

## BELOVED GOD OF GOLD'S DISCOURSE

CINCINNATI, OHIO

MARCH 21, 1949

MONDAY EVENING

**BELOVED MAMA:** As we turn our attention and pour our Love to the God of Gold to bless Him for the Service He has rendered to the structure of Earth itself, we ask the Angels of the Golden Flame, to spread Their Healing Radiance over all under This Radiation! and may His great Love bring quickly into outer action, that which fulfills Beloved Saint Germain's Divine Plan His Way.

**BELOVED ONES OF BELOVED SAINT GERMAIN'S FAMILY,** I enter into that Great Love which you have poured forth, with Very Great Gratitude for your attention to Me. Of course, to the mass of mankind they do not even know I exist, except in the misuse of the gift, which It is My great Cosmic Service to Earth to bestow.

I want to bring Illumination to you all tonight, concerning the Purpose of not only Physical Gold in the structure of Earth; but the actual Radiation of the Golden Flame and the Golden Ray from the Physical Sun. That is the Source which condenses the atomic structure into what you call Gold and makes it grow within the Earth.

Now to begin with, the actual substance of Gold is a condensation of the Love from the Great Cosmic Being Helios, or Lord of the Physical Sun. His Actual Substance from the Physical Sun is conveyed through the Golden Flame and the Golden Ray, into the structure of Earth; and there It expands the Beauty and Perfection of His Love to bring into the physical structure of Earth itself, the Great Purity of His Love.

I want to show you, My Dear Ones, how great has been mankind's distortion of the Original Divine Plan's Beauty and Happiness.

Since the Actual Physical Gold growing within the structure

of Earth, ever expands the Purifying Activity and Love from My Great Superior, the Great Cosmic Being, Helios, mankind has sought the possession of Physical Gold and it has been used as a standard of comparison through many, many centuries.

My Dear Ones, if you get the analogy tonight, of that which "I AM" going to explain, you will see clearly the Great Inner Action of the Law; and "I AM" quite sure it will bring you Its Blessings which are Boundless.

Just as in mankind's association with each other, considering Gold as a means of exchange, individuals have sought to use it as a Balancing Power. Just so from the Inner Standpoint, does the Mighty Helios use His Love and Purity, as the Balancing Power through mankind's feeling world, to offset the hatred and impurity of human discord!

The actual structural use of Physical Gold growing within the mountain ranges of the Earth itself pours forth Its Purifying Flame. It pours forth an actual Radiance; and could you see It as We do, you would see a soft golden mist arising in those portions of the Earth where Its grows through the activities of Nature.

Those of you who are familiar with Its growth in the Powers of Nature, will bear Me out in realizing that formation, when perfectly natural and undisturbed by mankind's discord, Its formation is very beautiful. Therefore, the Love and the actual Substance which Mighty Helios places within the atmosphere of Earth of His Love to grow and carry His Purifying Power into the Earth itself is a process of great Beauty and Perfection.

Mankind, did they understand the connection between pure Physical Gold and the Master Helios, the Great Cosmic Being Who is known as the Lord of the Physical Sun, could through Conscious Understanding and their attention draw forth much more of the great Cosmic Blessings through the Physical Gold than is on this Planet.

Its ordinary Radiation is that of Absolute Purity and since It will not accept mankind's impurity, then you should realize It not only has a very powerful Divine Origin, but a very powerful

way of sustaining Its own quality. Therefore, Gold is far more important in the structure of Earth than in the use of mankind as a medium of exchange.

That Radiation which I said a moment ago was like a soft mist of gold, which is really fine particles of Electronic Force, which goes through, My Dear Ones, the waters of the Planet, which goes through your Plant Life, which goes through the actual substance of the Earth itself and is drawn in, to a large degree, to the atmosphere that you breathe.

It acts as a Carrier of the Intense Love which is always Invincible Purity from the Physical Sun, and I mean by that, the Flame of Love from the Great Being Helios. That Flame, entering into the substance of Earth, the atmosphere, pours forth a continuous Purifying Radiation.

When you understand that the Great Life from the Physical Sun sustains all the Planets in this System, then you must realize that there is a Conveyer, so to speak, a way and means of conveying the substance from the Physical Sun into the substance of Earth, and that substance goes into the waters, the Plant Life, the air and into mankind's bodies. If it were not for that Great Love, My Dear Ones, and the substance from the Physical Sun which is tempered to the atomic structure of this World, if that did not interpenetrate everything in the Earth, on the Earth and in the atmosphere of Earth, there would not be the cohesive power to hold mankind upon the surface of the Earth or to carry out the Great Divine Plan of Life's processes here.

Now, as you enter with Me into a deep feeling that the actual Physical Gold is condensed substance from the Physical Sun, It will mean very much more to you in the future than Its intrinsic money value.

Mankind was originally given in outer use, that where more Purity was required, the Gold was brought and the Purity continued – It was released to help hold the balance; but as mankind's selfishness has increased, they have sought to hold That which is Eternally Pure in the channel of selfishness or domination and that is one of the most absurd things before the

Great Law of the Universe that the distorted minds and the distorted ideas of mankind concoct.

Were the Gold of the world allowed Its own natural distribution and mankind's own natural use of It, It would purify everything by Its own innate Quality which will not accept impurity, and therefore, when mankind hordes It at certain times, the Purifying Power goes on – they do not change Its Quality because they are ignorant of either Its Purpose or Its Great Divine Blessings which are to ever expand.

One of the most Wonderful Powers which It has is that of Healing. It has tremendous Purifying Action and why wouldn't it? Wouldn't the Love from the Great Being Helios have tremendous Purifying Action upon the mental and feeling world of mankind? Certainly it would. Then that Great Love has the same Power to purify the Plant Life, the substance of the ground, the atmosphere or even the physical structure of the bodies of mankind.

Its fundamental Quality is Invincible Purity which the Love from the Mighty Being Helios is always in Its Gift to this System of Worlds. It is always intensifying; It is always expanding; It is always self-sustained.

Mankind cannot change the innate Quality of a substance which is given by Divine Command to render certain Service to the Earth. Therefore, as you enter deeply into the Full Realization of all that the Pure metallic Gold means in the outer Life, then you will recognize It as the Gift of Love from Mighty Helios; and It is My Prerogative to govern certain Activities of Its Condensation in certain portions of the Earth.

It forms almost like the blood stream of the physical body; it forms a similar channel of Life Substance in the crust of the Earth. And there was at one time an activity in India where It was used through volatilization to purify the waters of the Ganges River where the waters had become terrifically contaminated by mankind's bathing and general activities. Because they had considered that water Sacred, the Great Cosmic Activities of Life compelled something to be done to that water element to make it manifest as those millions had qualified it.

For many centuries, many of the Ascended Masters volatilized Physical Gold and passed the vapor through the waters just below where the people used it; and a mile or two down, those waters were perfectly pure; and science today does not understand how a mile or two below those bathing gats, the waters of the Ganges River are chemically pure.

Oh, the Powers of Nature are so wonderful, My Dear Ones, and I want to develop for you tonight, or rather remind you of the tremendous Love and Power which is the Momentum of a Cosmic Being like Mighty Helios Who governs, concentrates and controls for unlimited aeons of time the Electronic Force in the Physical Sun, which is His Concentration of His Own Life's Love and that pours forth His Substance which is directed into the Planets of this System which becomes — this Substance becomes — the Cohesive Power of the System. And that is what His Life and His Love mean to the Life — all Life in this System of Worlds.

The actual Physical Gold which is condensed in this Planet is the Concentration of some of that Life Substance into the octave of vibratory action that the people of this World can use in perfect harmony and balance of their other activities.

“I AM” sure if you were to qualify Physical Gold as the Love from the Mighty Helios, as the Gift and Condensation of His Substance from the Physical Sun, you would find, I think, many more of Its Blessings flowing into your hands and use. I might say this, if you were to qualify that Gold as His Love, I think you would find Its Magnetic Power drawing much Purity into your world which will make you very happy.

Mankind ordinarily love Gold because they think It gives them power through commercial channels to do certain things, and yet, the Power is the Power of Helios' Love; and simply because that Love is misused by the selfishness of individuals has mankind en masse created for themselves the frightful creations of limitations in the financial world.

Now, do not be surprised when the Hand of Nature takes things in hand and re-establishes and restores the Divine Purpose for which many Powers of Nature were originally given to this Earth.

But you who have recognized Myself, you who have sent Me love, to you shall I call the Mightiest Gifts which the Mighty Helios will release in answer to your love.

Your love to Him is the Call for more of His Love to descend to the Earth, because love grows through use, the same as energy becomes power through use. The great Love of Life not only becomes Power through use, but It condenses into Substance through use when That is consciously directed for the Blessing of the whole.

My Dear Ones, there will come the time again as there has been in the past, when mankind will be sensitive enough, because they will become pure enough to feel the actual Love and Purifying Radiation from pure solid Gold.

Could We take you sometimes into certain Retreats where This Radiation has been held through the centuries, were you to enter into a room where that Vibratory Action has never been changed and the room simply lined with metallic Gold, were you to enter into That and just sit there for a few moments, you would know such Peace as words could never convey. What do you suppose that Peace, that atmosphere from that Gold, would mean to you? That would mean you were absorbing Pure Love from Mighty Helios' Own Life Stream to the Earth.

Oh, if mankind would only turn their attention to these Great Divine Activities and accept them as Real as they do the air, the water and the other activities of Life. Could they know the great Simplicity and the great Truth and Reality and the Power of these Great Beings to use the Love of Their Life to produce Manifestations, there isn't a thing on Earth, or all mankind in conditions, put together, that would ever tempt any of you to do anything except use that Great Cosmic Power of the Love of these Great Beings to do the things in this physical octave which you are required to do to be master over the things of this world.

You won't gain mastery in this world by using mankind's ideas. Mankind has traded ideas ceaselessly since the end of the Second Golden Age and the further they go, the worse they get, but he who is wise and understands that he can call forth the

Power of God's Invincible Love without any limit whatsoever, becomes master of circumstance and automatically holds his own protection.

This is the point I want to stress tonight, because it would be very well if the whole Student Body took their inflexible stand to demand more Invincible Protection by the Invincible Love from Venus — God's Invincible Love from Venus. Now that has both the Healing Qualities within It and It has Its Protecting Power, Its Purifying Action, and It also brings Illumination to the mind.

Were you to purify the brain structure completely from all discordant substance and let the soft Golden Light from your "Presence" or from the Heart or the Head or the Hand of any Ascended Being pour through your brain, My Dear Ones, the Joy would be unspeakable forever. You would never lose the remembrance of that Happiness in your feeling world.

In the first place, the color of gold is the natural vibratory action of the brain structure, or should be. The natural color which belongs in the brain is gold. The natural color that is the first Radiation from the Heart is gold. The natural color, originally, of the supplying Life Essence in the atomic structure was originally gold.

The actual Liquid Life flowing through the nerves and the brain and the blood stream of the body was originally gold. Now you may return if you had It once, and you understand that through your attention you may go to Its Source and draw It into you again. Who is there to say that you shall not return to the Perfection which that Love from Mighty Helios compels to manifest.

One great tragedy is mankind's incessant clawing for wealth in order to have power over other individuals; it is a frightful thing before Life. Could you see as I have, through the centuries, the mining activities of the world take individuals who had great Light and great Power to accomplish good and through sudden release of great wealth in those channels, the sinister force has taken those Life Streams and driven them to total destruction, for no reason in the world except that they

would not realize that the natural wealth placed in the Mountain Ranges of the Planet belongs to God, and unless they feel some compunction about Its use and some responsibility to fulfill the Divine Plan of Perfection, well then, if they don't use it right, they do use it wrong.

Now you who have come this far in the Light, you who know your "Mighty I AM Presence," must always stand first, if you will give Obedience to your "Presence" and maintain Harmony and demand the annihilation of selfishness, you may have the use of many, many, many channels of God's great Wealth, provided you know how to protect it.

When you understand that when you call forth the Ascended Masters' Invincible Love to a boundless degree, because It is Invincible, It automatically carries protection.

**THEREFORE, WHATEVER WEALTH YOU WANT DRAWN INTO THE PHYSICAL OCTAVE YOU MUST FIRST VISUALIZE IT, POUR YOUR LOVE UPON IT AND FEEL IT, THEN KNOW AND THEN DEMAND THAT IT COMES INTO YOUR HANDS AND USE BY THE WAY OF THE ASCENDED MASTERS' INVINCIBLE LOVE AND IS USED ONLY TO FULFILL THEIR DIVINE PLAN THEIR WAY.**

Then you will not draw upon yourselves the destructive reactions of Nature, because you have taken something out of its right place and not given an equal balance to it back to Nature.

Mankind feels no compunction in tearing a whole mountain-side to pieces to grab for Gold. What do they give back to the Powers of Nature to restore that which they have mutilated? Those activities have spoiled the scenery, they have spoiled the Plant Life, they have contaminated much of the streams, and My Dear Ones, mankind's constant struggle in the manufacturing world is punishment for this thing, and they know it not.

There isn't a raw material you use in the manufacture of the things of the World that does not have to be torn out of a mountain. That is not the Divine Way to live Life. The Great God Presence Who is All-Masterful, All-Powerful Love does not need to go through that sort of action in order to give mankind convenience.

When with a wave of Our Hands We can call into condensation the Electronic Substance of Light and pour upon It Our Love and Qualities to become the thing We wish to use. Why go through all this turmoil of impurity, manufacturing and all that sort of thing? Look at your manufacturing cities, look at the dirt, look at what is released, look at the incessant turmoil, look at the labor it takes to bring from the mountain the raw materials that perhaps come to you in an automobile, or an airplane, or something of that sort.

Oh, mankind does not know how to live Life, Precious Ones. You to whom has come This Knowledge of the "Mighty I AM Presence," you who have been blessed by the Love of the Mighty Saint Germain through the centuries, you who have been enfolded in the Heart Flame of the Great Divine Director, you who have been guarded by the Mighty Archangel Michael and Others of the Ascended Host, you who have been healed again and again and again by the Love of the Ascended Host, would surely now come to the realization of the Power of Our Love. And if you really know that and you demand that everything in your world be cleared by the Power of Our Invincible Love, you will soon find the incessant struggle of the physical octave dropping away, and like the Sun rising above a cloud will you enter into your Divine Way of producing what is required in the physical world to bring these perfect manifestations here the happy way which Life intends.

The mass of mankind's energy, Precious Ones, must be kept used up in some daily activity; or the conditions would be indescribable if that were not compelled by certain necessities of the physical body. If mankind, because of their constant building of discord were not compelled to use their daily energy in action to sustain themselves through their present means, you couldn't live with them — that is all. You couldn't imagine what they would do; and therefore, work as you call it, or activity is the greatest blessing in the world to keep that energy from doing more and more damage; but oh, it was never meant to be the way to live Life as originally planned.

Does the Mighty Helios in the governing of a whole System

go through that sort of thing? Certainly not! The Great Supreme Presence of the Masterful Authority of that Cosmic Love abides in that Great Happiness, releasing Its Great Love through the Music of the Spheres. Creation takes place through Joy; and Beauty and Perfection are brought into manifestation and sustained in Ever-Expanding Beauty and Power.

Now then, you who have sent your love to Me shall be answered by My Love to you, and My Love might take many forms. It might take that of Physical Gold. It might take that of the Healing Flame. It might take that of the soft Electronic Substance of the Golden Flame and Golden Ray which would envelop you, My Dear Ones, in Peace Indescribable.

Because the Great Elohim of Peace is also connected with the actual formation of Gold within the structure of Earth, and you couldn't have a healing unless some of the Love from the Elohim of Peace entered into your own mental and feeling world. Because when you are in distress you want Peace, do you not? — whether that be mental or emotional or in your atomic structure. Peace is the only thing which gives release from the pain, and that Peace is the Elohim of Peace's Love.

What think you is the health-giving substance of the Sunshine? People love a bright sunshiny day. They seek the sunnier climates for restoration of their health, and what do they do? — go out and simply absorb the Love which Mighty Helios pours forth into the atmosphere.

If mankind understood that no matter what problem you face — all problems are a lack of love — well then, if you were to turn your Heart to the Mighty Helios and ask the Sunshine of His Love to transmute your problem or raise it into the Happiness which is your birthright, you could love your way to Freedom and you can never have Freedom permanently until you receive it through your own love. Your love has to go out first, then Ours can come back to you without limit. We have given Ours through the centuries, but mankind hasn't accepted It. They don't accept It as Love.

There is the craving for Gold as physical wealth, but did they understand It as the actual Condensation of the Flame and

Substance and Essence of the Love from the Great Cosmic Being Helios, why, you would perfect the World in no time!

My Dear Ones, We smile when mankind thinks they know approximately where the general supply of Gold is on this Earth. Once in awhile you see statistics and they say so many millions here and so many millions there of the known supply of this Earth. Well, what they don't know is far greater than what they do know!

Whenever great impurity is gathered, there must come somewhere on the Earth an equal amount of energy which is qualified with Our Purity and with Our Love to offset that, or the Planet would not even stay in its own orbit.

Therefore, when you really feel that the things you handle are the Gifts of Love from Life and you begin to qualify everything you use in your daily activities as the condensation of somebody's Love, you will begin to know what the Power of Love really means.

The Words of your Beloved Master Saint Germain, when He said: "Love can be generated to a boundless degree," will become a reality to you and a Scepter of Power which you may use at any time to help your fellow man and to lift you out of the shadows of lack, limitation and fundamentally from human selfishness.

Now I want to show you again the Blessings of Life's Great Invincible Love. Who can take the Sun out of existence? Well then, you cannot take the Mighty Helios' Love from this Earth.

Didn't One of the Great Ones speaking to you recently say: "You can give Love without limit and still keep It"? You can give Happiness without limit and still keep It; and doesn't Mighty Helios keep the Love He gives? And yet It holds a System of Worlds together and continues to expand each Planet within the System until each Planet itself becomes a Sun, and this comes about by His Ever-Expanding Love, and this is the Power which Love can generate to a boundless degree.

So in the future, if you should think of Me as a Being of Love Who is condensing the Substance of Love from the Mighty Being Helios into certain channels of the Earth — were you to

qualify and understand My Presence as a Messenger of His Love to the Earth, I could come to you in a much more tangible way. I could bring you many more Gifts which man cannot give you.

So your love to Me, My Precious Ones, has not been without a mighty purpose today and in the weeks past. I could do many things besides tell you about Gold.

To understand what is within the Great Golden Flame of Life to this System of Worlds is Knowledge which is perhaps the most valuable of any, outside of where your "Presence" is, and your Use of the Powers of the Sacred Fire.

The Great Golden Flame which is the Keynote of this Earth sings a Song within Itself; and Its Beauty, Its Power would heal anything. Were you to see manifest by One of the Lords of the Flame from Venus a Golden Flame, perhaps nine feet high – anywhere from three to nine feet high – were you to see Them draw a Flame of Their Love into the room, and you became quiet, you would hear within That the Music of Its Own Divine Plan, the Music of Its Own Power; and yet, It would be the Concentrated Life Essence of Love from anyone of the Lords of the Flame from Venus.

Mankind does not stop to contemplate these things, My Dear Ones, long enough to absorb the Power until It becomes one with their own Life Stream; and until you do That, you might have an idea about It, and you contemplate It for awhile, then you forget It; but once you make something your own, as part of your own Life Flame, you never forget. You do not forget your hands and feet do you, because they are a part of you, and if you contemplate Us and accept Our Love deep enough within your feeling world to feel Our Reality until It becomes One with your own Life Flame, then you would not forget to use Our Power of Love, because you can do through Love what you can never do through anything else.

You will never have Perfection without It. You cannot have permanent Healing without It. You cannot have permanent Wealth without It. You cannot have permanent Illumination of the mind without It. You cannot have Protection which is permanent without Our Love; because the outer self cannot hold its attention, even upon the "Presence," uninterrupted long

enough and protected enough to receive the Full Power from the "Presence," without Our Love enfolding the individual while that Activity goes on. And this is the Law of Life, because the Greater always reaches Its Love down to that which is less than itself, and in that Love It holds protection, until that which is lesser allows the Love within itself to grow greater.

Every Sun is becoming a Greater Sun. Every Planet is becoming a Sun. Every electron will one day become an individualized Being of the Unfed Flame; and you as individuals of that Unfed Flame will each, one day, become the Director of a System of Worlds; and you only do it, My Dear Ones, through Love and that Love is the Eternal, Invincible, Ever-Expanding Purity in the Cosmic Use of Energy of Life.

All energy which is harmoniously used and kept qualified with the Great Love of Life always produces Music, musical sound which is Transcendent to the senses of the outer self.

That Cosmic Energy sings the Great Song of Happiness and Harmony and Beauty throughout all space. Therefore, if there seems to be discord in your world, if you would stop long enough to enter into the Flame of Love in the Heart of the Elohim of Peace, and let His Love become One with your Flame — your Life's Flame — you would automatically become the Perfection of His Love through the outer self.

As His Love would protect you and help to harmonize you, It would enable your own "Mighty I AM Presence" to expand Its Own Heart Flame through you, until It grows greater and greater until the hour of your Ascension.

So My Dear Ones, tonight, I would just like to say this much more. When you think of Me, or you require Physical Gold to use in the outer life, whether it be for decoration or Purifying Radiation, were you to call for MY Love, you might have many wonderful Experiences which could release wonderful Blessings to you all until you begin to feel the Full Power of your own love; and when That takes Its Dominion through you, My Dear Ones, you become One then with every Being and Master of Love in all of Creation.

All Love is One in the Ascended Masters' Octave, and It contains not one discordant thing. It is the Great Purifying,

Raising, Illuminating, Expanding Perfection of Life. It is the Creator of Systems of Worlds. It is the cornerstone of the Mightiest Action in all the Universe, and It is the Master Intelligence Who controls Unlimited Energy, and that is your "Mighty I AM Presence" Own Flame of Life.

Therefore, when you desire the things of the world to give you Freedom to go forward in this Mighty Activity as the Beloved Saint Germain directs, set your Pattern clearly in your own mind. Understand the principle of Mastery, and know what you are going to require in the Use of Our Love to go forth and attain It without struggle.

My Dear Ones, do you know that were there Healing Temples to come forth where much Physical Gold was used in the decoration, and I mean practically lined with It, and then your Magnificent Music played within that and not one sound of discord allowed to go forth within those walls, after a few years of your Conscious Calls and Conscious Decrees and Commands, people could come within that, within those walls, and listen to that Music and receive that Radiation and go forth whole. This has been done on this Earth many times, and is to be done again.

If you require the Use of My Love, whether it be through physical Golden Substance or the Golden Flame, or the Golden Essence, or the Great Light Ray, matters not, that Love can produce whatever you require to accomplish the Perfection which Light intends, and enables you to give that Perfection to your fellow men.

If someone does not draw Our Love to overcome the hatred and selfishness of the outer self, well then, that selfishness and hatred automatically dissolves all that it contacts. Therefore, you must see that Our Love is the Sustaining Power and Protection of all which is constructive. If hatred dissolves, then Our Love creates and sustains. If hatred causes a discord, Our Love produces the Music and the Harmony which perfects Life — brings Life's Perfection everywhere.

From tonight, if you will always qualify physical metallic Gold with Our Condensed Substance of Love from Our Octave, from the Great Cosmic Being Helios and if you will qualify the

Healing Flame, the Golden Healing Flame as Our Love; if you will qualify the Elohim of Peace's Power to hold World Peace as His Love; if you will qualify all power to make the Plant Life on this Planet grow as Our Love, you will find the Master Authority of all Creation bringing changes into your world which will delight you greatly and illumine you with the Truth and Reality and Proof and the Power of the Cosmic Law into physical action in this world by your own conscious Command.

Then your "Mighty I AM Presence" in Its Great Blazing Love to you will come closer and closer until Its very Radiance becomes like the Cosmic Screen and you see there clearly before you whatever fulfills the Divine Plan, and you become infallible then because mistakes will not enter where you hold the Harmony which recognizes the Love of your "Presence" and the Love from Our Octave, condensing in and around you all as the things which produce Perfection and fulfill the Divine Plan.

You look upon many of these things of this world, you love them and you struggle for them, but how often do you realize that the substance and the actual manufacture of things which are beautiful and pure become really the condensation of someone's love through the Life Energy which is used to create it. And when you become thoroughly aware of that Law and you know that principle is acting, then you qualify everything as the Gift of Love. When you give that Blessing to Life you will find Life everywhere giving you Its Gift of Love which will take the form of whatever you require from day to day in fulfilling the Great Divine Plan to the Great Song of Life's Love and Happiness and Perfection.

So it is not without definite design that "I AM" here tonight; it is not without Eternal Blessing that I have added My Love to yours; and it is not without Great Divine Purpose that your attention has been turned to this Activity tonight so you may take up this Scepter of Power and draw Power which is Limitless to do as you will to fulfill the Divine Plan for the Freedom of your Nation and the Fulfillment of Mighty Saint Germain's Plan of Freedom to the Earth.

I thank you and Good Night.
