

BELOVED MIGHTY ARCTURUS' DISCOURSE

SANTA FE, NEW MEXICO

JULY 27, 1947

EVENING

BELOVED ONES OF SAINT GERMAIN'S FAMILY, as We enter into the activity of the evening and the Radiation of the Power of the Sacred Fire floods forth in and around each of you, to do that which will bring you the greatest benefit, I ask you to follow Me closely tonight, so you may receive the greatest benefit! And during the time the Radiation is being poured forth here, the Cosmic Amplification of that goes forth throughout the Nation by the Other Six Elohim.

The reason for this is that in mankind's accumulating discord there comes the hour of focus when if the pressure of that energy is not released by Cosmic Beings Whose Authority it is to govern the Earth, then it will burst again upon mankind in various destructive activities of the outer Life.

Now in that which We are hoping to accomplish, the Great Release under the Action of the Cosmic Law of the Power of the Sacred Fire and the Cosmic Light as of a Thousand Suns, can just as well come into outer action within this Nation through your Calls; and, of course, would be infinitely better than to have it come in answer to the calls of the mass of the people through tragedy.

If mankind would only turn their attention to God, the "Mighty I AM Presence," in time, these frightful, tragic experiences could be avoided; but if they will not learn one way, then they must another. But you who have so persistently held to your "Presence" in the midst of the outer world's changing chaos may be clothed, My Dear Ones, in Our Power and Activity of the Sacred Fire, as you give Us your attention, and in the Authority of your "Mighty I AM Presence" demand the release throughout the Nation of that which prevents further tragedy touching the people.

Nothing is gained through discord. War never has and never will cure any wrong, nor will it right any wrong. Mankind has been periodically engaged in this incessant reaction of war, and the longer they are left to go, the worse they get. Therefore, I tell you the Cosmic Hour is approaching wherein if enough Calls come forth through the "I AM" Students for the Dispensations required to release the Cosmic Light before another war is brought into the outer, the correction of conditions can come about at the Command of the Great Ones Who govern the Destiny of the Earth.

For this reason, I do ask and I hope every "I AM" Student who knows how to give Decrees will feel his or her personal responsibility to come into these Classes and give these Decrees before tragedy breaks again upon the Nation.

Now there are certain forces that are prodding one group against another; and while all communism is wrong, yet I say to you, all hate is wrong, just as wrong as communism. Therefore, when the individual – "I AM" Student or otherwise – chooses to send forth hate, condemnation, criticism, judgment and blame, they are but adding to the danger of the Nation; and I plead with you, Precious Ones, do not feel justified or contented in staying home and doing your Decrees alone when the Nation is again on the brink of more tragedy.

It is not by accident, I assure you, that the Messenger is to take these morning Decrees at this crucial moment, for a few days or few weeks. If the entire Student Body could come together with determined enthusiasm to draw the Power which prevents another war, it would be accomplished; but if the people stay home at their own personal convenience when danger threatens, well then, they must be part of the danger and the tragedy that is the result.

Precious Ones, mankind does not like to get up and take these bodies and make them get going with the Authority of the "Presence" which saves the Nation before tragedy strikes. If I could arouse every "I AM" Student throughout the World to give two hours intense application for the prevention of this which hangs over your Nation, the dispensations for which you

have called would find Ways and Means by which the tragedy could be averted.

Dear Hearts, remember, THE "I AM" STUDENTS ARE THE LIGHT OF THE WORLD. The "I AM" Students in America are the Light of America, and if you all understood both your Authority and your Power to be the guard of the Nation and be the Authority which commands the Light released to prevent another tragedy, the Cosmic Law would be compelled to answer you. People do not yet understand the Authority of their own Life Stream. Life is the Authority of Perfection! Life is the Authority of the Protection of that Perfection! Life is the Authority of Victory, and your Life is your "Mighty I AM Presence."

Now then, you have all received Infinite Blessings from within the Nation. You have had the Glory and the Blessings of the Freedom which the Mighty Saint Germain established here. Therefore, if you do not give something out of your bodies – the energy and the substance from the physical octave – unto Us to amplify with the Power of the Sacred Fire to lift and protect the Nation, well then there won't be the conditions in the Nation which will be a Blessing to your bodies.

With all the Messengers have said, with all which has been published, with all the explanations which have been given, the Student Body does not yet understand that they cannot arise from this world into the next in the Victory of their Ascension, except by a certain proportion of the Life Energy of the physical body. Therefore, if you give, through your decrees, the Energy of your Life for the protection of the Nation, then the Blessings which abide within the Nation must necessarily flow back in your Being and world on that Current of Energy which you give.

I tell you, My Dear Ones, all the solving of your problems and all your personal accomplishments that your Hearts desire, won't be more that a feather in a gust of the wind if the Nation does not hold Her Harmony and Her Protection. What is the use of building your personal affairs to a certain point if the Nation is sacrificed because your attention was not where it was needed at the crucial moment?

You do not know the viciousness within the communistic forces of this Land in channels that have billions at their command. I say to you, there is nothing in the outer world that is protection for this Nation. THERE IS ONLY ONE POWER IN ALL CREATION WHICH WILL SAVE AMERICA AND THAT IS THE "MIGHTY I AM PRESENCE" AND THE ASCENDED HOST WHO GUARD HER DESTINY AND THE LEGIONS OF THE COSMIC CHRIST AND THE ANGELIC HOST! Those Great Beings can release more Energy than all mankind placed together. It is the only Hope of this Nation; and the Freedom of the Light of this Nation is the only Hope of the World.

The war-ridden countries of the World today are on bended knees looking to America, begging for financial assistance. Therefore, if the people within the Nation who are awake, who are alert, who understand This Law, will unselfishly give with the authority of their own Life in the Great Creative Word "I AM" and use It as a Great Command for the Freedom of all, the Cosmic Law and the Cosmic Legions of the Cosmic Christ would be compelled to answer you. On America's destiny hangs the fate of the World! On the unselfish, determined, absolute, selfless Call of the "I AM" Students, rests the protection of the Nation in the coming weeks ahead.

Mankind sleeps at the wrong moment. If you could see as We do the lethargy around individuals when they become self-centered and interested only in their own personal accomplishment, you would know why the Nation suffers. People have complained and blamed this or that or the other Public Official for all kinds of crooked politics, and let into the Nation this and that and the other channel of discord, but the other people were asleep. Had they been awake and guarded their Nation at the right time, you wouldn't have the communism within your borders to cause war.

Now then I take it for granted that the "I AM" Students are awake and alert. Therefore, if you all band together and give your own Life Stream's Energy in the Authority and Power of your "Mighty I AM Presence" for the Freedom of the Nation,

then so must it be established to you, regardless of what takes place in the rest of the Nation. What you give for the Freedom of the whole must of necessity come back and protect your own Freedom.

Might I say this! Many things that people try to accomplish in the physical Life, they cannot take into the Ascended Masters' Octave. Since the Ascension is the Goal of all physical experience then why not concentrate your Power as it is released from day to day into those channels which will ultimately help you attain your Goal?

Dear Ones, the Great Cosmic Law is not to be mocked, and just because individuals have not yet mastered themselves or held proper control of their Attention, their Vision and their Power of Qualification, does not mean that the Ascension is going to be given at the close of this embodiment when they have chased every will-of-the-wisp of human desire.

The reason I take it for granted that you as "I AM" Students are the Guardians and naturally principally concerned with the Destiny of your Nation, is because ALL OF YOUR LIFE STREAMS AT THE INNER LEVEL AGREED TO STAND BY BELOVED SAINT GERMAIN BEFORE YOU EMBODIED. Therefore, if you have given your word to Life to accomplish a certain thing in the outer world which blesses all, then you, of your own free will, have placed the Authority in your "Presence" to control the outer self and hold it to its appointed task until it is finished.

Now "I AM" here to release a certain Balancing Activity of the Sacred Fire – Love from the Heart, Wisdom from the mind, Power in the spoken word. That is the Three-Fold Action of the Sacred Fire. If every "I AM" Student had the mind clear, the feelings calm, the determination of that Outpouring of Love inflexible, you could move forward from one gigantic Miracle and Victory to another with the speed of lightning. We would be the Cosmic Pressure that would take your own efforts and amplify them to the point of not only your personal Victory, but that Victory which is called forth for the Nation.

After the war beasts have ensnarled the Nation again in the

tragedy of destruction does not mean that We are going to come forth in some phenomenal way and save the Nation when the people sleep in the amusement of their own desires.

So Precious Ones, since you are the builders of the Permanent Golden Age to the Earth, and since "I AM" One of the Builders – the Seven Mighty Elohim Who govern the Creative Activities of the Earth – then you come under My Observation and My Direction at a certain appointed place on the Path. And if mankind could live harmoniously within themselves, with absolute selflessness in their desire to surrender to the "Presence" and do That which fulfills the Divine Plan for the whole, the part could not have any imperfection within it.

So tonight since the balancing of these Three Flames within your physical forms is the Service which I wish to render to each of you, I trust from tonight you will feel an ever greater sense of Mastery in the outer self; and the things that have seemed to be your problems of the past, if placed within the Invincible Honor Flame of the Heart of God's Love, will be taken care of, will be solved, will be raised into the Victories which will bless you when your main goal is to give for the protection of the Nation.

America is the Cup of Light to the Earth, and you are the Light within the Cup when your attention is upon your "Mighty I AM Presence," the Ascended Host and Ourselves; but when the attention is on the discord of the outer world, then your Light has a shadow cast over it and it serves the sinister force. The shadow but energizes the sinister force and the Light waits again for your attention until its expansion takes you forward to the place where your self-control refuses to give any energy to that which opposes God's Divine Plan.

Mankind is so concerned with their own human desires that they have forgotten there ever was a God Desire which governed their destiny, but you My Loved Ones, are awake both to the necessity of Application from your own Life Stream for your own Divine Plan fulfilled, and the Destiny of the Nation, which must pour Her Light to the World.

The depravity to which certain Nations of the Earth have

dropped is tragic indeed. We do not want the American people touched further by that frightful destructive force, but if they are asleep and the forces strike when they are off guard, it is no fault of Ours. If mankind will not learn obedience God's Way, then the suffering of tragedy will compel the awakening to the understanding of the God Plan of this Universe; and no one Life Stream or a group of them or an humanity of a Planet is greater than the Supreme Authority throughout Creation Who governs the whole.

I say to you tonight, be no part of human discord. Keep your attention upon the "Presence," and if things are brought to your attention that are tragic and wrong, make your Calls. Do not become irritated or resentful about them. Remember the Power in your Life to send a Call to Us Who are greater always than the problem, whether it affects the individual, the Nation or the Earth. Your Calls to Us are what are required by the Cosmic Law, because then you become, as atoms in the body of mankind, the Authority for the awakening of the whole, and without the awakening in time, then the tragedy will strike, and that will bring about other consequences.

So Precious Ones, you cannot possibly understand, unless you were in Our Octave of Light how much We love you and how grateful We are to you for all which has been done thus far, and We hope and hope and hope that you will stand with your attention to your "Presence" and make your Application and be determined to be no part of the outer world's distress.

I wish to remind the entire Student Body tonight of the Words which have been given in "The Magic Presence" and which are the Distress Call to the Great White Brotherhood. When an individual understanding what the "Mighty I AM Presence" is and what his or her authority is to call to Us, takes the stand and says: "The Light of God never fails" to correct this condition, and will stand with inflexible Call and fierce, relentless determination, will be answered many times within the next second.

If I were you I would take my stand to give assistance to those in Public Office, who after all are handling the mass

energy of the Nation in the problems that are concerned with that office. If you will take your stand — “THE LIGHT OF GOD NEVER FAILS” TO BLAZE THROUGH EVERY HUMAN BEING IN THE OFFICE OF THE GOVERNMENT OF THE UNITED STATES OF AMERICA AND ALL IN POSITIONS OF TRUST AND AUTHORITY WITHIN THE LAND! “THE LIGHT OF GOD NEVER FAILS”; “THE LIGHT OF GOD NEVER FAILS”; “THE LIGHT OF GOD NEVER FAILS” TO STRIKE THROUGH THOSE BRAINS AND BODIES AND SOLVE THE PROBLEMS OF THE NATION HARMONIOUSLY FOR THE VICTORY OF THE LIGHT TO ALL; FOR THE SUPREMACY OF DIVINE JUSTICE TO ALL; FOR THE INVINCIBLE HONOR FLAME OF GOD’S HEART IN THE LOVE OF ALL CREATION MOVES INTO ACTION AND IS THE AUTHORITY THROUGH ALL LIFE FOR THE FREEDOM OF THE WHOLE! Were you to charge That into the atmosphere of the City and then amplify It by your various musical compositions, it would go straight as an arrow into the consciousness of those in Public Office, would strengthen their constructive impulses, would give them protection against the destruction; and who knows the Miracles which would reverse the conditions within the Nation in a short time?

But when you say these things, My Dear Ones, say them with meaning, with feeling and with the full, conscious awareness that you are using God’s Name — the Mightiest Authority throughout Creation. If the outer self would continue in daily experience to acknowledge the “Presence” as the Doer, you would swing the door wide and the “Presence” would step through you into a condition and change it to produce the Fulfillment of the Divine Plan.

Oh, you can do it, because We have. It was long ago in My Own Experience true, but nevertheless We had to go through similar things to what you go through, in order to draw the boundless strength of the Great Creative Activities of Life into and through Our Own Life Streams, in order to release the energy which eventually made Us Cosmic Beings of the Sacred Fire.

Oh, Beloved Ones, when you realize what is within Life! If the Desire within your Life is to prevent tragedy to the Nation, where do you suppose that Desire comes from? Certainly not the sinister force. Your Desire to lift and protect your Nation comes from your Higher Mental Body; and if It blazes the Desire through you, It also has the Power to fulfill the Divine Plan of that Desire. So do not feel, regardless of appearances, that any condition in the Nation is hopeless. Who of you can tell Me at what moment something will reverse an individual's attitude and compel Perfection in its place!

Will you remember this always, that everything in the outer world is changing, changing, changing from moment to moment, but not so with your Knowledge of the "I AM." Once you call this Power into action to fulfill the Divine Plan, the Divine Plan does not change. The Divine Plan of Perfection is the Destiny of Life. Therefore, the moment any individual really wants to fulfill that Divine Plan and understands that That is the only Destiny to be attained, then as you call for Illumination, wave after wave of explanation will be given you as far ahead as it is required for you to produce that Perfection. But Oh, Precious Ones, please I plead with you, call forth more Illumination from your "I AM Presence" and the Ascended Masters' Octave. Call forth more Discrimination within you! Call forth Wisdom within you, so that you know what is the right thing to do. Do not allow yourselves to waiver and be so uncertain about this or that or something else that the very uncertainty is an invitation to the destructive forces to push you here and push you there until you accomplish nothing.

If you seem to find obstruction in your pathway, take the Authority of your "Mighty I AM Presence" and the Ascended Masters, the Cosmic Beings and the Angelic Host, and in the Authority and Power of God's Great Name – the "Mighty I AM" – demand the annihilation of the cause of that obstruction! Demand the Victory of the Light of Perfection to take its place forever, and command all else to stand aside until it is accomplished, then go on your way like the wind. Once you know the Goal, once you have the Power, the rest is up to you.

When We see those who making that decision take the Scepter of Power and Authority of their own Life Streams and move forward in Cosmic, Dynamic, Positive Action, Our Hearts sing with Joy for We watch and watch and watch every Wave of Light which comes out from those Precious Ones to pour back the greater Strength which will lead them on to more Victorious Attainment, and take them through as the Guardians and the Saviors of the Nation.

Oh, My Loved Ones, tonight in the blending of the Flame of the Heart, the head and the throat within your Inner Bodies, and by that I mean the mental and feeling world, when those Three Flames unite and that great Stillness and Harmony enfold the physical body, did you know what Power is within That and you would hold the visualization clear, you would have the Fulfillment of your Calls almost instantly.

Precious Ones, stand like steel. Use the Call to the Great White Brotherhood! Command the Powers of the Sacred Fire to come into outer action at your Command and to save the Nation any further tragedy of war. Oh, My Dear Ones, don't you realize that for every problem mankind has created, there are billions of solutions of those problems which are within the Life, the Authority and the Power of Our Octave in the Use of the Sacred Fire?

You sometimes think in the solving of your problems, well, this is the only way it can be worked out. Oh, Dear Ones, the next moment you can be shown a thousand ways that were never drawn into the outer world before. Do not ever feel that you do not know the way to solve your problems. Stand in the midst of them and demand the Ascended Masters' Assistance, the Ascended Masters' Illumination, the Ascended Masters' Way to be revealed to you, and the Ascended Masters' Power to go into that problem and compel it to become Perfection for you; and then command that Perfection to expand and bless the Nation.

Every ounce of Harmony within you blesses the whole World, and the slightest wave of discord can connect you with the sinister force, and who can tell Me what the last ounce of

energy is released that will set into outer action more tragedy? Oh, FEEL your responsibility to be no part of anything destructive. Feel your Authority to command the Powers and the Beings of the Sacred Fire to blaze Their Love into a condition and compel its Perfection.

My Dear Ones, remember My Words tonight. There is no protection even for those under This Radiation, except through Gratitude and Blessing. My Dear Ones, as you are determined that That shall flood the Nation, will you find from Above the Greater Blessings of Our Octave flooding you. You cannot mock the Law of Life. The Law of Energy is as absolute as the multiplication table. There never was an exception; there never will be. The Law is the Law and that Law is God's Life! That Law is Absolute Balance! That Law is the expanding of Perfection to fulfill the Destiny of the Divine Plan for this World. That begins with you who know This Law of the "I AM" and through you It becomes the Law of the Nation; and through the Nation, It becomes the Law of the World.

Bring things into your world, My Dear Ones, and command and compel Divine Order, Divine Justice, Divine Balance; and LET that Great Supreme Presence of the Sacred Love of the Sacred Fire make your world the Invincible Honor Flame of God's Heart. You will never be happy anywhere else. You cannot have permanent Happiness anywhere else! You cannot have permanent supply; you cannot have permanent health and you cannot have permanent protection without that Love and Balance and Gratitude and Blessing to Life.

NO MATTER WHAT ANY ONE ELSE DOES, THAT IS NONE OF YOUR CONCERN! Your concern is to be the Master of your own energy, and when you are able to hold control of your own energy so the "Presence" has free reign through you, you won't have to ask. You will many times have those experiences when the "Presence" will give to you even before you ask far beyond what you thought you required. "Before they have called I have answered, and while they are yet speaking I have heard."

Oh, My Dear Ones, do not feel you are at the mercy of

this outer world – why would that “Glorious Presence of Life” be above you, within you, and letting Its Flame blaze around you? If you understood the complete renunciation and enjoyed giving that “Presence” your Love, Adoration and Obedience so that at all times Its Harmony was in command of the outer self, Oh Dear Ones, when your renunciation is complete, your Mastery is complete.

This world does not need anything except to renounce the idea of human ideas and put everything in the Hands of the “Presence.” Didn’t We say you would be provided for, even if everything were swept away in the outer, if you said to that “Presence”: “I AM” surrendered into your Heart and here I stand until Your Presence reveals in the outer that which you have for me to do – will I stand inflexible in my attention to you! That is all it takes. Then go about your business and do the things in the outer world that seem necessary in order to keep Harmony, cleanliness and activity going on which blesses others; and you cannot lack.

Oh, Precious Ones, people become disturbed about their problems and the “Presence” could change them all in the twinkling of the eye. Do not work so hard to solve your problems. Work harder on yourselves and make this outer self surrender unconditionally to the “Presence” and enjoy giving yourself back to your “Presence.” Your “Presence” has been giving you Its Life all these centuries. Don’t you think it is about time for you to give back to the “Presence” your outer self; and if you can dare to do it, if you have the Strength of the Light to do it, your human desires will never trouble you again; and you will never understand how great a relief that is until after it is accomplished.

Human desires prod mankind on day after day, hour after hour, moment by moment, just because the outer wants its own way to do something more. And the person who cannot bring the outer self into loving surrender to the “Presence” and in love co-operate with others with whom the “Presence” wants to work, is but bound by the selfish desire to be a law unto themselves, until failure engulfs them in its distress.

The moment there is a feeling within you of defiance or irritation or unwillingness to co-operate with somebody else, stop and conquer yourself. That is more dangerous than poison. Everybody wants to run everybody else, but they cannot even run themselves harmoniously one twenty-four hours. DON'T YOU SEE THAT YOUR DUTY AND WHAT YOU ARE INTENDED TO DRAW FORTH FROM YOUR LIFE STREAMS IN YOUR JOURNEY THROUGH THE PHYSICAL WORLD IS BUT TO LEARN TO MANAGE THE ENERGY WITHIN YOU, and most people are busy trying to run the energy of those around them. In families when one person after another becomes irritated, that person irritates everybody else in the house; and they wonder why they are in distress and limitations.

Oh, My Dear Ones, We have watched mankind a good many centuries, and when We see one person who has no self-control to speak of going on and getting married to somebody else who does not have any self-control – they cannot run the energy in their own emotional bodies and they cannot run the energy in two emotional bodies, and so they tie up, and what do you suppose is the result from the Inner Level? If they do not understand This Law and they do not make conscious effort to control themselves, those individuals come back time after time in the same families. It is tragic beyond description.

Oh, My Dear Ones, God never made this present system of chaos, you know that; but very few people have ever said to that “Presence”: “I AM” YOURS; SHOW ME HOW TO LIVE YOUR LIFE! The outer self has been like a race horse. It has taken the bit in its teeth and run itself to destruction lifetime after lifetime, until it has become wild with its own desires, and only when repeated tragedy has come to the point where it is almost unbearable will the outer self listen to a word of Wisdom from God.

This World does not need anything but the recognition of God in the place of the problems. If you understand what is in “The Magic Presence,” every problem that came to you, everything that displeases you, you would say well, there is only God in Action so far as my world is concerned. There is nothing

good or bad but thinking makes it so, and feeling makes it so. "I AM" the feeling which compels me to bless it. And if you will bless it by the command of the feeling of Love, it will have to come back and bless you. If the outer says: Oh, that is all very well, it sounds very well, if that is talking back to you, tell it to shut up, you are going to run your own Life from now on. You are going to run it like God runs it; because anything that talks back to you is but self-justification of feeling.

"I AM" firm tonight and "I AM" being to some degree severe, but if so, it is for your own good, because I love you enough and I want to release the blessings of Life to you, so We may all serve the Nation; and if that is not worth all your time and attention and Mine, then I should disappear and withdraw.

I say to every one of you – arise tomorrow morning with that Fierce, Commanding Authority from your "Presence" to live your Life as God wants it lived and let your "Presence" and the Ascended Host show you what They can give you; what They can do for you and the Joy They want you to have to bless others. The Powers of your "Presence" are boundless, My Dear Ones. No one ever yet exhausted the Powers within God's Life, the Powers within the Honor Flame of God's Heart.

None understands what that phrase means. I challenge anybody to go deep into contemplation of that Invincible Honor Flame of God's Heart and ask the Higher Mental Body to illumine that to the outer mind, and see it never forgets what it means. When you accepted the Life from the Great Central Sun as you individualized to come forth into outer manifestation, you accepted the responsibility to guard God's Life. You were entrusted with the Life from the Great Central Sun. That is what the energy is which you use every day with which to do your outer activities.

Therefore, when the temptation comes to be irritated or condemnatory or critical, stop and stay: "No! there is no longer a dishonor in my world and God's Life," and I tell you, it won't take you thirty days to clear your world of problems if you will take that attitude. Every one has felt justified when someone did something wrong or displeased the outer self – the outer

self has felt justified in criticising and condemning and blaming some other part of God's Life, Oh my, for not running itself just like the outer intellect thought it should. Oh, that poverty-stricken outer intellect, it certainly is chaos and darkness indeed until the Light of the Cosmic Christ through the Higher Mental Body illumines the intellect with the reason, for all things show the cause and effect of the misuse of energy until the outer self accepts its responsibility to its Source.

So Precious Ones, from this night remember My Words, for I have sought to unite the Three Flames within you to give you the Balance, the Love, the Illumination, the Wisdom and the Power from the Higher Mental Body and from Our Great Flame of Love to enable each of your outer selves to move forward in Victorious Accomplishment, no matter what you face in the future. You may ride free from obstruction on Wings of Light if you remember what I have given you tonight. If you will contemplate It, I will illumine It to you. I will remind you of It. I will show you Its Powers; for I have given a Gift which is priceless in the Universe. That is My Responsibility and that is the Gift I have promised to give to every Life Stream when the Light is needed and the hour strikes for the Greater Strength of that Light to express through the individual to bless the Nation with Greater Protection. Then you, too, and your Loved Ones would receive that Greater Protection as you are inflexible in your determination to give It to the World.

Thank you, Beloved Ones, for all you have done in This Activity of the "I AM"; but, Oh, there is so much you can have. You have only touched the fringe of what you can yet experience while yet unascended in the release of those Magnificent Powers of your own Life Streams of which you are the Authority, when you call in the Name of the "Mighty I AM Presence" and the Authority of Those governing the Sacred Fire to the Earth.

So from this night will you feel yourselves the Legions of Our Victory, the Legions of Our Life, the Legions of Our Wisdom and the Power needed to protect the Nation, to bless the Younger Generation and to take yourselves forward and live

your Life as God intends — God, that “Beloved Mighty I AM Presence,” whose Life you use with every breath and every heartbeat, whose Life you have used for more than four and a half million years!

Do you not feel what you owe to that “Presence” in the way of unconditional surrender, so It may manage you in a way that you will enjoy and will never bring you back anything but permanent Victory and Happiness through which you can bless all those whom you love, and through That, the World? You want your Loved Ones saved and protected and assisted and healed, and so do others.

Therefore, if you will help Us bless the others whom We love, then your Loved Ones, too, must receive that same Blessing, and each individual who is big enough to give that Blessing to the whole will be blessed by the “Presence” from every Life Stream; and those you hold near and dear will return to the Light to be a Joy to you forever. It is worth every effort you can possibly make at self-control and understanding through the Illumination of your “Presence,” the Divine Plan as intended by your “Presence,” to co-operate with Us.

So tonight in closing, may the Great Goddess of Liberty clothe you in the Boundless Love of Her Heart! May the Great Cosmic Angel on Whose forehead blazes the word “Union” clothe you in Its Dazzling Love and make the atmosphere about you as blazing as a Thousand Suns, so no human thing can come near you, no distress can find you and limitation dare not touch you. Above you is the Limitless which is waiting to serve you. Be no part of the limitations around you and you will belong to Our World and We will show you what God has in store for you; and your “Beloved Mighty I AM Presence” will move forward clothing you in the Majesty of Its Glory and the Victory of the Freedom of the Mighty Cosmic Being Saint Germain.

May My Love which stands as a Garment about you, bless you until you are ready to use the Full Powers of your Life Streams. May you feel His Strength, His Courage, His Power, His Freedom and His Victory are the most paramount things for

which you are living this hour, and as That becomes the Day-Star and the Magnet which draws you on, will you find Me a very close Friend accompanying you many times when you need it greatly and know it not.

With a Love which is Eternal, Boundless and Invincible, "I AM" clothing you tonight in the Perfect Balance which will give you Freedom as you hold your attention upon your "Presence" and are determined to be surrendered into Its Heart.

Thank you, Beloved Ones of the Light. This night carries a Blessing that only as the months go on will you realize how great is the Love of the "Mighty I AM Presence," and how great is the Power It offers you for use continually.

Thank you and with the Blessing of the Seven Mighty Elohim may We clothe you constantly in that Sacred Fire within which is the Fulfillment of the Divine Plan. With all Our Love We leave you sealed in Its Heart until We meet again.

Thank you and good night.
