the Love from your "I AM Presence," That Love will go forth and all who contact them will respond to that Love and love that Violet Flame also. Love, I assure you, is the Eternal Raising Action of the Cosmic Law of the "Mighty I AM Presence" in Its Assistance to the Earth and in the Fulfillment of the Great Divine Plan of that "Mighty I AM Presence" from the Great Central Sun which owns us all.

May the Fullness of all Our Violet Flame Love can give, flood you with every good thing, make you Invincible in Its Victorious Presence, hold you protected against all that is not of that Love, and let you go forward and render this assistance to your Nation, to more quickly purify the atmosphere and help to hold Balance for That which is of God and dissolve and consume that which is of the shadows.

May My Heart's Flame tell you the story and give you the information of all that the Violet Planet's Love and Glorifying Flame means to the Earth, means to you, means to Life everywhere, to help set you Free in that wonderful Happiness, that wonderful Peace, which only Love can bestow. In that Violet Flame is the Purity the World must have again, as it turns away from the shadows, and the Violet Flame consumes them and their memory from Life. May all the Violet Flame can bestow come into your outer use and show you the Power of Violet Flame Love in Cosmic Action to set you Free and to hold for you Its Victory over all that is of human creation.

Thank you with My Violet Flame Heart of Everlasting Love.
