

SONG OF THE LIGHT

The “Song of the Light” is a Voice I hear,
Within all the Light of God’s Heart!
It is so loving and always so clear;
From It I never can depart!

The “Song of the Light,”
God’s Greeting of Love,
Is singing forever through all!
It is Creation’s Great Magic God Hand,
Fulfilling Perfection’s Great Call!

The “Song of the Light,”
The “Presence’ ” Great Joy,
Is the “I AM Presence” of all!
It is God’s Power o’er all now Supreme,
In answer to each one’s Heart’s Call!

The “Song of the Light,”
God’s Cosmic Command,
God’s Victory now everywhere,
Is God’s Own Great Life, God’s Own Greatest Gift,
God’s Freedom beyond all compare!

The “Song of the Light,”
God’s Great Unfed Flame,
Heals all in God’s Own Mighty Way!
It is God’s Wisdom and Music’s Great Power;
It is God’s Own Greatest Light Ray!

The “Song of the Light,”
Does sing here all Free,
By the Power of God’s Own Flame!
It is the Peace of Perfection’s Great Realm,
The “I AM” – God’s Great Cosmic Name!

The “Song of the Light,”
That the Angels sing,
Is flooding Its Blessing o’er all!
The Truth of the Light,
That the Masters bring,
Is answering our every Heart Call!

The “Purity of Light”
That we now here blaze,
Is healing all and setting all Free!
The “Power of Light”
That we do call forth,
Comes rushing God’s Love now to Thee!

The “Music of Light,”
In Its Cosmic Flame,
Creates God’s Great Systems of Worlds!
The Heart of God’s Light,
Through Its Honor Flame,
Forever round us all whirls!

The “Vict’ry of Light”
Now comes here to Earth
In Infinite Power Supreme!
Its Miracles blaze,
As we speak God’s Word,
The Flame in each Glorious Life Stream!

The “Source of all Light,”
All here now must know —
The Heart of the Great Central Sun!
Our Blessed Presence,
The “Mighty I AM,”
Is our every Victory won!

The "Voice of the Light"
Forevermore sings,
As we use God's Great, Great Command!
The Freedom of Light
Must now come clear through,
To protect and save our own Land!

The "Power of Light"
And Its Great Supply,
Fill all everywhere in all space!
The Peace of the Light
And Its Great Glory, too,
Are ours, too, here every place!

The "Presence of Light"
Is God's Life to all,
And in It all must ever dwell!
The Truth of This Light,
Mankind must now know!
Its Law in God's Word we do tell!
